

## The ultimate husband in Chinese chapter 6656

Chapter 6656 –

Oops!

Knowing this situation, the city lord suddenly couldn't sit still, and his brows locked: Could it be that the assassination of Xing Tiance was revealed... Then King Shaoyang sent someone to kill Lu Qingxuan?

That's not right.... King Shaoyang and the Little Emperor have been sending people to spy on them, and they have not seen any movement in the past day.

Thinking to himself, the city lord hurriedly asked, "Who did it?"

"Return to the City Lord!"

The guard's expression became complicated: "According to the report of the people below, when Lu Qingxuan died, a person named Shao Lingfeng came from the Heavenly Dao General Altar, and this Shao Lingfeng blocked the news, so I don't know who killed the Lu Altar Master for the time being." But...."

Speaking of this, the guards turned around: "Then Shao Lingfeng has already given his life, and the people in their altar are pursuing the murderer with all their might." Phew

!

At this moment, the city lord calmed down, took a deep breath at that time and said: "Okay, pay close attention to this matter, as soon as there is progress, I will come back to pray immediately, you know?"

"Yes, City Lord!" The guard replied, then turned to leave.

Who will it be?

As soon as the guards left, the city lord leaned back in his chair, rubbed his eyebrows with his hands, and slowly guessed in his heart.

King Shaoyang has no chance, and the little emperor is even less likely.

Don't.... It's him?

Suddenly, Yue Feng's figure appeared in the city lord's mind. If you think about it, this Yue Feng is the most suspect.

Muttering in his heart, the city lord decided to explore the wind, and immediately walked out of the study room and rushed towards the palace.

.....

At this time, the palace side.

After Shaoyang Wang learned several formations, he was very excited in his heart, and chatted with Yue Feng for a while, before he left without ending.

Bang....

As soon as the front foot left, there was a knock on the door.

Yue Feng thought that King Shaoyang had gone and returned, and immediately smiled and said, "Is there anything else going on with Wang Ye?" No need to knock on the door, just come in and talk. When

the words fell, the laughter of the city lord sounded outside the door: "Mr. Yue Feng, it's me." Is

he?

Hearing that it was the city lord, Yue Feng frowned, and then stepped forward to open the door, and saw the city lord outside with a smile on his face.

At this time, it is getting late and night is falling.

Seeing the city lord visiting, Yue Feng couldn't help but muttered secretly: This person suddenly visited, it seems that he got the news of Lu Qingxuan's death and came to probe my mouth.

Thinking of this, Yue Feng showed a smile: "It turned out to be the city lord." Huh

!

The city lord smiled fakely, with a mocking tone: "I won't disappoint Sir, speaking of which, the friendship between Sir and King Shaoyang is really enviable."

"But then again, Mr. is erudite and talented, not to mention Wang Ye, even under the superintendum, he is also extremely admired."

When he said this, the city lord had a compliment on his face, but his eyes flashed with complexity.

Yue Feng naturally wouldn't get carried away because of his sneaking, and invited the city lord into the room at that time, and asked with a smile: "The city lord suddenly visited, it won't just come to praise me."

"Haha..."

The city lord smiled, with a sincere look: "Mr. is really a cheerful person, fast and quick to talk, not bad, it's getting late, I shouldn't have come to disturb, but tomorrow I will attack the Jiangbei camp, I don't have the slightest clue, so I came to ask Mr. for advice." The

city lord was very cunning, he knew that directly asking Lu Qingxuan about it, Yue Feng would definitely be alert, so he temporarily made up a reason.

Hehe!

Hearing this, Yue Feng said with a faint smile: "The city lord is joking, the water army under your command is famous all over the world, and the best thing is water warfare, tomorrow you can fight according to the way you usually train, don't have any pressure."

Speaking, Yue Feng looked meaningful: "Your Majesty doesn't want your men to go down and work hard, but just wants to try the water combat strength of Ji Beiye's army." Hmmm

!

The city lord nodded appreciatively: "So it is, as soon as Mr. said this, I was determined."

Then, the city lord slapped his forehead and sighed with pretending to be sad.

Seeing him like this, Yue Feng couldn't help but ask, "How?" What else does the city lord worry about?

"Mr. doesn't know!"

While observing Yue Feng's expression, the city lord said seriously: "Just now, the people below prayed, saying that the people of the Heavenly Dao entrenched in Qingyun City don't know what is secretly investigating in the whole city because of something. "

## **The ultimate husband in Chinese chapter 6657**

Chapter  
6657

"Sir should know that the Heavenly Dao is the most mysterious organization in the

entire continent, and there are thousands of people in the lower face, in case they secretly make any moves in Qingyun City, and Ji Beiye can take advantage of it, it will be troublesome.”

After saying this, the city lord sighed again.

I have to say that the city lord pretended to be very similar, and people who didn't understand it saw him and thought that he was really a loyal minister who worried about the country and the people.

Hehe....

However, Yue Feng noticed his eyes and immediately laughed secretly.

This city lord is really cunning, it seems that the guess just now is good, he got the news of Lu Qingxuan's death, it is not convenient to ask me head-on, so he changed his tricks and knocked on the side.

Understanding this, Yue Feng said lightly: “The city lord doesn't need to worry about this, I understand from the organization of the Heavenly Dao, their purpose is to hope that there will be no war in the world, and they will never help Ji Beiye.” “

I like acting, right, then I'll accompany you to act.

Call!

Hearing this, the city lord was first stunned, and then quickly asked, “Sir is so sure?”

“Of course!”

Yue Feng smiled slightly, did not hesitate for a minute at that time, took out Gu Qianqiu's token and said, “It's not a secret, I have some friendship with Gu Qianqiu who is far from the Heavenly Dao, so naturally I dare to pack a ticket to the city lord.”

Yue Feng knew in his heart that the ultimate purpose of the city lord saying so much was to investigate Lu Qingxuan's death, and since this was the case, Yue Feng simply revealed his relationship with Gu Qianqiu to disrupt his judgment.

This....

Seeing the token, the city lord was stunned suddenly: “This token...” He is not a person from the Heavenly Dao, naturally he does not recognize the token, but at this time, he can clearly see that the token is beautifully made, and the words ‘Leaving the Heaven’ are engraved on it.

“At this time, the token of Gu Qianqiu.” Yue Feng said with a smile.

Ancient Qiuqiu's token?

At this moment, the city lord was completely stunned, looking at Yue Feng blankly, shocked in his heart.

You know, Gu Qianqiu is the most mysterious strong man in the rivers and lakes, the divine dragon can't see the end, and the Yue Feng in front of him actually has his token, which shows that the relationship between the two is very good.

Realizing this, the city lord instantly dispelled his doubts in his heart. Since there is this relationship between Yue Feng and the Heavenly Dao, then Lu Qingxuan's death should have nothing to do with him.

At this time, the city lord did not know that his logical thinking had been subtly biased by Yue Feng.

Call!

Finally, more than ten seconds later, the city lord reacted and praised Yue Feng: "Mr. is really unfathomable, he is actually friends with Gu Qianqiu, powerful!"

Yue Feng smiled humbly, and then said seriously: "It's just a friend, but this matter is not trivial, I hope that the city lord will not mention it to His Majesty in the future."

"The city lord should know, the royal family has always been interested in leaving the Heavenly Dao..."

The city lord nodded with understanding and said with a smile: "Don't worry, this gentleman has my own principles, not a person who spreads rumors everywhere, speaking of which, I really want to be friends with Mr. ah, haha..."

When he said this, the city lord's face was full of flattery, but his eyes were cold.

Yue Feng, Yue Feng, you actually secretly have a relationship with the Heavenly Dao, and now I have caught the handle, and if you have a chance in the future, I am afraid that you will not be honest?

Hehe!

Yue Feng knew that he was perfunctory on the surface, and immediately smiled: "It is also my honor to be friends with the city lord.

Then the two chatted a few more words, and the city owner took his leave and left.

Call!

At this moment, watching the city lord walk away, Yue Feng breathed a sigh of relief and directly closed the door to rest.

Yue Feng knew that this city lord was an out-and-out villain, who could get along temporarily when he was fine, and once something happened, he would stab him in the back.

However, Yue Feng is not afraid, this kind of villain has seen too much, and there are many ways to deal with him.

.....

On the other side, Jiangbei Daying.

Ji Kitano sat in the big tent, his face gloomy.

More than a dozen generals stood neatly on both sides, all silent, and the atmosphere was somewhat solemn.

When he first led his army to Qingyun City, Ji Beiye understood that the terrain here was special, and most of his soldiers did not know water, and if he really wanted to start a water war, the chance of winning was very small.

Therefore, Ji Kitano sent a secret history to plot against the city lord, but fortunately, the city lord agreed to join forces, but what made Ji Kitano depressed was that after a few days, the city lord only sent someone to report the situation in Qingyun City, and did not come to discuss the details of cooperation.

## **The ultimate husband in Chinese chapter 6658**

Chapter 6658 –

Hundreds of thousands of troops are stationed on the riverside, the cost is huge, if you don't attack Qingyun City early, in a few days, the grain and grass will run out.

Can't wait any longer.

“Newspaper!”

At this moment, a disciple shouted outside the big tent: “Qingyun City Secret History Request.” “

Haha...

Hearing this, Ji Kitano was immediately overjoyed and quickly shouted: “Quick, please come in quickly.”

“Yes, General!”

A few seconds later, a Qingyun City secret historian slowly walked in and said respectfully to Ji Beiye: “My family city lord, let me send a secret letter over, saying that it is very important!”

After

speaking, he sent the secret letter to Ji Kitano.

Ji Kitano couldn't wait to open the secret letter, and after reading the content, he was even more excited, laughing and patting his thigh: “Haha, good, good.”

At this time, Ji Beiye was very excited, and the secret letter said that tomorrow the Qingyun City Water Army will take the initiative to attack the big camp, not only that, but it also wrote in detail the fighting style of the Qingyun City Water Army...

“Good!”

After reading the secret letter, Ji Kitano laughed and said: “Tomorrow, I will cooperate with the water military exercise, and launch a counterattack the day after tomorrow.”

“Yes, General!”

Hearing this, the generals present were also excited and responded in unison.

.....

On the other side, Qingyun City.

It was late at night, and Yue Feng was about to rest after meditating, but at this moment, a guard shouted outside the door: “Mr. Yue Feng, Your Majesty has a request.” “

It's so late, what is Your Majesty looking for me to do?

Yue Feng muttered in his heart, answered at the same time, got up and opened the door and went to the dormitory where Ying Kuang rested with the guards.

Call!

When he arrived at the gate of the dormitory, he saw that King Shaoyang was also there, and he was sitting there, and both of them looked a little solemn.

And next to it, there is also a guard standing.

This guard Yue Feng knew and was a close associate of King Shaoyang, named Zheng Chao. He has always closely protected the safety of King Shaoyang and is loyal.

“Sir is here!”

At this time, seeing Yue Feng rushing over, Shaoyang Wang and Ying Kuang’s eyes lit up, and they quickly stood up.

Yue Feng smiled and said, “Your Majesty, Wang Ye, what’s the matter at such a late hour?”

Shaoyang Wang motioned for Yue Feng to sit down, and then said to Zheng Chao, “Come to you.”

“Yes, Wangye!”

Zheng Chao looked solemn, and said slowly towards Yue Feng: “Just now, the city lord secretly summoned me, probed my voice, and asked me if I would like to do things for him.

Speaking of this, Zheng Chao looked angry: “That villain underestimated me, I am loyal to Wang Ye, how can I betray?” “Boom

!

When the words fell, Ying Kuang slammed the table and said fiercely: “This person is really getting more and more arrogant, during this time, even if you secretly send someone to spy on me and the third brother, now I still want to plot against the guards around the third brother.”

“If this is not Qingyun City, I really want to unload this person in eight pieces.”

Kind of interesting....

Knowing the situation, Yue Feng couldn’t help but laugh and said to Ying Kuang: “Your Majesty doesn’t need to be irritable, this is not a bad thing for us, but an opportunity.” Huh

?

Hearing this, both Ying Kuang, Shaoyang Wang and Zheng Chao were stunned.

In the next second, Shaoyang Wang reacted, looking at Yue Feng in a complicated way: “What did Mr. say about this?” Huh

!

Yue Feng smiled slightly, looked at Zheng Chao and said, “It’s very simple, pretend to surrender, so that we can also monitor the city lord’s every move, and more importantly,

at the critical moment, we may have the opportunity to defeat Ji Beiye in one fell swoop.” Phew

!

Zheng Chao is a smart person, and he instantly understood Yue Feng's intentions, and immediately nodded: “As long as Wang Ye agrees, don't say that lurking around that villain, even if I go up the Dao Mountain and go down to the sea of fire, I Zheng Chao will not frown.”

Seeing him say this, King Shaoyang nodded approvingly.

Yue Feng couldn't help but laugh and patted Zheng Chao's shoulder: “It's enough to have your words, but it's very risky to pretend to surrender to sincerity, so you have to be extremely careful.”

Then Yue Feng explained some details, which Zheng Chao firmly remembered in his heart.

Half an hour later, Zheng Chao left the palace and went to the City Lord's Mansion.

Because the war will start tomorrow, the city lord has not rested at this time, and is studying the details of the battle in the study.

Bang!

Zheng Chao arrived at the door of the study, hesitated, and knocked lightly.

## **The ultimate husband in Chinese chapter 6659**

Chapter 6659

—

“Who?”

Hearing the knock on the door, the city lord was very alert and said coldly: “What person?” “If it were your own people, I would pray first.”

Zheng Chao took a deep breath: “It's me, Zheng Chao!” “

Haha...

Hearing that it was Zheng Chao's voice, the city lord immediately became happy, laughed and opened the door: “Zheng guard, look for me late at night, but figured it out?”

During the day, the city lord found an opportunity to talk with Zheng Chao alone, you know, Zheng Chao has been with King Shaoyang for nearly ten years, and he is the most trusted person of King Shaoyang, as long as he is secretly recruited and plans to conspire with Ji Beiye for a great cause, he can achieve twice the result with half the effort.

Speaking of which, it is difficult for a guard like Zheng Chao to recruit him. However, the city lord believed that everyone in the world had weaknesses and liked things, so he promised glory and wealth, gold, beauty, and houses at that time....

The city lord originally thought that Zheng Chao would reply to himself a day later, but he did not expect that he would come that night.

At this time, the city lord said while smiling and inviting Zheng Chao to enter the study.

Poof!

As soon as he entered the study, Zheng Chao knelt down at the city lord, his face was sincere, and he said humbly: "The city lord said well during the day, a person like me has been following Wang Ye as a guard all his life, and he has not come out until he dies."

"Instead of living without hope, it is better to fight, I Zheng Chao is willing to follow the city lord until death."

When he said this, Zheng Chao pulled out his dagger and came out.

Hiss!

Seeing the dagger, the city lord was shocked.

In the next second, before he could react, he saw Zheng Chao gritting his teeth, waving his dagger and cutting a wound on his right arm, and blood gushed out instantly.

"City Lord!"

At this time, Zheng Chao endured the severe pain and raised his hand and swore an oath: "I, Zheng Chao, swear here, if I betrayal in the future, I will die without a place to bury."

Yes, Zheng Chao knows that the city owner is not only cunning, but also suspicious by nature, and if he wants to win trust, he can only use bitter meat.

That's great.

Seeing this scene, the city lord originally had some suspicions, but when he heard Zheng Chao swearing, the doubts in his heart instantly disappeared, and he quickly helped Zheng Chao up at that time, and said in a fake way: "Zheng Weiwei has a heart, since I found you, I must believe you, why did I hurt myself?"

After

that, the city lord hurriedly found a gauze belt and helped Zheng Chao bandage the wound.

Faced with this situation, Zheng Chao also made a flattered look.

Soon, the wound was bandaged, and the city lord couldn't help but ask: "Your Majesty wants me to take the initiative to attack tomorrow, but what is the purpose?" When asking, his eyes were firmly fixed on Zheng Chao.

Call!

Zheng Chao took a deep breath and responded, "Your Majesty's purpose is to see how strong the water army of Qingyun City is.

"Same as I guessed." The city lord nodded thoughtfully, and then ordered: "Okay, it's so late, you go back first, what is the situation on the side of the Little Emperor and Shaoyang King, you must inform me as soon as possible."

"You will work hard these days, and when the great cause is completed, your benefits are indispensable."

At this time, the city lord no longer had the slightest suspicion about Zheng Chao.

"Thank you City Lord for appreciating!"

Zheng Chao said gratefully, said goodbye to the city lord, and left the city lord's mansion while the night was dark.

.....

The night passed quickly.

Early the next morning, Yue Feng accompanied Ying Kuang, and King Shaoyang, accompanied by more than a dozen guards, to the north gate tower of Qingyun City early.

Standing on the gate tower and looking down, you can clearly see that the warships of Qingyun City have been neatly arranged and ready to go.

On the first battleship, the city lord stood there in armor, majestic. At this time, seeing Ying Kuang appear on the city tower, the city lord hurriedly bowed his head and saluted.

Ying Kuang nodded, then waved his hand and signaled to attack.

Call!

Seeing Ying Kuang's gesture, the city lord took a deep breath and shouted: "The whole army obeys the order and immediately attacks to attack the rebel camp." "Kill

!"

When the words fell, the soldiers on nearly a hundred warships shouted in unison, and then urged the warships to march towards the Jiangbei camp, with a huge momentum and shocking the clouds.

Hehe!

Seeing this scene, Yue Feng couldn't help but expire the corners of his mouth and chuckle.

## **The ultimate husband in Chinese chapter 6660**

Chapter

6660

"What's wrong? Mr! Shaoyang

Wang next to him couldn't help but ask, while asking, while observing the situation of the water army warship, he saw the white warship, neatly arranged and imposing like a rainbow.

Although King Shaoyang has made great achievements in battle, he has rarely fought water battles, and at this time, he has not seen the situation in front of him, and there is something wrong.

Yue Feng smiled slightly, pointing to the situation on the river and said, "This city lord attacked like this, it seems fierce, but it is actually a message to Ji Beiye, you know, water warfare and land warfare are very different."

"When a land war begins, the shouts of the whole army can boost morale and deter the enemy."

"But in a fierce battle on the water, there is such a big movement before the battle, this is to give the enemy enough time to prepare, you know, the water is not better than the land, although these warships are large, but the mobility is not strong, it will take a moment to reach the opposite shore all."

"And in this moment, Ji Beiye's army is afraid that it has already prepared its defense."

Speaking of the end, Yue Feng's smile gradually thickened, looked at the city lord on the first ship, and said slowly: "It seems that we expected it well, last night this traitor reported to Ji Beiye, and today's battle is completely performed for us to see." "Mad

!

Hearing these words, Shaoyang Wang was extremely angry, patted the railing in front, and said fiercely: "This thing that eats inside and outside, in my opinion, when this battle is over, it is better to take him down directly..."

Without waiting for him to finish, Yue Feng shook his head: "No." "Why?" Shaoyang Wang was in a hurry.

Call!

Yue Feng took a deep breath and said slowly: "It's still that sentence, if we move the city lord, Qingyun City will be chaotic, and then I am afraid that it will be difficult for us to stabilize the situation in a short time, in case Ji Beiye can take advantage of the opportunity, it will be even more troublesome."

"Wang Ye must be clear that our biggest enemy now is Ji Beiye. As long as Ji Beiye is defeated, and then Qingyun City is rectified, it will be much easier. Hearing

this, Shaoyang Wang calmed down and nodded, "What the gentleman said is extremely true. "Look

!"

At this moment, Ying Kuang pointed to the north direction of the river: "It's time to fight." Hearing

this, Yue Feng and Shaoyang Wang looked at each other.

It was seen that the white warship had arrived on the north bank of the river at this time, but Ji Beiye's army also deployed its defense at this time and formed a phalanx to meet the landing of the water army.

And behind the phalanx, countless archers are also waiting for them.

"Drop the arrow!"

At this time, Ji Kitano stood in the center of several phalanxes and issued a loud order: "Release the arrows, be sure to block the enemy troops, do not let them go ashore..."

Whoosh....

When the words fell, ten thousand arrows suddenly burst out!

This battle lasted a full day, with casualties on both sides, but neither was wounded to the root, until sunset on the western mountain, the city lord led the water army and returned to the south bank of the river.

At this time, Yue Feng, together with King Shaoyang and Ying Kuang, had already returned to the palace.

At this time, in the main hall of the palace.

The city lord hurriedly came, wiped the sweat from his forehead, knelt down at Ying Kuang, and said ashamedly: "Your Majesty, Ji Beiye's big camp, the defense is watertight, today I tried several times, but failed to land, beg Your Majesty to punish." When

he said this, the city lord was terrified on the surface, but there was a trace of cunning hidden under his eyes.

Today's play is over, and the time is almost right, and you can work with Ji Kitano for a great cause.

Well!

Ying Kuang sat there and nodded expressionlessly: "Don't blame you, I saw today's battle, and you did your best."

"Your Majesty, the subordinates retreat!" The city lord pretended to be grateful, and he was about to retreat.

"Slow down first!"

Just getting up, Yingkuang continued: "There is one more thing. The

city lord hurriedly stopped and said with a respectful face: "What did Your Majesty order?"

Ying Kuang first glanced at Yue Feng next to him, and said lightly: "Although the Qingyun City Water Army was formed by you, but after looking at your combat style today, Shu feels that there are many areas that need to be improved, so Shu has now decided to let Mr. Yue Feng take over the position of the commander of the Water Army, what do you think?"

After

saying this, Ying Kuang quietly observed the city lord's expression.

Yes, this trick 'Enwei and use' was given to him by Yue Feng.
