Chapter 6636:

Huh?

Halfway through the conversation, seeing Yue Feng standing at the door, the Shaoyang King's heart was shocked, surprised and happy.

This... Is this Mr. Yue Feng? I read that right.

Shocked in his heart, the Shaoyang King rubbed his eyes and looked at it again.

“Haha...”

The next second, the Shaoyang King reacted, burst out laughing, walked forward quickly, and hugged Yue Feng: “Sir, this king really wants to think of you so hard.”
“Words are full of sincerity.

At this moment, Win Kuang also saw Yue Feng, and at that time, he was also excited, almost jumping and standing up: “Great, Mr. Yue Feng, you are finally here.”

At this time, Yingkuang was very excited, but he did not come forward to hug Yue Feng, but rubbed his hands excitedly.

Call!

Seeing their happy looks, Yue Feng's mood was also unspeakably happy, and he immediately smiled: “Your Majesty, Wang Ye, don't come unharmed.” Speaking of which, when he came to this continent, Yue Feng had very few friends to meet, while Shaoyang Wang and Yingkuang could be counted as two.

At this time, Qingyu came over and spat out his tongue at the Shaoyang King: “Brother, you know that you blame me, you always thought I would be bad, now you understand that I have brought surprises.” Hmmm

!

Seeing her playful look, Shaoyang Wang smiled and nodded, “Good, good, just now it was my brother who blamed you.” When he said this, the Shaoyang King's eyes were full of love.

His parents were gone, and in the world, except for His Majesty, it was the last relative of Qingyu in front of him.

The brothers and sisters said a few words of laughter, and the Shaoyang King eased up and patted his forehead: "Look at me, I forgot the right thing, Mr. Yue Feng, sit down." With that, he pulled Yue Feng to the sand table.

Yue Feng was also not polite and sat down on a chair next to the sand table.

King Shaoyang and King Yingkuang also sat down with him, and then, King Shaoyang looked Yue Feng up and down, and couldn't help asking, "Mr. Yue Feng, before in Qizhou City, you and that mysterious strong man had a shocking battle, and then when I saw you fall outside the city, I immediately sent someone to look for you, but I couldn't find your whereabouts." With

that, King Shaoyang and Win Kuang looked at each other and continued, "Your Majesty and I are almost anxious, and now that we see that we are safe and sound, we will be relieved." The

words were full of concern.

As the words fell, Win Kuang nodded his head and said, "But I believe that Mr. Yue Feng will be blessed with a great fortune and will definitely be fine." Whew

!

Hearing the words of the two men, Yue Feng was very touched in his heart: "Your Majesty and Wang Ye are worried."

Seeing him say this, the Shaoyang King was suddenly a little displeased, and waved his hand: "Huh? They are all their own people, and if the gentleman says so, he will see the outside. Haha

...

After saying this, the two looked at each other and laughed.

At this time, Yue Feng's mood was more relaxed than ever, although the Shaoyang King and Win Kuang were both dignitaries, but they were approachable, there was no shelf at all, and getting along with them was the easiest.

"That's right!"

At this time, Yingkuang looked closely at Yue Feng and asked curiously, "Sir, where did you go after the decisive battle in Qizhou City that day?" How did it take so long to come to us? Yikes

!

At this moment, the eyes of Shaoyang King and Qingyu were also closely staring at Yue Feng, waiting for his answer.

In the face of their expectant gaze, Yue Feng secretly exhaled, sorted out his words in his heart, and said slowly: "Long story is to say, after the battle at that time, I was seriously injured, fell into the moat, and finally was rushed to a place dozens of miles away, and then saved by two masters and apprentices of the Mingyue Gate."

"At that time, because I was recuperating, I went to the Mingyue Gate with them..... Later, I left the Moon Gate, but I met Nuriha's people....."

For the next ten minutes, Yue Feng explained in detail what had happened to him in the Hu people.

For a moment, the three of them, Win Kuang and Shaoyang Wang, listened carefully around Yue Feng, not daring to make a sound, for fear of interrupting Yue Feng.

Call!

At the end of the conversation, Yue Feng showed a smile and sighed: "Speaking of which, my luck is also quite good, I left the Hu tribe and rushed over, although I encountered a little trouble in the middle, but I finally saw Your Majesty and Wang Ye." "

Chapter 6637: This Experience

... It was simply thrilling.

At this moment, after listening to Yue Feng's narration, the Shaoyang King and Win Kuang looked at each other, and their hearts were unspeakably shocked.

These experiences, put on others, do not know how many times they have died. And Mr. Yue Feng, every time can turn the danger into a disaster, this is not good luck, enough to prove that Mr. Yue Feng, is a century-old wizard.

Call!

Under the emotion, the Shaoyang King took a deep breath, looked at Yue Feng and exclaimed, "In the world, I am afraid that there is only Mr. Li who can experience these things and still be safe and sound." When the words fell, Win Kuang also looked at Yue Feng with burning eyes, unable to hide his excitement and fascination: "This experience is really wonderful, and I have energy in the

future, I must follow Mr. out to go out and have a walk.”

When

he said this, Win Kuang’s face could not hide the expectation.

Although he is a noble son, after all, he is too young, and he still retains a bit of playful innocence in his heart.

Hearing this, Yue Feng smiled slightly.

Swish!

Shaoyang Wang and Qingyu looked at Win Kuang invariably, their expressions were complex.

“I’m just talking....”

Under the gaze of Shaoyang Wang and Qingyu, Yingkuang scratched his head in embarrassment and smiled, “I know, I am the emperor, I have to take the responsibility of the world for myself, and I can’t always think about playing...”

In Win Kuang’s heart, although the Shaoyang King was not a biological brother, he was closer than his own brother, so he was very respectful in his heart.

Seeing him say this, King Shaoyang smiled: “You are the emperor, the whole of Dayan is yours, you can go wherever you want, but if you want to go to the rivers and lakes, naturally you can’t do it.” After the words fell, Qingyu followed: “After

killing Ji Beiye and reviving the Chao Gang, it is also okay to bring a few more guards around and go to the rivers and lakes for a tour.” Hmmm

!

Win Kuang nodded his head and clenched his fists, “Ji Kitano, Shuo will not let him go.”
Saying

that, Win Kuang thought of something, and looked at Yue Feng: “Sir, you just said that the queen of the Hu people wrote the covenant book in her own handwriting, is it true or false?”

At this time, Yingkuang was very calm on the surface, but in his heart he could not hide his excitement.

If the Hu people turn against each other and help themselves deal with Ji Beiye, it will be just around the corner to recover the lost land.

For a moment, Shaoyang Wang and Qingyu were also inexplicably excited, staring at Yue Feng, waiting for his answer.

Hehe..

Yue Feng smiled slightly, nodded, "Yes, at that time, I helped the queen to eliminate the rebellious thief slave Riha, and the queen wrote the covenant in her own handwriting to express her gratitude and the sincerity of the Hu people, and I was present at that time."

"At that time, Commander Xing took the covenant and left the Hu tribe one step ahead of me."

When he said this, Yue Feng looked relaxed, but in his heart he couldn't help but mutter, strange, it is reasonable to say that Xing Tiance has arrived in Qingyun City, why is there no one now?

That's great!

Knowing the situation, both Win Kuang and Shaoyang Wang were indescribably excited.

The next second, the Shaoyang King thought of something: "Since Commander Xing left first, he should have arrived earlier, but... I didn't hear the news of his arrival in Qingyun City. As the

words fell, Win Kuang and Qingyu couldn't help but glance at each other, and there was some doubt on each other's faces.

Call!

Yue Feng took a deep breath, pondered, and said, "Maybe you have encountered trouble, but Commander Xing is superior, and even if he encounters danger, he can turn the danger into a disaster." Seeing

him say this, both Shaoyang Wang and Win Kuang nodded.

Immediately afterward, Win Kuang looked at Yue Feng and asked, "Why didn't Mr. Xing join Commander Xing at that time?" This

.....

In the face of the inquiry, Yue Feng came up with the appearance of Yan Luobing in his mind, and immediately scratched his head in embarrassment: "At that time, I had a little trouble to deal with, so I couldn't walk with Commander Xing..."

Yan Luobing's identity is special, or it is better not to say it for the time being.

Win Kuang was not very old, but he could also see that Yue Feng was not convenient to say more, and he did not continue to ask questions at that time, but cared: "Sir came all the way, he must be very tired, and he will have a good rest for a while."

Yue Feng nodded.

At this time, Qingyu on the side couldn't help but say, "Sir, why are you tired, just now at the gate of the palace, you were almost caught as a traitor." "

Chapter 6638:

As soon as he thought about the situation just now, Qingyu was a little angry, and he was very upset about Yue Feng. If it wasn't for Yue Feng's obstruction just now, I really wanted to teach those few blinding guards a good lesson.

Well?

At this moment, Shaoyang Wang and Win Kuang were both frowning, and their hearts were also full of anger.

What's the situation? Sir was almost arrested as a traitor just now?

"Haruhi!"

Soon, the Shaoyang King reacted and asked Qingyu, "What the hell is going on?" After the words fell, Yue Feng waved his hand and smiled: "Forget it, it may be a misunderstanding..." After walking in the rivers and lakes for so long, Yue Feng encountered many small people who looked at people through the cracks of the

door, and he didn't care at all.

However, Qingyu couldn't swallow this breath, so she explained the situation in detail at that time.

Boom!

Knowing the situation, Yingkuang was very angry and slapped the table: "These slaves, really dog-eyed people look down on people, and even regard Mr. Li as a traitor..."

The Shaoyang King also had some fire, but he still restrained himself from having a seizure, but turned his head to Qingyu and praised: "Qingyu has done a big thing today, which is worthy of praise." "

Yes!"

Yue Feng smiled and said, "If there is no county lord, I'm afraid I'll have to eat prison for a few days." The tone was relaxed, as if to say something trivial again.

Hearing him say this, Shaoyang Wang and Win Kuang couldn't help but laugh.

"Report!"

While laughing, a guard quickly appeared at the door and said respectfully, "Your Majesty, the lord of the city has come to ask for a meeting." Win

Kuang was full of smiles, and when he heard the warning, he immediately lowered his face and said coldly, "Tell him to come in." "The guard who almost captured Yue Feng just now is the city lord's man, and when he saw him asking for a meeting, there was naturally some fire."

"Yes, Your Majesty!"

The guard answered and walked away quickly.

After a while, the guards returned, followed by the anxious city lord.

Oops!

At this time, the city lord arrived at the door, saw Yue Feng sitting there, and his heart became even more nervous, looking at this, it was really Yue Feng, and this was trouble.

At the same time, the city lord also kept cursing the captain in his heart.

This fool, this little thing can be messed up.

Cursing in his heart, the lord of the city walked quickly into the main hall and knelt down against Win Kuang: "Minister, see Your Majesty." Hmmm

!

Because of Yue Feng's affair, Win Kuang still had some fire in his heart at this time, and he responded lightly, and did not let the city lord get up, but asked: "I ask you, just now Mr. Yue Feng asked for a meeting outside the palace, but your people said that he was a traitor, and they still wanted to arrest him." Boom

!

Hearing the inquiry, the city lord secretly swallowed the spit, and a layer of cold sweat oozed from the door of his head. He knew about this matter, and the little emperor would definitely ask about it, but he didn't expect it, and the first sentence was asked.

At this time, the lord of the city did not know that Yue Feng was also a teacher and a friend to Win Kuang, and Yue Feng's life and safety were more important than anything in Win Kuang's heart.

"What?"

However, the city lord was also a personal spirit, and he reacted quickly at that time, pretending to be shocked: "There is such a thing?" Which guy doesn't have long eyes? The minister must investigate it carefully. When he said this

, the city lord's face was angry, but his eyes were constantly flashing back and forth, secretly paying attention to Win Kuang's expression.

Well?

The slight change in the city lord's eyes was seen by Yue Feng, and his heart suddenly muttered.

This man is the lord of Qingyun City? Secretly colluding with Ji Beiye, it seems that he is also an old fox, he pretends to be very similar on the surface, and behind the scenes, it should be his command....

"Is it?" Win Kuang did not know the situation, at this time looked at the city lord and said, "You don't know this?" At the

same time, the Shaoyang King also kept a close eye on the city lord.

"The minister just learned about it."

The city lord looked aggrieved and shouted, "Mr. Yue Feng used his soldiers like gods, and when he first defended Qizhou City, who didn't know?" I also admire the same, if I know, how can I be stopped? With that, the lord of the

city looked at Yue Feng with a flattering face: "Sir, there are no eyes and no pearls under your hands, offending sir, I hope that Mr. is magnanimous and gives me time to investigate this matter thoroughly." With

these words, the city lord's mind was spinning rapidly.

This Yue Feng not only used soldiers like gods, but also knew about the covenant book, so letting him stay here would be a scourge sooner or later, and he would have to find a way to get rid of it as soon as possible.

Chapter 6639:

Oh!

Seeing the false apology of the city lord, Yue Feng smiled darkly and pretended not to care, saying: "The lord of the city does not need to be nervous, the so-called ignorant are not guilty, this matter has passed, forget it."

Hearing this, the city lord was relieved in his heart and quickly nodded, "Sir, he really has a broad heart." With that, the lord of the city said with a fake face, "But then again, these low-eyed subordinates almost broke a big thing, and if I don't deal with it strictly, I will be ashamed of the

emperor's kindness."

When the last sentence was

uttered, the lord of the city looked at Win Kuang with a loyal and loyal posture. In his heart, Win Kuang was just a child, as long as he performed well, he would definitely get the full trust of the little emperor.

Ah? Also acted.....

Seeing this, Yue Feng smiled lightly and nodded, "Since the city lord said so, well, I remember that the captain was medium in stature, his eyes were not big, and his speech was a bit adulterous..."

When he said this, Yue Feng's eyes flashed with cunning. Since you want to act, then I will accompany you to check it out.

Belch.....

At this moment, the city lord was stunned.

He had thought that Yue Feng would bring this topic with him as he had just done, but he didn't expect that Yue Feng would follow his words and say the appearance of the captain.

"Yes, I remember him too."

At this moment, Qingyu's delicate face, unable to hide his anger, said to the city lord: "You hurry up and call someone over and punish them well." "This

..." The lord of the city reacted, a look of embarrassment.

Seeing his hesitation, Win Kuang was also a little impatient, and said coldly: "Although it is said that the matter is small, but if the county lord had not appeared in time at that time, Mr. Ying Kuang would really have been arrested as a traitor, and the consequences would have been unimaginable." "

Therefore, this matter must be severely punished.”

At this time, Win Kuang did not know Yue Feng’s true intentions, thinking that he was just going to be angry.

Seeing that the little emperor also expressed his attitude, the city lord knew that he could not be confused, so he had to nod his head with a bitter face: “What Your Majesty said is that the subject will deal with this matter.” With

that, the lord of the city stood up and prepared to leave the main hall.

“Slow down!”

However, at this moment, Yue Feng shouted at the lord of the city, and said with a smirk, “Your Majesty and I, there are still important things to discuss with you later, so you should still call someone here.” Yes

, Yue Feng was deliberate.

From the expression on the city lord’s face just now, Yue Feng secretly concluded that what had just happened at the door should not be a misunderstanding, perhaps it was this city lord who secretly directed it.

After all, he secretly colluded with Ji Beiye to prepare to rebel against the Little Emperor, and when he learned that Yue Feng had come to Qingyun City, he would definitely have to make some moves.

What the? Calling people here?

At this moment, the city lord froze there, looking at Yue Feng in a daze, his mind was a mess.

“Let’s go!”

Without waiting for the city lord to react, Win Kuang said impatiently, “How to grind and chirp, didn’t you hear Mr. Ting say that there is something important to discuss?” “Yes

, I just brought the people here.” The city lord did not dare to be sloppy, wiped his sweat at that time, and then walked quickly to the door and said to a guard outside: “Go and call Li Qi to me.”

Li Qi was the captain who had blocked Yue Feng before.

After sending someone to call Li Qi, the city lord stood at the door, his face seemed calm, but his heart was up and down.

What to do?

Li Qi didn't know the real situation, and if he missed his mouth, it would be trouble.

"Lord of the City!"

Just when the city lord was panicked, Li Qi quickly arrived, and when he reached the door, he said respectfully to the city lord: "What happened to suddenly summoning his subordinates?"

While speaking, Li Qi carefully glanced inside the Great Hall, and seeing that the Little Emperor and the Shaoyang King were there, he quickly shrunk his neck.

"stuff!"

There was a little emperor behind him, and the city lord had no chance to confess, so he scolded and kicked at Li Qi: "Even Mr. Yue Feng doesn't know, and he almost put Mr. Yue in prison, are you blind?" "Don't

you want to apologize to your husband?"

Poof!

This kick directly kicked Li Qi to the ground, and his brain was also buzzing at that time, what situation, isn't the matter over? How did it come to be brought up again before His Majesty?

The ultimate husband in Chinese chapter 6640

Chapter 6640:

However, in the current situation, Li Qi didn't have time to think about it too much, and when he even climbed up with a rolling belt, he first bowed down to Ying Kuang and the Shaoyang King.

Subsequently, Li Qi knelt down on Yue Feng again, and said with trepidation: "Sir, forgive the crime, just now I don't know the identity of Mr. Li, I have offended a lot, and I hope that Mr. Li will spare the small one in large numbers." "Huh

....

In the face of Li Qi's intercession, Yue Feng smiled and said nothing.

Seeing this, the city lord did not have much time to think about it, and immediately shouted outside: "Come, punish Li Qi with a hundred rods, and punish him on the spot." "Seriously, Li Qi has been with him for nearly ten years, and the city lord doesn't want to

punish him so harshly, but there is no way, there is no chance to be merciful in front of His Majesty.”

“Yes!”

Hearing the command, two guards walked in clutching wooden sticks.

What the?

In the face of this situation, Li Qi’s face changed drastically, and he was completely blinded at that time, and his brain was buzzing and blank.

Cane punishment of a hundred.... If he was not careful, he was killed.

In fear, Li Qi quickly knelt down to the city lord, his face was pale, and pleaded: “Lord of the city, the subordinates know that they are wrong, you help me to intercede...”

At this time, the lord of the city, who had the attention in his heart, scolded at that time: “You shut me up, you almost killed Mr. You, and let me help you intercede?” “Call me!”

When the words fell, the city lord quickly retreated to the side, not looking at Li Qi without looking at him.

“Snap...”

Hearing the order, the guards who had already prepared on both sides immediately waved the wooden stick and fiercely pumped it on Li Qi’s body, this wooden stick, which had been specially treated, soaked in oil, and soaked in the cold river water for a month, extremely tough.

Such a wooden stick hit on the body can not only cause superficial damage, but also cause internal injuries.

“Ahh...”

Although Li Qi was a warrior and had the strength of six pins, he had been hit by more than a dozen wooden sticks, and he was also a bit overwhelmed, and he couldn’t help but scream at that time.

At this time, Li Qi, stimulated by severe pain, his brain could not turn a little, and he shouted at the city lord: “City lord, spare my life, even if the subordinates are at fault, but... But at that time, you said that you were a spy, and let me arrest people.....”

“You...” The city lord was already afraid that the situation would be exposed, and when he saw Li Qi say it, he was immediately shocked and angrily rebuked: “You shut up, when did I give the order?” Are you an, afraid of being punished, and want to pull me into the water? Haha

...

Seeing this scene, Yue Feng revealed a smile.

Looking at the situation, this city lord is indeed behind the scenes.....

At the same time, Yingkuang, Shaoyang Wang, and Qingyu, who were sitting there, also frowned darkly.

“Lord of the City...”

At this time, in the face of the city lord’s anger, Li Qi’s mind was completely confused: “I...”

Before he could finish speaking, the city lord shouted at the guard next to him: “Seal his mouth, beat me, beat me hard, do something wrong and still have to talk back. Hearing the

command, a guard came over and covered Li Qi’s mouth with a cloth. At the same time, the two execution guards did not stop and continued to wave the sticks in their hands.

Snapping....

For a moment, the hall was silent, only to hear the sound of wooden sticks falling on the body, which made people’s hearts jump.

After beating dozens of sticks and seeing that Li Qi was about to pass out, the Shaoyang King couldn’t help but say, “Okay, if you are fighting, you will die, get people down.” “

Yes!” The two guards quickly stopped and then carried Li Qi out.

“Lord of the City!”

As soon as the person was carried away, Qingyu couldn’t help but say, “Listening to what he just said, it is you who defines Mr. Li as a traitor.” In his words, there was anger and contempt.

Swish!

At the same time, the eyes of Win Kuang and the Shaoyang King were also tightly focused on the city lord.

“Lord, you can’t say this.” The city lord’s face changed, and he quickly waved his hand: “I really don’t know about this matter, Li Qi, this boy, is complete nonsense, he is afraid of being executed, so he said so...”

Qingyu snorted softly and wanted to say more, but was stopped by Yue Feng.

“Lord of the city, don’t be nervous.”

Yue Feng smiled and said, “I naturally believe you, just now the county lord was just joking with you.” ”
