A Man Like None Other Chapter 3168-Right then, Feenix came in and said, “Yuven, leave this to me. I’ll talk to the few

old men and have them mobilize the soldiers.”

Yuven looked uncertain. “In the past, it would have been fine for you to intervene. However, given your current capabilities, I don’t think you can leave

Imperial Beast City either.”

Undoubtedly, Feenix had been formidable in the past. However, her powers had

significantly diminished after she was thrown into the mundane world. Currently,

she possessed only the strength of a Body Fusion Realm cultivator. There was

no chance that Lucian would allow her to leave Imperial Beast City.

“Don’t worry. King Lucian is a paranoid man. He wouldn’t immediately intercept

me if he saw me. I mean, how long can Imperial Beast City defend itself? The rest of the old ones are on different continents. They’re far from this place.. I’ll need some time for my trip,” Feenix said.

“I still have a hundred thousand soldiers in Imperial Beast City. Along with the arcane arrays around the city, defending the city for around half a month won’t be a problem,” Yuven said.

“Very well. Wait for my good news.” With that, Feenix transformed into a phoenix

and flew toward the outside of the city.

When Ivasha saw Feenix turning into a phoenix, she widened her eyes and gasped. “Dad, isn’t that... isn’t that the-”

“Indeed, she’s the phoenix. I haven’t seen her for many years. I didn’t expect her to have been. thrown into the mundane world. Now, Mr. Chance is Feenix’s

master,” Yuven said with a bob of his head before Ivasha could finish her sentence.

“Jared is Feenix’s master?” Ivasha was even more taken aback. In the meantime, Feenix had soared into the air, flapping her flaming wings.

On the top of the mountain miles away from Imperial Beast City, Xandros was grinning as he gazed at the city. Soon, Imperial Beast City would be taken over

by Norwal City’s army and become his. He would even get his hands on Ivasha.

That was the reason Xandros had refrained from taking any action when Tigerus

assumed control of Imperial Beast City. He had intended. to allow Tigerus to eliminate the obstinate figures within the city and those who remained. loyal to Yuven.

Xandros would then eliminate Tigerus himself and seize control of Imperial Beast City without having to personally engage in the grim task.

However, events did not unfold as he had envisioned. He had never anticipated

that Yuven would act so swiftly in reclaiming Imperial Beast City, killing Tigerus,

and taking back his authority.

At that moment, a general from Norwal City approached Xandros and whispered, "The members of Emerald Cauldron Sect have brought Princess Ivasha into the city. I've directed my subordinates to feign ignorance."

"Hahaha! With the disciples of Emerald Cauldron Sect and Ivasha in Imperial Beast City, we'll apprehend them all at once. They probably believe they've gone unnoticed in their entry. Little did they know I had let them in so that I could

kill two birds with one stone."

Xandros started chortling.

"Xandros, what's making you so happy?" Lucian emerged from a tent with Hosen behind him.

"Dad, most of Emerald Cauldron Sect's disciples have escorted Ivasha into the

city. We can attack at any time now," Xandros reported.

"So Emerald Cauldron Sect has really come." Lucian sneered. He then turned to

Hosen and said, "Mr. Holt, you can now go to Emerald Cauldron Sect and take

over it with ease. However, please do keep in mind what you've promised me."

“Don’t worry, King Lucian. Once I take over Emerald Cauldron Sect, I’ll definitely

obey your commands. The resources of the sect are yours to take at any time as well,” Hosen quickly promised.

“Hahaha!” Lucian waved his hand. “Go now. I’ll send a hundred guards to go with you.”

After expressing his gratitude, Hosen left.
