

The ultimate husband in Chinese chapter 56-60

Chapter 56

That Xueyan Yun water bottle was really dug out from here.

It seems that this tomb is not simple.

But what if the cultural relics are destroyed if they are dug up by these guys? Those are the treasures left by the ancestors!

How to do?

While thinking about it, suddenly, he heard Beard shouting angrily: "Who is sneaking around there? Come out!"

Yue Feng was startled.

It's over, it's been discovered.

Immediately, Yue Feng was about to come out from behind the tree. At this moment, he saw the bearded face with a sullen face, and walked straight to another tree more than ten meters away.

"You are so courageous, you are robbing graves. You are committing a crime, so stop me." Before the

whiskers approached, he heard a coquettish shout from behind the tree.

Nima, I thought I was exposed.

Hearing the tender voice, Yue Feng secretly breathed a sigh of relief.

It was at this moment that a gentle and sexy figure came out from behind the tree.

Yue Feng was stunned for a moment.

The delicate face was covered with frost, and a pair of eyes showed fearless majesty, who is it not Zhou Qin?

This chapter is provided by . Visit for daily update.

Why is she here?

Zhou Qin frowned. Today, when he got off work from the police station, he saw a group of people sneaking up to Beishan. With his keen criminal investigation experience, Zhou

Qin had a premonition that these people were not doing good things, so he followed him up the mountain. .

Because after get off work, Zhou Qin changed into casual clothes and didn't bring anything for self-defense, so seeing that this group of people were robbing tombs, Zhou Qin did not act rashly, and just waited for an opportunity to call colleagues for support.

As a result, the news has not been sent out, but it was discovered by a gang of bearded people.

At this moment, seeing Zhou Qin's beautiful face, the beard was stunned for a while, and the eyes of others around also stared straight.

"Yo? There's a beautiful woman in this barren mountain." The bearded man came back to his senses and looked at Zhou Qin with a smile.

A few bald heads were joking.

"I'm going, it's outrageous."

"Sister Yu's aura is so beautiful."

"If you get this woman, you can live ten years less!"

Hearing the words of his accomplice, the bearded man smiled and stared at him. Zhou Qin said: "Beauty, we brothers, our work is boring, do you want to play with us."

Zhou Qin's chest trembled, scolding: "Keep your mouth clean with me, I tell you, I'm the captain of the Donghai City Criminal Investigation Team."

After saying this, Zhou Qin shouted angrily at the bald-headed gang: "Put down all the things in your hands and stand up one by one."

Hearing this, the bearded gang They were all shocked, and their faces were a little scared.

I have long heard that there is a female police officer in Donghai City, not to mention how beautiful she is, it turns out that she is!

He clenched his fists tightly, and a sneer appeared at the corner of his mouth: "It turns out to be a beautiful police officer."

While speaking, the bearded man waved his hand secretly, and a few people with bald heads quietly surrounded him.

"What are you doing?" Zhou Qin shouted sharply. A trace of

grimness appeared on the bearded face: "What do you say."

In this case, you can't give up your resistance and let it go, right?

The voice fell, and the bald ones rushed over directly.

At that moment, a cold light flashed in Zhou Qin's eyes, and without waiting for the other party to approach, his body moved.

"Ouch." I

have to say that as the captain of the criminal investigation team, Zhou Qin's skills are still very good. In less than a few seconds, she knocked down more than a dozen people.

However, he couldn't stand the crowd. Soon, Zhou Qin was attacked by the bearded man without paying attention, and tied him tightly with a rope.

"What about the captain of the criminal investigation team? Didn't I subdue me? Hehe, don't stare at me like that, we'll play with you after we finish digging up the baby!" After tying Zhou Qin, the bearded man said with a smile, a pair of His eyes kept looking up and down on Zhou Qin.

Zhou Qin stared fiercely at the beard: "Don't be complacent, none of you guys can run away!"

At this time, Zhou Qin's face was flushed with anger, and her delicate body was constantly trembling. charming.

The bearded man stared blankly, and after two seconds, he burst into laughter, with a cruel and abusive tone: "Haha, are you still playing tricks with me? Are you still thinking of arresting us? It will let you experience the joy of being a woman. , and then find a random place to bury you here and see how you grab it."

Zhou Qin was so angry that she bit her lip.

As the captain of the Donghai City Criminal Investigation Team, he speaks the truth in the team, and in front of outsiders, he is like a queen.

At this time, she was actually humiliated by the words of a tomb robber, how could she bear it?

"Tsk tsk, you guys are really bold, not to mention the tomb robbing, you're still brave."

At this moment, a slow voice came from not far away.

Zhou Qin, Beard and the others immediately looked over and saw Yue Feng standing there with a smile on his face.

“It’s you?” Zhou Qin was surprised and delighted to see that it was Yue Feng. At the same time a little worried.

This gang is similar to the desperados, and it is not good to fall into their hands.

So in the next second, Zhou Qin shouted anxiously: “Quick, run, call the police!”

However, Yue Feng didn’t move, and didn’t mean to run at all.

Beard frowned and looked at Yue Feng, and said coldly: “Who are you?” As

soon as he finished speaking, he pointed at Yue Feng with a bald face: “Damn, aren’t you the treasure appraiser of Gu Yun Pavilion?”

Jian Master?

In an instant, Zhou Qin and the others with Beard Beard were stunned.

What appraiser? Zhou Qin only knew that this man was the son-in-law of the Liu family.

“Let’s go!” Zhou Qin shouted in a hurry, looking at Yue Feng. As a result, at this time, I saw Beard take out a pill from his pocket and stuff it into Zhou Qin’s mouth at once!

“Shut up for me.” Hu said with a wicked smile, “Let’s take care of this kid first, and then take care of you.”

Zhou Qin was forced to swallow the pill, feeling a little weak in her legs: “What did you give me?”

Chapter 57

“Don’t be nervous, beauty, don’t worry, this is not poison, it’s called a cartilage pill, and eating it will only make you unable to move.” The bearded face smiled evilly.

Zhou Qin’s face froze, unable to speak.

Cartilage Dan?

What a mess.

Yue Feng also frowned secretly. At this time, he only felt that this bearded man seemed to be coming out of a mental hospital, talking madly.

“Boy, are you following me with a special code? What’s the purpose? I sold vases, and you paid for them. Why are you following me?”

At this moment, a few bald people gathered around and pointed at Yue Feng and asked fiercely.

“Only I can see that your vase is valuable, and you still don’t thank me?” Yue Feng pretended to sigh, and then walked over step by step.

At this moment, Yue Feng’s heart was also a little nervous. He had studied with the descendants of Wing Chun for a year before, but Yue Feng was not sure about dealing with so many people with beards.

Therefore, Yue Feng could only find a way to let the other party relax his vigilance.

“Thank you?” Sure enough, seeing Yue Feng say this, his bald face was confused.

At the same time, the others who were approaching Yue Feng also stopped subconsciously.

Yue Feng laughed inwardly, slowly approached, and started to make up nonsense: “The bottle you just now is a fake, if it weren’t for me, would you be able to sell it?”

Fake?

Hearing this, the bald head was startled and scratched his head.

It was at this time that Yue Feng moved.

boom!

The bald head didn’t have time to react at all, and was smashed by Yue Feng, who rushed up, and flew out.

After knocking down the bald head, Yue Feng didn’t hesitate at all, and he rushed towards the others as soon as he turned around.

“Yes, kill him for me!” The bearded man was shocked and angry, shouting frantically, but what he didn’t expect was that Yue Feng’s speed was very fast, and his shot was sharp, almost a punch, just a short time. In half a minute, more than a dozen companions have all collapsed.

“You... Who are you?” Seeing that there was only himself left, he panicked and asked Yue Feng stutteringly.

Yue Feng smiled slightly: “The treasure appraiser of Gu Yun Pavilion.” The

voice fell, and Yue Feng suddenly kicked over, shouted with a beard, and flew a few meters away like a ball. The moment he landed, he fell into a coma. past.

At this moment, Zhou Qin was stunned, staring at Yue Feng tightly without blinking.

“You...”

Zhou Qin opened his mouth and wanted to say something, but at this moment, the effect of the cartilage pill had already been exerted in the body. Zhou Qin felt that he couldn't even try to speak with a little strength. laborious.

“Can you go?” Yue Feng squatted down, untied the rope on Zhou Qin's body, and asked.

Zhou Qin shook his head, his face embarrassed.

So what kind of cartilage pill is so amazing?

Aware of Zhou Qin's state, Yue Feng frowned and murmured in his heart.

“I'll see if they have no antidote.” Yue Feng turned around and started searching.

However, after searching around, except for some personal belongings, there is no such thing as an antidote at all.

Um?

what is that?

It was at this moment that Yue Feng's eyes flashed, and he saw a dark object outside the ancient tomb dug by the beard.

Yue Feng hurriedly walked over and looked carefully at a black box.

The box is very old, but it has a simple atmosphere. There are carvings on it, but it is blurred.

Because Zhou Qin couldn't see it in the pit, Yue Feng opened it curiously.

It was at this moment that Yue Feng was stunned.

Inside the box, there were two yellowed ancient books, one with “Yin-Yang Feng Shui” written on it, and the other written with “Wu Ji Dan Shu”.

what? Judging from the title of the book, a book teaches people to look at Feng Shui, and a book teaches people to make alchemy. Didn't the ancient people like alchemy?

With a murmur in his heart, Yue Feng opened the “Yin Yang Feng Shui Art”.

As the name suggests, this book teaches people Feng Shui. Nowadays, people are superstitious and choose houses with good feng shui. Therefore, some feng shui masters earn a lot of money. This book is to teach people Feng Shui.

Opening the book, a row of small characters came into view: “Fengshui has a long history, and it also does blue sac surgery. It is divided into Yin formula and Yang formula. Yin formula: Burial, take advantage of qi.”

Yue Feng read it out in a low voice, only feeling a little esoteric, but if you understand it carefully, it's not particularly difficult to understand.

Feeling a little interesting, Yue Feng continued to read.

The first half of this “Yin-Yang Feng Shui Jue” is all about Yin Jue, and Yin Jue is about Yin House, that is, how the cemetery is laid out after the dead are buried, and the relationship between it and Feng Shui.

The second half of Chapter 58

is Yang Jue, Yang Jue is talking about Yang Zhai, that is, the house where the living live.

Regardless of the Yin house and the Yang house, there are many detailed descriptions and even detailed pictures.

“I'm going, isn't this house similar to mine?” Soon, Yue Feng was shocked when he saw a picture.

Then I looked at the detailed explanation at the back, and I saw that it was written: This layout is hindered by the lack of water gathering conditions after living.

Seeing this, Yue Feng was stunned.

It's no wonder that in the Liu family, Liu Xuan's family is under pressure everywhere, and Liu Xuan's company is always short of funds. It turns out that it is not just a problem of people, but also related to the feng shui layout of living.

Just thinking about it, Yue Feng is going to look at the solution below. At this moment, Zhou Qin's weak voice came: “Yue Feng, have you found the antidote for the cartilage pill?”

” After thinking about it, he quickly put the two books on his body, then walked out of the ancient tomb, and said to Zhou Qin, “Everyone has turned over their bodies, and there is no antidote.”

”
Yue Feng subconsciously asked, “Are you all right? Do you want to take you to the hospital?”

“No, the hospital can’t cure it. The efficacy of this cartilage pill is only twelve hours. It’s alright, but I’ll be sore and weak all the time.” Zhou Qin shook his head, and responded very tangled.

Yue Feng was stunned.

How could she be so familiar with this cartilage Dan?

However, Zhou Qin didn’t give Yue Feng a chance to think about it, and raised his hand: “Take out the mobile phone from me and call the police!”

Yue Feng hummed, and squatted down to take out the mobile phone from Zhou Qin’s body. In an instant, Yue Feng swallowed heavily.

At this time, Zhou Qin was slumped on the ground, his body was so perfect, and he was sweating because he touched a few beards just now, so when Yue Feng got close, he could smell Zhou Qin. On the body, the faint fragrance.

grunt.

Unconsciously, Yue Feng couldn’t help swallowing. Trying to calm down, she took out the phone from Zhou Qin’s pocket.

After calling the police, Yue Feng handed the phone to Zhou Qin.

Soon, after the call, Yue Feng put the phone back in Zhou Qin’s pocket, and said with a smile, “Okay, your subordinates will be here soon.”

Zhou Qin ignored this and watched closely. Yue Feng: “I haven’t asked you yet, why are you here?”

Yue Feng thought for a while, then smiled slightly: “I just accidentally saw a few people sneaking up the mountain, so I came over and took a look. I didn’t think they were. Tomb robbers.”

Seeing what Yue Feng said casually, Zhou Qin nodded silently without doubting.

Just then, the alarm bell rang from the foot of the mountain.

Yue Feng patted the soil on his body and looked at Zhou Qin: “Your colleague is here, and I have nothing to do. I’ll take a step first.” With

that, Yue Feng turned around and was about to leave.

“Hey, wait...”

Before taking two steps, Zhou Qin’s cry came from behind her, her weak tone showing a bit of anxiety.

“You know the whole thing, so you don’t need me to go back and record your confession with you.” Yue Feng looked back at Zhou Qin and said with a wry smile.

“Yue Feng!” Zhou Qin bit her lower lip tightly, as if it was hard to say it, she glanced at Yue Feng, then lowered her head: “You... can you take me down the mountain first?”

Yue Feng was stunned: ” why?”

Zhou Qin was in a hurry: “Don’t ask, just treat me as a favor.”

She is the captain of the criminal investigation team, and the people below have always respected her, but she almost fell into a group of tomb robbers just now. In his hand, his whole body is so soft and embarrassed. If he is seen by those subordinates later, where will his face be? How to lead them in the future.

Yue Feng nodded: “But, do you have the strength to go down the mountain now?”

“Or...” Zhou Qin hesitated, then whispered: “Or... you carry me down?”

After saying this , Zhou Qin’s face suddenly turned red.

“Alright then.” Yue Feng smiled and nodded. Immediately, he bent down.

The moment he lifted Zhou Qin on his back, he felt Zhou Qin’s delicate body, and Yue Feng swallowed heavily.

In this awkward atmosphere, Yue Feng carried her on her back, and a few minutes later, when he arrived at the parking place, Yue Feng drove the car and sent Zhou Qin home.

Zhou Qin’s home is in a high-end community.

The room was clean, almost spotless! There is also a faint fragrance. It’s just that in the bedroom, there are still a few pieces of Zhou Qin’s jeans and short skirts.

Carrying her onto the bed, Yue Feng was already sweating profusely. Although Zhou Qin is not heavy, but after all, the distance is long.

At this time, I heard Zhou Qin ask: “Yue Feng, honestly, you are a disciple of that sect?”

Hearing Zhou Qin's words suddenly, Yue Feng was confused on the spot.

Sect?

What sect?

Yue Feng looked back at Zhou Qin blankly: "What did you say? What sect?"

Chapter 59

"Are you pretending to be stupid?"

Zhou Qin frowned and stared at Yue Feng for a while. Instead of answering directly, he continued to ask: "Then let me ask you, what trick did you use to defeat those people just now?"

Yue Feng touched his nose: "No special tricks, I practiced Wing Chun for a period of time before."

"No!"

Zhou Qin shook his head, with a face of definite denial: "You made a move at that time, and it was wide open. , it's not Wing Chun at all."

Yue Feng was at a loss for words.

She was right, she had learned Wing Chun, but it was useless at the time. It was just a tactic for street fights at the time.

Yue Feng shook his head: "What sect did you just say, and what's going on?"

"You really don't know?"

Zhou Qin was still a little suspicious. Seeing that he didn't seem to be pretending to be confused again, Zhou Qin breathed softly and said

, "Do you really not know about the six sects?"

In between, there are six sects, namely Shaolin, Wudang, Emei, Kunlun, and Tianshan and Xiaoyao. Each sect has its own set of cultivation system, and this kind of cultivation, and we usually know boxing and kung fu, is completely Different."

"The six schools were once very prosperous, but with the development of social science and technology, most of these schools have returned to the secular world, and they have started business in cities, and some have even become stars and entrepreneurs."

True or false of?

How does it sound like storytelling.

Yue Feng was speechless, feeling that Zhou Qin was deliberately teasing him.

Seeing Yue Feng's disbelief, Zhou Qin continued, "I don't have to lie to you about this, in fact, I'm Senior Sister Emei." After speaking, Zhou Qin slowly took out a jade token from her body.

Yue Feng took a closer look, and saw that there were ancient Chinese characters on it, with the word Emei written on it.

Suddenly, Yue Feng was completely stunned.

Immediately, it occurred to me that when Zhou Qin was facing the bearded gang alone just now, a woman could knock down so many of them in an instant. Even if she had been trained before, it was impossible for her to do it.

Thinking in his heart, Yue Feng immediately believed.

"The disciples of the six major sects are also known as cultivators. The realms of cultivators are: Martial Master, General, Marquis, Saint, and Emperor. Each realm is divided into five levels." At this time, Zhou Qin didn't care about the change in Yue Feng's expression and continued.

call!

Yue Feng took a deep breath and asked curiously, "Then what realm are you in now?"

Zhou Qin's face darkened, and she was a little embarrassed: "I just arrived at the fifth floor of a martial artist. I'm still one step away from reaching the level of a general."

"The realm A bit low." Yue Feng smiled and said it subconsciously.

Zhou Qin blushed and defended: "Don't think that cultivation is easy. Some people have joined the six major factions and have been stuck in the realm of martial arts all their lives. My strength is already considered high. There are five martial arts masters. ."

After speaking, Zhou Qin changed the subject: "You really didn't join the sect?"

At that time, Zhou Qin could see clearly, when Yue Feng was fighting just now, he punched one, how can ordinary people be so powerful?

Yue Feng shrugged: "It's all this time, do I still need to hide it from you? I really don't belong to any sect. Maybe, I'm naturally strong."

Zhou Qin frowned slightly, looked at Yue Feng and guessed: "Stop putting gold on your face, but you still have divine power? If I guessed correctly, you must have taken some medicine to enhance your physique."

Yue Feng's expression changed. stiff.

Elixir? !

Could it be... the pill that Sun and Moon gave him before?

Damn it, it must be that pill! I have practiced Wing Chun before, and it's okay to beat two or three people, but it's really impossible to beat a dozen people! Could it really be the pill?

"Forget it, I won't tell you any more." Seeing Yue Feng pondering, Zhou Qin said tiredly, and then closed his eyes.

Zhou Qin was too tired to eat Cartilage Pill, and fell asleep after a while.

Isn't this woman afraid that she is plotting against her?

Seeing Zhou Qin sleeping on the sofa, Yue Feng was a little speechless.

But I have to admit that Zhou Qin is very beautiful, and her graceful figure is extremely sexy.

But at this time, the most curious thing is the pill. Yue Feng called Xiang Riyue.

"Mr. Yue, what are your orders?" After connecting, Xiang Riyue spoke very politely.

Yue Feng asked straight to the point: "What's the name of the medicine pill you gave me last time?"

"Why did Mr. Yue suddenly ask about this? Let me think about it... It seems to be called Qiankun Pill." Xiang Ri Yue pondered for a while and said.

Qiankun Dan?

Yue Feng frowned, then said it was all right, and hung up the phone.

Just now I picked up two books, one of which is called "Wu Ji Pill Technique", which should teach people to make pills. See if there is any record of Qiankun Dan!

After flipping through a few pages, Yue Feng was incomparably shocked, and at the same time, his heart was filled with indescribable ecstasy.

Sure enough, the description of 'Qiankun Dan' was quickly found.

'Qiankun Dan, after taking it, has the effect of dredging the meridians, which can greatly improve the strength and speed.'

Chapter 60

It turns out that my strength is so strong, it is because of the Qiankun Pill.

Keep reading this book, the more you read, the more fascinated you become!

There are many medicinal herbs in this book. For example, Shenli Pills, which can be extremely powerful when eaten, and a kind of Qingling Pill, which is as light as a swallow when eaten.

However, the names of some medicinal pills, Yue Feng has never heard of, and the effects are also very mysterious.

Like what Yahundan, let the enemy eat, coupled with the control of the exercises, you can make him obey his orders.

"Really or not, is there such a god?" When he saw Yahundan, Yue Feng glanced at the ingredients for refining the medicine pill, and was immediately dumbfounded.

Heavenly Spirit Water... Rootless Stone?

What is this, are there such things in the world?

Yue Feng only felt a big head.

Then Yue Feng looked at other medicinal pills and found that most of the materials needed to make medicinal pills were extremely rare, and there were even many that he had never heard of.

However, Yue Feng also found an exception. The materials required for the refining of this medicinal pill are very common.

The name of this medicine pill is: Immortal Pill.

The effect of this Immortal Pill is very special, and it can help cultivators to break through the current bottleneck.

Zhou Qin just said that in this world, many people are stuck in the last level of the martial artist realm. If they have this magic pill, they can easily break through.

Haha, if you really want to have this effect, wouldn't you make a fortune by refining the medicinal pills and selling them to cultivators?

The ingredients needed for the Immortal Pill are not difficult to find. The salt and white vinegar written on it are available in Zhou Qin's kitchen.

As for the cactus and peony leaves, Yue Feng tilted his head to look at the potted plants on the windowsill, and his face was also happy.

Soon, after gathering the materials, Yue Feng entered the kitchen.

According to the book, the best way to make medicinal herbs is a pill furnace, or a pottery pot for making traditional Chinese medicine.

Pill furnace is temporarily do not have to think about.

After rummaging in the kitchen, Yue Feng found a pottery pot. After everything was ready, Yue Feng began to refine the Immortal Pill.

It takes three hours to refine the Immortal Pill. Yue Feng was bored watching it, so he went back to the living room, took out the "Yin-Yang Feng Shui Technique" and read it again.

I have to say that this book about Feng Shui is so mysterious that Yue Feng was quickly attracted to it.

Speaking of which, Yue Feng hadn't read the book so seriously for many years, but at this moment, he was completely immersed in the book.

While reading the book, Yue Feng couldn't help but follow the theory in the book and put it to use, silently commenting on the layout of Zhou Qin's room and the surrounding geographical environment.

I have to say that Zhou Qin's house has a reasonable layout. Feng Shui is good.

Before I knew it, three hours passed.

Yue Feng quickly put away the book and walked into the kitchen impatiently.

When he opened the pot and saw that there was a brown medicinal pill in it, Yue Feng couldn't be more excited.

Put the kitchen stuff, everything back in place. Immediately afterwards, he packed the elixir and returned to the living room.

At this time, it was gradually dawning outside, and Zhou Qin, who was lying on the sofa, also woke up.

“You didn’t leave?”

Zhou Qin frowned slightly when she saw that Yue Feng was still there.

Yue Feng smiled: “You are so weak, what if I leave and the thieves come in the middle of the night?”

Zhou Qin didn’t say anything, and his face was a little unhappy. Men and women are different. While thinking about it, I sat up from the sofa.

Yue Feng’s eyes suddenly widened: “Are you all right?” Did

n’t it mean that the effect of the cartilage pill lasted for twelve hours?

“That’s for ordinary people.” Zhou Qin said slowly: “And I am a cultivator. It’s different. After I learned last night that it was a cartilage pill, I silently used my power to disperse the medicinal effect.

” Said that Zhou Qin’s face was a little depressed.

For two years, he has been stuck on the fifth floor of the martial master, and he has never been able to break through to the realm of military generals.

If you are promoted to military commander, you can dispel the efficacy of the cartilage pill in two hours. And myself, it took more than six hours.

“Okay, I thought it would take a few hours for you to resume action.” However, Yue Feng was full of amazement.

Zhou Qin smiled bitterly: “What’s the matter? If I break through to the military commander, it will be faster.”

Yue Feng’s heart moved slightly, and smiled: “Isn’t it just breaking through the realm, what’s the difficulty.”

Zhou Qin was stunned for a moment. Then he smiled and said, “What’s so difficult? Do you know how long I’ve been stuck in the fifth-layer realm of martial arts? After two years, cultivation is not as simple as you think. Don’t talk nonsense if you don’t understand.

”, Zhou Qin waved his hand a little irritably: “I won’t tell you, it’s already dawn, you hurry up.”

Yue Feng looked at Zhou Qin with a smile, and took out the magic pill: "I have a pill here, I don't know if I can help you."

Pill?

Zhou Qin was stunned for a moment, and his eyes were immediately attracted by the Immortal Pill.
