

## **A WARRIOR UNFDEFEATABLE/**

### **A Man Like None Other Chapter 3611 - 3620**

A Man Like None Other Chapter 3611-Although Igor had a very strained relationship with Helmut, if Igor were to find out about that matter, it would likely be very hard for him to bear!

After a moment of hesitation, Jared finally gritted his teeth and decided to tell Igor the truth!

After all, the disciples of the Blood Spirit Valley had been slaughtered. Igor, as their master, had every right to know the truth!

“Mr. Lothian, I have discovered who slaughtered the Blood Spirit Valley!” Jared spoke slowly!

Upon hearing that, Igor quickly widened his eyes, anxiously asking, “Who was it?” Rosetta and Dalton were both intently staring at Jared, especially Dalton. His fists were clenched tightly, ready to seek revenge the moment Jared spilled the beans!

“It was Bloodroot Peak. Helmut was responsible, Jared said.

“It’s him? How could it possibly be him?” Igor was taken aback, his face full of disbelief!

Even Rosetta and Dalton were utterly shocked. They simply couldn’t believe it!

After all, Helmut was once a member of the Blood Spirit Valley. Many of the disciples in the Blood Spirit Valley were acquainted with Helmut!

Even if Helmut had objections and was at odds with Igor, he wouldn’t have been mad enough to massacre the entire Blood Spirit Valley!

Dalton looked at Jared in disbelief and asked, “Mr. Chance, how could this be possible? Even if he harbored resentment toward the Blood Spirit Valley, he wouldn’t possibly act this way, would he? How did you come to know about this?” After all, such matters simply cannot afford any mistakes!

“I witnessed with my own eyes that the people of Bloodroot Peak slaughtering the inhabitants of Blood Spirit Valley to the brink of extinction. Just now, I activated the time magical item, using it to travel back in time and witness everything that had happened then!” Jared spoke truthfully!

“This...” Dalton didn’t know how to refute.

Igor was deeply furrowed in worry. He trusted that Jared wouldn’t deceive him, yet he found it hard to believe that his own junior could actually commit such an act!

“Mr. Chance, you used the time magical item to witness the scene from back then. Is it possible that it was just a dream? Even if Mr. Koritnik is a bit of a rogue, he wouldn’t dare to do such a thing, right?” Rosetta couldn’t believe that Helmut would do that.

“It could also possibly be a dream. I’m somewhat unsure myself!” Upon hearing that, all Jared could do was explain!

However, Jared knew that what he experienced was not a dream. He was certain he had witnessed the scene at that time!

However, Igor and the others were unwilling to believe it at that time, and Jared had no way to prove it!

He had just used the time magical item to travel back in the past, and he was unable to use it again. If he wanted to use it once more, he would have to wait for some time!

With a fierce expression, Igor exclaimed, “Whether it was a dream or reality, it seemed I must make a trip to Bloodroot Peak to confront Helmut face to face. If it truly was his doing, I would undoubtedly tear him to shreds and cause the entire Bloodroot Peak to vanish without a trace!” “Mr. Lothian, I will accompany you. When the time comes, we can confront Helmut together.” Jared knew that Helmut would certainly not admit it.

If Jared accompanied Igor, he could confront Helmut with the scenes he had witnessed!

Moreover, if Igor went by himself, there was a chance that Helmut might even trap Igor!

Helmut dared to slaughter everyone in the Blood Spirit Valley, showing no mercy or sentiment. Therefore, it was certain that he would not hesitate to strike against Igor!

“All right, thank you, Mr. Chance.” Igor nodded.

Jared called upon the Montane Daemon to join him. After all, with Montane Daemon’s strength, dealing with Helmut would be a piece of cake!

As for Catina and the others, Jared had them stay in Blood Spirit Valley!

At present, Hanes and his group from Soulless Hall were in the Blood Spirit Valley. Catina and her team also stayed behind, serving as a form of surveillance over the Soulless Hall!

As the saying went, one shouldn’t have the heart to harm others but must be vigilant so as not to be harmed.

If Hanes were to leak the news of Jared’s presence in the Blood Spirit Valley, then the Blood Spirit Valley would once again face calamity!

A Man Like None Other Chapter 3612-Ever since Helmut had slaughtered everyone in the Blood Spirit Valley, he had been restless all that time in Bloodroot Peak!

Especially just a short while ago, he felt a tightness in his heart, as if someone had peered into it!

With a wave of his hand, Helmut immediately had an elder running over to him.

“Back when the massacre at the Valley of Blood Spirits took place, was the scene thoroughly cleaned up? Was every trace of presence completely erased?” Helmut said with a slight frown!

The elder whispered, “Mr. Koritnik, everything has been taken care of. It’s been many days now. If Igor had left any trace, it would have been found by now.” “That’s good!” Helmut nodded, then continued, “Have you found out any information about Jared?” “All I found out was that Jared seemed to have appeared in the Five Great Sects, and then he left! On their journey, they

were ambushed by the Hoover brothers. Furthermore, they were pursued by over a hundred cultivators from more than ten large and small clans and sects. However, thanks to the timely arrival of several Individuals from the three kings and four archons of the Beast Clan, Jared was saved.

After that, Jared's whereabouts became unknown. However, it seemed that Jared had always been with Igor of the Blood Spirit Valley. I believe he should be in the Blood Spirit Valley now." The elder carefully responded!

"Blood Spirit Valley is ruined. What's the point of staying there? However, Igor is truly fortunate to have Jared follow him. If we were to hand Jared over to Demon Seal Alliance now, he would be worth a hundred years of their offerings!" Envy filled Helmut's eyes!

"Mr. Koritnik, many sects and noble families are currently pursuing Jared.

Should we also..." The elder made a throat-slitting gesture!

"If Jared is indeed in the Blood Spirit Valley, that would make things easier. I could have a discussion with Igor. After all, Jared is an extremely valuable individual right now. I refuse to believe he wasn't greedy!" Helmut's eyes narrowed slightly, his expression slyly conveyed.

"Mr. Koritnik, should we try to contact Igor to see if Jared is with him?" the elder asked.

"No need. Gather a few people. We'll personally make a trip to the Blood Spirit Valley and see for ourselves." Helmut waved his hand and spoke!

Since his massacre of the Blood Spirit Valley had not been exposed, there was no need for excessive worry!

At that time, Igor, Montane Daemon, and Jared were rapidly heading toward the Bloodroot Peak!

Blood Spirit Valley and Bloodroot Peak were not far apart. Once one ascended one peak, one had arrived!

"Mr. Chance, Demon Seal Alliance has issued a death warrant against you by now. I'm sure Bloodroot Peak must have received the news as well. If you go to the Bloodroot Peak with us just like this, there's a chance that Helmut might play some tricks. I suggest you alter your appearance and conceal your aura.

That way, Helmut would not be able to recognize you.” Montane Daemon spoke to Jared!

After all, Jared had become quite a celebrity. Wherever he went, there was a chance he could be recognized and subsequently pursued!

To avoid unnecessary trouble, it was only right for Jared to change his appearance!

Jared possessed the Impersonation Technique, so changing his appearance had become the easiest thing for him!

“Mr. Chance, I believe Mr. Daemon is right. You should consider altering your appearance. Helmut is insatiably greedy. If he learns about Demon Seal Alliance’s Decree of Execution, he will surely take action.” Igor also advised Jared!

Upon seeing the situation, Jared could only nod in agreement. He then used Impersonation Technique, transforming himself into the appearance of a man in his early thirties!

A portion of his aura was concealed, making him appear to only possess the strength of Body Fusion Realm!

At first glance, it was truly nothing out of the ordinary!

Although it couldn’t withstand the other party’s investigation, if anyone had contact with Jared, they could discover it as soon as they investigated his aura.

However, it was still effective to deceive those who had rarely encountered Jared, or even those who had never met him at all!

Upon seeing Jared’s transformation, Igor gave a nod of approval, then they swiftly headed toward Bloodroot Peak!

A Man Like None Other Chapter 3613-Just as Helmut was preparing to lead his team to the Blood Spirit Valley, a disciple suddenly rushed over to report!

“Mr. Koritnik, Igor has arrived. H-He’s already at the door...” The disciple exclaimed in a flustered manner.

Upon hearing that Igor had taken the initiative to come, Helmut instantly became somewhat flustered. Ever since he left Blood Spirit Valley and established Bloodroot Peak, Igor had not once visited Bloodroot Peak!

Yet, they had taken the initiative to seek Helmut out, which gave him a sense of foreboding. It was highly likely that they had already discovered the massacre in the Blood Spirit Valley!

“How many people came?” Helmut asked!

“Three people...” the disciple replied!

Upon hearing there were three people, Helmut secretly let out a sigh of relief, then said, “Please, let them in...” “Mr. Koritnik, Igor wouldn’t be coming to seek retribution, would he?” the elder asked.

“No, he only brought three people. How could he possibly confront us with such a small force? If he truly knew that I was the one who slaughtered the inhabitants of the Blood Spirit Valley, then I would ensure that he would never leave this place.” With a murderous glint in his eyes, Helmut spoke.

After all, Blood Spirit Valley was the place where Helmut would learn and hone his skills. However, it had been completely destroyed. Such shamelessness would surely be ridiculed by everyone!

Therefore, it was absolutely imperative for Helmut not to let word of the matter spread!

Helmut was seated at the head of the table. Upon seeing Igor leading Montane Daemon and Jared into the hall, he was momentarily taken aback!

He had originally thought that Igor would bring Rosetta and Dalton along!

Unexpectedly, it turned out to be someone else!

Helmut especially didn’t expect to see Montane Daemon. Every time Helmut saw him, he couldn’t help but feel a bit intimidated!

Helmut shifted his gaze back to Jared. He merely gave him a cursory glance before looking away. A cultivator at Body Fusion Realm was simply not worth his attention!

“Igor, I wonder what brings you here all of a sudden?” Helmut asked Igor!

Igor looked at Helmut, not bothering with any roundabout tactics. He asked straightforwardly, "My disciples from Blood Spirit Valley were massacred. Not a single one was left alive. Did you have anything to do with this?" "What?" Suddenly, Helmut stood up, his face filled with surprise!

However, at that moment, his heart was already in a state of panic. He hadn't expected Igor to be so direct. However, it seemed that Igor was merely speculating, which was why Helmut would feign such surprise!

"Igor, what did you say? Blood Spirit Valley was massacred and not a single survivor left? Who on earth did this? How could you possibly doubt me? Even though I despise you and Blood Spirit Valley, I could never do such a thing.

Blood Spirit Valley is my origin. If I were to commit such a disgraceful and barbaric act, wouldn't I be the laughingstock of all? You tell me, what exactly happened? If I find out who dared to lay a hand on the Blood Spirit Valley, I will tear them to shreds!" With a face full of rage, Helmut smashed the table in front of him with a single palm strike!

Seeing Helmut in that state, Igor was momentarily at a loss for what to do!

After all, he was reluctant to believe that Helmut would do such a thing!

As fellow disciples, how could Helmut possibly do such a thing?

Jared watched Helmut's impressive performance, smirking. This guy really knows how to put on a show. What a waste that he's not acting!

Igor glanced at Jared. Seeing that Jared remained silent, he turned to Helmut and asked, "Did you really not do this?" "Igor, how could I possibly commit such a despicable act? If I were indeed the perpetrator, I'd willingly suffer divine punishment and not meet a peaceful end..." Surprisingly, Helmut actually started to swear!

Upon seeing the situation, Igor truly believed in Helmut. As for what Jared said, it might just have been a dream!

"Since it's not you, then I won't bother anymore!" Igor was preparing to leave Bloodroot Peak!

A Man Like None Other Chapter 3614-“Igor, wait a moment...” Upon seeing Igor about to leave, Helmut hurriedly chased after him!

“What do you have in mind?” Igor was vigilantly watching Helmut!

“Igor, you’ve come all this way to visit me. You really should stay a while before you leave. I also happened to have some matters to discuss with you!” Helmut took Igor by the arm and they both sat down!

“What’s the matter?” Igor had always maintained a stern expression!

Even if Helmut wouldn’t have been the one to handle the matters of the Blood Spirit Valley, Igor wouldn’t have shown Helmut any kindness either!

“Igor, I heard that the guy named Jared seems to be in your Blood Spirit Valley, isn’t he? Moreover, during this period, it seemed like he was always with you.” Helmut asked Igor.

Igor looked at Helmut warily and asked, “What do you want with Mr. Chance?” “Igor, didn’t you hear any rumors?” Helmut asked.

“What rumors?” Igor knew what Helmut meant, but he pretended not to understand and asked.

“Demon Seal Alliance issued a kill order, targeting Jared. Whoever could kill Jared, or capture him and hand him over to Demon Seal Alliance, would be rewarded with a hundred years of patronage from the Alliance. Do you know how vast the resources offered by Demon Seal Alliance over a century are? If we could get our hands on these resources, you could rebuild the Valley of Blood Spirits, and it would be many times stronger than it is now!” Helmut whispered to Igor.

“Hmph, how dare you harbor ill intentions toward Mr. Chance? You should know your worth.” Upon hearing Helmut’s intention to strike against Jared, Montane Daemon, who was standing nearby, immediately let out a cold snort!

Helmut was merely an Eighth Level Tribulator cultivator, and so Montane Daemon was not afraid of him in the slightest.

Helmut was startled by a cold huff from Montane Daemon. After all, the reputation of Montane Daemon was not to be taken lightly!

“Montane Daemon, don’t you want to obtain a century-long tribute from Demon Seal Alliance? With these resources, if we divide them among ourselves, it would be quite easy to reach Ultimate Realm!” Helmut was tempting Montane Daemon.

After all, there wasn’t a single cultivator who could resist the allure of a higher realm!

“Pah, don’t mention that. Even if I were to ascend into immortals, I still wouldn’t stand a chance against Mr. Chance.” Montane Daemon spat fiercely!

Upon seeing the situation, Helmut no longer paid attention to Montane Daemon.

As long as Igor agreed, the matter would be considered settled. What could the Montane Daemon do if he didn’t agree?

Helmut didn’t believe Montane Daemon could go against two Eighth Level Tribulator cultivator.

“Igor, surely you’re not that old-fashioned? This is Demon Seal Alliance’s once in-a-century offering, an opportunity that won’t come again if missed!” Helmut stared intently at Igor as if trying to see through to the depths of Igor’s heart!

He was still unaware that Jared was right beside him at that moment, watching him with a cold, mocking smile.

“I assure you, even if it were a thousand years of offering from Demon Seal Alliance, not just a hundred, I will never betray Mr. Chance. I also advise you, don’t entertain any ideas about attacking Mr. Chance, or don’t blame me for turning hostile.” With a fierce glare, Igor stared down Helmut, then rose to his feet and stormed out!

Helmut hadn’t expected Igor to reject him so outright and was momentarily stunned!

“Mr. Lothian, wait a moment...” At that moment, Jared spoke up!

Taken aback, Igor quickly asked, “Mr... Mr. Chadwick, is there something you need?” Just as Igor was about to call out to Jared, he remembered that Jared had changed his appearance and identity, so he quickly corrected himself!

“I have something I’d like you all to appreciate...” As Jared spoke, he took out the timepiece!

Helmut looked at the clock in Jared’s hand, his eyes filled with confusion!

Igor also joined in, his face filled with confusion as he watched!

A Man Like None Other Chapter 3615-Jared held a timepiece in his hand. Suddenly, the timepiece emitted a faint glow that instantly enveloped Igor and Helmut.

With no time to react, Igor and Helmut felt like their spiritual sense was suddenly sucked away by a massive force.

Immediately after, they found themselves spinning endlessly in the vortex of time. They both felt dizzy and disoriented.

After the vortex ceased, they opened their eyes, only to discover they were hovering above Blood Spirit Valley.

The two of them exchanged glances, but they were completely oblivious to each other’s presence.

They could sense each other yet couldn’t see each other at all.

Since their consciousness had been stripped away, reverting them to the past, they couldn’t see anything.

At that moment, Blood Spirit Valley was experiencing a bloodbath.

Igor saw that Helmut, along with the disciples of Bloodroot Peak, was ruthlessly slaughtering the people of Blood Spirit Valley.

With Helmut being an Eight Level Tribulator, no one in Blood Spirit Valley could stand in his way.

As Igor watched his disciples being slaughtered and dying one by one right before his very eyes, his body trembled, his eyes filled with rage.

“Helmut, you’re a monster! I’m going to kill you! Stop! Just stop! Everyone, halt!” Igor roared.

Alas, no one could hear his cries.

The scenes he witnessed had already taken place, so they could not be changed.

Igor's fists were clenched tightly. The feeling of helplessly watching his disciples being slaughtered right before his eyes was so overwhelming that he could barely catch his breath.

Helmut, on the other hand, stared at everything before him with surprise written all over his face. He had no idea what method Jared had used to enable them to witness the scene that had occurred at that time.

He had heard of a time magical item that could transport a person's divine soul or the like back to the past, allowing them to see events that had transpired.

Could it be that we've been taken back in time to the scene of the massacre at Blood Spirit Valley?

At that moment, in the grand hall of Bloodroot Peak, everyone was staring at Igor and Helmut. The two men stood there as still as statues, without even blinking an eye.

It was clear that their souls had been drawn out of their bodies.

"You've got some nerve. What have you done to our sect leader?" the elder of Bloodroot Peak immediately roared at Jared in fury upon seeing that.

At the same time, over a dozen of Bloodroot Peak disciples rushed forward and surrounded Jared.

Seeing that, Montane Daemon immediately positioned himself before Jared, dropping into a battle stance.

"You all want to fight? Considering your pathetic capabilities, you losers had better buzz off!" Montane Daemon cursed at those of Bloodroot Peak.

At his fury, those of Bloodroot Peak were somewhat frightened.

"Since our sect leader has been reduced to this state, it's clear that this scoundrel has played a trick on him. If our sect leader can't recover, don't

even think about leaving Bloodroot Peak,” the elder of Bloodroot Peak declared loudly.

Although he was also afraid of Montane Daemon, as an elder of Bloodroot Peak, he had to step forward and speak up then.

“Don’t worry. Your sect leader will recover soon, Jared said in a calm and nonchalant manner.

No sooner had his words fallen than Igor and Helmut suddenly moved.

Igor flew into a rage, pointing at Helmut and roaring, “You beast, I’m going to tear you to pieces today!” Having said that, Igor shot his leg out at Helmut.

Boom!

Helmut managed to dodge that blow, but it created a deep pit in the grand hall’s floor.

The energy that accompanied it caused the entire hall to start shaking. In the end, it even collapsed.

Upon seeing that, Jared and the others all leapt into mid-air.

Judging from the mess below, it was clear proof of Igor’s fury.

“Mr. Lothian, what happened?” Montane Daemon asked Igor.

“Helmut, that beast! He was the one who led the massacre of Blood Spirit Valley. Today, I will ensure that he meets a tragic end!” Igor gritted his teeth, his bones popping audibly.

A Man Like None Other Chapter 3616-Upon hearing Igor’s words, Montane Daemon looked at Helmut in disbelief. He had never expected the latter to do such a thing.

“Mr. Lothian, I’ll kill him for you!” Montane Daemon braced himself to make a move against Helmut.

Although Montane Daemon was a Seventh Level Tribulator, he was no longer at a disadvantage when dealing with Helmut, an Eighth Level Tribulator, after having experienced the demonic tribulation cloud.

Moreover, Helmut was deeply afraid of Montane Daemon, giving the latter the upper hand if they fought.

“Mr. Daemon, none of you need to lift a finger. I will personally kill him today to avenge my disciples.” Igor didn’t allow Montane Daemon and Jared to help.

He was determined to personally deal with Helmut.

At that moment, Helmut wore a gloomy expression but didn’t offer any explanation. After all, anything he said then would be superfluous.

Montane Daemon wanted to dissuade Igor further, but at that moment, Jared interjected, “Mr. Daemon, let Mr. Lothian handle it himself. We only need to keep an eye on the rest of those of Bloodroot Peak.” Jared knew that Igor could only rest easy by making a move personally.

Since Jared had spoken, Montane Daemon nodded in response.

“Drop dead!” Just when Igor shifted his attention to Montane Daemon and Jared, Helmut, who had remained silent, abruptly made a move.

Helmut swiftly reached Igor and shot his hand out in no time.

He knew that death was inevitable that day.

Either Igor would die, or he would. Therefore, he didn’t hold back in the slightest, much less pay past affections any mind.

Boom!

In that punch, Helmut unleashed nearly all of his strength. Alongside a resounding explosion, a massive ripple spread across the void.

The murderous intent in Igor’s eyes intensified. Now that Helmut was ready to strike him down without hesitation, it further confirmed that the man was indeed the culprit behind the massacre.

Igor also shot his hand out.

Their fists collided, and Helmut's body swiftly stumbled backward. Igor also rapidly stumbled back. Surprisingly, they were evenly matched with that punch.

However, Helmut was ready to give it his all, while Igor responded passively.

Therefore, it seemed that Helmut's strength was slightly inferior.

Helmut looked at Igor in surprise, his brows slightly furrowed. "I didn't expect your strength to surpass mine in just a few days when you've never been my match." He was puzzled as to how had Igor grown so much stronger than him in such a short span of time.

Igor didn't utter a word. Instead, his aura intensified to its peak.

The reason Igor was able to surpass Helmut was wholly because the elixir used when Jared treated his injuries also enhanced his strength.

Helmut was not much stronger than Igor in the first place. Now that Igor had used Jared's elixir, his strength increased, surpassing Helmut's.

That was also why Jared didn't stop Igor when the latter wanted to kill Helmut alone but agreed. If it had been a few days ago, he would never have allowed Igor to fight Helmut alone.

"Die, you monster!" With a thunderous roar, Igor moved. In a flash, he arrived before Helmut like lightning.

Subsequently, he threw a punch filled with boundless fury.

Boom!

Helmut was both shocked and angry, for he hadn't expected Igor's strength to surpass his own.

He hurriedly attempted to defend himself, only to be sent flying with that single punch from Igor.

"Mr. Koritnik!" Upon seeing that, the elder of Bloodroot Peak planned to charge over with the disciples of Bloodroot Peak.

At that, Montane Daemon suddenly waved his hands. A tremendous force surged at the disciples of Bloodroot Peak!

The dozen disciples of Bloodroot Peak were all toppled over by the immense force. Even the elder of Bloodroot Peak was ruthlessly thrown to the ground.

“If any of you dare to make a move, you will only die,” Montane Daemon threatened those of Bloodroot Peak.

A Man Like None Other Chapter 3617-At Bloodroot Peak, everyone was staring at each other, none daring to make a move lightly.

Helmut waited menacingly for Igor. He never imagined that Igor’s strength would increase so rapidly, leaving him in such a disarray.

Just as Helmut was unsure of how to deal with Igor, Igor’s punch came again.

He wouldn’t give Helmut the slightest chance to catch his breath, let alone show him any mercy.

He intended to beat Helmut to death.

Boom!

With a surge of anger, Igor threw a punch, causing the void to tremble incessantly.

Helmut tried to resist once more, but a mouthful of fresh blood spurted out. He was sent flying, skimming across the ground.

With a thunderous roar, Helmut’s body, akin to a cannonball, had demolished house after house, even creating a deep trench in the ground.

In the end, Helmut crashed directly into the gate of Bloodroot Peak. Only after the gate had collapsed did he finally stop moving.

The disciples of Bloodroot Peak, upon seeing their sect leader in such a state and their sect in complete disarray, each wore a look of utter dismay on their faces.

Despite Helmut being beaten into such a state, Igor didn’t show the slightest hesitation. Instead, he took a step forward, and in an instant, he was once again in front of Helmut.

Subsequently, he raised his fist and landed another punch on the disheveled Helmut.

“Please don’t kill me, Igor. I’m sorry...” Helmut began to beg Igor for mercy.

However, Igor’s eyes were filled with murderous intent and rage, he simply wouldn’t heed Helmut’s pleas for mercy.

If a mere plea for mercy could spare him, then the lives of the dozens of disciples from Bloodroot Peak would have been far too cheap.

“F\*ck you! You can follow your master and apologize in the afterlife!” Igor yelled as he threw a punch.

But just as Igor was about to strike, Helmut suddenly disappeared.

It was as if he had suddenly vanished into thin air.

Igor’s fist slammed into the ground, creating a deep pit. Upon witnessing Helmut’s sudden disappearance, both Jared and Montane Daemon were taken aback.

“Where is he? How could they have suddenly disappeared?” Montane Daemon asked in confusion.

Igor also looked around, but he couldn’t find where Helmut was.

“People don’t just vanish into thin air, he must be nearby. Try to sense his aura,” Jared told Igor.

Igor nodded, then released his spiritual sense to sense the aura of Helmut.

Just as Igor had begun to disperse his spiritual sense, he suddenly felt the earth tremble beneath him. The ground under his feet started to crack, spreading out in all directions like a spider’s web.

Simultaneously, beams of light shot up from the ground, encircling Igor.

Jared hurriedly warned out loud, “Be careful, Mr. Lothian, this is a magic array!” Before Igor could even react, he saw Helmut surprisingly burst forth from the ground.

Rays of light shone all around Helmut, illuminating him. Divine markings began to appear on his body, which in turn radiated a brilliant glow.

Boom!

The power within Helmut was rapidly escalating. Inside him, a surge of restless energy was continuously rising.

Helmut's face was twisted in a grimace, his entire demeanor seemed to have turned frenzied. At that moment, Helmut looked like a wild beast gone mad.

"You forced me into this! I shall sacrifice my life to activate this Heaven Array." Helmut was roaring.

Igor looked at Helmut, his brows involuntarily furrowing.

He could sense the increase in power within Helmut's body. It seemed that this arcane array had similarities with the Sacrificial Blood Array.

"Be gone!" Helmut roared, causing the entire ground to crumble around him. Then, he launched a powerful punch toward Igor.

Upon witnessing this scene, Montane Daemon furrowed his brows, ready to step forward and lend a hand. However, he was promptly stopped by Jared.

A Man Like None Other Chapter 3618-"Mr. Chance, why are you stopping me? I'm afraid Igor might not be able to hold on much longer!" Montane Daemon asked Jared, puzzled.

"No need to rush. Let's wait and see," Jared replied.

"Helmut is able to harness the power of the arcane array, greatly enhancing his strength. If things continue like this, I fear Igor will be defeated." Montane Daemon couldn't understand why Jared had asked him to wait.

"Let Mr. Lothian take care of it himself until the very end," Jared said. Upon seeing Jared's firm refusal to let him intervene, Montane Daemon could only give up and anxiously watched Igor.

Igor could feel the surge of power emanating from Helmut's body, and he dared not take it lightly.

Boom!

Igor swung a punch, and the two individuals collided heavily, much like shooting stars.

Within this arcane array, the void trembled, giving rise to ripples one after another.

Fortunately, the arcane array was there to block it. If not, the entire Bloodroot Peak would have been completely destroyed under the power of this punch.

Buzz!

The two fists collided, an endless surge of power radiating in waves from all around. This force then struck against the array, resulting in an explosive sound.

At that moment, within the array, it was as if the end of the world had descended.

Bang!

Suddenly, Igor's body plummeted like a meteorite, rapidly descending from the sky, and then heavily crashed onto the ground.

Dust and smoke filled the sky, a massive pit lay on the ground, into which Igor had completely fallen.

"Hahaha!" Upon seeing the disheveled state of Igor, Helmut immediately burst into hearty laughter.

At that moment, Igor, with traces of blood at the corner of his mouth, struggled to stand up.

"Mr. Chance..." Upon seeing the situation, Montane Daemon anxiously looked toward Jared.

At this point, if no help was given, Igor would truly be done for.

However, Jared remained motionless, his facial expression unchanged, quietly observing everything before him.

It seemed as though Igor's current situation had absolutely no relation to him.

Montane Daemon didn't understand what Jared meant. However, since Jared didn't speak up, Montane Daemon didn't dare to take matters into his own hands.

"Accept your fate, Igor! This is your destiny. Now, I will send you on your way to join your disciples." Helmut's face was contorted with ferocity, and the strength within him was surprisingly still growing.

After this battle, it was certain that Helmut would suffer backlash from the arcane array. Even if he didn't die, he would likely be rendered crippled.

But since it had come to this point, even if he were to die, he would drag Igor down with him. Otherwise, he would not have activated this Heaven Array.

"Do you really think you can defeat me with the power of your arcane arrays?" Igor gradually regained his composure, the anger in his eyes dissipating. In a calm tone, he said, "You have the help of arcane arrays, and I have mine..." Igor pulled out a formation plate from his arms, following which he forced out a drop of blood essence, letting it fall onto the disk.

The arcane formation plate was seen humming, and then it emitted a ray of light.

A thick, pungent scent of blood continuously permeated the air.

Swiftly, a massive arcane array emerged, astonishingly swallowing up Helmut's arcane array.

Lines of array runes shimmered with light, and within these patterns, red blood was flowing.

The blood that was spilled came from the sacrifices made by Maverick and Broden's subordinates. The power within the blood was not entirely depleted when Jared tricked Maverick and Broden, leading them into his consciousness field where they were slain. Consequently, the sacrificial blood arcane array was shut down.

However, the blood that was not consumed remained within the Sacrificial Blood Array. When Igor used his own essence blood to activate the array, the arcane array was set in motion, and the blood began to flow once again.

“Is this the Sacrificial Blood Array?” Upon seeing the fresh blood continuously flowing within the pattern, Helmut was instantly dumbfounded.

He never would have imagined that the formation plate used for the Sacrificial Blood Array would end up in Igor’s hands. After all, this was a disk left over from the Celestial Battle.

A Man Like None Other Chapter 3619-Igor coldly stared at Helmut, as clouds of blood mist around him continuously surged into his body.

All of these were powers within the arcane array, and Igor’s strength was rapidly escalating. And due to the absence of the arcane array’s support, Helmut’s strength was rapidly declining.

Helmut was thrown into panic, but as he observed the surrounding array runes flickering, he realized there was absolutely no way for him to escape.

“Igor, I... I was wrong! Please spare me...” Helmut started begging for mercy again.

If he had known that Igor held the formation plate for the Sacrificial Blood Array, he would have never activated Heaven Array.

“You can beg for mercy from those disciples of Blood Spirit Valley.” Igor sprang to his feet, and then promptly slapped Helmut across the face.

Smack!

With this slap, Helmut was sent sprawling heavily onto the ground.

Igor didn’t hesitate, he immediately pursued, swiftly grabbing onto Helmut’s collar and launching his fists left and right.

Igor was venting his own fury. Dozens of his disciples had been slaughtered by Helmut. This kind of rage, only Igor himself could truly understand.

Igor, carrying Helmut, struck him from the sky to the ground. Helmut didn’t have the slightest ability to resist.

Upon witnessing this scene, Montane Daemon heaved a sigh of relief. He now understood why Jared had forbidden him from intervening.

It turned out that Jared had a hunch, he knew that Igor was certain not to lose.

In the midst of the Sacrificial Blood Array, Helmut was seen being beaten to a state of utter disarray.

However, Igor did not deal a fatal blow. It wasn't that Igor didn't want to kill him, but rather, he wanted to make Helmut's fate even more tragic.

Igor grabbed Helmut by the collar, repeatedly slamming him onto the ground.

The disciples of Bloodroot Peak, upon seeing Helmut's condition, were all wide eyed, not daring to even let out a peep.

The elder of Bloodroot Peak also had an extremely unsightly expression, his eyes filled with panic.

After an indeterminate amount of time, Helmut was left with only a breath of life at this moment.

Igor slowly loosened his grip, and Helmut collapsed onto the ground with a thud.

As Igor put away the formation plate, the Sacrificial Blood Array gradually disappeared as well.

Looking at Helmut, who was barely hanging on to life, there seemed to be no mercy in Igor's eyes. By now, Igor no longer considered Helmut as his fellow junior.

"Igor, I beg of you..." Helmut spat out fresh blood from his mouth, pleading for mercy even on the brink of death. It was clear that this fellow's will to live was incredibly strong.

Regrettably, Igor would not let him live.

Without a moment's hesitation, Igor lifted his foot and firmly stomped down.

Spurt!

In an instant, Helmut's body was reduced to a pile of mush, even his soul was obliterated under this crushing blow.

After killing Helmut, Igor seemed to have been drained of his strength in an instant, slumping to the ground.

Igor tilted his head back and roared, "My disciples, you may rest easy now!" Helmut had died. The disciples of Bloodroot Peak, one by one, were trembling, their eyes filled with terror.

Now that Helmut was dead, they were next in line.

They had just witnessed Igor's strength with their own eyes. With Montane Daemon involved, there was no way they could have been a match for them.

"Igor, what should we do with these disciples from Bloodroot Peak?" Montane Daemon asked. If Igor were to order him to kill them, he would strike without hesitation.

In an instant, all the disciples of Bloodroot Peak turned their gaze toward Igor.

Their lives hung on a single command from Igor.

Watching the disciples of Bloodroot Peak, Igor slowly rose to his feet.

"Now that Helmut is gone, are you guys willing to accompany me to Blood Spirit Valley, to restore its former glory?" Igor asked.

Originally from the same lineage, these disciples from the Bloodroot Peak, if they could be brought back to the Blood Spirit Valley, would only need to slightly adjust their cultivation methods to fully adapt to the conditions of the Blood Spirit Valley.

Now, there was no one left in the Blood Spirit Valley. If they were to cultivate it bit by bit, it would require a great deal of time.

At that time, all the disciples at Bloodroot Peak were readily available, so Igor wanted to take them back to Blood Spirit Valley.

A Man Like None Other Chapter 3620-Listening to Igor's words, the disciples of Bloodroot Peak were all taken aback, thinking they must have heard wrong.

They believed that even if Igor didn't kill them, he would incapacitate them, leaving them to fend for themselves.

Unexpectedly, Igor was actually planning to take them to the Blood Spirit Valley.

“Many thanks to Mr. Lothian, I am willing to follow you till the end...” The elder from Bloodroot Peak reacted the fastest, immediately kneeling before Igor to pledge his loyalty.

Upon seeing this, the other disciples of Bloodroot Peak also knelt down in reverence one after another. All these people were willing to follow Igor to the Blood Spirit Valley.

After all, Blood Spirit Valley was the right path. Bloodroot Peak was what Helmut had established after he had left.

“All right, then. Please stand up, all of you.” With a raise of his hand, Igor had all the disciples of Bloodroot Peak stand up.

“Mr. Chance, thank you so much for allowing me to avenge the disciples of the Blood Spirit Valley. The debt of gratitude we owe you in the Blood Spirit Valley is immeasurable and can never be fully repaid.” Igor walked up to Jared, speaking as he was about to kneel down.

If it hadn't been for Jared, Igor might have never known that this was something Helmut would actually do.

“Mr. Lothian, you're too kind!” Jared hurriedly held Igor steady.

“Mr. Chance, now that Igor's great vengeance has been avenged, we should hurry back. After all, there are people everywhere looking for you,” Montane Daemon said.

Jared addressed the two, saying, “Mr. Lothian, Mr. Daemon, you two should return to the Blood Spirit Valley first. I want to take a stroll at the peak of wanted to explore the Demon Swallowing Cave, to see what kind of extraordinary adventures Pablo really had in there.” “I'll accompany you, Mr. Chance. The depths of Demonica Mountain are quite dangerous, especially the Demon Devouring Cave. I'm afraid you might be in danger if you go alone,” Montane Daemon said.

“Mr. Daemon, I've altered my appearance and suppressed my aura. Unless someone is particularly familiar with me, they won't recognize me. You can rest assured. Moreover, in the vicinity of Demonica Mountain, I observed that

the various sects were relatively mild. The three tribes could coexist peacefully, so there shouldn't be any danger," Jared explained.

"Mr. Chance, there's something you may not know. This place, known as Demonica Mountain, was once the territory of the demons. Later, it became a battlefield during the Celestial Battle, resulting in the deaths of many Demonic Cultivators. However, many Demonic Cultivators managed to survive. Some of these cultivators, notorious for their wicked deeds, took refuge deep within Demonica Mountain.

These cultivators committed atrocities at will. In their understanding, there are simply no rules to abide by. Over the years in the southern region, especially around Demonica Mountain, the three tribes have been getting along quite well.

As a result, those wicked Demonic Cultivators have been hiding deep within Demonica Mountain, not daring to show themselves. If you encounter these people, they won't care about any rules or norms," Montane Daemon said, expressing his concerns with a worried look on his face.

Jared lifted his head to gaze at the towering mountain peak that reached into the clouds, and couldn't help but exclaim in surprise, "What? Could there still be Demonic Cultivators at the peak of Demonica Mountain's depths?" Life atop the peak of Demonica Mountain would undoubtedly be extremely arduous. Living in such a place would certainly be miserable.

"Of course, there are. However, most of those Demonic Cultivators cultivated using the souls of vengeful spirits. That's why they would indiscriminately kill the innocent, committing all sorts of evil deeds.

It was precisely because of this fraction of Demonic Cultivators that Demonic Cultivators were perceived as demons, with everyone calling for our heads. In reality, not all Demonic Cultivators are mindless killers. It's just that our cultivation methods and philosophies differ from those of other cultivators, which is why we are referred to as Demonic Cultivators.

Within the realm of Demonic Cultivators, many originated from human cultivators. In essence, there isn't much difference among the three races, all striving for ascension to immortality. However, after the Celestial Battle, Demonic Cultivators became as despised as public enemies. Regardless of their nature, as long as one was a Demonic Cultivator, they were

automatically labeled as villains.” Montane Daemon heaved a light sigh, appearing utterly helpless.
