

The ultimate husband in Chinese chapter 91-95

Chapter 91

Zhou Qin endured the panic in his heart and stared at the young man sitting in front:
“Who are you, where are you taking us?”

This young man was obviously led by this group of strong men. It looks a bit evil.

The young man turned his head, his eyes were a little evil, and he smiled slightly:
“Captain Zhou, you have arrested so many people under my command, I have to express something.”

“You...you are from the Tongtian Religion?”

” With a trembling, he suddenly understood something and exclaimed.

“Tong... Tongtian Sect?” Hao Jian, whose mouth was full of blood, was dumbfounded when he heard these three words, his face full of fear.

Yue Feng on the side frowned secretly.

Tongtianjiao?

What kind of power is this?

Why haven't you heard of it before?

“As expected of the captain of the criminal investigation team, I guessed it all at once, not bad.” Just as Yue Feng was thinking about it, the young man smiled and nodded:
“Ming people don't talk secretly, my name is He Tianyou, I am Tongtianjiao. , Donghai City Branch Hall Master, Captain Zhou, in just one month, you have arrested dozens of my subordinates, and we should settle the account.”

Zhou Qin bit her lip. , Shaolin, Wudang, Emei, Tianshan, Xiaoyao and Kunlun.

But there are also two major sects, Tongtianjiao is one of them! Tongtian Sect, with hundreds of thousands of disciples, commits all evils!

Speaking of which, Tongtian Sect did not have as long a history as the six major sects, but with a history of several hundred years, it has reached the point where it has kept pace with the six major sects in a very short period of time.

A hundred years ago, the six major factions jointly suppressed it, which made Tongtian Sect go silent, but in recent years, with the changes of the times, Tongtian Sect has revived.

This chapter is provided by . Visit for daily update.

And this time, Tongtian Sect has developed even more rapidly, and in less than two years, it has developed into the largest force in the cultivation world.

The rank of Tongtian Sect is strict, and the highest status is naturally the sect master of Tongtian, the sect master's wife. Below are the two envoys of yin and yang, the Four Dharma Kings.

The Four Dharma Kings are the Dharma King of Qinglong, Dharma King of White Tiger, Dharma King of Suzaku and Dharma King of Xuanwu.

The four Dharma Kings below are the hall masters. Below, is the congregation.

Tongtianjiao has established branches in many cities, and its disciples are all over the world! This shows how terrifying the power of Tongtian Sect is.

Not only that! It is said that the Tianshan sect, one of the six major sects, is now all in trouble with the Tongtian sect!

Recently, a group of Tongtian Sect disciples set up a church entrance in Donghai City. How could Zhou Qin not arrest them? Unexpectedly, Tongtianjiao would take revenge on him so blatantly.

When the car stopped, He Tianyou covered the faces of the three Yue Feng with a black cloth.

Next is a half hour hike.

Although he couldn't see clearly, Yue Feng had been carefully paying attention to the movements around him.

Hearing the sound of waves not far away, Yue Feng concluded that the three of them were brought to the East China Sea by He Tianyou. As for the specific location, he did not know.

Half an hour later, the black cloth on Yue Feng's three faces was lifted.

Seeing the surrounding environment, I couldn't help but panic.

This is the basement room! It's huge!

There is a hall in front of you, everything is made of stone, there is no electricity, and the lighting is only with torches. The hall has four directions and four passages.

In the passage, every few meters, there are two people standing guard.

High security.

This...

is a complete underground manor.

Seeing this, Yue Feng couldn't help but take a deep breath.

Under He Tianyou's suggestion, several of his subordinates tied three Yue Feng to the stone bench.

Afterwards, He Tianyou sat there and looked at Zhou Qin with a half-smiling smile: "Captain Zhou, let's talk about how to solve our problem."

As he spoke, he looked at Zhou Qin.

Although Zhou Qin was tied up, she was even more attractive in her skinny jeans.

He Tianyou's tone was slow and slow, but the aura that pervaded his body was something that people couldn't underestimate.

Zhou Qin didn't answer directly, but bit her lip and hesitated: "Senior He, I caught your subordinates, it has nothing to do with them, you let them go first."

"Yes, this matter. It has nothing to do with me at all."

As soon as he finished speaking, Hao Jian hurriedly nodded in agreement.

Chapter 92

Looking at Hao Jian's reaction, Zhou Qin was also speechless and shook his head secretly.

He Tianyou laughed, with a bit of playfulness in his eyes: "Captain Zhou, are you kidding me? This hall master gave up so much energy to arrest the three of you, and let it go if you say it?"

"These, He Tianyou glanced at Hao Jian: "I know you, the famous second-generation rich in Donghai City, Hao Jian, right?"

Hao Jian nodded repeatedly like a chicken pecking at rice, and said to please: "Yes, as long as you are willing to Let me go, I'll give you how much you want."

He Tianyou smiled indifferently: "So afraid of death? I heard that you and Captain Zhou have made an appointment, right? As a man, you don't want to Save your fiancée?"

Hao Jian opened his mouth and wanted to say something, but he swallowed inappropriately.

Obviously frightened.

He Tianyou chuckled, ignored him, turned his head to look at Yue Feng: "If you can have dinner with this young master Hao Jian, he seems to be a rich man."

I don't understand what He Tianyou meant by this sentence, Yue Feng frowned secretly and did not respond.

At this time, He Tianyou showed a playful smile on his face: "Okay, the two of you and I have no hatred and no grudges against me, and I am not an unreasonable person, I can let you go, but I can only let one go. ."

At this moment, Hao Jian's heart suddenly froze.

Yue Feng's eyes flashed, and he said lightly: "What do you mean?"

He Tianyou said with a smile: "It's very simple, let's follow the way you do business, you two start bidding, buy your own life, who will pay the price If

the price is higher, I'll let whoever go." "As for the one with the lower bid..."

When talking about this, He Tianyou deliberately paused, and said word by word: "Then cut off a finger first, and then throw it into the death row."

Hearing this, Yue Feng's eyes narrowed.

Nima, this kid really knows how to play.

At the same time, after Hao Jian's body trembled, he shouted with joy: "I'll call first, I'll pay 30 million." After

shouting this sentence, Hao Jian was a little excited, and he glanced at Yue Feng proudly. At a glance, I was overjoyed.

Haha, this kid is just a door-to-door son-in-law.

Not to mention 30 million, it is 3 million, and it is estimated that it is impossible to get it.

I won myself. Hahaha! It's easy to do anything if you can escape! The first thing to do after escaping was to call someone to rescue Zhou Qin. At that time, Zhou Qinyi was moved, and maybe he made an exception and had a spring night with himself, hahaha!

Seeing Hao Jian being so active, Yue Feng secretly felt a little ridiculous.

This kid is really willing to live.

The mouth is 30 million.

How much do you shout?

Fifty million?

Just thinking about it, looking at He Tianyou looking at him with a half-smile, Yue Feng's heart suddenly came to his senses.

wrong!

This guy got us to his place, this place is their hall. How is it possible to let outsiders know about this place? Yes, it is estimated that no matter how much money is spent, no one will be released.

What kind of bids are made, it's all bullshit. I'm afraid that in the end, no matter who bids the most, he will die.

In that case, what's the use of bidding yourself? Satisfy He Tianyou's teasing heart?

Thinking in his heart, Yue Feng looked up at He Tianyou decisively, and smiled slightly: "30 million, I can't take it out."

As soon as these words came out, Hao Jian next to him was so excited that he wanted to wet his pants, and his whole body loosened. , laughed: "Haha, I won, I won."

He Tianyou said nothing and waved his hand.

Immediately, two men in black came to stand up Yue Feng, and then pressed him onto the stone table. Just chop your fingers.

At that moment, Zhou Qin was anxious and shouted: "You can't do this, this matter has nothing to do with him at all. If you want revenge, come at me."

He Tianyou didn't hear the same thing and ignored Zhou at all . piano.

Hao Jian was very unhappy, winked at Zhou Qin, and whispered: "Why do you care about this waste? He has no money to bid, because he has no ability, don't worry, when I go out, I will definitely find a way. Come back to save you."

Zhou Qin said nothing, still looking at Yue Feng anxiously.

At this moment, Yue Feng was also anxious!

Nima, if a finger is cut off, wouldn't it be disabled?

Chapter 93

In anxiety, Yue Feng wanted to use his internal power, but the powder he had absorbed before was too potent, and he was still weak and weak.

His palms had been forcibly separated, and then a man in black raised the knife in his hand.

Seeing that he was about to be cut off, Yue Feng was also full of despair.

It was at this time that He Tianyou cried out: "Fuck, wait!"

The man in black was confused and stepped aside.

Yue Feng also let out a long sigh of relief, sweating from fright.

He Tianyou walked over quickly, grabbed Yue Feng's wrist, and stared at Yue Feng's left thumb. His tone was complicated, and he was a little surprised: "Where did you come from with this wrench?"

At this time, He Tianyou tried his best. Control your excitement!

Because of this black and white jade wrench, He Tianyou is too familiar! It is the token of the Tianshan faction!

Although the Tianshan sect is one of the six major sects, it belongs to the well-known and upright sect, and it is incompatible with the Tongtian sect.

However, the high-level personnel above the Master of the Tongtian Church are well aware that the Tianshan faction and the Tongtian Church are allies.

As early as a few years ago, the Tongtian sect master and the head of the Tianshan faction had private talks several times, and the two sides hit it off right away, and they even had to bow down to each other.

It is precisely because of the Tianshan faction that they secretly helped Tongtianjiao. In the past few years, the six major factions have been unable to unite against Tongtianjiao as before.

Therefore, the Tianshan Sect and Tongtian Sect are almost in a relationship of life and death.

The hierarchy of the Tianshan faction is also very strict. There are four kings under the head: the king of the east, the king of the west, the king of the south and the king of the north.

And the black and white piece in Yue Feng's hand is the token of the East King, and it is also the characteristic of the East King's identity!

King of the East, the Tianshan faction has one person below ten thousand people!

He Tianyou, as the master of the Tongtian Church, is not very high-ranking. After all, there are nearly a thousand of Tongtian Sect's halls! Therefore, He Tianyou has never met King Dong, but He Tianyou feels that he will not admit his mistake as a token of King Dong.

At this moment, looking at He Tianyou's tone, it was obviously different from just now, and his expression was a little subtle. Although Yue Feng didn't fully understand what was going on, he also guessed some clues.

"This finger was originally mine." In the

next second, Yue Feng was very calm and said lightly.

After saying this, Yue Feng secretly observed He Tianyou's expression.

Sure enough, He Tianyou's body trembled faintly, and then he was about to bend over to salute, but was stopped by Yue Feng's eyes in time.

No matter what He Tianyou is in front of him, he regards himself as a big man. I guess it has something to do with the ring. I can't play any more, in case it's said to be overwhelmed! After all, I am a fake, and if I make it too public, it is easy to reveal my fault.

"Low-key. Don't salute." Yue Feng said in a low voice.

Yue Feng's words made He Tianyou nodded again and again. The person in front of him must be the East King of the Tianshan faction. He does not want to reveal his identity, so he must be secretly investigating something.

You can't ruin the big thing of the East King.

Thinking like this, He Tianyou hurriedly called two men in black, took Yue Feng out of the hall, and sent him into a stone room.

"Hey, what's the matter? I've already paid 30 million, so let me go now?"

At this time, Hao Jian, who was not sure why, saw that Yue Feng was taken away, and his fingers were not cut off, so he immediately shouted.

He Tianyou didn't speak, and gave him a cold look.

Feeling the evil spirit in He Tianyou's eyes, Hao Jian froze like a cicada, and immediately closed his mouth.

...

Not long after Yue Feng entered the stone room, He Tianyou hurried over.

"My subordinate He Tianyou, I have seen His Excellency the East King." As soon as he entered, He Tianyou bowed respectfully.

With embarrassment on his face, He Tianyou accompanied him with a smile: "This time, it was really a big water rushing into the Dragon King Temple. It was all a misunderstanding. My subordinates almost made a big mistake and bumped into His Excellency East King. Please don't blame His Excellency East King."

Your Excellency the East King?

What kind of job is this in Babel? More powerful than this Hall Master He Tianyou?

No, this jade wrench belongs to Yang Long, isn't Yang Long from the Tianshan faction?

Why is this Tongtianjiao He Tianyou so polite to himself?

At this time, Yue Feng was completely confused, and he still didn't know the relationship between Tianshan Sect and Tongtian Sect.

However, Yue Feng didn't think much, waved his hand, and said casually: "Forget it, those who don't know are innocent."

Chapter 94

While talking, Yue Feng secretly paid attention to the surrounding environment.

It is found that the layout here is much more refined than other stone rooms, and it should be the place where He Tianyou and others rest.

At this moment, his stomach suddenly growled.

Before in the box of the Pearl of the Orient Hotel, I drank two cups of tea without eating a single bite.

For a time, Yue Feng was a little embarrassed.

He Tianyou is a smart person, he said with a smile: "Your Excellency Dong Wang, wait a moment, and prepare some wine and food. You can rest when you are drunk! Hahaha, by the way, Your Excellency Dong Wang, after we finish drinking, we can enjoy it together. Zhou Qin. That woman is really charming, hahaha!"

"Okay, okay." Yue Feng waved his hand and motioned him to buy food quickly.

After He Tianyou left, Yue Feng felt that this was an opportunity, so he walked out quickly, intending to find an exit.

When the guards outside saw Yue Feng coming out, they did not stop them, and they were extremely respectful.

Seeing this situation, Yue Feng gradually became more courageous.

However, in order to avoid being suspected, Yue Feng did not return to the previous hall, but followed the corridor, exploring and pondering.

If he found an exit, how would he save Zhou Qin?

After walking for a while, Yue Feng found himself in a restricted area.

The restricted area is a large stone room. There are no guards at the entrance, but there is a sign at the entrance with a few words written on it: The hall is heavy, and you are not allowed to enter without permission.

Yue Feng didn't even think about it and walked in directly.

There are several wooden shelves in the stone room, with some daily necessities on them, as well as some bottles and jars.

There are also some medicines, most of which are medicines for trauma, but among these medicines, Yue Feng also found a medicine bottle.

On the bottle of the medicine, the words Menghan medicine were written impressively.

Mongolian medicine? Ha ha! After putting the medicine in the wine and making them all faint, wouldn't it be possible to save Zhou Qin?

Yue Feng was delighted, just as he was about to leave, but at this moment, he found a slate under his feet, the color was a little different, he squatted down and tapped it with his hand, obviously there was an echo.

Lifting the slate, I found a mystery! A piece of kraft paper wrapped around something, and the boards were placed there.

Yue Feng opened it and was stunned.

Under the kraft paper, there is a secret book! There are four words written on it: Nine Dragons Ascension to Heaven!

What the hell is this book? The name is so arrogant.

Time was pressing, Yue Feng didn't have time to think about it, and after putting away the cheats, he hurried back to the hall.

It was at this time that He Tianyou came back with a food box, which contained several delicate side dishes, and also brought a jar of wine.

The wine jar is simple and simple, and the red seal paper on it has lost its color. It looks like it has been treasured for many years.

"Your Excellency Dongwang, I don't have any special treats here, so I just brought these side dishes. I hope Your Excellency Dongwang will not mind." He Tianyou laughed along with the dishes.

Yue Feng nodded, picked up his chopsticks and started eating.

He Tianyou didn't bother to disturb him, so he withdrew wisely.

A few minutes later, when he was almost done eating, Yue Feng opened the seal of the wine jar, poured himself a cup first, then put the Mongolian sweat medicine in and shook it evenly.

After doing this, Yue Feng called He Tianyou in.

"Let's share this jar of fine wine with the brothers, and say I invited it." Yue Feng said lightly.

He Tianyou was stunned for a moment, wondering: "Your Excellency Dongwang, you also know the rules of our Tongtian Sect, drinking is not allowed in the hall."

Yue Feng frowned secretly, and then said disapprovingly: "Today we will break it. For example, it is rare for this king to come to your hall today, why? Don't you give me this little face?" He Tianyou quickly

shook his head: "No, Your Excellency Dongwang has misunderstood, how dare your subordinates?"

Went out with a wine jar.

The disciples of Zhou Qin and Hao Jian, who were in charge of the guards, also reluctantly left. During the half hour of guarding Zhou Qin, they took hundreds of photos with their mobile phones. For men, such a woman is simply heavenly.

They took hundreds of photos from all angles.

Zhou Qin was full of disgust. This was also the first time she stood there and was photographed unscrupulously.

Now that everyone was drinking, Zhou Qin couldn't help but ask softly, "Yue Feng, what's the matter, they respect you so much?"

Chapter 95

Yue Feng smiled at Zhou Qin and whispered, "They recognized the wrong person and regarded me as the king, so I will do whatever I want."

Zhou Qin looked at Yue Feng's eyes, showing a bit of admiration.

The son-in-law of the Liu family has refreshed his views on him time and time again.

"I said, how could they be so polite to you, it turned out to be the wrong person." At this time, Hao Jian on the side shouted, and at the same time shook the chain on his body and urged Yue Feng: "Take advantage of them Why don't you release us quickly?"

Nima, this Hao Jian is sick.

Hao Jian's tone made Yue Feng very upset, so he ignored him.

At this moment, Zhou Qin was also a little anxious.

He had captured so many of He Tianyou's subordinates, and he would definitely not let him go.

I'm just afraid that after drinking, I'll have to do it myself.

While anxious, Zhou Qin was curious why Yue Feng was not in a hurry at all.

Putong putong...

At this moment, there were voices one after another not far away, and I saw He Tianyou's gang, after drinking, they were spinning around, and then they passed out.

Even He Tianyou was no exception, leaning against the stone wall of the passage, his eyes were closed, and he did not move.

For a time, Yue Feng, Zhou Qin, and Hao Jian were left with three sober people in this huge underground manor.

“Haha, well done, son-in-law...” Hao Jian was originally complaining, but when he saw this scene, he immediately smiled and praised Yue Feng, but his tone was still very proud.

Yue Feng walked over and found the key on He Tianyou.

After opening Zhou Qin’s iron chain, Yue Feng turned around and walked towards the passage in front of him. He said lightly, “Come on, the terrain here is very complicated. Before these people wake up, let’s find the exit quickly.

” There’s something wrong with your eyes, I haven’t loosened it yet.” Hao Jian shouted.

Yue Feng smiled lightly and looked back at him: “Why should I untie you?”

When I was bidding for competition before, I saw that my finger was about to be chopped off.

Thinking of me now?

Thinking to himself, Yue Feng continued: “Aren’t you rich? When they wake up, if you pay more, maybe they will let you go.”

Hao Jian swallowed a mouthful of saliva, panicked instantly, almost Did not cry.

At this time, Zhou Qin opened his mouth and pleaded for Hao Jian: “Yue Feng, please help him untie it.”

Yue Feng shook his head: “I have no obligation to save him.”

Hearing this, Zhou Qin bit his lip and said: “Yue Feng, I know that Hao Jian’s harsh words make you unhappy. I apologize to you for him. If I don’t save him, he will definitely die here.”

Yue Feng looked at Zhou Qin with a smile. respond.

Special code, what does it have to do with me? Hao Jian, this evil pen, ate one of my elixir, and spit feces all over his mouth. He loves to die.

Hao Jian's eyes widened, and he shouted, "Qin'er, what are you apologizing to? He's not worthy of this kind of rubbish. Look at his triumphant appearance, he's just out of luck. "

After speaking, he turned to Yue Feng with a look of contempt: "Boy, don't think about taking the opportunity to threaten me, this young master doesn't care about you saving me."

Yue Feng laughed, and said lightly to Zhou Qin: "I see. No, people don't care about me going to save you, so don't worry about it."

Having said this, he continued to move forward.

Zhou Qin couldn't be in a hurry. He stepped on high heels and hurried to catch up: "Yue Feng, don't know him in the same way..."

Before he finished speaking, Hao Jian shouted: "Qin'er, don't discuss him! After you go out, I must find a way to come back to save me, I believe in you! When they wake up, I will give them a little more money, and they will not kill me."

"Shut up!" Zhou Qin's tender body trembled: "You Thinking that we are gone, can you still live?"

Hearing this, Hao Jian was shocked, his mind became clearer, and he panicked at the same time.

where is this place?

But Tongtian Sect was established at the entrance of Donghai City. If He Tianyou woke up and saw that Yue Feng and Zhou Qin were gone, he would definitely vent his anger on himself.

At that time, I am afraid that no matter how much money I give, it will be useless.
