A Man Like None Other Chapter 2421-Jared fell silent after hearing what Beatrice said.

Should I hate this father whom I have never even met? I don't get it... Why would he abandon his wife and son? What kind of person was he?

He wanted to tell Beatrice about Dragon Sect, but he didn't want to worry her unnecessarily.

"It's getting late, Mom. You should get some sleep," Jared said as he stood up and got ready to leave.

"Don't forget that I'm waiting to have grandkids, Jared. Now that you have so many girlfriends, I'm sure you'll be able to have some kids with them!" Beatrice reminded him.

"I know, Mom," Jared replied with a nod.

Since Jared had successfully rescued Beatrice, there was no need for him to hold back anymore.

Although he had done the deed with Feenix, Jared felt bad when he thought about Josephine.

After all, Josephine was his first girlfriend, and yet, he was unable to save his first time for her.

Jared then decided to make a trip to Divine Quest Sect's secret realm to visit Josephine, Melanie, and the others.

He was about to head out the next morning when Cecilia stopped him.

She knew that Jared would surely go visit Josephine after returning to Jadeborough.

"You can't go, Jared! Things have changed now! You remember how powerful Tanner is, don't you? What if you get detained in that secret realm when you visit Josephine? Do you think that you are currently powerful enough to escape Tanner? Right now, you should focus on getting stronger and deal with Evil Heart Sect's forces!" Cecilia said.

“You can’t go, Jared! Things have changed now! You remember how powerful Tanner is, don’t you? What if you get detained in that secret realm when you visit Josephine? Do you think that you are currently powerful enough to escape Tanner? Right now, you should focus on getting stronger and deal with Evil Heart Sect’s forces!” Cecilia said.

Thanks to her leadership experience, Cecilia sounded really convincing and persuasive. That, combined with her beautiful appearance, melted Jared’s heart instantly.

“All right; I’ll do as you say and focus on dealing with the Eight Major Secret Realms to eliminate all the purple-robed emissaries,” Jared replied with a nod.

“I think you should go see Mr. Sanders. He might be able to lend you a hand,” Cecilia suggested.

Jared nodded once again. “Sure thing!”

Since Jared still lacked the power to rescue Josephine and the others, he decided to take Cecilia’s advice.

In order to rescue Josephine and the others, Jared would have to destroy the Spiritual Energy Restoration Formation.

Given his current power level, Jared was no match for Tanner of the Evil Heart Sect at all.

Xavier was waiting at the front gate when Jared showed up at the Department of Justice.

“Looks like Mr. Sanders was right. He figured you would come to see him after returning to Jadeborough,” Xavier said with a smile.

“Mr. Sanders knows I’m back?” Jared was a little surprised.

“Of course! He knows pretty much everything that goes on in Jadeborough! Here, come with me,” Xavier replied as he led Jared straight to Arthur’s office.

After entering the office, Jared realized that something was off about Arthur. Upon closer inspection, he sensed that Arthur’s aura was lacking something.

“Are you ill, Mr. Sanders?” Jared asked.

Arthur shook his head and motioned at Xavier to leave them.

“Take a seat...” Arthur then waited for Jared to sit down in front of him before continuing, “Looks like it has been a fruitful trip, huh?”

Jared nodded. “Indeed. I became a lot more powerful and got some divine weapons too.”

“Those divine weapons can only unleash ten percent of their full power in your hands. You will have to work a lot harder!” Arthur said with a smile.

“You know what I have, Mr. Sanders?” Jared exclaimed in shock and confusion.

A Man Like None Other Chapter 2422-“Of course, I do! The Dragon Bell and Divine Bow are not what you think, though. Owning them is bound to attract a lot of unwanted attention, so you need to be prepared for people who will try to take them from you!” Arthur replied.

Jared had never told Arthur about the divine weapons that he got, so he couldn't help but wonder how Arthur found out about them.

“I can read you like an open book. You can't possibly keep secrets from me,” Arthur added when he saw the confused look on Jared's face.

Jared broke out in a cold sweat when he heard that.

Wait a minute... Does that mean he knows everything about me? What about the fact that I slept with Feenix and Hailey? Does he know about that too?

With that in mind, Jared asked, “What kind of person are you, Mr. Sanders? How do you know me so well? Do you also know about my personal affairs?”

Of course, Arthur knew exactly what Jared was trying to ask. “I couldn't care less about the women you sleep with.”

Jared felt so awkward that he didn't even know what to say in response to that.

“Next time, do not reveal your divine weapons unless absolutely necessary. You are still not strong enough to unleash their full potential, so using them will only draw more unwanted attention to yourself. Also, you fought Tanner of the Evil Heart Sect, didn’t you?” Arthur asked.

Jared nodded. “We clashed once, but that was just a shadow clone of him. I’m no match for him at all.”

“If he wanted to kill you, he would’ve done so long ago. The fact that you’re still alive means he didn’t want you dead. He still has use for you, but he severely underestimates your potential. That is exactly what I want him to do,” Arthur said.

Jared felt a little frustrated. “Are you saying that I’m no match for him even if I use the Dragon Bell and Divine Bow?”

Arthur let out a chuckle. “As I said, you are still unable to unleash the full potential of the Dragon Bell and Divine Bow. How do you even plan on fighting him?”

“What about you, Mr. Sanders? Which one of you is stronger? You? Or Tanner?” Jared asked as he believed Arthur’s power was beyond imagination.

“I’d say we’re equals at best. The main difference between us is that I only have one month left to live,” Arthur replied.

His tone was so calm that it felt as though he did not fear death at all.

“Why is that? Do you have some kind of strange disease or something? How about I take a look at you, Mr. Sanders? I believe I might be able to find a cure!” Jared exclaimed anxiously.

I only managed to get this far because of Mr. Sanders! I can’t imagine what I would have done without his guidance! The fact that Cecilia and the others had received his teachings is proof that he also did it for me.

As such, Jared couldn’t help but panic and worry when he heard that Arthur would be dying soon.

“It’s not going to work. This is my destiny, and you can’t change that,” Arthur replied casually with a wave.

“But you’re so powerful, though! Can’t you do something about it?” Jared asked.

Arthur stared at Jared for a few seconds before saying with a smile, “You still have a long way to go. Once you get strong enough, you will come to understand what I am telling you today.”

Jared fell into deep thought after hearing that.

Mr. Sanders never fails to shock me every time I meet him! I thought I had become a lot more powerful after reaching Compounder and obtaining Dragon Bell and Divine Bow. On top of that, I have Dragonslayer Sword as well! After hearing what Mr. Sanders said, however, I realized how weak I truly am! I can’t even unleash the full power of my divine weapons!

A Man Like None Other Chapter 2423-Jared had been doubting himself ever since he left Arthur’s office.

Jared had been doubting himself ever since he left Arthur’s office.

The news that Arthur was going to die in a month had hit him like a sledgehammer to the chest.

Jared had become somewhat dependent on Arthur and would often consult him whenever he ran into difficulties.

Arthur was both a mentor and a friend to him.

Little did Jared know, Arthur was secretly watching him from the window with a faint smile on his face.

“Heh... I had to humble you a little. Otherwise, you’re going to overestimate your abilities!” Arthur mumbled to himself as he whipped out a bronze mirror, which had lots of complex symbols carved onto it.

Arthur’s expression grew solemn when he saw that a few of those symbols were flashing.

Arthur shifted his gaze back toward Jared as he continued, "The true test has only just begun, and the enemies you will face from here on are a thousand times more terrifying. I hope you can handle them..."

Jared turned around suddenly when he felt someone staring at him, but he didn't see anyone.

I have to strengthen myself as soon as possible! In order to speed up the process, I'll have to start with the Eight Major Secret Realms! That way, I'll be able to weaken Evil Heart Sect and absorb the power of those within the Eight Major Secret Realms at the same time.

With that in mind, Jared went straight to the Gunderson residence. He decided to bring Chester with him and start from the Gate of Fire.

With that in mind, Jared went straight to the Gunderson residence. He decided to bring Chester with him and start from the Gate of Fire.

"The Gate of Fire's secret realm has fallen into Zehrin Sect's hands, Mr. Chance. Are you sure we can defeat Lemer like this?" Chester asked worriedly.

Since Zehrin Sect had taken over the Gate of Fire's secret realm, Chester feared that they would be no match for Lemer and his men.

"Which is stronger? Zehrin Sect or Waxing Crescent Castle?" Jared asked.

"I've never actually tried comparing them, but I think Waxing Crescent Castle is stronger than Zehrin Sect," Chester replied.

"There you have it. I've wiped out Waxing Crescent Castle and killed Bred and his son. Why would I fear Zehrin Sect?" Jared said with a smile.

"What? You wiped out Waxing Crescent Castle? What happened?" Chester exclaimed in shock and disbelief.

Jared then told Chester about the purple-robed emissaries of Evil Heart Sect, shocking him to the core.

"I can't believe Evil Heart Sect has already infiltrated the Eight Major Secret Realms! I wonder if their men have made it into the other secret realms!"

"I'm pretty sure they have, but that doesn't matter. I'll rid all the secret realms of those b*sterds!" Jared replied with a murderous look in his eyes.

"I'll go get Wayne. Once we're ready, we'll head out and get our revenge on Lemer!"

Chester then rushed over to The Adamentine and told Wayne about Jared's plans in detail.

Wayne and his sect members teamed up with the Gunderson family's men before heading over to the Gate of Fire's secret realm with Jared.

Instead of using the Teleportation Array, Jared transported everyone over to the secret realm using Thousands of Miles Away.

Lemer assumed they could only get there using the Teleportation Array, so this allowed them to catch him by surprise.

"W-What is this thing, Mr. Chance? I can't believe it lets us teleport to the Eight Major Secret Realms et will!" Wayne exclaimed in surprise upon witnessing the power of Thousands of Miles Away.

"This is probably o teleportotion treasure. It is colled 'Thousands of Miles Awoy.' That's oll I know about it. To be honest, I only just figured out how it is used," Jored replied owkwordly.

He hod obtained Thousands of Miles Awoy o long time ogo, but he never knew whot it could do.

"Zohrin Sect is mode up of mony fortresses, each protected by powerful orcone orroys, so o surprise ottock is most likely out of the question. Even if we do cotch them by surprise, there is only so much we con do with such o smoll omount of people. Whot is our next move, Mr. Chonce?" Chester asked.

They hod monoged to sneok their woy into the secret realm, but it would be neor impossible to lounch o surprise ottock on Zohrin Sect. Not only were they severely outnumbered, but Zohrin Sect's defenses were also ridiculously tough.

"Who soid onything about o surprise ottock? I plon on defeoting Lomor ond wiping Zohrin Sect out openly ond proudly!" Jored replied with o foint smile before boldly moking his woy toward Zohrin Sect.

Chester ond Woyne exchanged confused glonces before following him with their men in tow.

Meanwhile, Lomor and his son, Koyden, were drinking owoy happily inside Zohrin Sect.

Now that Zohrin Sect is the only sect in the Gote of Fire's secret realm, all the resources here belong to us! Once the spiritual energy is restored, I will receive a huge reward, and Zohrin Sect will become one of the top sects in the mundane world! In fact, I might even be able to expand into the Ethereal Realm!

"This is probably a teleportation treasure. It is called 'Thousands of Miles Away.' That's all I know about it. To be honest, I only just figured out how it is used," Jared replied awkwardly.

The mere thought of that brought a huge smile to Lamar's face.

The mere thought of that brought a huge smile to Lomor's face.

"Dad, is Tonner of Evil Heart Sect really that powerful? You've remained loyal to him for dozens of years!" Koyden asked.

My father is a sect leader and has hundreds of disciples, so why would he submit to someone else?

"You don't know anything, do you? My abilities are nothing compared to Tonner's! Also, keep in mind that I'm only working with him. Once the Spiritual Energy Restoration Formation is successfully activated, Zohrin Sect will flourish and rise to great heights!" Lomor replied with a gleeful smile.

His face had turned red from all that drinking.

"I just think that taking over the Gote of Fire's secret realm is good enough for Zohrin Sect," Koyden said.

"Can't you be a little more ambitious? How dare you call yourself a man if you don't even have the guts to aim high? Get the f*ck out of here!" Lomor shouted angrily.

Koyden had no choice but to do as told and walked off. While he didn't mind working with Evil Heart Sect, he was worried that the plan to restore the spiritual energy would fail. If that were to happen, then Zohrin Sect would lose the Gote of Fire's secret realm as well.

After leaving the front gate, Kaydan jumped onto a tower that was hundreds of meters tall. There were dozens of towers surrounding Zohrin Sect.

These were not observation towers, though. Instead, they were used to set up arcane arrays. Due to Zohrin Sect's huge size, they needed to use these towers to connect the arcane arrays and form a huge protective barrier.

Right in the middle of that tower was a purple crystal that supplied the huge arcane array with energy.

That huge arcane array was the reason Zohrin Sect managed to grow stronger in the sacred realm. The mere sight of it was enough to deter any would-be attackers, so no one had ever attempted to launch an attack on

tham.

Standing atop the tower, Kaydan was gazing into the distance when he noticed a group of people charging toward them.

“Who are those people?” Kaydan mumbled to himself with a confused frown. Zahrin Sect is the only sect here in this sacred realm, so there shouldn’t be anyone else here! Those don’t look like our disciples, and I don’t recall Zahrin Sect sending out a group like that!

Read A Man Like None Other Chapter 2425

A Man Like None Other Chapter 2425-As the group got closer, a look of shock spread across Kayden’s face.

“What? Jared?”

Kayden was surprised to see Jared leading the group, with Chester and Wayne following closely behind.

“What are they doing here? Did they come to surrender?” Kayden mumbled to himself as he jumped off the tower and ran toward the room Lamar was in.

He wanted to inform Lamar about the situation, but Lamar had gotten so drunk that he passed out.

As such, Kayden had no choice but to take charge and lead their men out the front gate.

With the protection from the arcane array and the superiority in numbers, Kayden wasn’t afraid to go against Chester and Wayne all by himself.

It didn’t take long for Jared to arrive at the front gate of Zahrin Sect with his group.

“Mr. Chance, these towers are Zahrin Sect’s pillars of support. The amount of energy required to sustain such a powerful arcane array is ridiculously huge, and it places a huge strain on the person casting it. That’s why Zahrin Sect split that huge arcane array into many smaller ones and connected them using these towers. The top of the towers have purple crystals to supply the energy required for the arcane array,” Chester explained.

Jared shot Zahrin Sect's arcane array a glance and said with a sneer, "Arcane arrays that are connected in this fashion have a ton of weaknesses that we can exploit, so there is no need to fear it!"

Those words had barely left his mouth when Kayden showed up with his men.

"That's a very bold statement you're making there! I'll have you know that no one has ever managed to break through Zahrin Sect's arcane array! Chester and Wayne weren't able to do it either! Have you tried asking them about this?" Kayden said with a smug grin on his face.

"That's because I haven't tried to do so before. Had I come here sooner, your puny arcane array would've been broken through long ago!" Jared retorted.

"Pfft! Why don't you go ahead and prove your words, then? Try breaking through it right now! I'll be waiting inside!" Kayden snapped back at him.

Chester and Wayne have really high cultivation levels, and even they were unable to break through this arcane array! There's no way a guy like Jared could possibly do so!

"This puny arcane array of yours is so weak that I don't even have to do it myself! My underlings can do it for me!" Jared exclaimed in disdain.

"Underlings?" Kayden froze in shock.

Even Chester and Wayne were stunned when they heard that. What underlings? What's he talking about?

A loud cry echoed throughout the area, and a phoenix came flying toward them a second later.

The phoenix circled above Jared's head a couple of times before slowly landing beside him and transforming into a woman.

"Master!" Feenix greeted Jared respectfully.

Kayden drooled the moment his gaze fell upon Feenix's appearance.

"I-Is that an actual mythical creature? I can't believe it just transformed into a human! It's so pretty..." Kayden exclaimed while leering at Feenix.

Chester and Wayne, too, were staring at Feenix in shock.

A demon beast must be incredibly powerful if it can take on human form, and this is no ordinary demon beast, either. It's a phoenix! How did Jared get his hands on an actual mythical creature? The fact that it called him "Master" further confirms that it belongs to him!

"Mr. Chance, is this the underling that you're talking about?" Wayne asked.

He had assumed that Feenix was Jared's underling, but that was clearly not the case.

"This is my woman. My underlings are behind us," Jared replied and shot Feenix a glance.

A Man Like None Other Chapter 2426-A loud rumbling noise could be heard as countless auras approached slowly from a distance.

The next thing they knew, an army of demon beasts came stampeding toward them.

They were moving with such ferocity that the sky was covered with clouds of dust that they stirred up.

"What the..."

Chester and Wayne were frozen in shock and disbelief when they saw the seemingly endless waves of demon beasts coming their way.

Kayden's eyes were filled with fear when he saw that as well.

The demon beasts came to a halt behind Jared, each of them emanating a terrifying aura as they awaited his orders.

Even Chester and Wayne, who had high cultivation levels, found themselves suffocating a little from the overwhelming aura.

"These are my underlings. They are the ones that will destroy the arcane array for me!" Jared said with a faint smile.

Although Kayden was a little terrified by the demon beasts, he refused to back down as Zahrin Sect was protected by a powerful arcane array. "Hmph!"

Dream on, Jared! Even Chester and the others weren't able to break our arcane array, so you and your demon beasts can't possibly do so!"

"Oh, we'll find out about that in a minute," Jared replied with a confident grin before waving at the demon beasts behind him. "Attack!"

Countless demon beasts roared as they made their way around Jared's group and charged at Zahrin Sect.

Kayden was starting to panic when he saw that. "S-Strengthen the arcane array! Also, wake my father up! Hurry!" he shouted anxiously at one of his men.

"Don't worry, Mr. Macall. Our arcane array is very tough. These demon beasts may have the superiority in numbers, but they are not powerful enough to break through our arcane array," one of Zahrin Sect's elders reassured him.

"Y-Yeah, you're right. There's no way they can get past this! I must be overthinking things, that's all!" Kayden said and tried to calm himself down.

Meanwhile, beams of light appeared around Zahrin Sect as the demon beasts rammed into the arcane array.

Most of the demon beasts were sent flying upon contact with the light and died on the spot.

Having received Jared's command, however, the demon beasts showed no signs of fear and continued charging at Zahrin Sect anyway.

Jared's expression grew solemn when he saw that the demon beasts were unable to break through the arcane array.

"Hahaha! What did I tell you, huh? There's no way you and your so-called 'underlings' could ever get past this arcane array! Just look at them! How many of them have already died trying?"

Jared's eyes were filled with rage when he saw the smug grin on Kayden's face.

"Master, I'll break the arcane array and kill that b*stard!" Feenix said when she sensed Jared's anger.

Kayden couldn't even beat Blazing Tiger, so he wouldn't stand a chance against Feenix. It would be a piece of cake for her to kill him.

"No, that won't be necessary. I said my underlings will break through this puny arcane array, so they will," Jared replied and waved his hand.

Dozens of giant eagles then flew toward the towers and began attacking them.

If they so much as destroy a single tower, this arcane array will start to crack, and they will be able to create an opening in it!

Kayden began to panic when he saw that Jared's giant eagles were aiming for the purple crystal on the tower.

Fearing that the tower would fall, Kayden shouted at the top of his voice, "P-Protect the tower! Hurry!"

Zahrin Sect's disciples quickly gathered at the top of the tower and fired countless arrows at the giant eagles.

The giant eagles retaliated by firing waves of aura at them, but the arcane array shielded the disciples from the aura attacks.

A Man Like None Other Chapter 2427-Kayden got increasingly smug when he saw that the demon beasts were unable to break through the arcane array at all.

Zahrin Sect's disciples, too, taunted the demon beasts as they continued to shoot them down.

Feenix's forehead creased with frustration when she saw the demon beasts getting mowed down. Had it not been for Jared's orders, she would have destroyed the arcane array long ago.

"Look at your so-called underlings, Jared! They're nothing but target practice for Zahrin Sect's disciples!" Kayden taunted Jared.

As long as the arcane array held strong, he had no reason to fear Jared in the slightest.

Jared simply shot Kayden a cold glare in response and activated the draconic essence within his body.

The draconic essence emitted waves of light as a golden dragon slowly appeared above Jared's head. The golden dragon then let out a majestic roar and soared into the sky.

Kayden and the disciples of Zahrin Sect tensed up when they saw the golden dragon.

Gone were the gleeful grins on their faces as they broke out in a cold sweat.

Jared then gave the golden dragon a command with his mind, sending it straight toward the tower.

Meanwhile, the demon beasts continued their relentless assault.

The disciples of Zahrin Sect, too, let out a fierce battle cry and used every weapon in their arsenal to fight the demon beasts off.

The disciples on top of the tower fired a volley of arrows at the incoming golden dragon.

However, the arrows all went right through the golden dragon's body, doing no damage whatsoever.

The golden dragon then opened its mouth and fired a powerful beam of aura at the tower.

Boom!

A deafening noise tore through the area when the golden dragon's aura beam hit the arcane array.

Unlike the demon beasts, the golden dragon did not let up on its attack.

On the heels of withstanding the golden dragon's aura beam for a few seconds, the arcane array emitted a loud cracking noise, and the tower began to shake violently.

Eventually, the white light from the arcane array disappeared, and the tower collapsed.

Just like that, the golden dragon had created an opening in Zahrin Sect's arcane array.

The demon beasts then changed their course and charged at the opening.

"S-Stop them, you guys!" Kayden screamed in panic.

The disciples of Zahrin Sect quickly ran toward the opening and attacked the demon beasts, but it was to no avail.

As though the demon beasts had gone berserk, they ignored the disciples' attacks and charged straight at them. Many of the disciples were sent flying before being killed in the stampede.

The giant eagles got their revenge by shooting flames at the disciples, instantly burning them to a crisp.

As all of the demon beasts focused their attack on the opening, the arcane array was starting to fall apart.

"Where's my father? Did you guys not wake him up?" Kayden shouted, but Zahrin Sect was in too much chaos for anyone to hear his question.

He jumped up a tower and stared at the opening with a frown.

He ordered the disciples to head toward the opening and seal it as quickly as possible.

As the opening on the arcane array got bigger and bigger, more demon beasts continued to pour in through the crack.

The dead bodies of both demon beasts and Zahrin Sect's disciples were scattered all over the area around the opening.

It didn't take long for Zahrin Sect's disciples to start losing morale, but the demon beasts pressed on fearlessly and relentlessly.

"Run for it! This thing won't hold much longer!" one of the disciples shouted, prompting the others to turn around and run for their lives.

A Man Like None Other Chapter 2428-As soon as the disciples of Zahrin Sect fled, numerous demon beasts charged into the base of Zahrin Sect. At the same time, the gap in the arcane array widened once again.

“Hold your ground! Do not retreat!” Kayden roared furiously, but no one would pay any heed to him at that moment.

At that sight, he could only forfeit his position at the tower and rushed toward his father’s bedroom.

Crash!

With no one else on defense, the arcane array of Zahrin Sect was ultimately destroyed. In an instant, more than ten buildings collapsed to the ground.

The demon beasts began to devour everything within their vicinity, be it the houses or the disciples of Zahrin Sect.

Chester and Wayne were at a loss for words as they took in the scene playing in front of their eyes.

In the meantime, Kayden was in Lamar’s bedroom, desperately slapping the latter’s face in an attempt to wake him from his slumber.

“Dad! Wake up. Wake up! We’re going to die if you don’t!” Kayden yelled at the top of his lungs, but Lamar did not seem to hear him at all.

Lamar’s unresponsiveness caused Kayden to become increasingly desperate. In the end, he gritted his teeth and made the hard decision of removing his pants and urinating on his father’s face.

Lamar immediately jolted awake. Livid, he bellowed, “Who the f*ck peed on my face?”

His reaction was due to the fact that he was a victim of bullying when he was young, and his bullies would constantly urinate on his face. Even after he had grown older, he still held onto the grudges.

No matter the situation, as long as someone urinated on his face, he would always react promptly.

With that knowledge, Kayden chose to deploy that method when he was at the end of his wits.

“It’s me, Dad. We’re—”

Before Kayden could even explain the situation, Lamar slapped him heavily on the cheek.

“How f*cking daring of you to pee on my face!” Lamar shot daggers at Kayden. “Are you rebelling against me?”

Cupping his swollen cheek, Kayden had a look of grievance etched on his face as he said, “Dad, Zahrin Sect is in grave trouble. Hurry up and take a look outside...”

Lamar quickly realized something was amiss. Without wasting any more time, he strode out of his bedroom. The moment he did so, he saw countless demon beasts ravaging Zahrin Sect and ruthlessly killing the disciples.

“What... What is going on here?”

Lamar was dumbfounded. I’ve merely taken a short nap. How could things have escalated this much?

“It’s Jared, Dad. Jared summoned those demon beasts. They broke through our arcane array and started this massacre,” Kayden explained, following behind Lamar.

“Jared?” Lamar was taken aback before frowning slightly.

Just then, a bull demon charged toward Lamar. It exuded a powerful aura as fire puffed from its nostrils.

At that sight, Lamar stretched out his hand calmly and struck the demon bull, killing it on the spot.

“How dare he destroy my sect? When I see him in the future, I’ll be sure to kill him!” he roared.

“You don’t have to wait. I’m here now.”

All of a sudden, Jared, following behind Chester and Wayne, approached the father-and-son duo slowly.

At the sight of the trio, Lamar was overwhelmed with rage.

“Jared Chance, I don’t know what tricks you’ve used to get these demon beasts to work for you, but no matter what it is, you shall die today!”

In the presence of his father, Kayden’s confidence surged. His face contorted with aggression as he let out a cry and charged toward Jared. In an instant, a long sword appeared in his hands. Its blade was enveloped with sword energy, and it made a whooshing noise as it cut through the air.

Jared watched Kayden attack him with a look of contempt in his eyes.

“You dare to fight me? If it were your father, perhaps I would be slightly more intrigued,” Jared remarked.

Right after he spoke, the Dragonslayer Sword appeared in his hands. He then took a step forward and swung the sword in Kayden’s direction.

With a clang, Kayden’s sword was immediately cut in half. Stunned silent by what had happened, Kayden gaped. He did not expect his power to be so inferior to Jared’s.

Before he could react, Jared placed the Dragonslayer Sword on top of his shoulders.

A Man Like None Other Chapter 2429-The cold metal on his skin made Kayden’s hair stand on end. He was utterly terrified. If Jared were to move even an inch, his head would be displaced from his neck. Trembling in fear, Kayden threatened, “J-Jared, do not, do not act rashly. If you kill me, my dad will never let you off the hook.”

When Lamar saw that his son had fallen into Jared’s hands, he broke out in a cold sweat and roared, “Jared, let my son go! Otherwise, I’ll make sure you die a painful death!”

“Still threatening me when you’re already on your deathbed?” With a sneer, Jared raised the Dragonslayer Sword and was about to swing it onto Kayden’s neck.

At that, the petrified Kayden screamed, “Don’t kill me! Please! I’ll promise you anything!” Urine trickled down his legs. At the sight of Kayden’s pathetic state,

Jared chuckled. Stopping his swing mid-air, he teased, "Call me 'Grandpa, and I'll let you live."

"Don't you dare!" Lamar immediately yelled at his son when he heard Jared's request. If Kayden were to call Jared "Grandpa," it would imply that Lamar was Jared's son. In other words, Kayden would be saying that Lamar owed Jared respect. Caught between a rock and a hard place, Kayden looked troubled, unsure of what he should do. "If you refuse to do it, then die!"

With that, the Dragonslayer Sword in Jared's hand neared Kayden's neck. Kayden felt the coolness of the blade touching him, then the warmth of his own blood.

"Grandpa! Grandpa! Don't kill me! Don't kill me..." Buckling under the pressure, Kayden gave in and started addressing Jared as his grandfather, much to Lamar's annoyance. Jared guffawed. "What a good grandson you are."

To make matters more embarrassing for Lamar, Chester and Wayne were looking at him. mockingly, which made him feel thoroughly humiliated. "I've done what you've asked of me. C-Can your let me go now?" Kayden cast a pleading look at Jared.

"Of course!"

With a small smile, Jared drew his Dragonslayer Sword away from Kayden. Just as Kayden breathed a sigh of relief, the Dragonslayer Sword in Jared's hand struck his shoulder with a mighty blow. He fell heavily onto the ground and coughed up fresh blood. The aura within his body shattered in a matter of seconds.

"You..."

Kayden glared at Jared. "I'm not killing you because you're still of some use to me!" Jared sneered. He kept Kayden alive to steal the latter's power for himself.

Ever since he found out how much his capabilities paled in comparison to Tanner's, he began to have an insatiable hunger for power once again. Having been made a fool by Jared, Kayden thundered in a fury, "Dad, kill him! Kill him, I say!"

At that moment, Lamar's expression had turned dark. In his perspective, death was nothing to be feared. It was far worse to be toyed with and humiliated.

"I'm sure you're already aware of some matters, Jared. Before the activation of Spiritual Energy Restoration Formation, I won't kill you, but I can make sure that you regret that you were ever born!" Lamar declared.

A beam of light swirled around his body as he spoke. Within seconds, a purple robe appeared on his body. "You're just a lapdog for Evil Heart Sect, and I've already killed one of your kind." Jared smirked.

"What? You killed a purple-robed emissary? That's impossible!" Doubt was written all over Lamar's face. He did not believe that Jared had the power to kill a purple-robed emissary.

"It's up to you to believe me. But you'll soon find out whether it's possible or not!" Jared sneered. "In that case, show me the power you have that allowed you to kill a purple-robed emissary!"

Once Lamar was done talking, a murderous and terrifying aura exuded from his body. Sensing the aura within Lamar, Jared merely eyed him with disdain. "I wouldn't even have to use all my strength to annihilate you."

After all, Lamar was not as powerful as Brad.

A Man Like None Other Chapter 2430-"How do you make such huge claims without feeling even the least bit embarrassed? I'll show you what I've got today!" Lamar bellowed. With a roar, he dashed forward and made a grabbing motion in the air. Instantly, a long whip appeared in his hand out of nowhere, and he lashed it in Jared's direction.

In the face of Lamar's attack, Jared did not panic in the slightest. Instead, he simply stepped to the side and dodged the whip. Like a venomous snake, Lamar's whip whizzed past Jared and struck the ground right next to him. A giant plume of dust and dirt flew up from the long trench in the earth that had been left behind.

As soon as Lamar realized Jared had managed to escape the first hit, he swung his whip again, which then began to move so quickly that it seemed to multiply by itself.

Surrounded by countless images of Lamar's whip, Jared had nowhere to dodge. At that sight, he immediately activated the Power of Dragons. It flowed out of his body and took the form of a shield that successfully blocked Lamar's attacks.

Their auras clashed with each other incessantly as images of the whip repeatedly struck the shield with great force. The shield shattered in an instant, and Lamar succeeded in lashing Jared. Even though Jared did not activate Golem Body, Lamar still only managed to leave a mark on his chest.

In response to the successful attack, Lamar glowed with pride. Eyeing Jared mockingly, he snarled, "You're nothing but a tiny ant before me. Do you actually think you're anywhere near my level? You and whose army?"

Jared sneered. Despite being hit by Lamar's whip, he did not show the slightest bit of fear. "Since you've left me such a meaningful gift, I must give you something in return. Let me give you a taste of my powers."

With that, Jared thrust the Dragonslayer Sword in his hand. Countless beams of light were emitted from the blade, causing the whole ground to shake. Those beams of blinding light proceeded to envelop Lamar completely. It was evident that the force of Jared's sword was much more powerful than Lamar's whip.

"This..." Lamar mumbled in shock. His brows were knitted together in a deep frown. Staring at those beams of light, he used his whip to defend himself against them.

However, the images of Lamar's whip dissipated the moment they came into contact with the beams of light from Jared's sword. All Lamar could do was continue to swing his whip desperately. He dared not relax in the slightest.

In the meantime, Jared merely watched Lamar with a sneer on his face before throwing the Dragonslayer Sword into the air. Without Jared's control, the Dragonslayer Sword emitted ray after ray of light that charged in Lamar's direction.

The sword spirit within the Dragonslayer Sword had already become self-aware. It was not completely mature yet, but it already knew how to attack on its own. At that sight, Lamar's frown grew deeper.

After letting go of the Dragonslayer Sword, Jared slowly rose into the air and took out Divine Bow. With the eruption of Ultimate Force in his body, he pulled the bowstring.

Once the bow was fully drawn, all the surrounding spiritual energy gathered rapidly toward the bow, converging into a shining golden arrow in an instant.

"What is that?" Lamar's expression turned grim when he sensed the terrifying aura of Divine Bow. All he could do was swing his whip frantically in an attempt to keep himself protected.

Swoosh! With a shout, Jared let go of the bowstring and shot the golden arrow. The arrow flew toward Lamar like a comet. The wind whistled loudly throughout the arrow's trajectory while the space around it warped and twisted. In the blink of an eye, the arrow was right in front of Lamar. He could only swing his whip incessantly to block the golden arrow.

Boom! The arrow and Lamar's whip collided with each other loudly. The whip was no match for the arrow, however, as the latter destroyed Lamar's defense in a matter of seconds.

"What the heck?" Lamar paled with fright. He had not expected Jared's arrow to be so strong.
