

The ultimate husband in Chinese chapter 351-355

Chapter 351 Early the

next morning.

Yue Feng was lying in the fragrant quilt, holding Qin Rongyin in his arms. Any man who saw this scene would be envious.

Yesterday, the leader's wife was so drunk that she hugged Yue Feng and wouldn't let him leave. Yue Feng had no choice but to stay.

But to be honest, he and the sect master's wife didn't do anything beyond the rules last night. Because the sect master's wife was drunk and unconscious last night, Yue Feng was also a little tired, so she just slept with her all night.

Jingle Bell!

At this moment, Yue Feng was sleeping soundly when suddenly, a rush of phone rings rang.

Nima, who called himself so early?

Yue Feng opened his eyes in a daze, took a look at his mobile phone, and immediately frowned.

Holy crap, the last number is 6 and 6.

This phone number is not simple. After whispering, Yue Feng put the phone to his ear.

The moment it was connected, a familiar voice came from the opposite side: "Xiaofeng? Where are you?"

Uncle, the head of the Yue family, Yue Tianlong!

Yue Feng's face changed, and all of a sudden there was no sleepiness.

The last time my father was arrested by the Yue family, he was directly beaten with a cannon. That bloody scene, I will never forget it!

He has nothing to do with the Yue family now, but now, Yue Tianlong suddenly called himself. What do you want to do?

Yue Feng clenched his fists tightly, and the images echoed in his mind were all of his father being tortured!

At this moment, Qin Rongyin, who was beside him, also let out a light breath. Apparently, she was also woken up by the phone.

She hugged Yue Feng and buried her face in his chest: "Who is it that called you so early?" She

drank a lot last night, but her mind was still a little clear, so she asked Yue Feng to stay. , you know it.

Now that he was sober, Qin Rongyin's heart was indescribably shy and complicated.

What happened to yourself last night? He had to let Yue Feng sleep with him.

You are the sect master's wife!

Do you....do you really love him?

At this time, Yue Tianlong on the other side of the phone kept urging. Yue Feng looked at Qin Rongyin with a smile: "Madam, I'm going out to answer a call."

Qin Rongyin hummed softly.

Yue Feng leaned up slowly, kissed Qin Rongyin's beautiful face lightly, and then got out of bed with a smile.

"You..."

Feeling the remaining temperature on Qin Rongyin's face, a blushing blush appeared on Qin Rongyin's face again.

Last night, I was hugged by him and slept all night. It's so embarrassing. After being with the leader for several years, the leader has never embraced him like this.

But... the feeling of being hugged by someone is so warm.

As the wife of the leader of the Tongtian Sect, she is aloof. Over the years, she has obtained a lot of treasures from heaven and earth, and a lot of panacea. But she never felt that way. Snuggling up in Yue Feng's arms, this feeling is really comfortable.

Yue Feng put on his clothes, took out a cigarette from his pocket, lit it, took a deep breath, and walked outside.

Now he rarely smokes, but at this time the sun has just risen, and the scenery on the island is particularly beautiful. In addition, the air is clear in the morning, and I don't light a cigarette, I'm sorry for this beautiful scenery.

Sitting on a slate, Yue Feng picked up the phone and asked indifferently, "What's the matter with me?"

Anyway, he was no longer from the Yue family, so there was no need to be more polite.

On the other side of the phone, Yue Tianlong's tone was low and somewhat sentimental: "Xiaofeng, something happened to your grandfather."

Hearing this, Yue Feng was shocked.

To be honest, he didn't have a good impression of the Yue family. But when he heard that the old man had an accident, Yue Feng still felt uncomfortable.

"What happened?" Yue Feng asked.

Ugh.

Yue Tianlong sighed, his tone a little anxious: "It's a big thing, it's easy to lose your life! Xiaofeng, you may never see your grandfather again in your life. If you still have any conscience, just Come to the city's first hospital. After all, that's your grandfather."

....

Donghai city's first hospital.

Chapter 352 There

are more people in the hospital today than every day.

In particular, the second floor of the inpatient department was full of people, and the entire floor was full of people. These people, in addition to the children of the Yue family, also the children of the major families in Donghai City.

Just yesterday, the news that Mr. Yue was seriously ill spread all over Donghai City.

This is absolutely breaking news!

You must know that the old man of the Yue family is one of the most important people in Donghai City!

As soon as the news came out, early this morning, various families sent people to come to condolences.

Yes, the old man is sick. Suffering from acute leukemia.

People from all major families came to visit, they were very sorry, and at the same time they were very puzzled.

You must know that the old man of the Yue family is not only a cultivator, but also of extraordinary strength! I heard that it has reached the Marquis level!

With such a strong strength, how can you get leukemia?

As we all know, the physique of cultivators is much stronger than that of ordinary people, because various functions of the body have undergone an essential transformation after cultivation.

A common cold and fever may be unavoidable, but it will never suffer from any major disease. Just like the level of the old man, reaching the realm of Marquis is already reborn, and it is impossible to suffer from diseases!

Unexpectedly, Mr. Yue suffered from this kind of disease. Simply incredible.

At this moment, in the senior ward.

Mr. Yue was lying quietly on the hospital bed with a hanging bottle on his arm. It could be seen that he had lost a lot of weight compared to the previous period, his complexion was pale, and he was very weak.

Around the hospital bed, eldest brother Yue Chen, sister-in-law Chen Yun, Wang Yan and Zhang Jiajia were waiting by the side.

The four people's faces couldn't express the worry. There was a depressing atmosphere in the entire ward.

At this time, the old man Yue had indescribable remorse in his heart. Indeed, logically speaking, it is impossible for a cultivator to get this disease.

Before, Mr. Yue, who had been in seclusion for five years, had been comprehending and cultivating the "Yi Jin Jing".

?Yi Jin Jing is a martial art jointly founded by the Shaolin School and the predecessors of the Wudang School.

Later, after leaving the customs, he led the Yue family and joined the Hall of Longevity.

Two days ago, Mr. Yue got another secret book from the Hall of Longevity: Youhuazhang.

This Nether Flower Palm skill is notoriously vicious. After Father Yue got it, he couldn't wait to cultivate. Who knows, I made a fatal mistake.

?Yi Jin Jing is the secret book of the ultimate yang practice, while the Youhuazhang is the path of yin and evil.

One yang and one yin restrain each other.

At first, Mr. Yue didn't realize the danger. When the two forces began to devour each other in his body, it was too late! Two days ago, Mr. Yue was cultivating in the secret room. Suddenly, the two forces in his body could not be controlled, and he almost went crazy!

The old man has practiced all his life, and he knows the danger of going crazy. In the end, with all his strength, he was able to save his life.

However, it is a pity that his cultivation base disappeared in an instant. Instantly became a normal person.

Suddenly from a cultivator to an ordinary person, the disease also came to him, suffering from acute leukemia.

Thinking back on this at this time, Mr. Yue was disheartened, staring at the ceiling with blank eyes, not wanting to say a word.

Seeing him like this, Yue Chen, who was standing by the side, did not dare to speak loudly. Each with a sullen face, the ward was silent.

Grandpa is arrogant.

Suffering such a blow, I'm afraid he can't think about it for a while.

At this moment, the door of the ward was pushed open, and Yue Tianlong walked in.

When he got to the bed, Yue Tianlong cautiously said to the old man, "Dad, I called Yue Feng just now, and he said he will be here soon." The

voice fell, and the old man Yue frowned and said nothing.

Although Yue Feng has done such beastly things, it really warms his heart that he can come to visit him.

On the other hand, Chen Yun looked unhappy and couldn't help but said, "Dad, why are you calling this waste? That beast is no longer from our Yue family. Besides, Grandpa doesn't want to see him either."

Yue Chen followed suit and said, "Yeah, Grandpa can't stand the excitement in this situation now. He must be angry when he sees that waste!"

Wang Yan on the side heard that Yue Feng might come, and his expression changed instantly. Ugly.

His wife Zhang Jiajia's belly is getting bigger and bigger these days.

It's all Yue Feng this bastard.

Does he have the face to visit grandpa after doing such a scandalous thing?

Chapter 353 Three o'clock in the
afternoon.

The First Hospital of Donghai City.

A taxi came quickly, and just stopped at the gate, a young man got out of the car in a hurry and walked quickly into the hospital lobby.

It was Yue Feng.

After receiving Yue Tianlong's call, Yue Feng was very confused, he didn't know whether to come or not. After all, my father was almost executed by them last time.

But on second thought, the old man may have passed away, and he should come to see him one last time. After all, when I was young, my grandfather loved me the most. Grandpa is unkind, but he can't be unjust.

When I arrived at the inpatient department, I looked outside and in the corridor, surrounded by people who came to visit. Among them are some acquaintances. Yue Feng was not in the mood to say hello and went directly to the second floor.

But there were still a few girls who saw Yue Feng's figure. Called out instantly.

Why is this son-in-law here?

Didn't he get kicked out by the Yue family?

Listening to the discussion, Yue Feng showed no expression. He went to the second floor and walked directly to the ward.

The moment the door was opened, the expressions of everyone in the Yue family changed, and their gazes were full of hostility!

The scum of this family really dares to come!

He did something scandalous to his younger brother and sister, and was kicked out of the family, and he still appeared in such a public place, he really lost his sense of shame!

If eyes could kill, Yue Feng would already be riddled with holes!

He didn't care about the gazes around him, his expression was calm and calm, and he went straight to the old man.

"Yue Feng!"

At this moment, Chen Yun stood up and blocked his way: "You really have the face to come."

Yue Feng took a deep breath, forcibly stabilized his emotions, and said coldly, "It was the uncle who called and asked me to come."

As soon as he finished speaking, Yue Chen on the side also stood up, pointed at him and reprimanded: "Yue Feng, you are not welcome here, get out of here!"

This guy is not so thick-skinned.

The patriarch called him and he came.

What is your identity, do you have no idea?

Wang Yan, who was standing beside him, did not speak, but his face was extremely gloomy, and his eyes were filled with deep resentment.

Behind him, Zhang Jijia bit her lip tightly, her delicate body trembling faintly.

I thought this bastard had no face.

Unexpectedly, he really has such courage.

Yue Feng smiled coldly, looked around at everyone and said coldly, "I'm here to see Grandpa, not to see you guys. What are you talking about?" I

guessed the scene in front of me on the way here.

Yue Feng frowned and walked straight to the bed.

At that moment, looking at the haggard-faced Father Yue, Yue Feng felt a little sour in his heart, and said softly, "Grandpa, I'm here to see you."

Father Yue nodded silently, with a bit of relief in his eyes, and said weakly. : “Okay, okay...”

In the old man’s heart, Yue Feng could not come.

After all, he used the ‘pao branding’ family law against his father, which was the most severe family law of the Yue family!

But unexpectedly, he still came.

It can be seen that this child still has some affection in his heart.

At this moment, Chen Yun walked forward and said coldly to Yue Feng: “Have you read it? Hurry up and leave after reading it.”

This trash, once he sees him, no matter how good his mood is, it will vanish.

Yue Feng smiled coldly, looked at Chen Yun and said lightly: “Okay, I haven’t seen you for a few days, the style is getting bigger and bigger, you opened this hospital? Whoever wants to leave, whoever wants to leave?”

“You... “

Chen Yun was so angry, she pointed at Yue Feng, her face flushed, but she couldn’t refute it.

At this time, Yue Tianlong, who had been silent all the time, couldn’t stand it any longer, and sighed: “Okay, the old man is still lying on the hospital bed, don’t say a word. I called Yue Feng and asked him to see the old man. After all, the old man loved him the most when he was a child. Now the old man is critically ill, today, we don’t care about the past grievances.”

Chen Yun snorted and stopped talking.

At this moment, Xue Li, who was wearing a white coat, walked in quickly.

Yue Tianlong hurried over and asked, “President Xue, how is the old man?”

Everyone gathered around, and many young children of the Yue family rushed in. asked with concern.

The old man is the pillar of the entire Yue family!

Don’t let anything happen!

Xue Li sighed softly and said solemnly: "The old man's condition is very bad. Now that the disease has spread to the whole body, it is necessary to operate immediately and transplant the bone marrow."

Transplant the bone marrow?

Chapter 354

Everyone was stunned.

Yue Feng is also frowning, so it seems that the grandfather's situation is very bad.

At this time, Xue Li looked around and continued: "I have to explain to you first that donating bone marrow is dangerous. You may even die in a hospital bed. Although the chances are very small, this possibility cannot be ruled out. There is no danger to life. After the bone marrow is donated, the constitution will become fragile and the immunity will be lowered. The most important thing is that the speed of cultivation in the future will be much slower than that of normal people."

Wow.

The words fell, and all the Yue family's children present looked at each other, their eyes changing.

After all, who would want to donate bone marrow? Many Yue family disciples retreated a bit.

People are selfish, and no one is willing to donate.

Seeing everyone's expressions, Yue Feng secretly sneered.

Grandpa paid so much for the entire Yue family.

It can be said that without grandfather, there would be no Yue family.

But when these people heard that donating bone marrow was harmful to their own bodies, they became obedient one by one.

Such clansmen, what is the use of them?

But these have nothing to do with him, anyway, he is not a member of the Yue family now. You only need to do a filial piety and be worthy of the world.

Thinking of this, Yue Feng asked Xue Li, "How to donate bone marrow?"

Grandpa loved him very much since he was a child. You can't help yourself!

Xue Li smiled bitterly and said slowly, "Brother Feng, don't worry. It's not that you can donate your bone marrow if you want. It depends on whether your bone marrow can match."

Afterwards, Xue Li looked at the others: "Everyone from the Yue family, follow me to get tested to see whose marrow can match the old man's."

After saying this, Xue Li walked out.

It turned out that it needed to be matched...

At this moment, many of the Yue family's children present were secretly relieved, and they all had luck in their hearts.

Don't match yourself. The children of the Yue family, praying in their hearts, followed Xue Li to the testing room.

Within two hours, Xue Li came out of the office with the test results.

In an instant, everyone's eyes turned to look over. One by one is full of sweat, for fear that their bone marrow will match.

Xue Li sighed and said, "I tested 131 people just now, but only two matched."

Hearing this, everyone breathed a sigh of relief. Fortunately, only two people matched.

"Which two people?!" Yue Tianlong couldn't help asking.

Xue Li looked around and said slowly, "Yue Chen, Yue Feng."

Om!

At this moment, Yue Chen's mind was buzzing. If you donate bone marrow, how can you spend your money in the future?

And after the donation, the physique will become weak, and the affairs of men and women should also be controlled.

Isn't this taking your own life?

"The old man told you to go to the ward!"

At this time, a young man from the Yue family came over and shouted at the crowd.

Hearing this, more than 100 people returned to the ward one after another.

When the old man saw everyone coming back, he sat up weakly and asked, "Who is the match?"

"Yue Feng, Yue Chen."

Hearing these two names, the old man smiled.

Although he is in his seventies, he really hasn't lived enough and really doesn't want to die!

Fortunately, fortunately, the two grandchildren, Yue Chen and Yue Feng, matched him.

"Dang dang dang."

At this time, a little nurse knocked on the door, walked in and said, "Hello, please decide as soon as possible the patient's family. Who will donate the bone marrow, we will arrange the operation tomorrow." After the

voice fell, the little nurse left go out.

There was silence in the ward!

At this point, someone must be donating bone marrow. At this time, Yue Tianlong sighed and said, "Yue Chen, you are ready to donate bone marrow to your grandfather."

Yue Feng had already left the Yue family, and he was very tolerant when he came to visit the old man today.

As a result, at this moment, the old man coughed lightly and said, "I think... Yue Feng should donate to me..."

Swish!

At this moment, everyone's eyes turned to Yue Feng!

The old man squeezed out a smile and said: "Yue Feng, the doctor said that donating bone marrow is harmful to the body. Your elder brother Yue Chen will need to take over the family business in the future. His body cannot be harmed. Otherwise, donate to me.?"

Chapter 355

Yue Feng just wanted to laugh. You can donate bone marrow yourself. But what my grandfather said was really distressing.

Donating bone marrow is harmful to the body, so don't let my eldest brother Yue Chen donate, let me donate? Is there something wrong with my body? !

“Grandpa is wise, Yue Feng should donate!”

At this moment, no one in the crowd said aloud.

Immediately, everyone present nodded, almost in unanimous agreement.

“Yes, Yue Feng is ashamed of the Yue family for doing such a beastly thing, so he should donate it!”

“If you save the old man, you can atone for your sins!”

Hearing these words, Yue Feng sneered.

Haha, this is the so-called clan, family! Their faces have already been clearly seen.

At this moment, Chen Yun walked out from the crowd and sneered: “Yue Feng, don't feel bad in your heart. It's your honor to let you donate your bone marrow, this is a chance for you to atone for your sins. Are you happy?”

Atonement?

It's really tall.

Yue Feng took a deep breath, looked at Chen Yun and said with a sneer: “Chen Yun, you don't have to push me, I can donate bone marrow.”

After a pause, Yue Feng looked around, his eyes sharpened: “But I have to tell You guys, I donated bone marrow to do my part in filial piety. I am worthy of the world.”

“As for you, I almost killed my father last time! I have cut ties with the Yue family. Also, I have not done anything to be ashamed. Regarding the matter of the Yue family, don't tell me anything about atonement! I don't owe you the Yue family!”

Yue Feng's words spread word by word throughout the ward, loud and clear!

After a few seconds of silence, Chen Yun sneered: “Yue Feng, don't do this with us, you are not ashamed of the Yue family? What's the matter with your brother and sister's stomach?”

As she spoke, she pointed to Zhang Jiajia's belly.

Zhang Jiajia was so ashamed and angry, she lowered her head, trembling all over.

Yue Feng glanced at it and said firmly: "How many times do I have to say this? I can donate bone marrow, but this is not what I did."

Hearing this, everyone couldn't help but chuckle and looked at Yue Feng. The wind's eyes are full of contempt.

He really dared to do it!

"Okay, okay, stop arguing." At this moment, the old man coughed violently and said slowly: "Yue Feng, I am seriously ill this time. If I don't have the bone marrow, I'm afraid I won't be able to live. I know, Donating bone marrow is very harmful to people. So Yue Chen really can't donate, because he will take over the family business in the future. So Yue Feng, this time, please donate bone marrow to me."

Speaking of this, the old man paused. After a while, he spoke again: "The animal things you did in the past, after you donated the bone marrow to me, it was written off. Can you see?"

"Fuck you!"

At this moment, the door of the ward was directly blocked Kick away!

"Boom!"

This huge sound shocked everyone, and the next moment, Sun Dasheng strode in, his eyes were red!

Just now, Sun Dasheng had several brothers who were injured. Hearing the news, Sun Dasheng rushed to the hospital to visit his subordinates. By chance, when he passed by here, he heard Yue Feng and the Yue family discussing the matter of donating bone marrow.

Sun Dasheng has a fiery temper, how could he bear it when he heard the chattering siege of Yue Feng in the ward?

Great Saint?

Seeing him break in, Yue Feng was stunned for a moment, and then he said, "Da Sheng, why are you here?"

Sun Da Sheng had a gloomy face, and said nothing, grabbing Yue Feng's arm: "Come with me!"

Yue Feng couldn't help laughing and crying: "Dasheng? What's wrong with you?"

Sun Dasheng clenched his fists: "What's wrong? Fengzi, what are you talking about?! These Yue family members are just a bunch of white-eyed wolves! Did you forget, How did they treat your father last time? You even donated bone marrow to them?! You hurry up and follow me!"

Hearing this, Yue Feng felt a warm feeling in his heart: "Great Sage, I know what you mean, But... Grandpa has a kind of nurturing to me, I can't see death without saving it."

"Go to the special code to see death without saving, this stubborn old man, love to death!" Sun Dasheng shouted, "I want to have me today. Now, you can't donate! Whoever comes with a special code will not be able to make a donation!"

This huge noise instantly attracted countless onlookers.

Many doctors and nurses watched curiously. At this moment, Yue Chen stood up and shouted: " Sun

Dasheng, this is our Yue family's business, what are you doing? Yue Feng donated bone marrow, what does it have to do with you?"

They nodded.

"Yeah, Yue Feng has agreed, what are you messing with?"
