

The ultimate husband in Chinese chapter 181-185

Chapter 181

Hearing the head teacher's words, Yue Feng laughed.

When I was in high school, I was most afraid of Tang Lan. She didn't train herself too much. I remember one exam, when I was last to the bottom, and was slapped directly by Tang Lan in the class.

"Teacher, when I was in school, you were strict enough with me." Yue Feng couldn't help saying.

Tang Lan shook his head: "At the class reunion a few days ago, look at our classmates, almost all of them are outstanding. Li Qin is now a big star, and Zhao Shanhe is the manager of the Estee Group. Look at you again, you don't envy others. At this time, the man beside Tang Lan also burst out laughing: "You are Yue Feng ?

Haha, I haven't seen each other in a few years, so it's such a mess?"

In fact, when the man just got out of the car, Yue Feng looked at him familiar. I just remembered now that this man's name was Li Jian, and he was his physical education teacher when he was in school. He has been pursuing Tang Lan.

When Yue Feng was in high school, he did a lot of tricking Li Jian. However, Li Jian dared not to speak out, because Yue Feng was the second young master of the Yue family at that time, and he was not something that a physical education teacher could provoke.

However, in the past two years, Li Jian has resigned from the teaching position and started to do business. Now he has also started a small company. He can be regarded as a successful person. Feng shui turns around, and now the second young master of the Yue family is so abysmal, riding a broken electric bike, Li Jian couldn't tell how happy he was.

"Yue Feng, what do you say? As your former teacher, I won't embarrass you. Lose money." Li Jian said with a sneer, his tone very impatient.

This car is newly bought by myself, this is the second time on the road! Originally wanted to send the goddess to Ziyu Company, but ended up bumping into Yue Feng. Today, he must lose money and admit his mistake!

At this moment, Tang Lan looked at Xue Li: "Yue Feng, is this your wife?" The

woman is good-looking and has a great temperament. However, I heard from my classmates that Yue Feng, as a door-to-door son-in-law, never touched her.

Xue Li blushed and said softly, "Well, you misunderstood, I... I'm not his wife."

Alas...

she didn't want to admit that she was his wife. This Yue Feng mix is really miserable.

"Yue Feng, when I was in school, I always taught you, go to school well, don't be a fool all the time, what do you look like now?" Tang Lan said with hatred.

Although he has never liked Yue Feng, he is his own student after all.

Yue Feng smiled lightly: "Mr. Tang, why are you still the same as when you were in school, you always tell me the truth."

"Don't be hilarious." Tang Lan said coldly: "Although you have graduated, I am still you. Your teacher is still your elder. Let me tell you, people need to know shame, do you think you are happy now? Do you feel comfortable watching other classmates stand out?"

Yue Feng spread his hands: "Teacher, tell the truth. , I do regret that I didn't study hard at the beginning. But I'm doing well now, and it's not bad."

If I had studied hard at the beginning, when I was kicked out of the family, at least I could go to work in another company, and I didn't need to be a son-in-law.

The three years that my son-in-law came to my house was really sad. But those experiences are over.

A few days ago in the hospital, Liu Xuan and Shen Man had a big fight, and she was already disappointed with the Liu family. I will never go back in my life.

Yue Feng felt that he was living a very happy life now.

"You..."

Tang Lan frowned: "You don't want to make progress!"

Having said that, Tang Lan stopped talking nonsense, and pointed to the car next to him: "Forget it, I won't talk about you anymore, you take you If Mr. Li's car is damaged, don't call the police, just help him fix it."

"Today, because of Teacher Tang's face, I won't care about you." At this time, Li Jian quickly answered with a proud face: "Wait for you to give me 10,000 yuan, and I will repair it myself. "

Five thousand? Does the lion speak up?

My own electric car was really hit very badly. But Li Jian's car only had a piece of paint scraped off. His car is a Buick GL8, and the full price is less than 300,000. 10,000 yuan to scrape off a piece of paint?

Nima, are you crazy about money?

Besides, it is his responsibility to park his electric car in the parking space!

Li Jian said again: "This parking space is not allowed to park electric cars, you know? I can understand that you don't have a car, so you park your electric car in the parking space to balance your heart. But this is an immoral behavior, Do you understand?"

Yue Fengqi smiled: "Mr. Li, I just want to know, who stipulated that electric vehicles cannot be parked in the parking space? Besides, you hit me, I haven't asked you to lose money, but you Speaking of me? Besides, this is not a parking space on the road, but the parking lot of Ziyu Company, I am not violating traffic rules."

Hey?

Li Jian's face turned dark all of a sudden, and he said angrily, "Yue Feng, I'm looking at the feelings of the teachers and students in the past. I don't care about you too much. Don't be ashamed of your face." Is there something wrong with

this kid? ? If you don't scold him, he is really dishonest.

Chapter 182

Yue Feng's face is indifferent: "I don't know who is shameless."

"Are you tired and crooked?" Li Jian shouted, raised his fist and smashed it directly!

He used to be a physical education teacher, and he was tall and big. Isn't it easy and fun to beat this kid?

However, at a critical moment, Tang Lan stopped him: "Li Jian, don't be impulsive."

Tang Lan was also very angry when he said so.

He had spoken for Yue Feng himself, but he did not give himself any face at all. It's just as rude as when I was in school.

After thinking about it, I felt that something was wrong. Yue Feng parked the electric car here. Could it be...

“Yue Feng, why are you here? You work in Ziyu Company?” Tang Lan asked.

To be honest, Ziyu Company is a high-end place, and people who come and go here are either rich or expensive.

Looking at Yue Feng’s outfit, he should be a low-level employee.

“Yue Feng, you don’t want to leave if you don’t come up with 10,000 yuan today.” Li Jian yelled angrily.

This Yue Feng, who insists on toasting and not eating and drinking, is really bad.

Yue Feng smiled lightly and ignored it.

At this moment, Tang Lan’s cell phone rang.

Teacher Tang was wearing jeans, with a mobile phone in his pocket, which was bulging. After taking it out, the body is more compact and attractive.

He picked up the phone and saw that it was a voice call from Han Yue. But the action was a little slower, and the voice call had been hung up.

She and Han Yue added WeChat friends and agreed to come for an interview today. I bumped into a car just now and almost delayed the most important thing.

“Mr. Li, I’ll go up for the interview first.” Tang Lan said quickly.

This is the first time I have come to such a big company, so I must give the other party a good impression.

“Mr. Tang, hurry up, I’ll just deal with the matter here.” Li Jian said confidently.

In the past, I didn’t dare to provoke Yue Feng, because he was the second young master of the Yue family. Now this kid is so miserable, what do I have to worry about?

“Come, come, give the money quickly.” Li Jian said with his eyes crossed.

Xue Li, who had been silent all this time, couldn’t stand it any longer, and said, “Why are you unreasonable? It was you who bumped into us, so what money do you want us to accompany?”

”, The man and woman in front of him are both Yue Feng’s teachers, but can the teacher be unreasonable?

Li Jian smiled lightly: "I'm reasonable enough, beauty, I'm not talking about you, who are you not good friends with, you want to be friends with someone like Yue Feng? What's the benefit of following this waste?"

Waste?

Can waste help me get a seat as hospital director?

Xue Li was about to speak, and at this time, from the company lobby, a woman in business attire, high heels, and black-rimmed glasses walked out quickly.

"Secretary Han?!" Tang Lan hurried up to meet him. He had a video with Han Yue before, so he knew him.

Han Yue nodded, did not speak, and walked straight towards Yue Feng.

Hearing the three words of Secretary Han, Li Jian also hurried up to greet him.

"Hello Secretary Han, in a big company like us, electric vehicles are not allowed in the parking lot, right? To be fair, he parked his electric vehicle in the parking space, and I bumped into it when I reversed, should he lose money? ?" Li Jian asked loudly.

Tang Lan is about to sign a contract with Ziyu Company, and may become a big star in the future. And he came with Tang Lan.

The president's secretary, as long as there is no brain problem, should know who to speak for.

At the same time, Tang Lan also shook his head.

This Yue Feng is really speechless. It was originally a trivial matter, even if I lost some money, after all, we all know each other, and we have to make trouble like this.

Now that Secretary Han is here, I am afraid that Yue Feng will not be able to work in Ziyu Company.

Chapter 183

But no one thought that Han Yue stepped on high heels and walked directly to Yue Feng's side, bowing ninety degrees!

"President, I'm sorry, I promise that this will not happen again in the future."

At this time, her forehead was also covered with cold sweat. I'm so nervous!

As a secretary, she is in charge of all the chores of the company, including the parking lot.

The last time Li Qin came to apply for the job, there was a collision incident, and today Tang Lan came to apply for the job, and the same thing happened again.

Even if the president has a good temper, he will still be angry!

What? !

President?

Secretary Han...calling President Yue Feng?

At this moment, everyone was stunned! Several female employees who were watching the fun covered their mouths with shock on their faces!

Every time Yue Feng comes to the company, he goes directly to the president's office, and few employees really know him!

In an instant, there was a dead silence around, and everyone opened their mouths wide, their eyes full of disbelief.

The boy riding an electric bike in front of him is the president of Ziyu Company?

What are you kidding?

"Are you mistaken? He's the president of your company?" At this time, Li Jian walked over with a stunned face, completely unwilling to believe: "Secretary Han, don't tease us."

Han Yue glanced at him and said lightly: "As the president's secretary, don't I even know my own president?"

Huh..

At this moment, Tang Lan only felt her tender body tremble and bit her lip tightly. Don't all the classmates say that Yue Feng is a useless son-in-law, but...

But how did he become president?

The company he came to interview with turned out to be his..

Li Jian on the side also felt his head buzzing, but he responded very quickly and shouted: "Okay, Yue Feng, even if you are the president of Ziyu Company, You can

park the electric car in the parking space? How did you become a leader? With a leader like you, what is the development of this company?!"

He deliberately increased the volume of these words, attracting a lot of onlookers.

Han Yue walked over with a sullen face and said word by word, "I'm sorry, this gentleman. This parking space is reserved for our president. If you look carefully, there is a sign next to you. . As long as our president is willing, it doesn't matter to you to put a donkey here. If you occupy the parking space without authorization, you should be the one who loses money."

What? !

Li Jian wanted to cry without tears. He followed his gaze. Sure enough, in front of the parking space, a sign was erected: dedicated parking space, please do not park.

At this time, his face was like an unripe potato, very ugly.

"President, how to deal with this matter?" Han Yue asked in a low voice.

"Why don't you ask me?"

Han Yue understood and turned to look at Li Jian: "Sir, we don't welcome you in Ziyu Company, please leave immediately. Also, you hit our president's car..."

"Forget it, an electric car isn't worth much." Yue Feng interrupted with a wave of his hand. When the words fell, he took Xue Li's hand and turned to walk away: "Let's go, I'll show you our company."

"Yeah!" Xue Li nodded repeatedly and quickly followed. Not happy.

Until this time, Tang Lan finally reacted.

At this time, she was very regretful, and just now, she had scolded Yue Feng for not making progress with a high profile. But..

"Yue Feng..." Tang Lan said in a low voice.

I have been thinking about signing a contract with Ziyu Company for several years. Now that I am nearly 30 years old, I will regret this opportunity for the rest of my life!

After walking a few steps, Yue Feng stopped, looked back at Tang Lan, and smiled slightly: "Are you still applying? Come up too."

She was her own teacher after all, and she was not too much just now. Give her a chance.

Tang Lan was overjoyed, stepping on high heels and quickly followed. She no longer has a lofty attitude, but an indescribable restraint.

On Monday morning, on the commercial street of Donghai City, many young office workers came and went, all of them full of vitality.

At the entrance of Yunchu's company, Liu Xuan parked the car and walked towards the company on high heels.

Chapter 184 Compared with the weather, Liu Xuan's face was gloomy, and there was a trace of melancholy between her eyebrows.

It has been more than a week, and Yue Feng has not returned home, and there is no news at all.

Liu Xuan wanted to call several times, but when she thought about the scene in the ward at that time, she couldn't tell how uncomfortable she was.

As a man, how can you be so stingy?

Do you have to ask yourself to call him first?

Forget it, spend it.

Thinking to herself, Liu Xuan was even more annoying and entered the lobby on the first floor of the company.

As soon as she entered the hall, Liu Xuan felt that something was wrong.

Several employees sitting at the front desk used to get up and greeted respectfully when they saw themselves, but today, as if they didn't see themselves, they sat there chatting with each other.

Liu Xuan frowned, maybe it's just after the weekend, and she hasn't returned to work yet? A little mistake, she didn't care, and walked straight to the office.

But along the way, I saw dozens of employees, chatting in twos and threes, chatting and laughing, and some even playing games with mobile phones.

It's time for work! What made her even more unhappy was that these people turned a blind eye when they saw themselves, as if they regarded themselves as air. I am so lazy at work, I don't know how to say hello when I meet the chairman, what does it look like?

"You guys, put away your phones, who told you to play with them in the company?" Liu Xuan walked over on her high heels and said coldly.

Several employees did not panic in the slightest, they looked at each other with a calm expression, and the mobile game was still going on.

Liu Xuan was completely ignored.

At the same time, the chatting employees around were also snickering.

Is this going crazy? Are employees not afraid of their bosses?

“You guys, pack up for me and leave immediately. Yunchu Company doesn’t need employees like you.” Liu Xuan was so angry that her delicate body was trembling faintly.

At this moment, Assistant Liu Xuan walked over quickly, looking anxious and complicated, and whispered, “Mr. Liu, something happened...they won’t listen to you...”
What

happened?

Liu Xuan said coldly, “What’s wrong? If something happens, you can’t ignore the leader’s words! Do you guys hear? Hurry up and pack up, you guys will be fired.”

“I made them do this!” At this moment, an old voice came from the door. Accompanied by Liu Zhiyuan and others, the grandmother walked slowly.

Why is grandma here?

In my impression, the old grandmother stayed at home. Why did she come here today?

The old grandmother sat in the chair: “Liu Xuan, don’t make trouble. These employees, I let them rest. After the decision of our board of directors, you are no longer the chairman.

”, is no longer as amiable as before.

These words are like a bolt from the blue!

Liu Xuan’s body trembled faintly, bit her lip, and said, “Grandma, why?”

“Why? Why do you want to ask?” Liu Zhiyuan walked out and sneered, “You’ve been the president for so many days, but haven’t you done enough? The power of the Liu family is in your hands, and you’re also enjoying it, enough is enough!”

These days, Liu Zhiyuan was blowing in her grandmother’s ear every day, saying bad things about Liu Xuan. The grandson that the grandmother hurts the most is him. Over time, she also hates Liu Xuan in her heart.

“Grandma.” Liu Xuan suppressed her anger and took a deep breath: “A few days ago, you said you wanted my shares, and I’ll give you 21 percent, clearly written in black and white. After giving you the shares, I still have 30% of the shares, and I’m more or less a shareholder. If you fire me, then fire me? You don’t have the right.”

Although he only has 30% of the shares left, he is still in the Liu family. , is definitely a major shareholder. Now only the grandmother’s shares, more than their own! What right do they have to fire themselves?

“Look at the contract yourself!” Liu Zhiyuan took out a stack of documents from his pocket and slammed it on the table: “The contract is clearly written, do you think we have the right to fire you?”

It was just a few days ago . self-signed contract. It clearly says, voluntarily give up all equity!

A few days ago, my grandmother said that she wanted some shares, and she signed the contract without thinking about it. Unexpectedly, grandma actually played tricks on the contract!

“Pack up, get out!” Liu Zhiyuan said coldly.

At this time, Liu Xuan’s face was ugly. Her mood is desperate, with disappointment!

For how many years, I have been in the Liu family, I have no credit or hard work, what did I do wrong? Why should you be kicked out? !

“Grandma...” Liu Xuan couldn’t help but speak.

“Xuan’er.” The grandmother leaned on crutches and stood up tremblingly: “Zhiyuan is right, these days when you are the president, the family members are not satisfied. Even though you have done a good job, the company’s management is in good order. , but, you are a girl after all, you are not suitable to be the president. Now, you no longer have any shares in the Liu family. Go, don’t go back to the Liu family again. “

Chapter 185

That’s it, kick me out of the Liu family...

Chilling!

At this moment, Liu Xuan knew what a cold heart was.

The grandmother’s words pierced deeply into her chest.

Tears swirled in her eyes, Liu Xuan only felt powerless, picked up her bag and walked out of the company quickly, tears streaming down her cheeks.

The next afternoon, Liu Xuan sat on the sofa, her eyes red from crying.

“What can I do, how will I live in the future?” Shen Man, who was sitting beside him, said with a sigh.

“Mom, don’t worry, I’ll find a way to make money.” Liu Xuan said softly. “To make money, find a way to make money?” Shen Man was anxious: “Do you have any specialties? It’s easier to make money now. The salary is three

or four thousand a month, enough for what!”

What..

At the beginning, Yue Feng told himself that he must not give the old grandmother shares. He didn’t listen, and now it’s too late to regret it..

Ding ding...

That is, at this time, the phone rang all of a sudden.

It is the headline news of the push: the post-90s beauty, the monthly income of live broadcast is 5 million.

–Ziyu

Company, in the president’s office.

call!

Yue Feng let out a long sigh of relief and put down the “Wu Ji Dan Shu” in his hand, his expression was indescribably excited and excited.

When I went out on an outing a few days ago, I got more than a dozen Arhat blood fruits. I took a look at the [Wuji Pill Technique] just now and found that this Arhat blood fruit can be used to refine two medicinal pills. Confused, which of the two medicinal herbs is refined?

One is called Xuanling Pill, and the other is called Ecstasy Pill.

Profound Spirit Pill, can enhance the strength of practitioners.

Obedient pill, this pill is a bit interesting. After giving someone else the Obedience Pill, that person will be 100% obedient to himself and obey all requirements within two hours!

Haha...

This obedient Dan is a good thing.

At this time, Yue Feng was very excited, but after thinking about it, the ecstasy pill could only be controlled for two hours, and after two hours of refreshment, the pill was gone. Forget it, let's honestly refine the Profound Spirit Pill.

The most important thing now is to hurry up and improve your strength.

Thinking of this, Yue Feng hurriedly prepared the materials and started refining the Profound Spirit Pill.

Two days ago, the head teacher Tang Lan came for an interview and had already signed a contract with her. As it happens, in recent days, Ziyu Company has invested in another program called "101 Actresses". This show is on fire.

"101 Actress" is a new large-scale star talent show launched by Ziyu Company after the "Super Star" column.

The lineup of judges is very strong! The contestants come from all over the country, all of them are girls with good singing and dancing skills and beautiful images.

The rules of the show are very simple. From the participating girls, select the best one hundred and one, and then do the final PK in the show. In the end, nine people were selected to debut as a group.

As soon as the "101 Actress" program was broadcast, it immediately became popular all over the country.

In the past two days, the streets and alleys of Donghai City, whether it is women, old or young, or young people, are talking about this show.

There are so many beauties, the games are very interesting, and everyone likes to watch them.

After the first episode of the show was broadcast, Tang Lan attracted much attention. Because she is the prettiest in the show. And the smell is good. Coupled with a mature and sexy figure, she instantly became the goddess in the hearts of countless men.

Of course, all this was arranged by Yue Feng.

two hours later.

With the fluctuation of a medicinal elixir, Yue Feng couldn't wait to open the porcelain jar.

As expected by Yue Feng, more than a dozen Profound Spirit Pills lay there quietly.

? Wuji Danshu said very clearly that Xuanling Dan should not be eaten too much at one time, and only two can be taken every two weeks.

Yue Feng didn't have time to think about it, he directly swallowed five pills, and then put away the remaining Xuanling Pill.

hum.

The moment he swallowed it, Yue Feng only felt a heat flow that quickly gathered in his body, and then spread out towards his limbs.

A wave of indescribable pain came at the same time, attacking his sensory nerves. Yue Feng was sweating profusely in an instant, but he gritted his teeth and held it back.

I don't know how long this feeling lasted. When Yue Feng recovered, he was pleasantly surprised to find that he had reached the fourth rank of martial artist!

One more level up, and you can break through the generals.

At that time, you can take the elixir yourself to break through the bottleneck.

At this moment, Sun Dasheng called and asked him to go out to play. Yue Feng changed his clothes and walked out of the office.

As a result, as soon as he went out, he saw a male employee who was holding a mobile phone and laughing.

Nima, everyone else is working hard, but this kid is playing with his cell phone.

Since [101 Actress] is now on the air, the staff has a lot of tasks, so they can endure it when they occasionally play with their mobile phones. But this kid, the voice is too loud, haha making pig laughter.
