

A WARRIOR UNDEFEATABLE/ A Man Like None Other Chapter 3471

A Man Like None Other Chapter 3471-"I had no idea you possessed the Power of Three. You should know, in the vast multitude of realms, those who possess the Power of Three are rare. It seems you indeed have remarkable talent, young man. With this, I can confidently entrust my legacy to you!" The elder's face was filled with joy.

"Sir, who are you?" Jared asked.

"I am Fire Spirit Lord, who has spent a lifetime cultivating various supreme fires.

You're fortunate to encounter me. I etched my understanding of martial arts techniques into the inner wall of the bronze cauldron, seeking the most fated individual. I can't believe the one fated to find it would be a young Draconian!" Fire Spirit Lord spoke slowly.

"Fire Spirit Lord?" Jared's brow furrowed slightly. He had never heard this name before.

Subsequently, he asked, "Since you also manipulate fire, who is more powerful, you or Inferno Devil?" "Inferno Devil? Is that the one who imbued you with the demonic fire within?" Fire Spirit Lord asked. If Jared had a demonic fire, it must be from the Inferno Devil's teachings.

Jared shook his head. "Although my ultimate fire originated from him, it wasn't something he taught me..." "Have you not noticed that when your demonic fire encounters my flames, it's like a grandson meeting his grandfather? That Inferno Devil of yours is nothing.

The most formidable demonic fire in the demon clan is the Fire Demon Lord.

Unfortunately, I haven't encountered him on this battlefield. Otherwise, I would have sparred with him." Fire Spirit Lord appeared disappointed.

Listening to the words of Fire Spirit Lord, Jared felt a tingling sensation on his scalp. In the eyes of the Fire Spirit Lord, the Inferno Devil seemed insignificant.

Jared couldn't fathom how formidable his future enemies might become.

“Sir, how exactly did the Celestial Battle start? Many cultivators were killed or injured, and several demon leaders were suppressed. Did you die here and leave behind your soul remnant?” Jared wanted to learn more about the Celestial Battle from Fire Spirit Lord.

“Nonsense, how could such a trivial battlefield possibly lead to my downfall? I merely came to the Ethereal Realm to halt the battle and leave this legacy here.

As a descendant of the Golden Dragon lineage, how could your vision be so limited? This Ethereal Realm is merely a lower plane of existence. Even the Celestial Battle of the past was nothing more than a skirmish between insignificant beings.” “The immortals, demons, or even those from the beast race, including Draconians, all have participated in this. The Ethereal Realm is in utter chaos, with lives being devastated. I came here to put a stop to it. If someone like me had participated in the war, I’m afraid you wouldn’t even see the existence of the Ethereal Realm by now. It would have collapsed long ago. The Celestial Battle led to the collapse of over three thousand planes. Even the celestial realm was not spared, with hundreds of worlds fragmenting and disintegrating, completely vanishing into the annals of history. As for the cause of the Celestial Battle, it remains a mystery to this day,” the Fire Spirit Lord explained.

The words of the Fire Spirit Lord deeply shook Jared, and he felt ignorant.

Initially, when he encountered the major demon overlords, he thought they were at the pinnacle.

But now, it seemed that these demon overlords were outstanding only in the Ethereal Realm. In other planes, they might be insignificant.

Jared fell into silent contemplation. He had worked so hard in the Ethereal Realm, striving to excel and fear nothing.

Yet, he had not reached the point of dominating the Ethereal Realm when he discovered that it was just a small, low-level plane.

Beyond the Ethereal Realm, there were countless other worlds.

It was like a diligent student in a school who studied hard, wanting to be the top student in the entire school.

In his eyes, being number one in school was the ultimate achievement!

A Man Like None Other Chapter 3472-However, one day, someone informed Jared that beyond this school, there were countless other schools, with students who could easily surpass the top student of this school!

This fact was difficult for Jared to accept.

“Isn’t striving tirelessly to improve oneself and achieve immortality enough?” Jared muttered to himself. Jared’s goal was to attain immortality and find his father.

“Attain immortality?” Fire Spirit Lord suddenly burst into laughter. “Do you know that in the Immortal Realm, ascended immortals are considered the lowest existence? And you should be aware that the Immortal Realm is just one world in the entire Celestial Realm. The Celestial Realm is divided into thirty-six levels, each containing countless worlds. Just imagine, what is the Ethereal Realm, and what are immortals?” Jared remained silent, his expression turning incredibly serious.

Observing Jared’s demeanor, Fire Spirit Lord laughed again. “Don’t be disheartened. Even though there are thousands of worlds, individuals with your talent are rare. As long as you don’t give up and diligently cultivate your skills, you’re bound to achieve great things in the future. When that time comes, you mustn’t forget about me. After all, I’m somewhat of a mentor to you. Although the inheritance I left is just a simple divine martial art, it should be sufficient for you at this stage.” Fire Spirit Lord was perhaps afraid that Jared would be devastated and disheartened, so he comforted him.

“Thank you, sir!” Jared nodded, his eyes filled with determination once again.

“Elder, did you seal this Celestial Battlefield? Several Celestial Battlefields in the Ethereal Realm are sealed,” Jared asked.

The Celestial Battlefield had been sealed off, making it impossible for ordinary people to easily enter!

Fire Spirit Lord nodded. “Yes, back then, various clans were in chaos, and millions of cultivators died. There were numerous divine weapons, and

countless magical items were left behind. If it hadn't been sealed, the human realm would have long turned into a wasteland. These magical items, as marvelous as they are, also corrupt the mind, inciting people to slaughter each other." "Sir, since you sealed the Celestial Battlefield, I have something I'd like to ask you about," Jared said and took out the watch.

Jared attempted many times, but the watch remained non-functional. However, Jared was certain that this watch was some sort of time magical item, but he just didn't know how to activate it!

During the time of crisis, the beast egg had been used!

When Jared took out his watch, surprisingly, Fire Spirit Lord didn't even spare it a glance. Instead, his gaze was firmly fixed on Jared's Storage Ring!

With a puzzled look on his face, Jared said, "Sir, this is a Storage Ring. Do you like it? If you do, I can give it to you..." Jared had thought that Fire Spirit Lord was interested in his Storage Ring.

"Nonsense, why would I need your inferior trinket? If I wanted to store something, I could simply create a storage world of my own. Why would I bother wearing a storage magical item and risk being ridiculed?" Fire Spirit Lord replied, his voice dripping with disdain.

"Then why were you staring at my Storage Ring?" Jared asked in confusion.

"I saw that little creature in your Storage Ring. Take it out so I can have a closer look..." Fire Spirit Lord was interested in examining Jared's little unicorn. Upon hearing this, Jared quickly took out the little unicorn and said, "Sir, I obtained a beast egg in the Celestial Battlefield which hatched into this little unicorn.

Unfortunately, it's still too small to ride..." Fire Spirit Lord gazed intently at the little unicorn for quite some time before finally speaking. "Are... are you certain that this was found within the Celestial Battlefield?" Jared nodded and said, "Yes, it was originally an egg. After absorbing the celestial water, it hatched. I had no idea it would be a little unicorn."

A Man Like None Other Chapter 3473-“Unicorn? Ridiculous. This is not a unicorn! It’s a Celestial Devourer, the mount of a level nine Vermilion Demon Lord,” exclaimed Fire Spirit Lord.

“A mount of a demon? Isn’t this a unicorn? What exactly is a Celestial Devourer?” Jared wore a look of confusion on his face.

“The Celestial Devourer is a ferocious creature, notoriously difficult to tame. It is said to be the offspring of a unicorn and a ravenousor, though I’m not entirely certain. But how could a Celestial Devourer lay eggs in this Celestial Battlefield?

And the Vermilion Demon Lord couldn’t possibly come here? It’s strange, truly strange...” Fire Spirit Lord wore a face full of confusion. Upon hearing this, Jared realized why the little creature resembled a unicorn so much. After all, it was a hybrid.

Regardless of whether it was a unicorn or a Celestial Devourer, Jared had put in a lot of effort to hatch it and establish a bond. So, he would take care of it.

Putting the little Celestial Devourer back into the Storage Ring, Jared asked Fire Spirit Lord, “Sir, is this pocket watch a time magical item, and is it powerful?” Only now did the Fire Spirit Lord glance at the pocket watch in Jared’s hand. He explained dismissively, “This is indeed a time magical item, but it seems to be damaged. Your current strength is just right to use it. However, this thing probably won’t be usable many more times. It’s useful for you now, but when you ascend to immortality, you won’t need it.” Upon hearing this, Jared hurriedly continued to ask, “Sir, could you instruct me on how to activate this magical item?” “I came to impart to you the teachings of divine martial arts, yet you truly regard me as your master, expecting me to teach you everything.” Fire Spirit Lord glared at Jared. With a casual wave of his hand, a ray of light entered Jared’s consciousness field.

“Sir, what is this divine martial art called?” Jared asked, sensing the divine martial art in his consciousness field.

“This is the Blazing Stride. Once you refine it, you can cover a hundred miles in a single step. If you encounter enemies you can’t defeat, you can use the Blazing Stride to escape,” Fire Spirit Lord explained.

“What? An escaping technique?” Jared was momentarily speechless. “I already know the Wind Walk, which allows me to run very fast...” “You

understand nothing. The Gale Step improves speed by increasing your running frequency. On the other hand, my Blazing Stride can help you teleport, allowing you to cover a hundred miles in a single step. I'm passing on my technique, but you are too picky. I won't teach you anymore..." After Fire Spirit Lord finished speaking, his figure suddenly vanished into thin air!

"Sir? Sir!" Jared shouted, but there was no trace of Fire Spirit Lord.

Jared saw that he was still inside the bronze cauldron. The inner wall of the cauldron was incredibly smooth, and there were absolutely no martial arts techniques engraved on it!

"D*mn, was I dreaming?" Jared climbed out of the bronze cauldron, his eyes filled with bewilderment!

But when Jared's spiritual sense entered his consciousness field, he found the Blazing Stride there. This time, he understood that it wasn't a dream at all.

"This old man is quite hot-tempered." Jared was momentarily speechless to discover that Fire Spirit Lord was playing around with him!

After surveying the grand hall once more, Jared found no other hidden magical items. Quietly, he began to observe the area outside the hall.

Jared was afraid that Pablo might still be outside. If he rashly went out, wouldn't it be like walking into a tiger's den?

After secretly observing for a while, he noticed that Pablo was not outside. Only after Jared had carefully scanned the area with his spiritual sense did he dare to step out of the grand hall!

Just as Jared stepped out of the grand hall, it suddenly vanished, as if it had never existed at all.

"Master..." At that moment, Feenix and the rest charged up from halfway up the mountain.

"How did you all get up here?" Jared asked.

"We saw that guy named Pablo leave, so we feared you might be in danger and rushed over. Are you okay?" Feenix sounded concerned.

A Man Like None Other Chapter 3474-“I’m fine, everything’s good!” Jared reassured.

“Jared, what was that lightning tribulation cloud just now? I thought Pablo had broken through to the Ultimate Realm. But I didn’t see any changes in him, and you didn’t either. What exactly happened?” Catina asked curiously.

Jared smiled and took out the little Celestial Devourer.

“Look, it hatched from the beast egg,” Jared explained.

“Wow, such a cute little creature. Is this a unicorn?” Catina exclaimed, reaching out to touch it.

Roar!

As soon as Catina reached out, the Celestial Devourer let out a roar!

Catina was taken aback and quickly retreated in fear. She hadn’t expected such an adorable little unicorn to be so ferocious.

“Fox Queen, this is not a unicorn. It’s a Celestial Devourer. Its temperament is wild, so you’d better not provoke it,” Feenix warned Catina.

Feenix, being more experienced, could easily distinguish between a unicorn and a Celestial Devourer.

“Celestial Devourer?” Catina was surprised and quickly stepped back.

Tyler, Jennifer, and the others looked at the Celestial Devourer in Jared’s hands curiously. However, they didn’t understand what a Celestial Devourer was or how formidable it could be.

Jared put the Celestial Devourer away. He still didn’t know its temperament, and he didn’t want it to harm anyone.

“Okay, let’s leave this place as soon as possible.” Jared was afraid that Pablo would return, so he thought about leaving as quickly as possible. Everyone nodded and followed Jared as they swiftly left.

After leaving the mountain, Tyler stepped forward and thanked Jared, “Mr.

Chance, thank you very much. Without you, our family wouldn’t have obtained the charm spells of the Skywrath Sect. We plan to leave this Celestial Battlefield. Obtaining the charm spells from the Skywrath Sect is the greatest fortune for our Summers family.” “Mr. Summers, you’re too kind. Since you’re leaving, I won’t stop you. Please take care,” Jared told Tyler.

“Mr. Chance, if you have the time, do visit my humble abode. I assure you, I’ll have some fine wine ready for your reception.” Tyler extended an invitation to Jared.

“Sure, I will!” Jared politely accepted.

As a family renowned for their mastery of arcane arrays and charms, the Summers family had obtained the charm spell from the Skywrath Sect, which was undoubtedly their most precious possession. Hence, it was entirely reasonable for them to leave before the closure of the Celestial Battlefield.

After all, there were all sorts of people in the Celestial Battlefield. If they stayed any longer, who knew what dangers they might encounter?

After bidding farewell to the Summers family, Jared left with Feenix and Catina.

“Master, where are we going next?” Feenix asked.

“Let’s wander around aimlessly. I estimate that this Celestial Battlefield will close in a few days,” Jared replied.

Jared also had no destination in mind as he had no idea where the magical items could be!

Jared walked with Feenix and Catina through the dense forest, simultaneously using his spiritual sense to enter his consciousness field so he could delve into the study of the Blazing Stride.

Now, he had to rely on his own research since the hot-tempered Fire Spirit Lord had left abruptly without explaining anything.

Jared walked distractedly, contemplating the essentials of Blazing Stride.

Sometime later, Feenix suddenly yelled, "Master, look!" Jared hurriedly emerged from his consciousness field. Immediately, he saw the earth in front of him torn apart, trees toppled over, and a considerable amount of chaotic currents scattered about. It was clear that a battle had just taken place.

Several unrecognizable bodies lay on the ground, presenting a sight too gruesome to behold.

"Everyone wants to obtain magical items, but how many can safely leave this Celestial Battlefield?" Catina sighed.

A Man Like None Other Chapter 3475-"Men will do anything to succeed. This is an unchanging truth throughout the ages. Since we've entered the Celestial Battlefield, we must be prepared to be killed. After all, in this Celestial Battlefield, there are no rules. It is a survival of the fittest, where the predator hunts the prey," Jared remarked with a sigh.

The trio continued onward, continually discovering the bodies of cultivators along the way.

It seemed that as the closure of the Celestial Battlefield approached, these cultivators went on a killing spree.

If they didn't act now, they might miss their chance. Meanwhile, not far ahead of Jared and his companions, Magnus and his Nethersky Sect were celebrating their gains.

Pablo, on the other hand, walked ahead with a cold expression on his face.

Along the way, he killed and robbed other cultivators of their treasures.

With the Celestial Battlefield closing soon, Pablo preferred ruthlessly killing others to take their magical items over wasting time searching for them.

"By following Master, we get to eat three times a day! Master is truly extraordinary. In the future, the entire Demonica Mountain will likely recognize

his authority. This is truly Nethersky Sect's good fortune!" Magnus exclaimed, constantly praising Pablo.

Magnus' face was filled with joy as he continually showered Pablo with compliments!

Magnus's flattery made Pablo quite comfortable, and he flashed an icy smile.

"Demonia Mountain is nothing. I want to be the governor of the southern region, or even the master of the entire Ethereal Realm." Pablo had ambitious plans, given the extraordinary experiences he had gone through, experiences that others had never encountered.

"You're right. You should become the master of the Ethereal Realm. By then, you can take out the Five Great Governors and the Demon Seal Alliance!" Magnus chimed in. He didn't even bother showing the Five Great Governors any respect.

"Such big ambitions, considering you're just a Demonic Cultivator. You don't even care about the Five Great Governors!" No sooner had Magnus' words fallen than five cultivators clad in white suddenly appeared before Pablo and the others!

These five individuals had solemn expressions, staring intently at the magical items in Magnus and the others' hands.

Moreover, these five individuals were quite powerful. Two of them were Seventh Level Tribulators, and the other three were Sixth Level Tribulators. With such strength, they were indeed formidable!

Upon seeing someone audaciously blocking his path, Pablo gave a cold, dismissive laugh. "Who do you think you are?" "Master, these are the Five Elites. They are strong," Magnus said, his face slightly changing as he informed Pablo.

"Who the hell are the Five Elites? I don't know them," Pablo replied.

"They are a group of five individuals, each chosen by one of the Five Great Sects in Forlisle in the southern region. They are known as the Five Elites," Magnus explained to Pablo.

Upon hearing this, Pablo immediately smirked and said, “The Five Elites, huh?

Pure nonsense. They’re just unlucky to have run into me.” Seeing that Pablo was unafraid, the five individuals were somewhat surprised.

After all, the Five Elites were quite well-known in Demonia Mountain. How come Pablo didn’t recognize them?

Previously, Pablo was nothing more than a wandering cultivator. Later, he was thrown into the Demon Devouring Cave, where he encountered a remarkable adventure!

The Five Elites had not been established for long. Even though they were famous, it was perfectly normal that Pablo was unaware of them.

The five of them stared at Pablo, noting his cold and proud demeanor.

He was clad in black attire with a peculiar pattern adorning it.

Moreover, the intense aura of bloodlust emanating from Pablo’s body continued to pervade the air, exuding an incredibly fierce presence!

“My friend, you have slain quite a number of our disciples from the Five Sects along your journey, seizing many magical items that belong to us. I hope you can return them. As long as you hand over the treasures, we can let you go without a fight, avoiding unnecessary bloodshed,” the leader among the five said, holding a long sword

A Man Like None Other Chapter 3476-Pablo sneered with disdain as he looked at the group. “You think you can persuade me to give you the magical items? They are already in my possession. If you want them, try to take them from me directly. This is the Celestial Battlefield, where strength determines who gets the treasure. Are you afraid that you can’t defeat me?” The young man with a scimitar was angered by Pablo’s attitude. “You ignorant fool! We gave you a chance, but you’re still so arrogant...” Pablo laughed heartily. “I am confident because of my strength. If you have the courage, try to prove

yourself in front of me..." The young man glared at Pablo, ready to charge forward with his scimitar!

However, their leader, Mateo, stopped him. "Wiktor, don't fall for his provocation.

Even if we fight, we will do it together." Only then did Wiktor retreat with his scimitar.

Mateo spoke to Pablo. "Friend, we, the Five Elites, represent the backing of the Five Great Sects. Even if you manage to leave the Celestial Battlefield with these treasures, do you think you can escape Demonica Mountain? Even if you underestimate us, can you afford to ignore the Five Great Sects behind us?" It seemed Mateo wanted to seize the treasures that Pablo had taken without resorting to Vintence.

"Even if I were to kill all five of you now, who would know that it was me, even if you are backed by the Five Great Sects?" Pablo mocked.

Mateo's face darkened. He gritted his teeth and said, "Since you refuse to comply, don't blame us..." Following his roar, the rest prepared for battle.

"Pitiful fools!" Pablo snorted coldly, then swiftly struck down with his palm. A colossal black hand descended, covering the sky and blocking out the sun!

The five individuals stared at the enormous black hand, their faces changing color as they all retreated.

At the same moment, as the five individuals retreated, they simultaneously unleashed streams of spiritual energy. This energy converged into one, heading straight toward Pablo!

Surprisingly, Pablo didn't dodge or flinch. A black mist began to envelop his body, solidifying into armor.

"The Dark Demon Armor!" someone cried out in surprise.

The five, having launched a combined attack, found their attacks blocked by Pablo's Dark Demon Armor.

Their expressions turned grim, and they instinctively stepped back. They had underestimated Pablo. Even with their combined strength, they failed to harm

him. Now, they no longer cared about the magical items, only hoping to escape.

“Hmph, trying to escape now? It’s too late...” Pablo sneered.

With a wave of his hand, a giant, pitch-black claw reached out. Upon seeing the situation, Mateo hastily yelled, “Formation charm! Use the formation charm...” At his command, the five took out yellow charms. They spat a mouthful of blood at the charms, their faces turning pale.

The charms were purchased at great expense from the Summers family.

Combined with the essence of their blood, these charms could greatly enhance the power of their arcane array!

The array charms emitted a radiant glow and were subsequently tossed into the air by them. The five charms connected in a burst of light, and an array formation abruptly materialized, trapping Pablo within!

Subsequently, the five individuals linked up in the arcane array, their figures gradually fading away. Astonishingly, they eventually disappeared completely.

The five individuals seemed to have become invisible, seamlessly integrating themselves into the arcane array.

Witnessing this scene, Magnus and the others were astonished. Only Pablo, watching the departure of the five individuals, let out a derisive snort.

“Do you really think you can defeat me with this pathetic formation?” he sneered.

A Man Like None Other Chapter 3477-A Man Like None Other Chapter 3476Pablo gently brushed his forehead, causing an eye to suddenly appear. The sky quickly darkened, and the five individuals who had disappeared reappeared in front of him.

Feeling the power of Pablo’s Nethersky Eye, the five of them were astonished.

“Attack!” shouted the fair-skinned man as they charged towards Pablo with lightning speed. However, with the support of the Nethersky Eye, Pablo could clearly see their attacks.

He moved so swiftly that the five people couldn’t even catch a glimpse of him!

Soon, billows of black mist charged towards them. They skillfully evaded the mist by using the arcane array. Meanwhile, Jared and the others arrived while Pablo was fighting the Five Elites.

Jared immediately spotted Pablo.

“What’s happening?” Catina asked in confusion as she observed the fight.

“Could it be that Pablo was the one who killed all the cultivators along the way?” Feenix asked curiously when she saw Pablo fighting the others.

“It’s possible,” Jared agreed.

With the Celestial Battlefield about to close, it was possible that Pablo had gone on a killing spree.

“These five individuals are quite powerful. It won’t be easy for Pablo to win,” Catina observed. The five individuals were Sixth and Seventh Level Tribulators, not as powerful as the third and fourth kings, but still formidable opponents.

Moreover, Pablo was only an Eighth Level Tribulator. He might not be able to defeat them.

“He was trying to kill Master! This is a good opportunity to teach him a lesson and end his life...” Feenix wished for Pablo’s immediate demise.

However, Jared said solemnly, “Pablo will not lose. These five people are simply no match for him!” Just as he finished speaking, a loud bang echoed through the air. A colossal black palm descended from the sky, crushing one of the men to death.

Even the arcane array was shattered.

“Kenrick...” the remaining four seethed with rage. They hadn’t expected that, despite their combined efforts and the power of the array charm, they would still be unable to defeat Pablo. Instead, one of their own had been killed!

Even when the five of them joined forces, they were no match for Pablo. Now, with one of them dead, they were even less able to resist his attacks!

“Retreat, now!” the fair-skinned man realized that if they continued to fight, they would all end up dead.

They had used all the array charms they had bought at a high price. Now, they had no other means left.

“Hahaha! Do you think you can escape?” Pablo laughed maniacally as streaks of black mist surged towards the sky, trapping the four men like a cage.

As Pablo withdrew the Nethersky Eye, a look of disdain crossed his face.

“Who are you exactly? How can you be so powerful?” demanded the fair skinned man. They had never heard of such a formidable Demonic Cultivator in Demonica Mountain.

Pablo had just emerged from the Demon Devouring Cave, so it was understandable that they didn’t know him. After all, he wasn’t exactly a master in the past.

The remaining four men relentlessly attacked the surrounding black mist, but their efforts were in vain.

“You’re about to die, so there’s no need for you to know who I am.” Pablo’s aura surged as he raised his hands. The black mist obscured the sky and sun like dark clouds before charging towards the four men.

“Let’s go...” Jared watched the situation unfold and quickly grabbed Feenix and Catina, leaving the scene.

“Master, why didn’t we join forces with those four men? Maybe we could have killed Pablo!” Feenix asked, feeling perplexed.

“If we had approached them, those four guys would definitely have run away.

There’s no way they would have cooperated. Everyone here is selfish. Forming an alliance with them isn’t as easy as it seems, explained Jared as they sprinted away.

Not long after Jared and his companions had left, Pablo unleashed the black mist, crushing the four men instantly. Their blood splattered everywhere.

It was clear how effortlessly Pablo had killed them.

A Man Like None Other Chapter 3478-“You re incredible, Master.” Upon witnessing Pablo effortlessly slay the Five Elites, Magnus and the others couldn’t help but erupt into shouts.

Pablo enjoyed the flattery from Magnus and the others, a cold smirk playing on his lips.

“Search these people for any belongings. We need to continue our journey,” Pablo ordered Magnus.

Magnus nodded and started scavenging for treasures from the Five Elites with the other members of the Nethersky Sect.

As the rest were searching, Pablo suddenly furrowed his brows. He immediately turned his gaze toward the place where Jared had just hidden.

“That brat came...” said Pablo coldly. The person he most wanted to kill at that time was Jared, who possessed numerous magical items.

That Divine Bow was extremely tempting. Pablo was filled with envy. If the Divine Bow were in his hands, his strength would surely increase significantly.

Pablo had been searching for Jared for all these days, but the latter showed up right beside him!

“After you finish searching, follow me immediately. I will leave markers along the way.” Pablo instructed Magnus quickly before running toward Jared’s previous hiding spot. He activated the Nethersky Eye and set off immediately.

“Jared, how were you so certain that Pablo would definitely win? We don’t need to fear him if we join forces now. There’s no need to run away.” Catina couldn’t understand why Jared had fled in fear. He did not seem like the type to do so.

“Although Pablo is only an Eighth Level Tribulator, he has the Nethersky Eye and Dark Demon Armor. He’ll be a formidable opponent.” Jared did not want to exhaust all his energy on Pablo now!

“Hahaha! I never thought you’d be so afraid of me...” Just as Jared finished speaking, Pablo suddenly appeared in front of them, his face filled with satisfaction. Seeing how scared Jared was pleased him greatly.

“Pablo, why must you kill me?” asked Jared.

“If you don’t wish to die, you can hand over all the magical items you have.

Perhaps, I might spare your life!” replied Pablo coldly.

“So, you desire the magical items I possess. As long as you spare my life, I can give them to you!” Jared actually compromised!

“Master?” Feenix looked incredulously at Jared.

“Jared, what are you saying? Why are you backing down?” Catina was also shocked as she looked toward him.

Even Pablo himself was surprised. He had thought that Jared would not agree.

“Do you really agree to give me all your magical items?” asked Pablo.

“Of course. If I die, all the items will still be yours anyway,” said Jared.

“Hahaha! I’m glad to see that you can read the situation well. Give me everything you have, and I’ll spare you.” Pablo burst into hearty laughter.

Jared nodded, ready to hand over the magical items to Pablo.

“You coward! I must have been blind to think highly of you...” Catina was so furious that she couldn’t help but curse out loud.

Feenix also looked at Jared in disbelief, thinking that Jared had changed.

However, Jared was not actually handing over the magical items to Pablo.

Instead, he released the parasitic silkworm king.

Jared was quite reluctant, as he knew that it would be helpful if the parasitic silkworm reproduced more.

But now, he had to catch Pablo off guard!

“Here you go...” Jared threw something at Pablo.

Pablo, not suspecting anything, reached out his hand to accept it!

However, Pablo’s brows furrowed the moment the parasitic silkworm king appeared. Immediately after, his spiritual sense became jumbled, and his eyes turned bloodshot.

“Run!” Jared quickly called out to Feenix and Catina to escape.

A Man Like None Other Chapter 3479-“D”mn it! How dare you deceive me!” Pablo was furious, desperate to catch up with Jared. However, the intense dizziness and discomfort made it impossible for Pablo to pursue!

Indeed, the parasitic silkworm king was formidable. Pablo frantically swung his arms around in all directions!

Waves of spiritual energy surged from Pablo’s palm, like a ferocious tiger, reducing all the surrounding trees to mere rubble!

Pablo felt as though his divine soul was being gnawed away, a sensation that was incredibly painful!

After running a certain distance, Catina asked in confusion, “Jared, what did you give that guy? Why is he acting like he’s gone mad?” “I used the parasitic silkworm king, which is a bit of a pity. However, I suspect that Pablo will have a hard time recovering anytime soon.” Jared sighed as he spoke.

“What’s there to regret? Master already possesses the Celestial Devourer, so the parasitic silkworm is of little use now. As long as we raise the Celestial Devourer, who in the entire Ethereal Realm would we need to fear?” Feenix exclaimed.

“I just don’t know what the Celestial Devourer needs to eat in order to grow.” Jared didn’t know much about the Celestial Devourer, so he had no idea what it ate.

Within Jared’s storage ring, there were numerous herbs and various types of spiritual stones. However, it seemed that the Celestial Devourer didn’t take a liking to any of them.

“The Celestial Devourer is a creature of the celestial realm. It surely requires the nourishment of celestial energy,” Catina said.

“Where can one find celestial energy?” Jared was momentarily speechless.

Even though the Ethereal Realm was abundant with spiritual energy, finding celestial energy was not an easy task!

Celestial energy could only be located in some Celestial Battlefield, but where could one find so many of those places?

Feenix comforted Jared. “Master, don’t be disheartened. Once you ascend, celestial energy will be everywhere.” “Ascending to immortality... Who knows when that will happen?” Jared let out a sigh.

“Master, I believe you surely won’t have any issues. I am still waiting to ascend with you.” In the eyes of Feenix, there was nothing but anticipation!

As the saying goes, “when someone becomes successful, the people around them also share in their success.” Feenix also wished to ascend alongside Jared!

With a bitter smile, Jared chose to remain silent, continuing to walk forward. At that very moment, Pablo’s entire demeanor was ferocious. The area spanning several kilometers around him had already turned into a wasteland, and all the trees had been reduced to rubble!

The parasitic silkworm king had tormented him endlessly. The sensation of it devouring his divine soul was unbearably agonizing!

Magnus, along with several members of the Nethersky Sect, had rushed over.

When they saw the situation at the scene, they were momentarily stunned.

“Master!” Pablo’s eyes were blazing red as he spotted Magnus and his companions.

Without hesitation, he strode forward and grabbed Magnus by the collar!

Magnus, however, was terrified to the point of trembling all over. He stammered, “W-What happened to you, Master?” Pablo didn’t utter a word. Instead, he opened his mouth wide. Astonishingly, billows of black mist emerged from the top of Magnus’s head, which Magnus then absorbed into his body!

In a state of terror, Magnus’ body gradually fell silent, devoid of any trace of demonic aura. He had died, his entire being extinguished!

At that moment, the remaining members of the Nethersky Sect were utterly dumbfounded!

They couldn’t comprehend why Pablo suddenly turned against them!

When Pablo cast his gaze upon the members of the Nethersky Sect, they were so frightened that they turned and ran immediately!

However, just as they turned to run, several strands of dark energy transformed into iron chains, immediately pulling back the fleeing members of the Nethersky Sect!

“Boss, spare my life. Please spare my life...” Several members of the Nethersky Sect all began to beg for mercy!

However, Pablo seemed as if he couldn’t hear and directly bit into the neck of a member of the Nethersky Sect!

Just like a vampire, he was feasting on the blood of the members of the Nethersky Sect!

At the same time, the energy within the members of the Nethersky Sect was completely drained away!

It was only after Pablo had drained the blood of several members of the Nethersky Sect that his complexion gradually began to improve.

“Jared, I swear I will tear you into a thousand pieces for daring to toy with me!” Pablo roared loudly!
