

The ultimate husband in Chinese chapter 6646

Chapter 6646:

After the night of worship, Gu Qianqiu specifically told Yue Feng that if there was something to do, he would go to the Heavenly Dao Branch Altar in Qingyun City, and the people there would help.

In Yue Feng's mind, he had already determined that the city lord was the mastermind who killed Xing Tiance, but there was no conclusive evidence, and he did not dare to act rashly, so he thought about it and decided to let Tiandao help.

At this time, Yue Feng did not know that the person who killed Yue Feng at that time was Lu Qingxuan, the altar master of Qingyun City.

Bang bang bang...

At this moment, Yue Feng walked to the courtyard door and knocked softly.

A few seconds later, the courtyard door slowly opened from the inside, and a man with a turban leaned out and looked Yue Feng up and down: "What's the matter?" The

man was dressed like an ordinary person, but his body was filled with the atmosphere of the rivers and lakes, and the tone was also vigilant, which was very unfriendly.

Call!

Yue Feng breathed a sigh of relief and smiled, "I'm looking for you altar masters, trouble to pass on a word." Hearing this, the

man's face changed, and he immediately waved his hand: "You have found the wrong place, we are ordinary people here, where is the altar master?" As

he spoke, the man waved his hand and expelled, "Go, don't bother anymore." The

last word fell, and the man was about to close the door.

Hehe....

In the face of this situation, Yue Feng smiled darkly, this Qingyun City altar was so secretive, and the people inside were also very vigilant. But this man is also a bit stupid, since I have arrived here, how can I find the wrong place?

"Wait a minute!"

Seeing that the man was about to close the door, Yue Feng quickly shouted, "I really have something to do with your altar master, and it is your suzerainty who told me to come." With

that, Yue Feng said with a deep face, "Otherwise, how would I know that this is the altar away from the Heavenly Dao?" This

...

Hearing this, the man stopped, looked at Yue Feng complexly, and said after a few seconds: "You wait." With that, he closed the door for the time being and ran inside to pray.

Yue Feng was not in a hurry, standing at the door and waiting quietly.

At this moment, in the main hall of the courtyard, the altar master Lu Qingxuan was lying on the soft collapse, and several beautiful women next to him were beating his back and rubbing his shoulders.

At this time, Lu Qingxuan was in a very good mood.

The lord of the city kept his promise, after assassinating Xing Tiance last night, he sent someone to send gold and beautiful women before dawn, a few thousand taels of gold naturally needless to say, a few beauties are even more charming.

Well...

At this moment, feeling the service of several beautiful women, Lu Qingxuan closed his eyes and couldn't help but let out a comfortable hum.

It feels... Wonderful.

Rustling....

Just as Lu Qingxuan was enjoying his beauty, there was a sound of footsteps outside, and then the man who was guarding the door walked in quickly and respectfully said, "Altar Lord, there is a man outside the courtyard door who asks to see." During the

conversation, the man quietly looked at several beautiful women around Lu Qingxuan and could not hide his envy.

"Mad!"

When he was disturbed while enjoying it, Lu Qingxuan was very annoyed and scolded without anger: "Are you a pig brain?" This is our sub-altar stronghold, can anyone bring it in? Hurry up and blow people away....."

When he scolded, Lu Qingxuan did not forget to glance at him fiercely.

Belch....

The man's scolded dog was bloodied, and he hurriedly answered and was about to leave, but after thinking about it carefully, he still said carefully: "Lord of the altar, the man said that it was the suzerainty who let him come."

Hearing this, Lu Qingxuan was stunned, sent by the Sect Lord?

What a disappointment....

The next second, Lu Qingxuan scolded secretly, and then waved his hand irritably: "Bring people in." "Yes

, Lord of the altar!" The man answered and walked away quickly.

As soon as the front foot left, Lu Qingxuan smiled and squinted at several beautiful women: "A few beauties, you also retire first, and when I am busy with the right things, I will accompany you to play ha." A

few beautiful women smiled slightly, answered, and entered the back room.

It was at this time that Yue Feng was brought in.

Call!

At this moment, Yue Feng walked into the main hall and smiled at Lu Qingxuan and hugged his fist: "This should be the Qingyun City Branch Altar Lord, fortunately."

Lu Qingxuan sighed, sat down in a chair, assumed a cold and arrogant posture, and looked Yue Feng up and down: "What are you?" "The person in front of me is dressed in ordinary clothes, and there should be no background."

The ultimate husband in Chinese chapter 6647

Chapter 6647:

"My name is Yue Feng!" Yue Feng responded with a smile.

At this time, Lu Qingxuan, still thinking about those beautiful women, nodded absentmindedly, "I heard that you are the suzerain..."

Wait a minute!

Halfway through the conversation, Lu Qingxuan suddenly woke up and stared at Yue Feng: "You... What did you just say your name? The tone was stunned, and the complexity on his face could not be concealed.

In the morning, I just got the news that Yue Feng, who had helped the Shaoyang King guard Qizhou City, had just arrived in Qingyun City.

Could it be the person in front of you?

At the beginning, Yue Feng was in Qizhou City, lining up troops and taking advantage of the unique geographical environment of Qizhou City to repel several attacks by Ji Beiye's army, which caused a sensation in the world, and Lu Qingxuan naturally heard about it.

Hehe!

Sensing his mood swings, Yue Feng smiled slightly, "My name is Yue Feng." Whew

!

At this moment, Lu Qingxuan took a deep breath, pressed the vibration in his heart, and asked, "But Yue Feng, who repelled Ji Beiye's army in Qizhou City?"

Yue Feng nodded, "Exactly! It was really him.

After determining Yue Feng's identity, Lu Qingxuan was surprised and surprised, and a smile appeared on his face: "It is rumored that Your excellency is proficient in the art of war, and he is a strange person, but he did not expect to have the opportunity to see it today."

When

he said this, Lu Qingxuan's words were full of compliments, but his look was still cold and arrogant.

In Lu Qingxuan's heart, although this Yue Feng was famous, at most he was only a military master by the side of the Shaoyang King, and as a altar master who had left the Heavenly Dao, he could compliment him twice, and he could already be considered worthy of him.

"Huh!"

Yue Feng smiled and said, "Those are all rumors in the jianghu, not true."

Lu Qingxuan was also too lazy to talk nonsense at this time, took the tea next to him, and took a slow and leisurely sip: "Your excellency suddenly came to my altar, what is it for?"

Yue Feng smiled and said seriously, "I want to ask the altar master for help."

"What's the rush?"

Call!

Yue Feng took a deep breath and said slowly, "Commander Xing Tiance just arrived in Qingyun City last night, he was secretly assassinated, this matter is very strange, I want to ask the altar master to help me find the murderer." As

soon as he thought of Xing Tiance's tragic death, Yue Feng couldn't suppress his anger and anger.

What?

Hearing this, Lu Qingxuan's heart was shocked, and the teacup in his hand was almost unstable.

Did I hear you correctly? This Yue Feng wants me to help investigate the murderer?

Mader, I killed people, do you want me to investigate myself?

At this time, Lu Qingxuan's heart almost set off a monstrous wave, but on the surface, he was silent, and after calming his mood, he pretended to be very surprised: "Xing Tiance? Is it the commander of the forbidden army of the imperial palace? "Nice

!" Yue Feng nodded.

"Hmmm!"

Lu Qingxuan drank another cup of tea and said falsely, "It is a pity to hear that this Xing Commander is both literate and martial, and his strength is superior, and it is a pity that such a talent was actually assassinated." With

that, Lu Qingxuan looked at Yue Feng in a very casual tone, "I don't know what the relationship between Mr. Xing and Commander Xing is?" When asked, the expression seemed calm, but there was some anticipation in his eyes.

"Commander Xing and I are considered to be friends of life and death." Yue Feng thought for a moment and replied seriously, "We have experienced tribulations together before, and now that he has been assassinated, I naturally want to find out the truth."

"That's

right!”

Lu Qingxuan nodded suddenly, “Your Excellency’s seriousness and righteousness are very admirable, but...”

When he said this, the corners of Lu Qingxuan’s mouth drew a slight smile and said lightly, “Why should I help you?” When he said this, he had a smile on his face but a hint of killing in his eyes.

Since Yue Feng and Xing Tiance were friends, they also had to find out the truth. That would only get him out.

Hehe!

Lu Qingxuan’s tone, Yue Feng did not care, at that time smiled slightly, “It is precisely because of the Sect Lord’s explanation that I came to ask for help.” The

words fell, and Yue Feng took out a token from his body.

Swish!

Seeing what was in Yue Feng’s hand, Lu Qingxuan couldn’t sit still, quickly put down the teacup and stood up, staring closely at the token in Yue Feng’s hand: “You... Do you really know my suzerain?”

At this time, Lu Qingxuan was very shocked in his heart, because what Yue Feng was holding in his hand was Gu Qianqiu’s personal token.

The ultimate husband in Chinese chapter 6648

Chapter 6648:

This token has always been worn by Gu Qianqiu, and few people know about it, but Lu Qingxuan, as the altar master of the altar, naturally knows it.

No, this is the token of the suzerain.

Under the shock, Lu Qingxuan’s mood also became complicated.

This Yue Feng actually had the token of the suzerain, which showed that his relationship with the suzerainty was not ordinary, it was over, this was the end, if he knew that Xing Tiance was killed by me, it would be trouble.

“Lord of the altar!”

At this moment, Yue Feng saw that his face had changed, and couldn't help but smile and ask, "What?" Is there a problem with this token? Whew

!

Hearing the inquiry, Lu Qingxuan reacted quickly and waved his hand continuously: "No, no, no." Speaking

, Lu Qingxuan was very curious and asked, "Dare to ask Your Excellency, what is the relationship between you and my family suzerain?" At this time, Lu Qingxuan was very confused in his heart.

You know, Gu Qianqiu has a lonely and arrogant personality, and likes to be alone, it can be said that the dragon sees the beginning and the end, and although he is famous in the rivers and lakes, he has almost no friends.

And now, the token he had been carrying with him was actually in Yue Feng's hands, how could people not be suspicious?

Hehe!

Hearing the inquiry, Yue Feng smiled slightly, "Didn't you just say that, you are a very good friend." "Yue Feng is not a person who likes to show off, and he doesn't like to preach it everywhere.

More importantly, this Lu Qingxuan in front of him did not look like a person of true temperament.

Friend?

Hearing such an answer, Lu Qingxuan was suddenly a little confused, to know that the definition of friend was too broad, this Yue Feng said that it was the friend of the suzerain, but what kind of friend was it?

But... Since the suzerainty gave him the token, he must not be an ordinary friend.

"Haha!"

Thinking about it, Lu Qingxuan quickly stood up and said with a smiling face, "Oh, it turned out to be a friend of the Sect Lord, just now I was really sloppy, and I hope that Your Excellency will not be blamed."

When

he said this, Lu Qingxuan's tone was much more obedient, and the arrogance just now was almost like two people.

Nima, this is really a little person.

Seeing that he changed his face so quickly, Yue Feng scolded in his heart, but he did not show it at the time, and smiled: "The altar master has asked everything he should ask, I don't know if I can help?" "Of

course!"

Lu Qingxuan's chicken pecked at the rice and nodded, "Since your excellency has opened your mouth, I will naturally help you." Saying this, Lu Qingxuan's heart was quickly pondering.

The truth must not let him know, he must find a way to do it.

Seeing that he agreed, Yue Feng nodded, "That would be trouble." "You're welcome!"

At this moment, Lu Qingxuan's eyes turned, accompanied by a smiling face, and said: "Wait, please tell me about the death of Commander Xing, I also want to send someone to investigate, otherwise, in this way, I will prepare a table of wine and dishes, and we will drink and talk."

Speaking of this, Lu Qingxuan pretended to be sincere: "Since your excellency is a friend of the suzerain, the first time you come to our altar, I would like to do my best to make the friendship of the landlord, a few glasses of thin wine, I hope that your excellency will not be disgusted, ha ha"

At this time, Lu Qingxuan's face was respectful and polite, but there was a trace of coldness hidden under his eyes.

Yes, he planned to stabilize Yue Feng first, and then he would act on the opportunity.

This one....

Seeing that he was sincerely invited, Yue Feng hesitated, and then nodded, "Well, bother."

"Haha, you're too polite." Seeing Yue Feng agree, Lu Qingxuan was very excited, and immediately smiled and said, "Your excellency is a friend of the suzerain, that is, we have left the Heavenly Dao ourselves." "Your

Excellency, sit down for a while, and I will order someone to prepare the wine and dishes."

The last word fell, and Lu Qingxuan walked out of the main hall quickly. For a moment, the huge main hall was left with Yue Feng alone.

Call!

At this time, Yue Feng sat there and slowly looked around the main hall, and saw that the surrounding furnishings were extremely elaborate, the tables and chairs were made of very precious wood, and the decoration was also very luxurious.

Seeing this, Yue Feng couldn't help but mutter.

As the Sect Leader of the Heavenly Dao, Gu Qianqiu was heroic and righteous, and he did not seem to be a person who lived a luxurious life, how could this subordinate be so greedy for glory?

Right now, outside the yard.

When Lu Qingxuan arrived outside, he immediately ordered two of his subordinates: "Hurry up and prepare wine and dishes to entertain distinguished guests." "

The ultimate husband in Chinese chapter 6649

Chapter 6649:

"Yes, Lord of the Altar!"

Hearing the order, the two men immediately went to prepare.

Watching his men walk away, Lu Qingxuan's eyes turned, and he quickly walked into the rest room in the back, and in the dark grid on the wall of the room, he took out a bag of medicinal powder, and quietly hid it in the cuff.

Yes, this package of medicine is a strong poison.

Lu Qingxuan thought about it, wait and then explore Yue Feng's mouth, and then find an opportunity to put the poison into Yue Feng's wine glass, as long as the god who does it is unconscious and hides from the suzerain, everything will be fine.

After hiding the poison, Lu Qingxuan returned to the main hall.

At this time, the men also prepared the wine and dishes.

"Haha!"

After taking a seat at the wine table, Lu Qingxuan smiled and said to Yue Feng, "A few glasses of thin wine are not respectful." With that, he personally poured Yue Feng a glass of wine.

Subsequently, Lu Qingxuan poured himself a cup, looked up and drank, and complimented: "The first time we met, I first toasted your excellency, oh no, I heard that the King of Shaoyang honored you as Mr. Right, then I also called you Mr. How?" Yue Feng smiled, "The

name is just a code name, and the altar master can call it whatever he likes." With that, Yue Feng raised his wine glass and drank it.

Hearing this, Lu Qingxuan nodded his head and exclaimed, "Sir is indeed extraordinary, it is really admirable, I heard that at that time, Ji Beiye's hundreds of thousands of troops attacked Qizhou City, and as a result, in front of Mr. Ji, several fiascos ended in defeat, haha... It's a pleasure to think about. Whew

!

Listening to his praise, Yue Feng smiled and said nothing.

For the next few minutes, Lu Qingxuan had been sneaking around and flattering, and when he saw Yue Feng drink a few drinks, he felt that the time was almost up, so he asked very casually: "By the way, sir, this time come to me to help investigate the murderer, does the Patriarch know?"

When

inquiring, Lu Qingxuan was calm on the surface, but in his heart he could not express the urgency.

If the suzerainty knew, it would be difficult to do it, if he didn't know, this Yue Feng would be unlucky.....

Call!

Yue Feng took a deep breath and said slowly, "The incident happened suddenly, and the Patriarch didn't know it.

At this time, Yue Feng did not realize that Lu Qingxuan in front of him had already killed himself.

Ha ha....

Hearing this answer, Lu Qingxuan's heart was excited.

Really... If the suzerainty doesn't know, it's easy to do.

Thinking about it, Lu Qingxuan let out a false sigh: "Alas, speaking of which, Commander Xing is also a generation of heroes, but the result is that he died unclear, which is really heart-wrenching."

Hearing this, Yue Feng's heart was also dark.

At this time, Lu Qingxuan thought of something again, and continued to ask, "Sir, do you know the details of Commander Xing's assassination at that time?" "I

don't know the details!"

Yue Feng took a deep breath and said slowly, "The situation was said by the lord of the city..." Subsequently, Yue Feng told the information he had learned.

Lu Qingxuan nodded, pretended to think about it, and then looked closely at Yue Feng: "Dare to do something in Qingyun City, the other party's history is not simple, Mr. Yi guessed, who the murderer may be?" Whew

!

At this moment, Yue Feng took a deep breath and said slowly, "I think the city lord is the most suspicious." Until this point, Yue Feng still thought that Lu Qingxuan in front of him was just a person who coveted glory, and he was completely unaware that this person was secretly colluding with the city lord.

What the?

Lu Qingxuan's face changed, and his heart was even more shocked.

This Yue Feng was really powerful, and before he could check it, he guessed that it was the city lord who did it, and if he continued to let him investigate, his relationship with the city lord would be hidden.

You know, over the years, Lu Qingxuan has helped the city lord to do a lot of unseemly things, if all of them are found out, the matter will reach the suzerain's ears, even if there are ten heads, it is not enough to cut it.

In shock, Lu Qingxuan asked falsely, "Sir, are you sure?"

Yue Feng nodded and said solemnly, "It is because I am not sure that I will come and ask the altar master for help." However, the city lord is the most suspicious, and if the altar lord investigates, he can start with him first. "I

didn't expect that the lord of the city was such a person." Lu Qingxuan pretended to be angry and said, "The outward appearance is so despicable, but secretly it is so despicable." Commander Xing was his own man, and he even did the harm. "

The ultimate husband in Chinese chapter 6650

Chapter 6650: "Sir,

rest assured, I will investigate this matter thoroughly.”

With that, Lu Qingxuan poured wine for Yue Feng again, and this time, Lu Qingxuan quietly mixed the poison hidden in the cuff into the wine glass. And use his other hand to block it, just in case Yue Feng sees it.

I have to say that Lu Qingxuan disguised it very well.

But Yue Feng had been walking the rivers and lakes for so many years, and he still sensed that something was wrong at a glance.

Call!

At this moment, Yue Feng sensed Lu Qingxuan’s secret movements and couldn’t help but frown darkly.

What did this man put in the wine?

Don’t.... Is he going to hurt me?

Muttering in his heart, Yue Feng did not panic in the slightest, before he went to the God Domain, he was already invincible, and later reborn through the Red Lotus of the Fa, he was already a Xuansheng body, and no matter how powerful the poison was, he could not hurt himself in the slightest.

“Come!”

At this time, Lu Qingxuan did not know that his small actions were completely looked at by Yue Feng, and he raised his cup with a smile: “My husband and I are the same as we see each other, let’s have a few more drinks.” “

Good!” Yue Feng nodded, and immediately picked up the wine glass and touched Lu Qingxuan.

After a few glasses of wine again, Lu Qingxuan revealed a smile and said to Yue Feng, “What does sir think of this wine?” “It’s been a few drinks, and the poison should have already flared.”

Sensing the change in his expression, Yue Feng said slowly, “Not bad, the fragrance is pure, but the strength is not small...” While speaking, Yue Feng held his forehead with his hand and made a look of intoxication.

At the same time, Yue Feng secretly watched Lu Qingxuan’s reaction.

Ha ha....

Seeing Yue Feng's appearance, Lu Qingxuan was in an indescribable state of excitement, and immediately smiled and said, "This is a famous spirit in Qingyun City, which can not only be intoxicating, but also fatal." During

the conversation, Lu Qingxuan's gaze could not hide the contempt and pride.

What wizard is not going to die at my hands in the end?

Well?

Hearing this, Yue Feng pretended to be very surprised and looked closely at Lu Qingxuan: "What does the altar master mean by this?"

Lu Qingxuan laughed evilly, slowly stood up, and said slowly, "Sir, is he weak at this time, and there is also a faint pain in his lower abdomen?"

When he

said this, Lu Qingxuan's face was no longer respectful, but he returned to the arrogant posture he had at the beginning.

"You..."

Seeing his expression, Yue Feng immediately concluded that the guess just now was correct, the other party had poisoned the wine, and immediately made a very panicked look: "How do you know?"

"Hey hey.."

At this moment, Lu Qingxuan no longer hid it, revealed his true face, and sneered: "Because I poisoned your wine glass, haha...."

"You... Why? Yue Feng looked angry.

Seriously, to deal with this kind of villain, Yue Feng was too lazy to pretend, but in order to investigate the truth, he decided to accompany this Lu Qingxuan to swallow.

"Alas!"

At this moment, Lu Qingxuan sighed and looked at Yue Feng very sympathetically: "Mr. Yue Feng, we have no grievances and no revenge, I shouldn't want your life, but you shouldn't, you should never come to me to investigate Xing Tiance's matter."

As he spoke, Lu Qingxuan poured a glass of wine and continued, "Anyway, you are going to die, I am not afraid to tell you that Xing Tiance was killed by me." Hey, how's it going? I didn't think of it. What

?

Yue Feng was originally very calm, and when he heard this, his mind suddenly buzzed and went blank.

What did he say? Did Xing Tiance kill him?

At this time, Lu Qingxuan continued, "Moreover, I have no grudge against Xing Tiance, it was the city lord who spent a few thousand taels of gold and a few beautiful women, entrusted me to do it, so much gold and beautiful women, how can I refuse?"

When

he said this, Lu Qingxuan looked proud.

In his eyes, the Yue Feng in front of him had been poisoned, and there was no threat to him at all.

Mader!

At this moment, Yue Feng learned the truth, and his anger rose in his heart.

Sure enough, it was the city lord who did it, but what Yue Feng did not expect was that Lu Qingxuan in front of him, as the altar master who had left the Heavenly Dao, had secretly colluded with the city lord.

Enraged, Yue Feng wanted to do it immediately, but he still resisted and continued to ask, "Commander Xing has a covenant book on his body, which you have taken?"

At this time, Lu Qingxuan, who did not know that death was coming, chuckled, "A broken covenant book is not worth half a piece of money to me, and after I get it, I will hand it over to the city lord." "
