

A WARRIOR UNDEFEATABLE/

A Man Like None Other Chapter 3806-Jared executed the Blazing Stride, and his body disappeared in an instant!

However, just as he was about to reach the area shrouded in black mist, suddenly, hundreds of disciples from the Lethal Spirit Sect rushed out. They had been lying in ambush there all along!

Seeing Jared alone, these people didn't hesitate at all and all charged toward him.

In the face of the hundreds of disciples from the Lethal Spirit Sect, a flicker of crimson fire appeared in Jared's gaze.

He knew he couldn't afford to waste time here because Lauden probably couldn't hold on much longer.

Jared suddenly leaped into the air, floating in mid-air. Flames surged all over his body!

These Demonic Cultivators from the Lethal Spirit Sect were most afraid of the demonic fire.

As Jared slowly raised his hands, an endless blaze ignited across the entire sky.

Even the air seemed to be on fire.

Waves of intense heat swept across the land, covering a radius of several miles in flames. The thick layers of snow that had accumulated instantly melted and evaporated.

Jared unleashed all the demonic fire within him.

The Lethal Spirit Sect's disciples stared at the endless flames, their eyes filled with terror!

Boom!

With a sweep of his hand, Jared gathered the flames into one spot, instantly transforming it into a fire dragon, its jaws gaping wide open!

The fire dragon roared, swooping straight down.

Those disciples from the Lethal Spirit Sect were shocked.

They burst forth with countless lethal intents, forming an impenetrable shield of black mist to stop this fire dragon.

Just as their shield of dark mist had formed, they felt a massive suction force, which instantly drew away all their lethal intent.

Jared opened his mouth, and countless lethal intents entered his body.

At this point, the disciples of the Lethal Spirit Sect were even more bewildered.

In the midst of their confusion, the fire dragon had already lunged forward. The intense flames caused the disciples of the Lethal Spirit Sect to be engulfed in a fierce blaze!

They let out piercing screams.

Seeing this, the disciples from the Lethal Spirit Sect fled in all directions. Terror filled their hearts.

But there was nowhere to escape.

After a burst of intense flame, more than a dozen disciples of the Lethal Spirit Sect were instantly reduced to ashes!

Even their souls were incinerated.

Hundreds of disciples from the Lethal Spirit Sect were instantly annihilated, leaving no trace behind.

At this point, Keelan and the others had arrived. Witnessing the scene before them, they were all utterly shocked!

Keelan secretly rejoiced that he had stood on Lauden's side and let Jared go.

If the Five Great Sects had thoroughly angered Jared at the time, Keelan didn't know what the consequences would be for them.

Far away, Ivan heard the piercing screams of the disciples from the Lethal Spirit Sect.

The screams of hundreds of people echoed far and wide. After wiping out the disciples from Lethal Spirit Sect, Jared immediately disappeared in a flash.

Jared's figure soon appeared in the black mist.

Ivan also immediately sensed that someone had intruded into his dark mist.

Consequently, he concentrated his energy to summon a horde of malicious spirits, wildly charging toward the location where Jared had appeared!

At the same time, Ivan accelerated his attack on Lauden.

He wanted to break free, but it felt as if all his energy had been drained from his body!

"I told you, I won't die by your hands..." Lauden knew he was doomed, so he leaped toward the crevice in desperation!

He would rather leap to his death than perish at the hands of the Lethal Spirit Sect.

At that moment, Jared had already rushed over. Seeing Lauden jump into the crevice, he was filled with immense anxiety!

"Don't jump, don't jump..."

Seeing this, Jared instantly grabbed the Demon Flogger and flung it in the direction of Ivan.

Crack, crack, crack!

The Demon Flogger emitted a deafening sound, instantly shattering the dense black mist, making it disappear without a trace

A Man Like None Other Chapter 3807-Ivan looked at Jared, then glanced at Keelan and the others who were chasing after him. His whole body enveloped in lethal intent, he also leaped into the crevice.

Upon seeing the situation, Jared conjured a demonic fire in his hand and instantly launched it!

Whoosh, whoosh, whoosh!

Three blazes of demonic fire arrived in an instant!

The demonic fire was extremely fast, to the point where even the void began to distort!

Upon seeing Jared's demonic fire arriving in an instant, Ivan hastily unleashed a barrier of dark mist to obstruct him!

Though he managed to block the first blaze of demonic fire, he was struck by the second and third blazes of demonic fire!

Flames engulfed Ivan, completely enveloping him!

Ivan screamed, plummeting down into the crevice!

However, as he fell, the flames on his body quickly extinguished.

Jared looked at the bottomless crevice and began to hesitate.

He didn't understand why Lauden and Ivan hadn't been torn apart by the wind blades in the crevice but had fallen directly into it.

At this moment, Keelan arrived with disciples from the Five Great Sects.

Cole also slowly regained consciousness.

As he looked at the crevice before him, a glint of excitement flashed in Cole's eyes.

It was clear, he was eager to venture into this crevice.

"Tell me, what's inside this big crevice? Why do some people get torn apart by the wind blades inside, while others are fine?" Jared knew that Cole must know some secrets about this crevice.

Cole didn't want to tell Jared at first, but when he saw the Demon Flogger in Jared's hand, he trembled and revealed honestly, "This big crevice is filled with lethal intent. As long as one is enveloped by the lethal intent and falls in, they won't be torn apart. This was also something we figured out after experimenting with several disciples..." Realization dawned upon Jared.

When Lauden jumped into it just now, he was enveloped by the lethal intent.

Ivan was also in the same situation.

Fortunately, Jared's own marked aura was much stronger than the lethal intent, so he could enter the big crevice and save Lauden.

"Mr. Cervantes, wait here with your disciples. I'll go rescue Mr. Delacroix!" After Jared finished speaking, his marked aura spread out, and he jumped directly into the crevice.

The moment Jared leaped into the crevice, he felt countless gusts of wind whistling around him!

However, because his body was enveloped by the marked aura, these wind blades didn't cause any harm to him.

Jared's body was falling rapidly, with the wind roaring in his ears.

Everything was pitch black in front of him, and he couldn't see anything. But the lethal intent pervaded the surroundings, making the temperature extremely low.

With such a dense lethal intent, one could only wonder how many cultivators and demon beasts had perished within this vast crevice!

After all, the big crevice had existed for thousands of years, and almost everyone who fell in had died!

The accumulation of thousands of years had made the lethal intent in the big crevice extremely dense.

Jared was truly puzzled. How could such a large amount of lethal intent possibly give off a feeling of warmth?

As Jared was filled with confusion, at last, his body landed at the bottom of the crevice!

The big crevice was filled with dense white bones. The age of these bones was anyone's guess. As he walked over them, he heard cracking sounds.

A Man Like None Other Chapter 3808-Sure enough, after Jared spread out his spiritual sense, he found Lauden's figure. At this moment, Lauden was unconscious due to extreme weakness.

Plus, this place was filled with lethal intent everywhere. If one was not a Demonic Cultivator, but merely an ordinary one, one would suffer damage from prolonged exposure to the lethal intent here.

Jared quickly infused a stream of spiritual power into Lauden's body, bringing him back to consciousness.

"Mr. Chance, where are we?" Lauden looked surprised to see Jared.

e remembered that he seemed to have jumped into the big crevice, so how did he end up with Jared now?

"Mr. Delacroix, we're at the bottom of the big crevice. Fortunately, when you jumped down, you were enveloped by the lethal intent; otherwise, you would have been torn apart," Jared said.

Only then did Lauden notice that they were surrounded by lethal intent. There were bones on the ground.

"What about those people from the Lethal Spirit Sect?" Lauden hurriedly asked.

If the people from the Lethal Spirit Sect were still around, they would be in danger.

"Only Ivan from the Lethal Spirit Sect is left. He also jumped into this crevice. I don't know if that guy is dead or not." Jared knew that Ivan had been hit by his demonic fire and fell to the bottom of the crevice.

Even if he didn't die, he surely must have been injured.

“What about our disciples from the Five Great Sects? And Keelan?” Lauden asked.

“There are still about twenty disciples from the Five Great Sects. Keelan’s physical body was destroyed, but his remnant soul is still intact and can be reshaped!” Jared replied.

Upon hearing this, Lauden fell into silence.

At that moment, Ivan was injured by the demonic fire. However, he wasn’t in danger even after falling to the bottom.

Feeling the lethal intent around him, Ivan smirked.

As long as he absorbed this lethal intent, not only could he recover, but his strength could also rapidly increase.

With this in mind, Ivan began to operate his cultivation technique to absorb the lethal intent.

The place was filled with lethal intent, so Ivan’s absorption speed was twice as fast as usual.

After the malicious energy was absorbed, Jared instantly noticed it.

He could feel the flow of the lethal intent being absorbed.

Following the direction of the lethal intent flow, he could find Ivan.

“Mr. Delacroix, I know the position of the Lethal Spirit Sect’s elder,” Jared exclaimed joyfully.

“Then let’s go find him. If we join forces, that guy won’t be a match for us. This place is filled with lethal intent. If we let that guy absorb it recklessly and enhance his own strength, we’ll be in danger.” Lauden knew they had to eliminate Ivan first.

Ivan had an expression of smug satisfaction on his face!

Hearing that, Lauden had an ugly expression.

He knew that Ivan was right. In this place, he and Jared couldn’t get any chance to recover.

And yet, Ivan had a constant supply of lethal intent!

With such a gap, they would eventually be worn down to death!

After Jared finished speaking, his body suddenly emitted a suction force, and the endless lethal intent around him rushed toward him like a surging river.

Ivan was instantly dumbfounded, looking at Jared in disbelief.

A Man Like None Other Chapter 3809-Lauden didn't expect Jared to have this ability. Surprised, he watched. Jared didn't emit any trace of the Demonic Cultivator's aura but could absorb the lethal intent.

This was quite peculiar!

"Stop, this lethal intent is all mine!" Ivan roared, his body turning into a storm of black mist that surged toward Jared.

Seeing this, Lauden was about to intervene but heard Jared say calmly, "Mr.

Delacroix, don't move. Watch me deal with him!" With that, Jared instantly produced the Demon Flogger in his hand.

Crack!

As the Demon Flogger cracked loudly, the dark mist was destroyed completely.

Ivan was forced to retreat.

"Kid, is that a Demon Flogger in your hand?" Ivan demanded.

"Yes. I didn't expect you to recognize the Demon Flogger." With that, Jared swung his Demon Flogger toward Ivan.

Ivan hurriedly dodged as he dared not take this whip head-on.

"Who are you exactly? How can you absorb the lethal intent? There's no Demonic Cultivator aura on you!" Ivan demanded.

After being whipped twice by Jared, Ivan also calmed down, no longer claiming the lethal intent was his.

“What’s the big deal about absorbing the lethal intent? I can even absorb the energy from the marked aura!” Jared said as the marked aura within him began to spread.

Ivan was confused, unable to believe what he saw. “How is this possible? This marked aura can only be cultivated by Elder Hadad. Who are you exactly?” “Isn’t it obvious enough?” Jared stared coldly at Ivan.

Ivan frowned. “Are you the reincarnation of Elder Hadad?” “Nonsense. My soul was suppressed. It took a lot of effort to escape and return to the Ethereal Realm. I never thought that my lineage of Elder Hadad would become someone else’s lackey. That’s utterly humiliating!” Jared said in a pretentious manner.

“Ah, reincarnation through possession? Are you truly Elder Nesser?” Ivan was shocked.

Even Lauden, who was beside them, couldn’t believe it. How had he not noticed that Jared was possessed?

“Nonsense. Can the marked aura be fake? You disciples, not even capable of learning one percent of my essence. All you do is absorb the lethal intent all day.

You harm innocent beings, all for that shred of lethal intent. You’re worse than pigs and dogs, behaving like beasts. How could I have descendants like you?

When I rebuild my body and return to my peak, I’ll see who is your master. I’ll kill him for sure!” Jared pointed at Ivan, unleashing a torrent of insults at him!

Ivan dared not make a sound, standing there with his head bowed in trembling fear.

“Wait a minute...” Suddenly, Ivan lifted his head, his face full of confusion as he asked, “If you’re Elder Hadad reincarnated, how could you have demonic fire?” Jared was taken aback. He had indeed started attacking Ivan with the demonic fire.

Therefore, Hadad simply couldn't produce demonic fire, nor did he had the means to cultivate it!

Jared's words caused Ivan to be consumed by fury.

A Man Like None Other Chapter 3810-Although Ivan knew he was no match for Jared, he still charged at the latter, roaring in fury. The endless lethal intent swept around, raging like a massive wave.

"You actually dare to lay a hand on me..." Jared wore a look of disdain, the marked aura on his body instantly filled the air.

When the lethal intent encountered the marked aura, it slowed down considerably, just like freezing ice, losing it turbulent, wave-like demeanor.

Ivan suddenly halted, his entire aura seeming incredibly stifled. His movements also began to slow down significantly.

Boom!

Suddenly, an inferno ignited and engulfed Ivan.

The surrounding-lethal intent quickly dissipated, and Ivan let out a chilling scream. As Lauden watched from the sidelines, his heart was filled with nothing but sheer astonishment.

In just a fleeting moment, Ivan was reduced to ashes.

It was a deserving end. If he sincerely apologized and begged for mercy, perhaps Jared, out of respect for Hadad, might spare him.

Yet Ivan dared to lay a hand on Jared, and really thought the latter was a pushover just because he didn't demonstrate his strength.

Thus, there was no way Jared would allow someone like that to live. After Ivan was killed, Jared began to rapidly absorb the lethal intent around him.

For Jared, this was considered a top-notch resource.

His Focus Technique could refine anything, even lethal intent, which significantly boosted his power. Meanwhile, Lauden was quietly waiting by the side.

As the lethal intent continued to diminish, the darkness covering the crevice faded away. Moreover, the temperature started to rise significantly.

In the end, Lauden was surprisingly overwhelmed by a wave of intense heat, his body drenched in sweat.

One should know that he was a Ninth Level Tribulator. No matter how extreme the heat or cold was, his spiritual energy would protect him, so he wouldn't feel it at all.

However, this intense heat had become somewhat unbearable for him.

While absorbing the lethal intent. Jared too sensed the shift in temperature.

Only when the last trace of lethal intent was absorbed did Jared finally open his eyes.

At that moment, the crevice had turned a striking shade of red, the surrounding area was akin to a heated oven.

The eerie white bones that littered the round were astonishingly all vaporized by the heat wave, disappearing without a trace.

Jared was somewhat taken aback, utterly clueless about what was going on.

At that moment, Vermilion Demon Lord suddenly cried out, "Darn it, hurry up and get out of here! This is the fire of the Earth's core. If it erupts, you guys are toast..." Upon hearing this, Jared was utterly bewildered, unable to comprehend how the fire of the Earth's core could suddenly appear there.

As Jared was mired in shock, a sudden wave of heat erupted nearby.

Accompanied by a wave of heat, a surge of lava came rolling in.

Wherever the lava passed, the rocks began to ignite.

"Run!" Upon seeing the situation, Jared called out to Lauden, and they began to leap upward at a rapid pace.

The lava kept erupting, causing the fire of the Earth's core to surge toward Jared and his companion.

No matter how fast Jared and his companion were, they couldn't match the speed of the erupting lava.

Jared possessed fire nascence, which gave him a certain resistance to the fire of the Earth's core.

However, the same couldn't be said of Lauden.

If he were to be engulfed by lava, he would probably be burnt to death quite quickly!

"Mr. Chance..." Lauden shouted, but with a shove from Jared, his body was swiftly propelled toward the crevice.

Meanwhile, Jared was enveloped by the molten lava and subsequently plunged into its scorching depths.

As Jared activated Golem Body, he could still feel countless waves of heat relentlessly assaulting him from all directions.
