

The ultimate husband in Chinese chapter 466-470

Chapter 466

Ouyang Jingwen pouted: "Just compare, right? Then you can compare alchemy."

Anyway, this game, Yue Feng must lose. Just now, my father said that Yue Feng can also make alchemy. But this poor sour guy, his alchemy attainments, can he compare to Xiaotian? As long as Xiaotian wins, he will be able to marry him.

"Yes." Yue Feng shrugged and said indifferently.

Can?

Ren Feifei's rosy lips raised slightly upwards, smiling charmingly. Yue Feng's previous performance at the alchemy conference was truly unforgettable, and he was indeed an alchemy talent. But compared with his own apprentice, he is still a lot worse.

"If it is compared to alchemy, our new young master will definitely lose."

"It goes without saying that Bai Xiaotian is the master disciple of President Ren Feifei, and he is also well-known in the alchemy association."

"Okay, less gossip. Say, go to the alchemy room." Jingwen couldn't wait, and took the lead out of the room.

The alchemy room of the Ouyang family is the most professional in the entire Zhongzhou City. It not only has bronze alchemy furnaces, but also many rare medicinal materials.

When he arrived at the alchemy room, Yue Feng heard a cheer as soon as he stood firm.

"Brother!"

A slender figure ran over and came to Yue Feng.

It was Ouyang Meihui.

At this time, Huimei was wearing a long yellow dress, and her whole body was full of youthful beauty.

For some reason, she was very excited and grabbed Yue Feng's arm: "Brother, you can still make alchemy? It's amazing. Can I stand next to you and watch you alchemy?"

This chapter is provided by . Visit for daily update.

Although it was only the first day we met, Ouyang Meihui had an inexplicable intimacy with this brother, and was full of curiosity! He not only knows Feng Shui, but also alchemy? Is he omnipotent?

“Okay.” Yue Feng couldn’t help but patted her head. This little girl is so hilarious.

Seeing this scene, Ouyang Zhennan smiled and nodded.

The eldest daughter has always resisted Yue Feng, which made him very helpless. Fortunately, the youngest daughter and Yue Feng get along very well, which makes him very happy.

“Meihui!” Ouyang Jingwen was displeased and stomped her feet anxiously: “What are you doing, come here quickly.” I

really don’t know what’s so good about this son-in-law who came to the house. My sister is so enthusiastic about him! The more Ouyang Jingwen thought about it, the more angry she said, “Let

’s compete quickly.” As soon as she finished speaking, Ren Feifei came out, smiled and said to Ouyang Zhennan, “Patriarch Ouyang, before the game, I want to add another Can you make a bet?”

“Of course you can.” Ouyang Zhennan said without thinking.

Ren Feifei nodded, stepped on her high heels, walked straight over, and looked at Yue Feng with a half-smile: “Yue Feng, if you lose later, Jingwen will marry my disciple. Besides, you also You want to worship me as a teacher. Do you dare to gamble?” At the

last time at the alchemy conference, Yue Feng refused to be a teacher, which kept her brooding.

Today is such a good opportunity, of course not to be missed.

Of course, in her heart, before this competition started, the result was already there. Yue Feng will definitely lose.

After all, Bai Xiaotian has followed him for many years, and now his disciple’s alchemy level is already very high.

Hearing this, Yue Feng suddenly laughed and looked at Ren Feifei: “Of course, but what if I win? Do you want to worship me as a teacher?”

Wow!

A group of maids outside the door talked a lot. This young master is really blindly confident...

Ren Feifei's pretty face changed, and a bit of shame and anger rose in her heart, but she held her own identity and didn't show it on the spot, but smiled lightly, gritted her teeth and said, "Okay. Ah."

Bai Xiaotian couldn't bear it anymore, looked at Yue Feng and said coldly: "Boy, it's over in a while, don't forget to call me senior brother."

This kid should be slashed with a thousand swords for being disrespectful to his master! In his heart, Master is a goddess aloof, never allow this kid to be disrespectful!

Be sure to speak up for Master later!

Chapter 467

"Okay, then I'll talk about the rules." Ren Feifei took a few steps and sat on a chair. This sitting, the charming curve is even more attractive: "The competition time is one hour, you two, whoever refines the medicine pill is more rare, whoever wins, if the time is up, the medicine pill is not refined, it is also considered to lose. "

Speaking of this, Ren Feifei looked at the time and raised her jade hand: "Okay, the test will start now."

The moment the words fell, Bai Xiaotian reacted extremely quickly, walked to the pile of materials, and quickly grabbed two. Every material, he grasps with his hands, is extremely precise!

Then turn on the fire, put in the materials, and start refining.

Everything was smooth and orderly.

At this time, the people of the Ouyang family were basically surrounded. Seeing Bai Xiaotian's actions, everyone around him nodded in admiration.

"As expected of President Ren's apprentice, this action is too skilled."

"I don't know what kind of rare elixir he is going to refine. It's really exciting."

Listening to the remarks, Bai Xiaotian smiled, and his heart grew stronger. Confident.

On the other hand, Yue Feng stood there in a daze. Have not started picking materials yet.

Many people looked at Yue Feng and shook their heads secretly.

He lost on the starting line from the beginning. It seems that this Yue Feng is destined to lose.

Ouyang Jingwen's face was full of sarcasm, and she couldn't help laughing: "Did you see it, I said he was bragging. As soon as he played, people would be stupid. I'm afraid that so many materials have not been recognized yet."

The voice fell, and several maids sneered.

Even Mei Hui was a little anxious and couldn't help but say, "Brother Yue Feng, why haven't you started yet?"

Yue Feng smiled: "Don't panic." The

reason why he didn't start immediately was to see what kind of medicine this Bai Xiao was going to refine.

But now, Yue Feng has a bottom line in his heart. With a laugh, he began to select materials.

And, when choosing, you have to weigh it on the electronic scale next to it.

Seeing this scene, Bai Xiaotian couldn't help laughing and said, "Why? The ratio of the materials needs an electronic scale."

Professional alchemists are all hand-held, and the weight is very good.

And Yue Feng is obviously very amateur.

Yue Feng ignored him. I used to concoct alchemy myself before, and I really did it with my hands. But now the heart is broken, and there is no inner strength for cultivation. I used to be able to pick up thousands of pounds easily, but now I am afraid it would be difficult to lift a hundred pounds of rice.

So the feel is also lost. Just to be on the safe side, use an electronic scale.

Time passed by minute by minute.

Bai Xiaotian's pill furnace, the fire is getting more and more vigorous, and the whole pill furnace is extremely red.

Everyone could smell a faint scent of elixir coming from his elixir furnace. Suddenly, many people were inexplicably excited.

They knew that Bai Xiaotian's medicinal pill was about to be refined. !

Moreover, it is definitely a rare elixir!

On the other hand, on Yue Feng's side, although the fire was still burning, there was no movement at all.

hum!

It was at this time that a shock was heard, and then, a golden cloud floated from afar, slowly merging into a Dan cloud, suspended above Ouyang's mansion! The location is exactly above Bai Xiaotian's head!

Bai Xiaotian attracted Dan Yun!

"Heaven, it turned out to be a golden pill cloud!"

"What kind of rare elixir is it? The pill cloud that it triggered turned out to be golden!"

At this moment, everyone was excited! It's so strange, this Dan Yun turned out to be golden! It can be seen that Bai Xiaotian's attainments in alchemy are really too high!

Ouyang Jingwen's hands were tightly intertwined in front of her, she was indescribably excited.

As expected of a man he likes.

Chapter 468

Can trigger the golden cloud, is it that Yue Feng can compare?

"It's really a famous teacher and a master apprentice!" Someone in the crowd said something, and then everyone looked at Ren Feifei.

At this moment, she was holding a cup of tea in her hand, her red lips pursed lightly, and she was indescribably charming and charming.

She had already anticipated the performance of her apprentice.

"Wow, golden Danyun." Ouyang Meihui also exclaimed.

The next second, he tilted his head and said, "Brother Yue Feng, are we going to lose?"

Yue Feng smiled and said nothing.

However, in his heart, he was also secretly admiring. This Bai Xiaotian, who can trigger the golden pill cloud, has some strength in the alchemy technique, no wonder he is so confident.

Bang.

At this moment, there was a sudden shock from the pill furnace in front of Bai Xiaotian!

A pill flew out directly! Bai Xiaotian grabbed lightly and held the medicinal pill in his hand.

At this moment, the eyes of everyone around are staring at Bai Xiaotian, and their eyes are full of expectations!

Bai Xiaotian smiled and slowly opened his hand. At this moment, everyone was stunned!

An elixir with colorful rays of light appeared in his hand! In the sun, it is even more dazzling!

hiss!

In an instant, everyone was dumbfounded, and at the same time extremely curious!

What kind of medicine is this? How is it colorful?

Ren Feifei nodded approvingly, stood up slowly and said, "Xiaotian, tell Patriarch Ouyang what kind of medicine is this."

Bai Xiaotian smiled and said very proudly: "This medicine pill is called Wuling Pill, as the name suggests, after practitioners take it, there are five kinds of gain effects, namely 'tempering the muscles and bones', 'increasing internal strength', 'quieting the gods' The effect of 'heart', 'beauty the skin and keep the face', and 'immune to a hundred poisons'."

As soon as these words came out, the audience was in an uproar! Everyone opened their mouths.

It's amazing that it has so many effects!

Ren Feifei smiled, looked at Bai Xiaotian, and nodded involuntarily.

As expected of his most valued apprentice, he did not disappoint himself.

At this time, Bai Xiaotian walked over, came to Ouyang Jingwen, and handed the Wuling Pill over: "Jingwen, in fact, I have long wanted to make a pill for you. Today, taking this opportunity, I put this I'll give you one of the five spiritual pills."

Having said that, Bai Xiaotian smiled: "One of the effects of these five spiritual pills is to keep your face and beautify your face. I hope you will always be so beautiful."

“Thank you! Xiaotian!” Ouyang Jing Wen is full of joy, and her face is full of sweetness and happiness.

I didn't see the wrong person, the person in front of me is the one who deserves to be entrusted for life.

As for that Yue Feng, he was not worthy of carrying his own shoes.

At this moment, everyone around looked at the Five Spirit Pills, and they were all talking about it. There is no suspense in this alchemy competition.

At this time, many people's eyes have also turned to Yue Feng's side, each with complicated expressions.

Yue Feng, who was on the side, was still adjusting the heat unhurriedly. The inside of the pill furnace was quiet, and there was no aura fluctuation at all, let alone triggering the pill cloud. Seeing this scene, many people are not interested to continue watching.

Ren Feifei also shook his head secretly, with a pair of beautiful eyes showing a hint of disappointment.

Could it be that the last alchemy conference was just a coincidence?

Do you look up to him?

This Yue Feng, in the alchemy technique, is actually not that high in attainments...

“Okay, you can admit defeat.” Ren Feifei couldn't stand it anymore, walked over slowly, and looked at Yue Feng condescendingly: “This time You have already lost the competition. Although your alchemy skills are low, but you are my teacher, and I have trained you for a year and a half, and you can reach the level of Xiaotian.”

“Oh?”

Yue Feng said this . I was amused, and looked at Ren Feifei helplessly: “President Ren, do you still want to train me? I'm afraid it's not qualified, I'll train you more or less.”

Chapter 469

“Do you need a beating for your special code?!” Bai Xiaotian suddenly panicked, pointing at Yue Feng and roaring loudly.

How dare this person disrespect the master!

In his heart, the master is the fairy in the sky, how could he allow this person to speak rudely?

“Teacher, step back.” Ren Feifei waved his hand, and then looked up and down at Yue Feng: “What’s the use of being pretentious here? The Five Spirit Pills refined by my apprentice have already attracted a cloud of golden pills. Do you still plan to continue the comparison?”

“Of course, the time has not yet come.” Yue Feng said with a smile.

While talking, he looked down at the fire.

“You remember the bet just now.” Ren Feifei shook his head and said, “If you lose, you have to worship me as your teacher, like three kneels and nine kowtows.”

Chi Chi!

As soon as Ren Feifei finished speaking, suddenly, she saw Yue Feng stretch out a hand, put it on the lid of the pill stove, and lift the lid! Immediately, a scorching aura escaped, accompanied by the spiritual energy of the material!

Ah?

What is he doing?

Before the medicinal herbs are perfected, they rush to open the pill furnace.

At this moment, everyone present was stunned!

“Admit defeat?”

Ouyang Jingwen looked at Yue Feng with a half-smile, and couldn’t help but mocked.

I thought this door-to-door son-in-law was a little capable. Now it seems that he is really overestimated. With this kind of person, he still competes with Xiaotian? It simply lowered Xiaotian’s identity.

However, no one noticed that Ren Feifei on the side trembled! Looking closely at every detail of Yue Feng, I couldn’t move my eyes away!

He... is he quenching the pill furnace? !

The quenching pill furnace is the most secretive and the longest lost method in the ancient alchemy technique! This method has long been lost! Now only some records can be found in some ancient books, but the records are not comprehensive.

It is said that quenching the pill furnace is to use the spiritual energy of the spiritual grass material to completely remove the impurities in the pill furnace, so that the refined pills can guarantee 100% purity.

Of course, the medicinal pills refined in this way are extremely rare medicinal pills!

Ren Feifei had read records about the 'quenching pill furnace' in several ancient books. So seeing Yue Feng's actions, she was shocked and inconceivable!

How did he know about this long-lost alchemy secret technique? !

At this moment, I saw that Yue Feng put the materials prepared by him back into the Dan furnace, and at the same time strengthened the intensity of the furnace fire! At this time, there are still less than twenty minutes before the end of the competition!

At this time, many people couldn't help laughing and shook their heads secretly. They had never heard of the quenching and washing pill furnace, so they only felt that Yue Feng had just opened the pill furnace, and it must have failed, and now he has to refine it again.

Time is running out, and it is impossible for him to refine it successfully.

Even if a medicinal pill is made, it will not be rarer than Bai Xiaotian's!

"Dad..."

At this moment, Ouyang Jingwen couldn't bear it any longer, and said to Ouyang Zhennan, "I don't need to compare, let him give up."

Ouyang Zhennan glanced at her and said nothing.

boom!

That is, at this moment, a thunderous shock suddenly came!

"Boom! Boom! Boom!"

In an instant, the sky was originally clear, but now it was overcast! One after another lightning tore out, shocking! Looking closely, these lightnings are all black, obviously caused by alchemy!

Whoa!

Half of Zhongzhou City is already boiling at this time!

All the citizens raised their heads one after another, looking at the air in horror and terror! Those bolts of lightning are falling in the city center, Ouyang Mansion!

Chapter 470

“This...there is another peerless medicine pill, and it was born!” On the street, I don’t know who shouted, and then everyone exclaimed!

As we all know, some alchemy masters, refining medicinal pills can cause Dan cloud. But I have never seen anything that can cause thunder and lightning!

Ouyang’s mansion is silent at this time!

Jingwen’s smile was frozen on her face, her delicate body trembled faintly, she couldn’t believe her eyes at all!

This... how is this possible?

He is a door-to-door son-in-law, a waste with almost no strengths. How can he compare to Bai Xiaotian in alchemy?

Beside her, Bai Xiaotian was also stunned!

hum!

Just when everyone was shocked, the pill furnace in front of Yue Feng erupted with a strong aura vibration, and immediately, the pill furnace split in half, and a pill that circulated thunder and lightning light flew out.

Yue Feng smiled slightly and grabbed it.

At this moment, everyone’s eyes focused on the medicine pill!

This... is

silent!

I saw that the medicine pill in Yue Feng’s hand was still flashing arcs!

This... is this still an elixir? !

Can it be called a god? !

“Okay, okay, okay!” Ouyang Zhennan was excited and walked over with a big laugh: “Xiaofeng, tell me, what kind of medicine is this?”

Yue Feng smiled and said, “Father, this is It’s called Batian Dan.”

“What? Batian Pill.”

At this moment, Ren Feifei, who was on the side, trembled, and couldn't help but said, "You, you are Batian Pill?"

According to historical records, this Batian Pill, It is an extremely domineering medicinal pill. After taking it, it can instantly triple the skill for an hour!

It's just that this kind of pill was lost in the Tang Dynasty. It is said that during the Three Kingdoms period, Zhao Yunneng was in Cao Cao's army, seven in and seven out, and he took this Batian Pill! Of course, this medicine can only be taken once in a lifetime, and the second time it will have side effects. Even so, it is a peerless elixir! Eating it at a critical moment can really save your life!

At this moment, everyone in the audience was stunned!

At this moment, Yue Feng smiled and handed the medicinal pill to Ouyang Zhennan: "Foster father, this medicinal pill will be given to you."

"Okay, haha, alright!"

Ouyang Zhennan was so excited Hands are shaking!

After collecting the medicinal pills, Ouyang Zhennan looked at Ren Feifei with a smile: "President Ren, what do you think of this competition?"

This is really surprising! I thought that the dry son would lose, but he exceeded his expectations, causing thunder and sky phenomenon, which shocked the audience.

The voice fell, and everyone's eyes were focused on Ren Feifei.

Ren Feifei also recovered from the shock and smiled softly: "Although the ending is surprising, I have to say that Yue Feng, this child, does have a very high talent and realm in the art of alchemy. This competition, Yue Feng wins."

Bai Xiaotian blushed, very unwilling, but couldn't say a word.

After all, Yue Feng caused thunder and sky phenomenon, and his realm is indeed much higher than his own!

But... in this way, I can't marry Jingwen anymore, I'm really not reconciled!

"President Ren is really selfless. The marriage between Jingwen and your disciple will be abandoned and never mentioned again." Ouyang Zhennan said with a smile.

"Father!" Ouyang Jingwen was about to cry, how is this possible, how could Xiaotian lose! She still has a hard time accepting this fact!

Thinking to herself, Ouyang Jingwen stomped her feet, turned and ran away.
