Chapter 6926:

“Run?”

Zhu Xiansheng shouted: “Did you run?” When the words fell, Zhu Xiansheng’s figure burst out, like a bolt of lightning, quickly chasing towards Tian Buyou.

Before Zhu Xiansheng was arrested in the ancient tomb, he was completely careless, and he had been seeking revenge on Tian Buyou, and at this time, he finally seized the opportunity, how could he slip out from under his nose?

Both were fast and disappeared into the woods in the blink of an eye.

“Little Junior Brother!”

Seeing this, Nalan exclaimed happily and hurried to catch up, but the dense forest in front of him was reckless, and there were still two figures.

For a while, Nalan was anxious and angry.

This little junior brother is really not reassuring at all.

More importantly, Natian Buyou is very powerful in poisonous skills, and he is cunning, and the little junior brother is not deeply involved in the world, I am afraid that he is not an opponent.

Thinking of this, Nalan was more anxious and shouted while chasing in the direction where the two left.

“Little Junior Brother: Little Junior Brother...”

.....

The other side.

Yue Feng said goodbye to everyone, left Donghai City with Jiaolong, and finally arrived at Shenlong Island after several hours of flight.

Call!

At this moment, Jiaolong was suspended above Shenlong Island, looking at the large-scale building complex on the island, and his heart was indescribably excited: “After a thousand years, I have finally found the Shenlong family.”

Yue Feng smiled on his face: "Congratulations on going home."

Over the years, Yue Feng had wandered around and understood Jiaolong's mood at the moment.

Buzz...

As he spoke, more than a dozen figures rose from the island and quickly came towards Yue Feng, and the purple-gold armor was the divine dragon powerhouse who guarded the safety of the god Dragon Island.

The first two are slim, one mature and charming, and the other petite and delicate.

It was Senti and Xiaoxi.

"Your Excellency Long Zun!"

Seeing that it was Yue Feng, more than a dozen Shenlong powerhouses, one by one, were extremely respectful, and spoke in unison.

Xianti was also delighted, and smiled lightly at that time: "I thought that the enemy was coming, but it turned out that you came back." When she said this, Xianti's delicate face could not hide her joy.

At the same time, Xianti couldn't help but look at the dragon beside Yue Feng.

Yue Feng greeted with a smile, and then landed with Xanti.

When he arrived at the door of the hall, Xiao Xi couldn't help himself, and suddenly threw himself into Yue Feng's arms: "Gongzi, I miss you so much." When he spoke, Xiao Xi almost cried with joy.

When Yue Feng disappeared, Xiao Xi was very worried, during that time, she almost didn't want to eat, but she always believed that Yue Feng Ji would turn into a fierce Ji.

And now, seeing Yue Feng come back safe and sound, he was naturally extremely excited.

Yue Feng smiled and stroked Xiao Xi's head behind him: "I haven't seen it for a while, Xiao Xi is already a big girl." It's getting more and more beautiful, haha..."

Hearing the praise, Xiao Xi's face turned blushing shyly.

"Yue Feng!"

At this moment, Xianti glanced at the dragon and couldn't help but ask, "This is..."

“It belongs to your Blue Dragon lineage.”

Yue Feng opened his mouth to explain, and he explained in detail how to get acquainted with the dragon in the Tianxin Continent.

I see!

Knowing the situation, Centy nodded abruptly.

At this moment, the dragon crawled on the ground and respectfully said to Xanti: “Subordinates see the female emperor.” Hmm

!

Xianti nodded and said in a gentle tone: “Since you are back, you will be here in the future, and you can cultivate well.” I hope you can make a wholehearted contribution to our Qinglong family in the future.

“The subordinates must do their best.” Jiaolong replied and then exited the hall.

Watching the dragon leave, Xianti invited Yue Feng to take a seat.

Immediately, Xianti looked at Yue Feng: “Haotian God King was trapped in the Chaotic Void by you, he definitely can’t come back, now the great calamity has been removed, but there is still a crisis lurking.”

When

she said this, Xanti’s delicate face showed a bit of worry.

Seeing her say this, Yue Feng’s expression became solemn: “How do you say this?”

Xianti sighed lightly and said slowly: “A few days ago, Hua Zhao Niangniang sent an envoy to ask our Qinglong clan to give her full support and help her rule the God Domain.

“It’s not a small thing at this time, I haven’t given her an answer so far.”

Phew!

Hearing this, Yue Feng took a deep breath and couldn’t help but muttered secretly.

This Hua Zhao Niangniang is really not an idle person, she must have not seen Haotian come back for a long time, and began to deploy it herself.

If you say so, the God Domain at this time is also changing... If this is the case, it is necessary for him to go to the God Domain to see the situation.

Seriously, after finally returning from the Tianxin Continent, Yue Feng did not want to participate in various power struggles anymore, but the God Domain was different, and it was related to the safety of the entire world.

If Hua Zhao Niangniang controlled the Divine Domain, with her retributive personality, she would definitely take revenge on Yue Feng, and at that time, the entire Kyushu rivers and lakes would also suffer.

On the other hand, Aolin was mutilated by Haotian, leaving only a wisp of divine soul, it will take a long time, Yue Feng, as the master of the Heavenly Emperor, Aolin's master, naturally cannot stand idly by.

So, stop her no matter what.

Thinking of this, Yue Feng looked solemn, first sighed, and then said to Xiandi: "It seems that I am going to the God Domain." Hmm

!

Xianti nodded and couldn't help but instruct: "It's naturally good that you can come forward, but you have to be very careful." As far as I know, there are many people in the Divine Domain who support Hua Zhao Niangniang.

Saying that, Xianti took out a cyan talisman paper and handed it to Yue Feng: "This is our unique divine dragon talisman of the Green Dragon Clan, if you use it at the moment of life and death, I will quickly come to support with the Green Dragon Clan."

Hearing this, Yue Feng nodded and said, "Thank you!"

Xianti smiled lightly: "You are the Dragon Venerable of our Green Dragon Clan, don't be so polite, in the end, the rise and fall of our Green Dragon Clan is all on you." When

the words fell, Xiao Xi next to him also spoke: "Gongzi, you must be careful." She really wanted Yue Feng to stay on Dragon Island for a while, but she also knew that now it seemed that the world was peaceful, but there was an undercurrent. In this case, the children's private affairs can only be temporarily set aside.

"Don't worry!"

Feeling Xiao Xi's worry, Yue Feng smiled slightly: "So many winds and waves have come over, and there will be no problem this time."

Saying that, Yue Feng said to Xianti again: "Without further ado, I'll go to the Divine Domain later, trouble you to send someone to send a message to Brother Wen and them, I won't go back first." "Good

!" Santi nodded.

Subsequently, Yue Feng chatted with Xianti for a while, and then went to the teleportation array behind the hall.

Airplanes!

After the formation opened, a dazzling light quickly enveloped Yue Feng, and then teleported Yue Feng away.

At this moment, Xiao Xi stood there, clasping his hands, and praying secretly in his heart.

Gongzi, you must come back safely, don't be fine.

.....

The other side.

In the northwest of the Dongao Continent, in the dense mountain forest, two figures quickly rushed one after the other.

I saw that the one in front was sweating profusely, his face was anxious and panicked, and the one in the back was a little doll less than two years old.

It was Tian Buyou and Zhu Xiansheng.

A few hours ago, Zhu Xiansheng and Nalan were happy to meet Tian Buyou, who had recovered his cultivation, in the dense forest by the sea in Donghai City, and the two sides clashed, Tian Buyou was invincible and fled.

Zhu Xiansheng was bent on taking revenge and chased after him.

Nima!

At this moment, looking at Zhu Xiansheng, who was closely pursuing behind him, Tian Buyou cursed secretly, angry at the same time, but also a little want to cry without tears.

Is this kid a monster? Only less than two years old, the internal strength seems to be endless, chasing me for hours continuously, and I don't feel tired at all?

At this time, Tian Buyou did not know that in Zhu Xiansheng's body, there was the remnant soul of Demon Venerable Gone, but he had not awakened at this time, otherwise, the strength would be even more terrifying.

For a while, Tian Buyou became more and more panicked the more he ran.

No, if it goes on like this, he will catch him sooner or later.

Well?

Muttering in his heart, Tian Buyou quickly walked through a forest, and saw a waterhole in front of him, this waterhole was densely forested on three sides, and the south was blocked by a mountain peak to block the sun, which was very quiet and cold.

However, sensing the situation in the waterhole, Tian Buyou was overjoyed.

Ha ha.... There is a way.

After Tian Buyou cultivated the Poison Divine Codex, his perception far exceeded that of ordinary people, and at this time, he clearly sensed that in the depths of the pool in front of him, there was a huge anaconda lurking.

this moment, Tian Buyou's eyes turned, and after he had an idea, he immediately stopped at the edge of the pool.

Then, Tian Buyou shouted at Zhu Xiansheng, who was chasing him: "Good boy, count you powerful, I won't run." As he spoke, Tian Buyou quietly cut his finger and dripped a drop of blood in the pool.

This is a means of 'using blood to protect the beast' in the "Poisonous Sacred Code", as the name implies, is to use blood as a guide, cooperate with poison skills, to control the underwater anaconda, and finally use it to help the enemy.

Swish!

Seeing that Tian Buyou stopped, Zhu Xiansheng also put his footsteps full, along the edge of the pool, step by step, his immature face was full of cold arrogance: "Don't run?" Then kneel down and die. The

sound is not loud, but there is no doubt.

Nima!

Feeling Zhu Xiansheng's toughness, Tian Buyou's eyes flickered, and his heart was very angry, Ma De, he was a poisonous god heir, but he was scorned by a little doll that smelled of milk.

It's a shame.

However, this little doll is indeed very strong, if you really want to fight hard, you can't take advantage of it.

Thinking of this, Tian Buyou forced his anger and laughed: "That... Little hero, speaking of which, there is no deep hatred between us, before in the ancient tomb, I didn't mean to target you, but they were not used to ugly and ugly. But I didn't expect to catch you by mistake, sorry ha..."

When he said this, Tian Buyou smiled all over his face, but secretly paid attention to the situation of the waterhole.

I saw that the water surface, which was calm just now, rippled a little at this time, and it was obvious that the anaconda dormant under the water had smelled Tian Buyou's bloody breath and had woken up.

Sensing this, Tian Buyou hurriedly secretly urged the poison gong.

Hehe!

Zhu Xiansheng did not pay attention to these, and when he heard Tian Buyou's words at this time, he immediately smiled proudly: "Since you said it was a misunderstanding, then kneel down and kowtow to me three times, and I will spare you, little master."

At this time, Zhu Xiansheng thought that the other party was really afraid.

It's just that he just set foot in the rivers and lakes, and he doesn't know that people's hearts are sinister, especially this Tian Buyou is cunning, and he wanted to dominate the rivers and lakes and be the master of the martial arts alliance before, how could he be soft to him at this time?

Kneel?

Hearing this, Tian Buyou's heart was shocked, and his anger rushed upward.

Marde, this stinky boy is quite arrogant.

Scolding in his heart, Tian Buyou had a smile on his face: "Okay, I'll kneel..." Saying that, he made a respectful appearance and walked towards Zhu Xiansheng.

When he arrived three meters away, Tian Buyou stood still and was about to kneel.

Ha ha...

Seeing this scene, Zhu Xiansheng crossed his hands at his waist, very proud.

This evil man who is in trouble with the rivers and lakes is finally going to be surrendered by me, this feeling is really cool, that Yue Feng is really useless, such a little thief can't catch it...

At this time, Zhu Xiansheng did not notice at all, Tian Buyou in front of him seemed to be obedient, but his eyes flashed with treachery, and he kept paying attention to the movement of the waterhole.

"Little hero!"

At this time, Tian Buyou was full of apologies, his legs were bent, and he was about to kneel down when he saw it.

Crash!

At this moment, I heard the splash of water, and a behemoth rushed out from the bottom of the water, opened its blood basin and mouth, and bit towards Zhu Xiansheng.

It was a black anaconda.

This anaconda, thirty or forty meters long, covered with black scales, although not very large, but extremely fierce, a pair of eyes flashing with a dazzling fierce light, terrifying.

Marde....

Suddenly seeing this anaconda, Zhu Xiansheng was shocked, but quickly reacted, and shouted at that time: "A bedbug also dares to spread wild in front of Xiaoye?" Buzz

!

When the words fell, Zhu Xiansheng did not dodge, raised his hand and hit the anaconda with a palm.

Zhu Xiansheng clearly felt that this anaconda was not in the realm of the Martial Emperor, and this kind of strength could not threaten him at all.

However, what Zhu Xiansheng didn't know was that this anaconda was deliberately led out by Tian Buyou, and he didn't expect the anaconda to hurt him, just to attract his attention.

"Hiss!"

Seeing Zhu Xiansheng's palm slap, the anaconda let out a hiss, quickly changed its strategy, the snake head avoided this palm, and then the snake tail flung over fiercely.

"Bed bugs react pretty fast." Zhu Xiansheng shouted, quickly retreated to avoid it, and prepared to have a good fight with the anaconda.

"Stinky boy, go and die."

However, without waiting for Zhu Xiansheng to stabilize his figure, Tian Buyou, who had been waiting for the opportunity, immediately shouted angrily, raised his hand and slapped Zhu Xiansheng's back.

Now this kid's attention is all on the anaconda, which is a good opportunity for a raid.

"You..."

Feeling the danger behind him, Zhu Xiansheng was furious, and turned back to look at Tian Buyou angrily: "You dog thing..." Although he was young, Zhu Xiansheng also understood at this time, just now Tian Buyou was soft, all of them were fake.

After shouting angrily, Zhu Xiansheng was about to dodge. It's just that Tian Buyou's palm is extremely fast, and he has no chance at all.

Bang!

In the next second, Zhu Xiansheng was slapped on the back by this palm, and he heard Zhu Xiansheng snort, and the young figure, like a kite with a broken line, was directly shocked out.

After flying dozens of meters away, Zhu Xiansheng fell heavily to the ground.

"Poof." The moment he landed, Zhu Xiansheng's mouthful of blood spurted out, and his immature face turned pale.

At this moment, Zhu Xiansheng glared at Tian Buyou fiercely: "You are a despicable villain. He never expected that this person in front of him would be so cunning that he would pretend to be soft..."

Ha ha.....

Tian Buyou's face was full of pride, and he laughed loudly: "Stinky boy, fighting with me is still too tender."

Zhu Xiansheng was furious: "Shameless villain, I will kill you today." When he scolded angrily, Zhu Xiansheng regretted it very much. I was really careless just now, this person is so cunning, how can he easily believe his words?

"Kill me?"

Hearing this, Tian Buyou seemed to have heard the joke, and laughed even more presumptuously: "It's really shameless, before the ugly and ugly text, Sun Dasheng was planted on my hands, you are a smelly brat, you dare to say wild words?"

"Speaking of which, Lao Tzu didn't want to kill you, but you kid chased Lao Tzu all the way, and he was so arrogant. If I don't kill you, how will Lao Tzu gain a foothold in the rivers and lakes in the future? The

last sentence fell, and Tian Buyou whistled at the anaconda.

"Phew!"

The moment the whistle sounded, the anaconda's body immediately arched, and then opened its blood basin and mouth, like lightning, and quickly rushed towards Zhu Xiansheng.

"Just! Depend on! You! Also! Think! Kill! !! Watching

the anaconda burst out, Zhu Xiansheng did not dodge at all, his heart was full of anger, his eyes became blood-red, and he coldly spit out a few words.

These words sound immature, but they feel like they came from hell.

Buzz

At the same time, the power of the Demon Venerable in Zhu Xiansheng's body was also stimulated, and a terrifying aura swept the audience, which was terrifying.

This.... What is this power?

Feeling the terrifying aura that permeated Zhu Xiansheng's body, Tian Buyou's face became solemn, and his heart became inexplicably terrified.

Marde, what is the origin of this kid?

"Hiss!"

At the same time, the anaconda also felt the danger, hissed, and wanted to turn its head and get into the pool.

It's just too late.

"All to die!"

At this moment, Zhu Xiansheng roared madly, opened his mouth and spit out a flame, and in an instant, the temperature around the entire waterhole suddenly climbed.

The anaconda wanted to dodge, but it was too late, it was directly shrouded in fire, and almost in the blink of an eye, it was burned into a piece of flying ash.

Boom!

Seeing this scene, Tian Buyou was shocked, and immediately urged the poison gong, leaving a poisonous mist in place, turned around and ran. At this time, Tian Buyou no longer dared to despise Zhu Xiansheng, and there was only one thought in his heart, that is, to run for his life.

"Even if you run to the ends of the earth, I will kill you."

Zhu Xiansheng's eyes were blood-red, and his body was filled with black qi, like a demon boy from hell, he roared angrily at that time and quickly chased after him.

Finished!

Hearing the roar behind him, Tian Buyou only felt a chill in his spine, and he didn't dare to think much at that time, urging the speed to the extreme, and running without life.

However, Zhu Xiansheng's speed was not slow, and he saw that the distance between the two sides was getting closer and closer.

Seeing that he was about to be caught up, Tian Buyou was anxious, and at this time, he saw several people coming on the mountain road ahead, and his face was suddenly happy.

Pregnant!

Tian Buyou clearly saw that several people on the mountain road were wearing uniform gray robes with a Peugeot embroidered with a Dan furnace at the neckline.

6930 Yes, these people are the disciples of the Danzong.

Discovering this, Tian Buyou quickly landed, grabbed a handful of wet mud on the ground, wiped it on his face, and then ran towards the disciples of the Danzong.

While running, Tian Buyou pretended to be very scared and shouted: "Help, that kid is crazy, killing people indiscriminately, help."

Tian Buyou was very cunning, he knew that Zhu Xiansheng had lost his mind at this time, so he wanted to transfer the contradiction to Danzong's side.

Swish!

Hearing the shout, several Dan Sect disciples immediately looked over.

This place was not far from the main altar of the Danzong, and these disciples came down the mountain to collect the herbs needed for refining pills, and happened to run into Tian Buyou and Zhu Xiansheng.

At this time, seeing Tian Buyou running over in a panic, several Danzong bottoms glanced at each other, quickly protected him behind him, and then asked.

"What's the situation?"

"Who kills indiscriminately?"

Because Tian Buyou wiped his face with wet mud just now, these Danzong bottoms couldn't tell who it was, thinking it was an ordinary passerby.

Call!

Tian Buyou took a deep breath and pointed to Zhu Xiansheng, who was chasing behind, looking very panicked: "It's this child, he is crazy, he kills people when he sees him, and several heroes save their lives." What

? Kill when you see someone?

It's too arrogant.

Hearing this, several Danzong disciples were furious, and quickly rushed forward to intercept Zhu Xiansheng.

For a while, feeling the terrifying aura that permeated Zhu Xiansheng's body, as well as the blood-red eyes, several Danzong disciples were secretly shocked.

What a strong breath...

A little doll has such terrifying power.

Shocked, several Danzong masters spoke one after another.

“Stop!”

“At a young age, you dare to kill people indiscriminately, is there still a royal law?”

“When you come to our Danzong’s place, how can you come here?”

Zhu Xiansheng’s appearance at this time, in their eyes, was the same as a madman, and at this time, they subconsciously regarded Tian Buyou as an innocent weakling.

“Get out of here!”

At this time, Zhu Xiansheng completely lost his mind, and only wanted to kill Tian Buyou as soon as possible, and shouted angrily: “Whoever stops me will die.” “

Yikes!

Seeing him so arrogant, several Danzong disciples were furious.

“Whose little doll is so arrogant?”

“Killing people indiscriminately, still so crazy?”

“Take it!”

When the words fell, several Dan Sect disciples burst out their internal forces and rushed towards Zhu Xiansheng.

“Nosy, get out of here!” Zhu Xiansheng roared angrily, waved his palms, and fought fiercely with several Danzong disciples.

Speaking of which, the situation in front of him, as long as Zhu Xiansheng explained, several Dan Sect disciples would turn to help him deal with Tian Buyou, after all, Tian Buyou had become the number one enemy of various sects in his attempt to cause trouble in the rivers and lakes.

However, Zhu Xiansheng’s personality was untamed, plus he lost his mind at this time, and he didn’t bother to explain at all.

Ha ha....

Seeing this scene, a smile appeared on Tian Buyou’s face.

Fortunately, he was resourceful and used these Danzong disciples to stop this little devil king.... You fight slowly, and Lao Tzu will not accompany you.

Thinking of this, Tian Buyou turned around and fled in the direction of the main altar of the Danzong.

Bang bang...

In the blink of an eye, several Dan Sect disciples were knocked to the ground by Zhu Xiansheng, one by one, pale and painful.

Zhu Xiansheng looked around, and when he didn't see Tian Buyou's figure, he was immediately angry.

In the next second, Zhu Xiansheng walked up to a disciple and said coldly, "What about people?" He had just set foot in the rivers and lakes, and he couldn't see that these were all disciples of the Danzong, thinking that they were with Tian Buyou.

That disciple lay on the ground, facing Zhu Xiansheng's powerful aura, his heart was very panicked, but he quickly calmed down and said coldly: "What an arrogant little doll, dare to spread wild in our Dan Sect realm. When

the words fell, the disciple took out fireworks from his body to ask for help.

Bang!

In the next second, the fireworks exploded in mid-air.

Seeing the fireworks for help, many Dan Sect disciples rushed to the scene, and even Sect Master Zheng Chunqiu was shocked and rushed over as soon as possible.

When he arrived, Zheng Chunqiu saw the scene in front of him and was immediately furious.

I saw that several disciples fell to the ground, their faces pale, and their injuries were not light, and next to them, Zhu Xiansheng was standing there, his body was filled with anger.
