

## The ultimate husband in Chinese chapter 6631

Chapter 6631: Soon

, two bodyguards arrived and made sure that Xing Tiance was dead, and they immediately shouted.

“Come on people!”

“Commander Xing is dead, catch the assassin...”

The shouts resounded through the silent streets, and soon, a group of patrolling soldiers rushed over, and when they learned of the situation, they immediately called for an increase in personnel and blocked the exits of the entire Qingyun City.

And at this moment, in the city lord’s mansion.

After Lu Qingxuan got the covenant book, he rushed back to the city lord’s mansion as soon as possible and went to the study.

At this time, in the study, the city lord was sitting on a chair, slowly flipping through an ancient book, next to which was a cup of tea, a leisurely look.

“Lord of the City!” Lu Qingxuan took a step forward and hugged his fist.

Call!

Seeing him return, the city lord took a deep breath, quickly stood up, and asked urgently, “How are things going?” When asked, there was a twinkle of urgency in his eyes.

Lu Qingxuan smiled slightly, and threw the covenant book in his arms on the table: “How can I do what the lord of the city commands?” That Xing Tiance was dead. Speaking

, Lu Qingxuan was very annoyed and said, “But this Xing Tiance’s strength is really strong, I joined forces with six good players, and he killed one.” “

Haha...

Seeing the covenant book on the table, the city lord was overjoyed, and when he heard Lu Qingxuan’s words, he couldn’t help but smile and exhort: “The altar master has worked hard, and it is not too important to die a brother, and I will add another thousand taels of gold as a pension for the dead brother.” The

last word fell, and the city lord personally poured a cup of tea for Lu Qingxuan: "Come, drink a cup of tea first." "The

lord of the city is indeed a happy man."

Hearing this, Lu Qingxuan was full of joy, and nodded his head at that time: "I will not drink tea, I am full of bloody smell, it is not appropriate to stay for a long time, so I will resign first." After speaking

, Lu Qingxuan and the city lord bid farewell and left.

Call!

As soon as he left, the city lord picked up the covenant book on the table, unfolded it and looked at it to make sure it was correct, then took a deep breath and said to himself, "Xing Tiance, we have no grievances and no revenge, I shouldn't have killed you, but who called you such an important thing in your hand?"

"If you want to blame, blame yourself for your bad luck."

With that, the lord of the city folded up the covenant book, then unfolded his pen and ink and wrote a secret letter.

After doing this, the city lord clapped his hands.

Immediately, a guard walked in and said respectfully, "What did the lord of the city command?" The lord of the city flashed his eyes and handed over the covenant book and the

secret message: "You immediately send someone to give this letter to General Himekitano before dawn, remember, this thing is very important, and there must be no mistakes." "Yes

, lord of the city."

The guards put away the secret message and the covenant book, turned and disappeared into the night.

.....

The other side.

Yue Feng drove the small boat and finally arrived at the south bank of the river, fortunately, the fog on the river was large, otherwise, it would have been discovered by the Qingyun City water army standing on the boat.

Arriving at the shore, Yue Feng breathed a sigh of relief and slowly walked towards Qingyun City.

This....

When he was about to reach the city gate, looking at the situation in front of him, Yue Feng was suddenly stunned.

Yue Feng was clear, on the walls on both sides of the city gate, there stood many soldiers, one by one holding long knives, waiting in a strict formation, obviously, Ji Beiye was camped in Jiangbei, making the situation in Qingyun City very tense.

At the city gate, there are also many soldiers who set up checkpoints.

At this time, Qingyun City can be said to be heavily guarded, like a copper wall and an iron wall, and not a fly can fly in.

After a few seconds of stunned, Yue Feng eased up. Seeing that there were many people on the road, he strode over and blended into the crowd.

Perhaps it was just dawn, these soldiers had been guarding all night, and none of them were in good spirits, and when they found Yue Feng, they were negligent.

Alas!

At this moment, Yue Feng followed the crowd into the city, feeling a little happy in his heart, and at the same time secretly sighing.

So imprecise, in case Ji Kitano sent spies, I am afraid it will be trouble.

Muttering in his heart, Yue Feng walked forward along the street, because it was too early, many shops had not yet opened, and the street was also a little deserted, but looking at the scale of Qingyun City, Yue Feng still couldn't help but secretly admire.

Worthy of being surrounded by rivers on three sides, Qingyun City has great geographical advantages, so it is quite prosperous.

Because the first time he came, Yue Feng was not familiar with the environment, and there were few people on the street, so he turned around for half a day before finally asking for the location of the palace.

## **The ultimate husband in Chinese chapter 6632**

Chapter 6632:

I don't know what happened to the Little Emperor and the Shaoyang King.

After asking the direction of the palace, Yue Feng said a word in his heart and walked towards the direction of the palace.

“Stop!”

When he was almost at the palace, Yue Feng was stopped by several guards at the door. One by one, he looked at Yue Feng condescendingly, and his words were full of pride.

“Who?”

“Do you know what this place is?” Hurry up.

Yue Feng spent the night in the mountains and forests last night, his body was stained with mud, and he was very embarrassed, and in the eyes of these guards, it was the people who had fled from the refugees, and naturally they would not put it in their eyes.

Call!

Feeling the lofty attitude of these guards, Yue Feng did not appreciate it, and took a deep breath at that time, saying very politely: “Trouble a few briefings, I want to meet the emperor and the Shaoyang King.” What

?

Hearing this, several guards were stunned at first, and then they couldn't help but laugh.

“Haha, what did he say?” Want to meet Your Majesty?

“Is this kid having a brain problem?”

“That is, a commoner, so shabby, still delusional to see His Majesty, who do you think you are?”

In the midst of laughter, the captain of the group walked forward and waved at Yue Feng, “Go and go, hurry up, and if you talk nonsense, you will be arrested.” As

he spoke, the captain's face was full of contempt: “Don't look at what kind of place this is, by you fooling around?” Like

these guards, the captain thought that Yue Feng was a refugee with an abnormal brain.

Nima!

Feeling the attitude of this captain, Yue Feng was speechless again, and he was coming to the fire, were these guards so snobbish? One by one, they treated me as a refugee?

Thinking about it, Yue Feng took a deep breath and said seriously, "This military master, I am not joking, there is really an urgent matter to meet Your Majesty." "Ji Beiye secretly has contacts with the Qingyun City Lord, and this matter is not trivial, and it cannot be delayed."

Well?

Seeing his serious look, the captain frowned and said coldly, "What the hell are you?" Yue Feng showed a slight smile and responded, "My name is Yue Feng, before in Qizhou City, I helped His Highness the King of Shaoyang against Ji Beiye's army, as long as you mention my name to the King of Shaoyang, he will meet me." What

? Is he Yue Feng?

At this moment, hearing Yue Feng's self-protection name, whether it was the captain or the other guards present, they were all shocked, and looking at Yue Feng's gaze, it also became complicated.

A month ago, Ji Beiye led a large army to attack the city of Qizhou, and several failed miserably, and at that time, the person who helped the Shaoyang King defend the city was a strange man named Yue Feng, who was rumored to be proficient in platooning and arrangement, and was even more mysterious about the layout of the battle.

How could such a tall person be the one in front of him?

It's just that... This man is very clear-cut, and he does not look like he is lying.

Call!

A few seconds later, the captain was momentarily unsure of his attention, and then he exhaled secretly and said to Yue Feng, "You wait a little while, I'll go and make a report." When the words fell, he turned and walked toward the city lord's mansion.

After all, this is Qingyun City, the soldiers guarding the palace are all the subordinates of the city lord, plus the palace and the city lord's palace are only separated by a wall, so this captain will go to the city lord for the first time.

Seeing that the captain did not enter the palace, but went to the city lord's mansion next to him, Yue Feng did not care, so he leaned on the stone fence next to him and waited quietly.

The other side.

The captain hurried into the city lord's mansion, went to the study, and respectfully said, "City lord, your subordinates have something to say." Hmmm

!

The voice fell, and the faint voice of the city lord sounded inside: "What's the matter?" The sound fell, the door was gently pushed open, and then the lord of the city slowly walked out.

Although the city lord had not slept all night, he had just solved the hidden danger of Xing Tiance, and at this time, he was energetic and in a very good mood.

"Return to the lord of the city!"

The captain had a complicated look and responded, "Just now a person came to the gate of the palace, claiming to be Yue Feng, and said that he wanted to meet His Majesty." The subordinates are not sure to pay attention, and they come to pray. As he spoke, he noticed the change in the city lord's expression.

What the? Yue Feng is coming?

Hearing this, the city lord's face changed, and his originally good mood instantly became disturbed. Although he had never met, before Yue Feng helped the Shaoyang King to guard Qizhou City, the city lord had already heard about it and knew that Yue Feng was a strange person.

## **The ultimate husband in Chinese chapter 6633**

Chapter 6633:

This is trouble.

For a moment, the city lord frowned darkly, and his heart was a mess.

Ma De, what is going on, just solved Xing Tiance, and now there is another Yue Feng. This Yue Feng had a great relationship with the Shaoyang King, and the Little Emperor was also very appreciative of him.

More importantly, this Yue Feng had been with Xing Tiance in the Hu tribe before, and knew about the covenant book, and if he let him see the little emperor, the matter of the covenant would be revealed.

No, you have to find a way.

“City Lord!”

At this time, the captain saw that his face was gloomy and uncertain, and carefully asked, “How do the subordinates return to him?” Whew

!

The city lord god took a deep breath, thought for a moment and asked, “Are you sure this person is Yue Feng?” The

captain did not dare to be sloppy, and quickly said Yue Feng’s appearance characteristics, and at the end of the conversation, his eyebrows tightened: “This person talks well, that is, he is a bit embarrassed, as if he has fled...”

Hearing the description, the city lord immediately determined that it was the real Yue Feng who came, because Yue Feng had been mentioned when the Little Emperor and the Shaoyang King had just retreated to Qingyun City.

For a moment, the city lord realized that it was really Yue Feng, and his heart was even more anxious.

Pregnant!

A few seconds later, the city lord suddenly had an aura of inspiration and said to the captain, “Mr. Yue Feng is a high-ranking person in the world, how can he be so embarrassed?” It wasn’t Yue Feng at all, it must have been a spy sent by Ji Beiye, you quickly led people to arrest them, and there must be no mistakes. When he said this

, the city lord’s eyes flashed with fierceness.

Yue Feng, Yue Feng, this is what you sent to the door, don’t blame me, give you a false accusation, no one will suspect.

Oh, yes....

Hearing these words, the captain looked stunned, and couldn’t help but pat his forehead, the rumored Mr. Yue Feng, but how could a tall man who used soldiers like gods be like a Hanako.

Or the Lord of the City is wise.

Thinking about it, the captain nodded and replied, “Yes, Lord of the City, I will do it.”

Without waiting for him to leave, the city lord thought of something, and once again commanded: “Remember, to fight quickly and make a quick decision, you must not let too many people know, understand?” “Understood

, understood!" The captain nodded and strode away from the city lord's mansion.

Outside, the captain gathered a dozen guards and rushed towards the gate of the palace in a menacing manner.

Well?

On the side of the door, Yue Feng couldn't wait, at this time, he saw that the captain had returned, followed by more than a dozen guards, and suddenly frowned darkly.

What's the situation?

Didn't you go to the message? How to bring so many people back?

"Be bold and spy!"

Just when Yue Feng was muttering darkly, the captain brought people to the front and shouted at Yue Feng, "Dare to pretend to be Mr. Yue Feng, do you still want to blend into the palace?" Mader, I almost got lied to you just now, quick, quick to take down. Between

the shouts, the righteous words on the captain's face were beyond doubt.

Crash!

As the words fell, dozens of guards rushed up one after another and surrounded Yue Feng.

Faced with this situation, Yue Feng cried and laughed, and quickly defended: "Gentlemen, I am really Yue Feng, if you don't believe me, take me to see Your Majesty." "Huh

..."

Before he could finish speaking, the captain sneered, "Are you an idiot when I am?" You pretend to be Mr. Yue Feng and want to be unfavorable to Your Majesty, and I took you to see Your Majesty, didn't you get fooled by you? "Take

it down and put it in jail for the time being." When the words fell, he signaled the guards around him to move.

Sleeper.

At this moment, Yue Feng's face changed, if he was imprisoned, he was afraid that he would not have the opportunity to see the Shaoyang King and the Little Emperor, and he was anxious at that time, and he was ready to resist.

“Why is it so noisy outside?”

Just at this moment, I heard a crisp and pleasant voice coming from inside the doorway, with a little bit of coldness and majesty.

Hearing this voice, Yue Feng’s heart moved, and he looked at the guards around him.

I saw that a graceful figure, surrounded by several handmaidens, slowly walked out, wearing a long red and white dress, with beautiful curves, and a noble temperament all over her body.

It was the sister of King Shaoyang, the lord of Qingyu County.

“Shire Lord!”

Seeing Qingyu, the captain and the guards present hurried to salute.

## **The ultimate husband in Chinese chapter 6634**

Chapter 6634:

Qingyu nodded and asked, “What’s going on?” Because Yue Feng was surrounded by more than a dozen guards, Qingyu hadn’t seen it yet.

Call!

The captain took a deep breath and quickly responded, “Lord Hui, someone posing as Mr. Yue Feng still wants to meet His Majesty, it is simply bold, and we are preparing to arrest him and escort him to prison.” This

captain, because he did not understand the true meaning of the city lord, thought that Yue Feng in front of him was a real liar.

What the? Someone pretending to be Yue Feng?

Hearing this, Qingyu was also angry, and said coldly, “Where are the people?” Let me see. As

he spoke, Qingyu looked toward the crowd.

The captain quickly responded, then looked at Yue Feng contemptuously, and then signaled the guards around him to disperse.

Call!

The captain's contempt, Yue Feng did not care, at that time to take a step forward, smiled and looked at Qingyu: "County Lord, it has been a long time since I saw you." The tone was relaxed, as if he had met an old friend he hadn't seen in a long time.

This... What's the situation?

Seeing this scene, the captain was suddenly stunned, and he had a bad premonition in his heart...

This person actually took the initiative to greet the county lord, and he looked familiar, could it be... Is he really Mr. Yue Feng?

"Is that you?"

At this moment, Qingyu saw Yue Feng, her body trembled, and she was suddenly a little excited, and quickly walked over: "Mr. Yue Feng, it is really you... You... How did you get into this? Saying

, Qingyu looked up and down at Yue Feng, very surprised.

I saw that Yue Feng was dirty, and although he had a smile on his face, it was difficult to hide his tiredness, which was very painful.

Speaking of which, Qingyu had looked down on Yue Feng very much before, but since Yue Feng had helped defend Qizhou City, his opinion of him had greatly changed, and his heart had changed from disdain and contempt to worship.

"Huh!"

Feeling Qingyu's concern, Yue Feng smiled slightly and said lightly, "It's hard to say a word." With

that, Yue Feng looked at Qingyu and said with heartfelt admiration: "But the county lord, I haven't seen him in a few days, and he is much more beautiful." Yikes

!

Hearing this praise, Qingyu was happy again, and she was also unspeakably shy, and her delicate face suddenly blushed, saying that if others talked about her appearance, they would definitely be angry, except for Yue Feng.

Wow!

Seeing Yue Feng publicly praise the county lord for his beauty, the guards around him were suddenly in an uproar.

This man dared to talk about the appearance of the county lord, and the county lord was not angry.....

It's incredible.

Who did not know that the temper of the Lord of Qingyu County was not good, and at this time, in front of this man, he actually showed a shy posture.....

Especially the captain, at this time, his brain was buzzing, it was blank, and his heart was also panicked.

Finished...

This person was really Mr. Yue Feng, otherwise, how could the county lord be so gentle with him?

Just when the captain was secretly worried, Yue Feng looked at him with a smile: "What? Now you should believe that I am Mr. Yue Feng. Uh

.....

The captain reacted, embarrassed and wanted to respond, but did not know how to speak.

"You guys are so bold!" At this moment, Qingyu eased up and shouted at the captain, "You actually regarded Mr. Yue Feng as a liar, and you want to arrest him, what should you commit?"

At this time, Qingyu was very angry.

Yue Feng had paid so much to defend Qizhou City, but now he was being treated like this, how could he not be angry?

Poof....

Feeling Qingyu's anger, the captain's legs were weak, and he immediately knelt on the ground, begging for forgiveness in fear: "It is the small one with no eyes and no pearls, which offended Mr. Yue Feng, and also hoped that the county lord spared this time." When the

words fell, the guards around them were also panicked and knelt down one after another.

Qingyu snorted coldly and wanted to say a few words, but he was stopped by Yue Feng.

“Forget it!”

Yue Feng showed a slight smile and said to Qingyu, “Those who don’t know are not guilty, they don’t mean it, for the safety of Your Majesty, I think they are right, be careful, it is right.”

Seeing Yue Feng open his mouth, Qingyu’s face eased up a lot, and he said to those guards who were not angry: “This time to see the face of Mr. Yue, I will spare you once, let’s all roll.” ”

## **The ultimate husband in Chinese chapter 6635**

Chapter 6635:

“Thank you Lord of the County, thank you Lord of the County!”

Hearing this, the captain and the guards around him nodded their heads in thanks, and then quickly retreated.

Retreating into the distance, the captain hurried back to the city lord’s mansion, ready to inform the city lord of the situation.

And Yue Feng this side.

Call!

Seeing the guards around him retreat, Qingyu smiled lightly and said to Yue Feng, “It’s a coincidence today, I just met Mr. Li when I was about to go out, let’s go, I will take you to see Your Majesty, if he sees you, he will be very happy.” Qingyu

got up early today, and had planned to go for a walk around the street, but he ran into Yue Feng.

With that, Qingyu led Yue Feng into the palace.

At this moment, on the side of the city lord’s mansion.

In the hall, the city lord was dressed in a magnificent costume and was about to meet the little emperor, when suddenly, the captain ran in in a panic, crying and mourning: “Lord of the city, wrong, wrong...”

“Bastard!”

Seeing his appearance, the city lord was very annoyed and scolded: “What kind of system is panicked?” The

captain trembled and quickly fell to his knees.

The city lord was too lazy to talk nonsense, and coldly asked, "What the hell happened?" I let the liar be caught, is it all right? "Lord

of the City...."

The captain swallowed his spit and said bitterly, "That man is not a fake, but... It's really Mr. Yue Feng." "Of

course I...."

Hearing this, the city lord was furious and wanted to say, 'Of course I know', but after saying a few words, he immediately changed his mouth: "How can it be true?" If I say it's fake, it's fake. With

that, the city lord had a premonition and quickly asked, "Did something go wrong?" The

captain nodded and responded, "Just now we were about to arrest the man, and the county lord heard the movement and came out, and it turned out that the person was really Mr. Yue Feng." "For

this, the princess also scolded me..."

What the?

At this moment, the city lord's face changed drastically, it was broken, and Yue Feng was saved by the Lord of Qingyu County, which was not easy to do.

Thinking about it, the city lord said anxiously, "What about the people now?" The

captain quickly responded, "When I returned, I saw that Mr. Yue Feng had already been taken into the palace by the county lord. Oops

... This is completely bad.

At this moment, the city lord was very nervous in his heart, and he didn't have time to think much at that time, so he quickly rushed to the palace.

.....

On the other side, in the palace.

After Qingyu took Yue Feng into the palace, he saw that his clothes were dirty, and instead of taking him directly to see the little emperor, he went to a box room.

When they reached the box, Qingyu said to Yue Feng, "You first take a shower and change into clean clothes." With

that, Qingyu said to several handmaidens, "You are good to serve and wait, don't be sloppy." After giving the order, he went to the side hall to wait.

Faced with this situation, Yue Feng knew that he could not resign, so he entered the room and was served by several handmaidens.

A few minutes later.

Yue Feng bathed and changed clothes, the whole person was almost renewed, and when he arrived at the side hall, Qingyu saw his appearance and was immediately stunned, as if there was a deer bumping in his heart.

It turned out that after the husband cleaned up, he would be so handsome and handsome.

Thinking of Yue Feng's use of soldiers like gods, Qingyu's heart rose up with a strange emotion.

"Shire Lord?"

Seeing that she was cold, Yue Feng smiled and squinted, "Let's go, let's go see Your Majesty."

Qingyu reacted, bowed his head and did not dare to look at Yue Feng, responded with a sound, and took the lead in walking out.

Belch...

Sensing Qingyu's abnormality, Yue Feng couldn't help but scratch his head, what happened to this county lord?

Muttering, Yue Feng quickly followed out.

Soon, when they reached the main hall, they saw that Yingkuang and Shaoyang Wang were sitting there, discussing something, and in front of them was a sand table with a topographic map of Qingyun City.

Seeing the two of them, Yue Feng suddenly revealed a smile.

After a few days of not seeing, Win Kuang seemed to have grown taller and seemed to be calmer again, while the Shaoyang King was a little haggard, handsome and cold-hearted, with a little tiredness, obviously after the fiasco in Qizhou, he had not rested well.

“Your Majesty, brother.”

At this time, Qingyu walked in quickly and said with joy, “Who are you looking at?” The

Shaoyang King was very displeased, and at this time, while observing the sand table, he did not raise his head and said, “Qingyu, I did not tell you that when I discuss things with Your Majesty, don’t come in and disturb you...”
