Chapter 6701 –

Just... This depressing mixed yuan fire poisonous palm is really strong and vicious, and if you continue to fight, I am afraid that the eldest brother will suffer a loss.

Just when Yue Feng was secretly anxious, Yan Bingyu didn't know when he arrived at his side.

“Shameless scum!”

Seeing Yue Feng's anxious appearance at this time, Yan Bingyu was indescribably proud and happy, and his red lips lightly said: “Don't think that with Gu Qianqiu's support, you can have no fear, he will soon be killed by my master.”

Speaking, Yan Bingyu looked at Yue Feng's last words contemptuously: “Once Gu Qianqiu dies, no one can protect you, when the time comes, I will first gouge your eyes, and then cut off your hands and feet.”

When

he said this, Yan Bingyu's delicate face concealed his shame.

Before, at the top of Yunxi Mountain, she was teased by Yue Feng, regarded as a great shame, and at this time there was a chance to take revenge, naturally she was a little impatient.

This woman.... It's too vindictive.

Feeling Yan Bingyu's hostility, Yue Feng did not panic at all, but showed a smile on his face.

Muttering in his heart, Yue Feng thought that there was a pond in the backyard of this altar, and immediately had an idea, although this Yan Bingyu is a woman, but because she followed Xiao Ji to practice the fire poison technique, the yang power in her body was excessive.

Therefore, Yan Bingyu's current situation requires the cultivation of a feminine technique to reconcile the balance, and if there is an external yang force invading, the breath must be disordered.

And the pond in the backyard, although it is yin, but there is no shelter around, receiving sunlight all day, containing the power of the scorching sun, if you can lead her to the near of the pond, in the deployment of a simple three-yang array, it will definitely make her breath disordered.

As long as Yan Bingyu is in a situation, Xiao will definitely be upset....

Ha ha... It's perfectly planned!

Just as Yue Feng was thinking about this, the flying snow on the side couldn't help it.

"Hey!"

In the next second, Feixue Xiu's eyebrows locked, and she said coldly to Yan Bingyu: "Who loses and who wins, it is not necessarily, this is not a place for you to spread wild."

There was a thick hostility in his words.

In Feixue's heart, Yue Feng is his idol, and even has feelings of affection for him, and at this time, seeing that Yan Bingyu is not inferior to him, he naturally can't stand it.

Hehe....

Seeing Feixue coming out, Yan Bingyu was full of disdain, and snorted coldly at that time: "You are less arrogant in front of me, and when you are like these disciples around you, none of them can escape." Hearing

this, Feixue was so angry that he had to reason with her, and was finally persuaded by Yue Feng.

"Okay, okay!" Yue Feng grabbed Feixue's hand, pulled her aside, and whispered, "Don't quarrel with her, there's no point... Leave it to me, you are optimistic about the sect master. Feixue

nodded.

At this time, Yue Feng turned his head and looked at Yan Bingyu with a smile: "Good sister, you will fight and kill as soon as you meet, there is no need."

Yan Bingyu snorted coldly: "You teased me a few times before, and I will never spare you." The

tone was cold and unquestionable.

All right!

Seeing that there was no room for discussion of the matter, Yue Feng held back a smile and made a very helpless look: "Since you hate me so much, then let's also compete, as long as you can knock me down, I will be at your disposal."

When

he said this, Yue Feng looked serious.

Well?

Seeing Yue Feng take the initiative to challenge, Yan Bingyu was stunned, and then nodded: "Good!" Speaking

of which, Yan Bingyu had long wanted to teach Yue Feng a lesson, and he was ashamed of himself, but he didn't have the opportunity yet, and seeing him take the initiative to challenge at this time, he naturally couldn't ask for it.

In Yan Bingyu's heart, in addition to knowing a little beast language, Yue Feng can tame the tiger, and her strength is average, she is completely sure that she can defeat Yue Feng within five moves.

What the?

However, Feixue on the side was taken aback, and said anxiously to Yue Feng: "What do you do?" Don't be impulsive. "In the current situation, Master and Xiao Ji are fighting, and the situation is already very bad, in this case, Yue Feng challenged this woman again, this... Isn't that adding to the mess?"

Yue Feng looked calm, smiled and comforted: "Don't panic, I only have measure." Challenging

Yan Bingyu, the ultimate goal is to relieve Gu Qianqiu, but this scene at the moment, Yue Feng naturally can't say it.

Speaking, Yue Feng tilted his head to look at Yan Bingyu and said with a smile: "Let's start." "

Chapter 6702:

Oh!

Hearing Yue Feng's words, Yan Bingyu directly pulled out his long sword and said coldly: "Shameless scum, suffer death!" When

the last word fell, Yan Bingyu's figure flew smartly, and the long sword stabbed directly towards Yue Fengxin's mouth. The movements are fierce, like thunder and lightning.

"Be careful!"

Seeing this scene, Feixue couldn't help but exclaim, and she was also worried in her heart.

At the same time, Gu Qianqiu, who was fighting fiercely not far away, saw Yan Bingyu and Yue Feng fighting, and also frowned secretly, righteous brother took the initiative to provoke, is it a little reckless.

Xiao Ji showed a smile and sneered at Gu Qianqiu: "Gu Qianqiu, do you still have the mind to care about other people's lives and deaths?" Take care of yourself first. When

the words fell, Xiao Ji once again cast the Mixed Yuan Fire Poison Palm and burst towards Gu Qianqiu.

Call!

Faced with this situation, Gu Qianqiu had to take a deep breath, gather his spirit, and continue to fight with Xiao Jie.

At this time, Yue Feng was on this side.

"Oops!"

Seeing Yan Bingyu's long sword stabbing at a rapid speed, Yue Feng pretended to be panicked and shouted: "Move the sword as soon as you come up, good sister, you want your good brother to die so much?" When

the words fell, Yue Feng dodged and then rushed towards the pond in the backyard.

Fighting is not the goal, trapping Yan Bingyu and disrupting the rhythm of Xiao is the most important thing.

"The dog can't spit ivory out of its mouth, you stop!" Hearing Yue Feng's ridicule, Yan Bingyu was embarrassed, clenched his long sword, and quickly chased over.

Soon, near the pond, Yan Bingyu sneered: "As a big man, can you just run?"

When he

said this, Yan Bingyu was very annoyed, and at the same time he was even more contemptuous of Yue Feng, after this Yue Feng challenged, he just dodged and avoided, and he really didn't have the slightest manhood.

Hehe....

Hearing this mockery, Yue Feng was not angry at all, but said with a smile: "Good sister, don't you understand?" Brother, I can't bear to hurt you.

While speaking, Yue Feng quickly observed the environment around the pond and continued to ridicule: "But then again, you are not my opponent, it is better to submit to defeat early, so as not to wait for the defeat and not see your master."

“Blow the atmosphere!”

With these words, Yan Bingyu felt a strong provocation, and at that time he bit his red lip and said coldly: “I see that you are also a powerful mouth, and if you dare to run, I will cut off your legs first.” ” Whoosh

!

When the words fell, Yan Bingyu’s strength around his body exploded, and the long sword drew a shock, stabbing towards Yue Feng again.

“Oops!” Yue Feng still made a panicked look, and shouted: “Good sister, your temper is really hot, you are still so ruthless, how can you marry in the future?”

The moment he

spoke, Yue Feng lifted a stone by the pond and blocked it in front of him.

Shameless, so shameless!

Hearing Yue Feng’s ridicule, Yan Bing’s tone was so bad that his delicate face turned extremely red, and his speed suddenly increased.

Clang!

In the next second, the long sword collided with the stone, and a loud noise erupted, Yue Feng pretended to be invincible, the stone in his hand fell to the ground, turned around and continued to dodge around the pond.

While dodging, Yue Feng kept lifting the stones on the ground to resist the long sword stabbed by Yan Bingyu, looking very embarrassed, but in fact, every time Yue Feng pretended to be invincible and dropped the stones, he placed these stones according to the rules.

Yes, according to the plan in his heart, Yue Feng deployed a three-yang array with these stones around the pond.

After a day of sunshine in the pond during the day, it contains a strong power of the scorching sun, and the three yang array can stimulate the power of the scorching sun in the pond water.

At first, Yan Bingyu was full of confidence, thinking that he would soon be able to completely defeat Yue Feng, but gradually, he noticed that something was wrong.

Odd!

How is the pond water next to this hot?

At this time, Yan Bingyu was surprised to find that a stream of scorching heat came from the surface of the pond next to him, as if standing next to a piece of boiling water.

But when she turned her head to look, the surface of the pond was very calm, not alarming, there was the slightest sign of boiling, and it was late at night, and the weather was cold.

For a while, Yan Bingyu was even more puzzled in his heart.

How so?

At this time, Yan Bingyu didn't know that Yue Feng had just deployed the Sanyang Array around the pond, and at this time, the formation had already played a role, stimulating the power of the blazing sun in the pond water.

“Oops?”

At this time, Yue Feng saw that her movements stopped, and immediately knew that this was the effect of the Sanyang Array, and immediately laughed and ridiculed: “Why did the good sister stop?” Isn't it unbearable to take action against my good brother anymore?

“I knew that my good sister was too late to love me, so how could she be willing to kill me?”

When he said this, Yue Feng smiled playfully, and his eyes were full of ridicule.

Yes, Yue Feng did it on purpose.

At this time, Yan Bingyu had already received the influence of the Sanyang Array, and at this time, adding a fire would stimulate her to burst out with all her strength, and the impact would be more serious later.

Swish!

Hearing this, Yan Bingyu became even more embarrassed, and said coquettishly: “Shut your dog's mouth, wait for me to cut your tongue first.”

Speaking, Yan Bingyu bit his lip tightly, waved his long sword, and was about to stab towards Yue Feng.

Airplanes!

However, at this moment, Yan Bingyu's body was shocked, and he was surprised to find that under the attack of the hot gas of the pond, his whole body was also too hot.

What's even more frightening is that the strength in the body also has some signs of disorder.

This... What's going on?

For a while, Yan Bingyu was a little inexplicably nervous, but his face did not show it, but took a deep breath and silently urged the energy to resist the heat coming from the pond.

However, what made her desperate was that the more she urged her strength to resist, the hotter her body became, and the more disordered the power in her body became.

Ha ha... It worked!

Seeing this scene, Yue Feng showed a smile, stopped to sit on a stone, and looked at Yan Bingyu with a smile: "Good sister, is this a defeat?" "You

....."

Hearing this, Yan Bingyu was ashamed and angry, and wanted to scold, but his whole body was getting hotter and hotter, which was really uncomfortable.

Hooohoo....

At this time, the power of the blazing sun in the pond was completely stimulated by the Three Yang Array, and the hot breath continued to come, and the entire backyard was completely enveloped by the scorching heat.

Dang!

In this case, Yan Bingyu couldn't resist it at all, and at this time, he only felt as if he was in a volcanic crater, and the whole person seemed to be burning, and at that time, his body trembled, he sat down on the ground, and the long sword also fell to the ground.

"Hot... It's so hot..."

Under the invasion of the endless heat wave around, Yan Bingyu was unspeakably uncomfortable, and the whole person was about to burn and confused, and he cried out in his mouth: "It's so hot..."

This.....

At this time, Feixue walked quickly, saw the scene in front of him, and was suddenly stunned.

She originally thought that Yue Feng could not resist Yan Bingyu's fierce attack, so she couldn't help but come over to see the situation, however, when she saw the scene in front of her at this time, she was suddenly dumbfounded.

I saw Yue Feng sitting there safe and sound. With a smile on your face.

Yan Bingyu, on the other hand, turned red, sat down on the ground, locked his eyebrows, and couldn't help trembling, looking very painful.

What's going on? What just happened?

For a while, Feixue's heart was full of questions.

A few seconds later, Feixue reacted and asked Yue Feng, "Yue Feng, she... What's wrong with her? Phew

!

Yue Feng breathed a sigh of relief and said with a smile: "Who knows, it may be that she is in a hurry to kill me, but her own cultivation is not perfect, which leads to going crazy." Deploying

the Three Yang Array to stimulate the power of the blazing sun in the pond water could not be explained clearly in two or three sentences, so Yue Feng casually found a reason.

This way....

Hearing this, Feixue didn't have half a doubt, and suddenly nodded: "I deserve it, see that she is still arrogant." This Yan Bingyu and Xiao Ji came together to find things, Feixue was very annoyed in her heart, and when she saw Yan Bingyu's painful appearance at this time, she immediately felt very relieved.

Feixue's words, Yue Feng did not respond, but turned his head to look at the situation in the front yard.

Bang bang...

I saw that above the middle of the front yard, Xiao Ji and Gu Qianqiu were still fighting fiercely, and the two figures kept colliding back and forth, erupting with a roar and vibration.

Yue Feng did not take the initiative to remind Xiao Jie, but waited for him to find out for himself.

Well? What's the situation?

Sure enough, Xiao Ji quickly discovered Yan Bingyu in the backyard, and his heart was shocked.

Bing'er?

At this time, Xiao Ji clearly saw that the beloved disciple Yan Bingyu was curled up on the edge of the pond at this time, his delicate face was red and red, like a fire burning cloud, an indescribable sore spot.

For a while, Xiao Jian's heart suddenly became a little confused.

Although the two are masters and apprentices, in Xiao Jian's heart, Yan Bingyu is like his own daughter, seeing her situation at this time, he was suddenly distracted, how can he still have the mind to duel with Gu Qianqiu?

Anxious, Xiao couldn't help but shout: "Bing'er, what's wrong with you?"

Although far away, Xiao could definitely feel that Yan Bingyu's situation at this time was very serious, and if he didn't think of a way quickly, the consequences would be unimaginable.

Call!

Hearing Master's inquiry, Yan Bingyu took a deep breath and said weakly, "Master... I... I felt like I was going overwhelmed. As she spoke, she clearly felt that the breath in her body was becoming more and more chaotic, and her whole body seemed to be burning.

What the? Going crazy?

At this moment, Xiao Jian's face changed drastically, and he was completely panicked. Twenty years ago, he had gone crazy and walked around the ghost gate, knowing how dangerous it was.

However, he didn't know that Yan Bingyu at this time was not crazy, but was affected by the power of the scorching sun in the pond next to him, and as long as he stayed away from the pond, he would slowly recover.

Airplanes!

Just when Xiao was anxious, Gu Qianqiu slapped a palm, Xiao didn't have time to think much at that time, his right palm struck up, and the palms of the two sides collided, and suddenly erupted into a monk roar.

Under the collision of strong forces, the two were shocked back a few steps almost at the same time.

Gu Qianqiu didn't want to take advantage of the danger, and after stabilizing his figure, his eyes looked at Xiao Je tightly: "Do you still continue to fight?"

While

speaking, Gu Qianqiu subconsciously looked at Yue Feng. There was a bit of appreciation in his eyes, and he also wanted his righteous brother to be resourceful, using Xiao Jian's apprentice to divert attention. Otherwise, if you continue to fight, I am afraid that it will be difficult to block the Mixed Yuan Fire Poison Palm.

Call!

Xiao Ji took a deep breath, his face was gloomy, and said coldly: "Gu Qianqiu, count you lucky today." It's not too late to fight, let's continue next time. When

the words fell, Xiao Je's figure flashed and went straight to the backyard pond.

Yes, Xiao Ji decided to suspend the competition, in his heart, although the position of the sect master is important, the life of the apprentice is even more important.

"Master!"

Looking at Xiao Jie, who was rushing over, Yan Bingyu was very happy, and said weakly: "My body is very hot, very uncomfortable..."

"Don't be afraid!" Xiao Ji walked to the front quickly, picked up Yan Bingyu, and comforted softly: "Bing'er is not afraid, there is a master, even if you go crazy, don't panic."

While speaking, Xiao Ji sensed Yan Bingyu's situation, and found that she was just a disorder in the strength in her body, not a madness, and immediately breathed a sigh of relief.

However, Yan Bingyu's situation at this time cannot be delayed.

At this time, Xiao Ji immediately decided to wait for Yan Bingyu to leave, but before leaving, he did not forget to turn back to Yue Feng and said coldly: "Boy, I remember you." Xiao

Ji is a smart person, although he still doesn't know why Yan Bingyu suddenly has a disorder in internal strength, but he also knows that it must be related to Yue Feng.

Hehe!

Hearing Xiao Jian's threat, Yue Feng did not panic at all, nodded with a smile and said, "My name is Yue Feng!" Come to me if something happens.

Xiao Ji glanced at him coldly, no nonsense, soared into the sky with Yan Bingyu, and after a while, he disappeared into the night.

Call!

As soon as the front foot left, Gu Qianqiu landed from mid-air, seemingly calm, but his face was a little pale, and there was also a trace of weakness between his eyebrows.

Not bad, just now, in order to resist Xiao Je's Mixed Yuan Fire Poison Palm, Gu Qianqiu consumed a lot of strength.

Crash!

Seeing this situation, whether it was Yue Feng and Feixue, or the surrounding disciples, they quickly surrounded them.

"Sect Master..."

"Master, are you all right?"

Feeling everyone's concern, Gu Qianqiu shook his head, saying that he was fine, but in the next second, he stumbled under his feet and almost fell.

Worst!

Seeing this situation, Yue Feng quickly held Gu Qianqiu, and the next second he saw Gu Qianqiu's right hand, and suddenly exclaimed: "Big brother, are you poisoned?" "

The ultimate husband in Chinese chapter 6705

Chapter 6705 –

What?

Hearing Yue Feng's words, Feixue and the surrounding disciples were all taken aback, and then they all looked towards Gu Qianqiu's right hand.

I saw that Gu Qianqiu's right hand was almost swollen, showing a dark green complexion, which looked very scary.

Obviously, just now with Xiao Zhi's palm, Gu Qianqiu's hand was infected with fire poison. Although it was only for a moment, this fire poison spread very quickly.

Seeing this scene, everyone was shocked.

"Such a powerful fire poison palm!"

"That Xiao Je, it's really insidious...."

Yue Feng also locked his brows, and quickly checked Gu Qianqiu's entire arm, and saw that the fire poison was slowly going up, and it had spread to the elbow.

"Quick!"

At this moment, Feixue reacted and said to the disciples behind him: "Go and bring the antidote to the altar!"

"Yes!" The two disciples answered, and they were about to go to get the medicine, but they were stopped by Yue Feng.

"Useless!"

At this moment, Yue Feng stared at the fire poison on Gu Qianqiu's arm and said slowly: "This is the power of fire poison, not an ordinary poison, and the antidote is simply ineffective." Huh

?

Hearing this, both Feixue and the surrounding disciples changed their faces and became completely anxious.

Gu Qianqiu smiled, looking indifferent: "Don't worry, everyone, this fire poison will not kill me, wait for me to enter the room, use the power to force the fire poison out, you must guard the surroundings!"

When

he said this, Gu Qianqiu's face was full of confidence.

For so many years, I have seen all the winds and waves, and I will naturally not put it in my eyes.

"Yes, Sect Master!"

Hearing the order, Feixue and the surrounding disciples responded in unison, and immediately prepared quickly to strengthen the vigilance of the altar.

Yue Feng also nodded secretly, Gu Qianqiu's strength is outstanding, and it should not be a problem to force out fire poison with internal force.

Thinking to himself, Yue Feng opened his mouth and said, "Big brother, I'll help you protect the Dharma!" Hmmm

!

Gu Qianqiu nodded, and then entered the backyard room together.

.....

The other side.

Xiao Ji took Yan Bingyu with him, hurried all the way, and soon left Qingyun City.

Call!

Arriving at a wood, Xiao Ji slowly stopped, put Yan Bingyu down, and said in a concerned tone: "Bing'er, how are you doing now?"

While speaking, he observed Yan Bingyu's face. Seeing her face, it didn't seem to be as red as it was just now.

"Master!"

Yan Bingyu gently breathed a sigh of relief and responded, "It seems to be better." When he spoke, Yan Bingyu was also secretly surprised in his heart, strange, just now the whole person seemed to be on fire, and in the blink of an eye, the burning sensation on his body was much lessened.

However, the disorder of strength in the body has not completely disappeared.

Xiao Ji was also a little puzzled, but he didn't ask much at this time, and sat cross-kneeled at that time, helping Yan Bingyu stabilize his internal strength. When Yan Bingyu's situation completely improved, he opened his mouth and asked: "Bing'er, what happened just now?" The

good end, suddenly go crazy, is really elusive.

"I..."

Yan Bingyu bit her lip and said slowly: "I don't know, but suddenly, my whole body became hot..."

Speaking, Yan Bingyu explained in detail the experience of fighting with Yue Feng at that time.

Call!

Knowing the situation, Xiao Jian's eyes flickered: "It seems that there is a problem with that Yue Feng, and this person should be a hidden master." The next time you see him, you have to be careful.

When

he said this, Xiao Ji's face was solemn. He had been crisscrossing rivers and lakes for many years and had seen a lot of knowledge, and at this time, he immediately guessed that the main cause of the matter was on the person named Yue Feng.

It's just that... How the other party did it, Xiao had no clue.

"Him?"

Hearing Master's words, Yan Bingyu was stunned, and then said with disdain: "When he competed with me just now, he could only run, how could he have such a great ability?" Huh

!

Xiao Ji smiled and said seriously: "Bing'er, Master told you before that some people are very good at hiding themselves, so don't just look at the surface.

Seeing Master's solemn face, Yan Bingyu had to nod: "I know, Master." "
