

## **A WARRIOR UNDEFEATABLE/ A Man Like None Other Chapter 3685**

A Man Like None Other Chapter 3685-Following the battle with Pablo, Jared had greatly exhausted himself. If he were to fight with Skylar now, Jared simply wouldn't be able to hold on for more than a few rounds.

Therefore, as soon as he made his move, he brought out his most powerful weapon, the Divine Bow.

When the Divine Bow was brandished, an aura of supreme authority permeated throughout the cave.

Looking at the Divine Bow in Jared's hand, Skylar frowned. He was aware of the Divine Bow's power and how formidable it was.

Moreover, if the two were to fight within the cave, it could cause the entire cave was still contemplating how to break through. If a fight were to break out, there was a risk of being harmed by those restraints.

"Jared, this mountain cave is full of restraints. If we were to fight, there's a chance we might both end up injured. In the end, we could both be buried within this cave. I don't care why you came in. We'll each rely on our own abilities to break through this restraint. How about we settle our scores after leaving this cave?" Skylar was somewhat afraid. He had endured so much to make it this far. If only he could obtain the Demoniac Stone to restore his physical body, he would then be able to ascend to the Ultimate Realm.

Becoming a cultivator in the Ultimate Realm was an achievement he had never dared to imagine.

Thinking of that, Skylar certainly didn't want to risk losing everything in a fight with Jared.

"Okay. Let's wait until we're outside to continue the fight." Jared put away the Divine Bow.

In fact, Jared didn't want to fight either. He was merely leveraging the Divine Bow, fortuitously intimidating Skylar, which deterred the latter from making a move right then.

If Skylar were to take action at that moment, Jared wouldn't be able to hold on for long even with the Divine Bow. After all, he was extremely weak at that moment.

Upon seeing Jared put away the Divine Bow, Skylar once again turned his attention to those restraints.

By now, he had managed to break through to the middle position. As long as he could overcome a few more restraints, he would be able to see Demoniac Sect's cultivation technique secret scrolls.

Once he acquired the cultivation technique secret scrolls, Skylar could exchange them for the Demoniac Stone to restore his physical body.

Skylar carefully observed the myriad of threads before him, then cautiously proceeded forward.

Upon seeing Skylar's cautious demeanor, a cold smirk tugged at the corners of Jared's mouth. Subsequently, bursts of golden light erupted around Jared's body, and he walked forward, disregarding the threads.

Jared moved swiftly, surpassing Skylar in an instant and taking the lead.

Upon seeing the situation, Skylar was instantly filled with shock. However, seeing that Jared was unimpeded by that restraint, he was seething with anger.

"Explode!" With a thunderous roar, Skylar's eyes turned a fiery red, and a cloud of black mist erupted in front of him in an instant.

As the black mist erupted, all the surrounding restraints began to tremble.

Originally, Skylar had planned to break through the restraint steadily to obtain Demoniac Sect's cultivation technique secret scrolls to exchange for the Demoniac Stone.

However, the appearance of Jared now meant that he could no longer leisurely break through the restraints.

Skylar began to break through the restraints by force.

On the other hand, Jared was leveraging his ability and understanding of Baal to break through continuously.

The two individuals advanced, one leading and the other following.

Soon, they arrived at the place where the cultivation technique secret scrolls were stored.

Jared dashed forward, planning to give it another try.

“Drop dead!” When Skylar saw Jared attempting to take the cultivation technique documentation device, his face became contorted in fury.

A wave of black mist surged toward Jared.

Upon seeing the situation, Jared instinctively rushed forward, dodging the trail of black mist.

Even if Jared were a fool, he knew he shouldn't clash head-on with the attack from a Top Level Tribulator.

Not to mention, Jared was already extremely weak at that time.
