

## The ultimate husband in Chinese chapter 101-105

### Chapter 101

Ziyu Company, President's Office.

After three hours of refining, the Immortal Pill was perfectly refined. Moreover, after having the experience of the last two times, Yue Feng became more and more handy in refining the Immortal Pill.

This time, I practiced five at once.

Taking out the Immortal Pill, Yue Feng's cell phone suddenly rang.

What's going on today, why do people keep calling me?

Didn't he come to me to buy the elixir again?

How many people did that boy Yang Long tell about this?

Seeing that it was another unfamiliar number, and it was still a landline, Yue Feng frowned and answered.

"Hello? Yue Feng? I'm from the emergency department of the city hospital. Your parents are in our hospital. They need an operation right now. Please come over as soon as possible." On the other side of the phone, the other party said quickly.

What?

Yue Feng was shocked, thinking he heard it wrong.

"What did you say? What happened to my parents?" Yue Feng asked loudly.

The other party was very impatient: "What are you shouting? Also, I've never seen you do this to a child. Your father was so angry that he had a heart attack, and his life and death were unknown. You brought someone here, turned around and left, and brought us here. What do you think it is? Free orphanage. Hurry up!"

After saying this, the other party hung up with a snap.

Yue Feng didn't have time to think, he quickly walked out of the office, went downstairs and drove quickly to the city hospital.

This chapter is provided by . Visit for daily update.

...

the emergency hall of the city hospital.

Mother Su Yue has woken up.

Yue Tianheng's condition was more serious and he needed surgery, but because he didn't pay, Yue Tianheng was pushed out and stopped in the aisle.

"I beg you, save him quickly." Su Yue's tears kept falling: "The money for the surgery is really not bad. Can you save people first..."

In the past three years in his hometown in the countryside, Yue Tianheng The husband and wife have no income, and the savings in their hands are not enough for the surgery fee. The doctor told her that the operation could not be performed without paying. The surrounding medical staff all looked indifferent.

"Please, save him first, and the money will be sent to you in a while." Su Yue burst into tears.

A little nurse couldn't help it, frowned and said, "Why are you doing this, old lady, I told you, we can't operate first without paying."

Looking at the old couple's dress, the little nurse was sure that this was the case. The family cannot afford the surgery.

Moreover, the little nurse has heard Su Yue's rhetoric that she first treats the disease and then pays the money.

"If you have the time, hurry up and raise money. It's useless for you to yell at us like that." Seeing Su Yue's non-stop requests, the little nurse said angrily.

"My son will be here soon, can you save people first..." Su Yue felt very sad.

"Your son?" The little nurse laughed.

Her son should also be a poor man. Looking at the clothes of the old couple, it is estimated that they were all sewn in the countryside. She was reluctant to buy clothes, and her son couldn't afford to pay!

"Xiaofeng!" At this time, Su Yue saw Yue Feng running over, her face was overjoyed, and then she said anxiously: "Quick, save your dad."

"Mom, I'm here." Yue Feng was sweating profusely and turned Turning over, he said to the little nurse in front of him, "Why don't you have an operation?"

Are you kidding me, life is at stake, and the operation will not be performed without payment? !

The little nurse glanced at him and said indifferently: "If you don't pay the money, we won't have surgery. This is the hospital's rule."

Yue Feng said coldly, "I will pay the money, and now, you will immediately send my dad there. Surgery."

"You pay?" The little nurse looked at Yue Feng and sneered: "Do you know what your father is so angry about? How serious is it? Do you know how much this operation will cost? Seventy More than ten thousand! Can you take it out? Was that your mother just now? I asked her to raise money, but she insisted on entanglement with me here, so why is there another one, is it the same?"

Only more than seven hundred thousand ?

Just because of these more than 700,000 yuan, we thought we couldn't get it out, so we just left the patient here without asking!

Yue Feng's voice was gloomy and cold!

The little nurse was startled by his appearance, but she still pouted and laughed, "Why are you staring at me? Do you still want to do something to me? I have no skills, so I won't let anyone tell me?"

"I will let you save me . People." Yue Feng said word by word, his eyes blood red!

"Why are you like this?" The little nurse glanced at it: "You can save people, you can pay first. Do you not understand people's language? Go to the window and see, everyone is lining up now. If you don't go again Waiting in line, your father is really helpless. Even if you pay now, you may not be able to save him."

"I have a special code for you to save people!" At this moment, Yue Feng shouted!

"Crack!" The

rolling internal force burst out from his dantian! Instantly swept the entire second floor! The surrounding glass was shattered abruptly!

Silence!

In such a huge hospital, a needle fell on the ground at this time, and you could hear it clearly!

Chapter 102

Everyone looks at Yue Feng, with those eyes, like looking at a devil!

“What are you doing?! Security! Call the security and blast the family of three out!” The little nurse was obviously also frightened. However, if you look closely, this Yue Feng is also wearing a street stall, is he here to scare people?

“Yeah, why are you yelling at the hospital?”

“Even if you are poor, you still point to the hospital to save you for free?”

Several doctors couldn't bear it anymore, and stepped forward and said.

As soon as the voice fell, I saw a dozen security guards coming aggressively. Although they were wearing security uniforms, they all had big arms and round waists, and they looked ferocious.

Seeing more than a dozen security guards, the nurse also snorted coldly, pointed at Yue Feng and said, “It's him who is making trouble!”

The security guards of the Third Hospital of Donghai City are all from the Black Wolf Security Group!

Who is the boss of Black Wolf Security Group? Yang Long, Yang Jing.

This pair of siblings are famous in Donghai City! Whoever is on the Tao is not afraid of this sister and brother?

Black Wolf Security Group has contracted security work in many places in Donghai City! Who dares to make trouble here?

The security captain Song Tiger came and pulled out his baton. As a result, he was going to Yue Feng's side, and Song Tiger was stunned.

“Brother Song, it's him!”

The nurse yelled, “If you don't have money to see a doctor, if you don't see a doctor, you'll make trouble!”

What?

Song Tiger thought that his eyes were dazzled.

Nima, I followed the eldest sister to the wedding a few days ago, and I saw this person!

Isn't his name Yue Feng? The second young master of the Yue family! He also rescued his eldest sister!

And I heard from the eldest sister that in Yue Feng's hand, there is also a magical medicine pill, the Immortal Pill. Can help people break through the bottleneck! He sold it to Yang Long for 2 billion!

And I heard from my eldest sister that Yang Long really made a breakthrough!

"Brother Song, quickly drive him out." The nurse said coldly.

"Shut up your special code!" Tiger Song shouted, and the little nurse was instantly stunned by this voice.

"Brother Feng." Song Tiger stepped forward and said respectfully, "Brother Feng, I'm sorry, this little nurse doesn't know you..."

Yue Feng frowned. He didn't know the Song Tiger in front of him. How do you call yourself Brother Feng?

It's no wonder he didn't know him. There were many people at the wedding banquet, and a small character like Tiger Song didn't even have the right to speak.

"Yue Feng?"

At this moment, another gentle voice sounded.

Looking back, I saw a beautiful female doctor standing there wearing a white coat, looking at herself in surprise.

Even though she was wearing a white coat, her tight figure could not be covered.

This female doctor looks familiar. It was the goddess doctor she met at Wang Yan's wedding banquet. Xue Li!

That's right, Xue Li is called the goddess doctor. But at the wedding banquet at that time, with her medical skills, she failed to rescue Yang Jing. But this Yue Feng actually rescued her!

Several days have passed, and Xue Li is still curious about this man.

At this time, Xue Li also saw that Yue Feng's father was lying there, obviously having an acute heart attack.

At this time, many people gathered around, and two of them recognized Yue Feng.

"Isn't this the son-in-law of the Liu family?"

"Then are his parents next to him?"

“Tsk tsk, my father is like this, and he can’t afford to pay for medical treatment, sigh…”

“Don’t say it, it’s pathetic for others “

Hehe, poor people must have something to hate.”

The chatter came one after another, Yue Feng’s face was ashen, he ignored these gossip and just looked at Xue Li: “Doctor Xue, how is my father? “

The patient’s condition is very unstable and needs immediate surgery.” Xue Li said to Yue Feng with a solemn expression after seeing the situation.

Yue Feng was in a hurry: “Then I will trouble Director Xue.”

Xue Li responded and instructed the nurse next to her to push the patient to the operating room.

“Director Xue, he hasn’t paid the money yet.” At this time, the little nurse couldn’t help but said, looking up and down at Yue Feng with contempt.

How could this poor and sour thing know Director Xue, and I don’t know what kind of ecstasy soup was poured into Director Xue, and he would save people without paying.

## Chapter 103

Hearing the little nurse’s words, there was a sigh of sighing from the surrounding crowd again.

“I can’t afford to pay for the doctor’s treatment, and I can’t save it.”

Xue Li listened to everyone’s discussion, gave Yue Feng a deep look, and said, “It’s okay, save the person first, I believe him.”

When Xue Li attended the wedding banquet, It is also heard that Yue Feng is the second young master, and he has given three billion to support the family!

Now that the operation fee is only 700,000 yuan, how can people not pay it?

The little nurse on the side was a little anxious. The person in front of him doesn’t look like he is rich. How did Director Xue know him? Director Xue is just too kind. If he rescues people first, and then this poor man can’t pay, then Director Xue will have to pay for the 700,000 operation fee!

However, since Director Xue insisted on the operation first, the doctors and nurses couldn’t say anything. He had to push Yue Tianheng into the operating room.

“Don’t worry, I will do my best.” Xue Li said to Yue Feng and walked in.

call!

Yue Feng breathed a sigh of relief and sat beside his mother.

“Mom, why is this happening? Didn’t you go to the family?” At this moment, Yue Feng couldn’t help asking.

Father’s health has always been very good, how could he suddenly fall ill.

Su Yue sighed and didn’t answer directly. Instead, she looked at Yue Feng and asked, “Xiao Feng, you keep telling mom what did you do on Wang Yan’s wedding day?”

Yue Feng was stunned for a moment: “I didn’t. What are you doing?”

As he spoke, Yue Feng couldn’t help but think of that gossip mirror.

Could it be that my father also fell ill because of that gossip mirror? No, the Yin Sha house is mainly aimed at women. Although my father is old, he is masculine after all. Under normal circumstances, he cannot faint because of Yin Sha.

Thinking in my heart, I heard Su Yue say in a complicated tone: “They said, you insulted Wang Yan’s new wife, my dad and I argued with them, and then your dad passed out.”

What?

You insulted Wang Yan’s wife?

Where does this start?

In an instant, Yue Feng’s head buzzed, and the whole person was stunned.

“Mom, they must have misunderstood. After attending the wedding banquet that day, I left before it got dark.”

Su Yue looked relieved: “Your dad and I must believe in you, but they insisted that you did it, even Wang Yan said so.”

Yue Feng clenched his fists and was about to speak when he saw a middle-aged man approaching.

“Why are so many people surrounded? What’s going on?”

It was the hospital director Shi De.

The medical staff next to him hurried up to meet him and whispered a few words.

“What? Xue Li went to the operation without paying the money? Isn’t this nonsense?” Shi De frowned and scolded: “Go, go and call Xue Li out for me, knowing that the hospital has regulations, but still committing a crime Who gave her the courage to make such a mistake.” The

medical staff looked at the time and hesitated for a while: “President, Director Xue must have started the operation at this time, so I rush in, I’m afraid...” Before

he finished speaking , the dean glared: “What’s wrong with the operation? You have to stop it immediately! After the operation, will you spend the 700,000 yuan?”

“I’ll check it out today, who dares to go in.”

At this moment, Yue Feng stood up with a cold face.

“Who are you?” Shi De looked unhappy.

“It’s my father who is being treated inside!”

Shi De looked at Yue Feng up and down, then looked at Su Yue, who was dressed simply, and sneered, “You are relatives of Xue Li, do you want to go through the back door? Do you want surgery? Don’t even think about it.”

“Are you worthy of your white coat?” Yue Feng took a step forward, his eyes burning like a torch!

“The operation fee of 700,000 yuan, is that right?”

“Crack!”

A bank card was thrown from Yue Feng’s hand and fell on Shi De’s body.

Yep?

This.. Amethyst Bank, black, black card? !

Shi De felt his hair stand up! The little nurses and doctors around were dazed. They don’t know the black card, but how could Shi De not know? !

But....a person like him would also have a black card?

“Take a fake Amethyst Bank black card, who are you trying to fool?” After being stunned, Shi De sneered.

Afterwards, he said to the medical staff next to him: "Take it to check and see if you can swipe the money." After the

medical staff took the card and left, Shi De called two more hospital security guards: "Let me see it. Now, don't let him run away."

At this moment, Shi De decided that Yue Feng was bluffing himself.

He has already thought about it.

Once it is determined that the black card of Bauhinia Bank is fake, call the police immediately.

Soon, the medical staff came back with a bank card.

"Hello sir, this is your bank card and receipt." The medical staff walked up to Yue Feng, uncharacteristically and extremely polite!

Chapter 104

What?

Isn't this kid's Amethyst Bank black card fake? It turned out to be 700,000?

For a time, Shi De's expression froze on his face, looking at Yue Feng's eyes, full of shock! Really.. Really black card? !

Nima! After struggling all my life, I barely opened a gold card in Amethyst Bank!

It can be said responsibly that there are no more than three black cards in the entire Donghai City!

"That, sir, it's really a misunderstanding, I'm really sorry just now." Shi De was trembling as he spoke.

Whoa!

At the same time, the people around who were watching the joke also opened their mouths wide.

Seven hundred thousand.

This kid really took it out.

Aren't you a son-in-law, rubbish? How can there be so much money?

A few nurses were already stupid, standing there, not daring to take a breath.

“No need to apologize, I just want my father to be safe.” Yue Feng said coldly.

“Yes, sir, don’t worry, I will definitely arrange the best ward for Ling Zun.” Shi De’s head was like garlic.

An hour later, Yue Tianheng was pushed out of the operating room.

“Director Xue, how is my father?” Yue Feng ran over anxiously.

“I’m lucky this time, your father was in danger.” Xue Li said, “The old man is angry. What makes the old man so angry?” Xue Li asked.

Yue Feng breathed a sigh of relief and did not answer. After a few simple chats, I accompanied my father to the ward.

In the ward, Su Yue poured a glass of water and said, “Son, Director Xue is beautiful and she is so nice, what is your relationship with her?”

“Mom, this Director Xue and I are friends, nothing special. Relationship, don’t think too much about it.” Seeing his mother’s gossip, Yue Feng responded dumbfounded.

It was already midnight, and drowsiness struck.

When Yue Feng opened his eyes, it was already bright outside.

Father was still sleeping, but his face was flushed and he looked much better than yesterday.

“Xiaofeng, you really should thank Director Xue, if she hadn’t treated her in time, I’m afraid your dad...” Su Yue said seriously after breakfast.

Yue Feng nodded.

Mother was right, she should thank Xue Li. Thinking about it in my heart, I walked towards the direction of the office.

director’s office.

“President, do you have something to do with me?” Xue Li said calmly.

In front of her, Shi De sat on the sofa with a smile, looking up and down at Xue Li.

I have to say that although Xue Li is almost thirty, she is well maintained. Even in a doctor’s coat, she cannot hide her sexy figure.

Such a beauty, that man will be moved when he sees it.

Shide is the same.

“Xue Li, what happened last night? Why did you start the operation without paying the patient? Do you know me?” At this moment, Shi De asked as if he were a leader.

Xue Li did not hide it, nodded and said, “I know, the patient’s son is the second young master of the Yue family.”

What?

This night, Shi De had been pondering the identity of Yue Feng, and now he was stunned when he heard Xue Li’s words.

The Yue family is a reputable family in Donghai City, but fortunately, he admitted his mistake in time yesterday!

“As far as I know, he is still the son-in-law of the Liu family.” Xue Li thought for a while and said.

The son-in-law of the Liu family?

Shi De almost didn’t laugh. It turned out that the kid was the rumored son-in-law of the Liu family.

It all went smoothly.

According to the rumors, this kid is useless and eats soft rice... I’m afraid, the black Amethyst bank card in his hand belongs to the Liu family, right? It is estimated that 700,000 has been debited from the bank card, and this kid will be kneeling on the washboard when he goes back.

And last night, none of the Yue family showed up. It seems that he doesn’t want to be associated with such a person.

I was still a little jealous at first, but now it seems that my worry is superfluous.

While thinking about it, Shi De looked at Xue Li, and a sinister smile appeared on the corner of his mouth.

So beautiful. Blue jeans, white shirt. Shi De had coveted Xue Li for a long time, but he never had the chance.

“Xue Li.” After clearing his throat, Shi De’s expression became serious: “Even if you know that Yue Feng, you can’t violate the hospital’s regulations. You are called the

genius doctor of Donghai City, but I have always been optimistic about you. Yes, you do this, it makes me very embarrassed...”

Xue Li’s face changed slightly, and she seemed a little panicked: “President, I was in a hurry to save people at the time, and didn’t Yue Feng also pay later? Shi De

stood up, walked slowly towards Xue Li, and shook his head with a smile: “Anyway, if you advance the operation before the patient pays, you are violating the regulations. This is a fact.”

Xue Li trembled: “President, then look at the punishment.”

## Chapter 105

Shi De smiled, and his face became even stronger: “Look at you, why am I willing to punish you, Xue Li, in fact, I have liked you for a long time, as long as you are willing to follow me, I promise not to treat you badly, Deputy The seat of the dean is still vacant, and there are a lot of people competing...”

As he spoke, Shi De suddenly grabbed Xue Li’s hand and hugged him.

“Dean, don’t do this!” Xue Li whispered, trying to struggle, but Shi De’s wrist was tightly grasped, and she was completely helpless.

At this moment, Shi De also showed his true colors, with a wicked smile on his face, ignoring Xue Li’s cry, and directly pressed her onto the sofa.

Boom!

At this moment, the door of the office was kicked open, and Yue Feng walked in with a smile.

I went to Xue Li’s office just now and learned that Xue Li was called by the dean for questioning.

As a result, when he reached the door, he heard Xue Li’s exclamation from inside.

“It’s you?” When Yue Feng suddenly appeared, Shi De was startled

, and then scolded angrily, “Who let you in? Get out.”

Be polite. Knowing now that he was just a door-to-door son-in-law of the Liu family, how could Shi De show mercy to him?

“President Shi is very interested.” Yue Feng said with a smile.

At this time, Xue Li took the opportunity to get up from the sofa and tidy up her messy clothes in shame and anger. At the same time, she was also a little surprised.

why did he come here?

But no matter what, he did himself a favor in time.

Thinking to herself, Xue Li cast a grateful look at Yue Feng, her face was blushing, very charming.

“Who allowed you to come in directly?” Shi De sneered: “Yue Feng, hurry up and get out of here. Aren’t you the son-in-law of the Liu family who eats soft rice? I tell you, if you annoy me, just put Your father was kicked out of the ward.”

Yue Feng walked over with a smile, grabbed Shi De by the collar, and lifted him up.

“What are you doing? Let me go.” Seemingly not expecting Yue Feng to be so angry, Shi De suddenly panicked and shouted.

Xue Li next to him was also taken aback, and quickly said: “Yue Feng, don’t be impulsive.”

Yue Feng glanced at Xue Li and said lightly, “What? Are you still interceding for him? This kind of person is simply Scum, scum.”

Xue Li blushed, bit her lip and stopped talking.

“Your special code, I warn you, if you dare to touch me, I will let you sit through the jail.” Shi De tried his best to endure the panic in his heart and shouted at Yue Feng.

A door-to-door son-in-law that everyone looks down on, dares to do it to himself, and there are hundreds of ways to kill him in minutes.

Snapped!

The next second, Yue Feng slapped his face and slapped it hard.

Immediately, five fingerprints appeared on Shi De’s face.

“You... you dare to hit me?” Shi De was extremely frightened.

Xue Li bit her lip tightly, listening to others say that Yue Feng is weak and incompetent. But now, when I look at him, he is very manly.

At this time, the movement of the office has attracted many people to watch outside.

“What’s the situation? What are you doing around here?” Afterwards, the security captain Song Tiger quickly rushed over with someone.

Seeing Tiger Song coming, Shi De grinned and said to Yue Feng arrogantly, “You’re done.”

Then he yelled at Tiger Song, “Quick, grab him for me and send him to him. Go to the police station.”

To Shi De’s surprise, Tiger Song didn’t move.

“Feng... Brother Feng, what’s going on at this time?” Song Tiger looked at Yue Feng with a complicated expression and asked carefully.

Yue Feng said lightly: “It’s none of your business.”

Song Tiger quickly responded and retreated to the door.

Shi De roared out: “Song Tiger, are you blind? You didn’t see me being beaten. Do you still want to do it here?”

Song Tiger laughed. Black Wolf Security and the hospital have a cooperative relationship, so Shi De’s words can’t threaten him at all.

Just then, the phone rang. Yue Feng let go of his hand, threw Shi De on the ground, and answered the phone. The person who called was the one who asked for the elixir yesterday.

“Hey, Mr. Yue Feng, is it convenient now?” After the call was connected, the other party said very politely.
