

A WARRIOR UNDEFEATABLE/ A Man Like None Other Chapter 3905

A Man Like None Other Chapter 3905-Belittled Aiden Upon seeing that, Terrence realized what Jared was after, which was forcing Aiden to reveal his true strength.

Jared's punch, though it seemed terrifying, didn't actually hold much power.

What mattered more was the mental shock it delivered.

As an observer, Terrence was able to see it all.

However, Aiden was in the thick of it, completely tricked by Jared. Within the Sacred Light Fist lay the illusion nascence. Aiden didn't realize he was entranced by Jared.

If Jared merely relied on illusion spells, he would surely be seen through by Aiden.

Therefore, Jared utilized the illusion nascence, confusing Aiden's mind. Also, because the power of the Sacred Light Fist was indeed immense, Aiden believed it was real and revealed his true strength. "Is Ultimate Realm Level One the full extent of your power? How dare you boast to me with just this level of strength." Jared smirked, his eyes filled with nothing but contempt.

Upon learning that Aiden's cultivation level was only Ultimate Realm Level One, Jared relaxed, and his stress dissipated.

Otherwise, his constant stress could easily lead to mistakes during a fight.

At that moment, Aiden realized he had been tricked. His eyes were filled with anger as he spoke. "Hmph, being an Ultimate Realm Level One cultivator isn't something a Fourth Level Tribulator cultivator such as yourself can contend with." "Why are you certain I'm a Fourth Level Tribulator cultivator? I merely used half of my strength. Your aunt, at Top Level Tribulator, used the secret techniques of the Mueller family to increase her cultivation level by force to Ultimate Realm Level One. Yet, didn't I still kill her? You, being at Ultimate Realm Level One, will meet the same fate. However, if you willingly admit defeat now and crawl between my legs, I might spare your life. All you need to do is serve me as a servant for five hundred years," Jared immediately rebutted using Aiden's words.

At that point, Aiden's full capabilities had been revealed, yet the extent of Jared's abilities remained a mystery to the former.

After how light Jared made Selma's death out to be, Aiden felt somewhat uncertain.

Everyone saw Aiden's expression and burst out laughing.

Just a moment ago, Aiden was domineering, but at that moment, he had been utterly humiliated. The laughter of the crowd also put pressure on Aiden. It was a psychological warfare.

It must be said that Nieva's group sure knew how to wage psychological warfare.

Aiden's anger was ignited.

"Brat, stop pretending already. Your skills are nothing impressive. I'll surely kill you!" Aiden roared in anger.

The laughter of the crowd and Jared's mockery humiliated him in front of hundreds from the Mueller family.

That was the one-on-one battle Aiden had asked for. If he couldn't defeat Jared, he would lose all pride and dignity.

Aiden clenched his fists tightly, her eyes practically shooting fires of anger.

"Besides bragging, what real skills do you have? Just show them already." Jared continued to mock and ridicule Aiden.

"I'll show you if I'm only bragging! You've successfully infuriated me, and so you will pay the price, including those who were laughing!" Veins throbbled on Aiden's face.

At that moment, he wanted to do more than just kill Jared. He even desired to eliminate the people who were laughing uproariously.

Whoever dared to mock him, he would kill.

The dark mist around Aiden surged dramatically, shimmering within the black light hef, like a shooting star, he charged toward Jared.

Indeed, Aiden had lost his mind.

That time, Aiden unleashed all his strength.

He had been humiliated to such an extent, so he wasn't going to hold back anymore.

At that moment, he had only one thought on his mind, which was to kill Jared and everyone else opposing him.

A golden dragon roared forth from behind, continuously circling around Jared's back.

Jared might have verbally belittled Aiden, but he would never truly underestimate the latter.

No data found.

Just Incredible Jared gritted his teeth, not expecting Aiden to be somewhat clever and not fall for the provocation.

The Divine Bow was ceaselessly drawn by Jared, with various auras coalescing on it.

A continuous barrage of arrows was launched. The Golden Dragon roared in response because it was riddled with wounds.

Jared was continually moving closer to Aiden.

Only when he got up close to Aiden could he utilize the Archaic Body Cultivation against the latter.

Seeing Jared relentlessly closing in on him, Aiden instinctively reached out, conjuring a longsword made of dark mist. Without hesitation, he swung it toward Jared.

With that one stroke, a hundred-meter sword light was unleashed, bearing down directly on Jared.

Jared, on the other hand, executed Blazing Stride. His body instantly vanished, only to reappear in front of Aiden.

Jared had swapped the Divine Bow in his hand for the Dragonslayer Sword. For close-quarters combat, the Dragonslayer Sword was still more effective.

The Dragonslayer Sword erupted with boundless light, thrusting straight toward Aiden.

With a swift motion, Aiden parried the attack with the longsword in his hand.

Upon witnessing the situation, Jared sneered. Without hesitation, he let go of his Dragonslayer Sword, bewildering Aiden.

He didn't understand what was Jared trying to do.

A moment later, Jared unleashed Sacred Light Fist without using his internal aura. It was purely physical strength.

Even though the punch possessed no aura, Aiden still felt alarmed and also confused about what Jared was doing.

Just as Jared's Sacred Light Fist was about to strike Aiden, a phantom unexpectedly emerged from behind Aiden.

The endless black mist transformed into a massive phantom holding a scepter with an empty look.

Following the emergence of the phantom, Aiden's body astonishingly fused with it as one.

Jared's punch landed on the phantom, passing through it directly without causing any harm to Aiden.

"Jared, even in a physical duel, you're no match for me. In my eyes, you're nothing more than an ant." Aiden laughed heartily, his voice seemingly emanating from the phantom.

At that moment, everyone finally could see what was going on.

Aiden merged into a colossal phantom, gazing down at Jared, who seemed as insignificant as an ant to him.

With a gentle lift of his foot, aura surged. Jared's body was sent flying in an instant.

"Soul Apparition Body?" Vermilion Demon Lord expressed his surprise in Jared's consciousness field.

Jared was sent flying dozens of feet away. It took him a great effort to stabilize himself. Hearing the words of Vermilion Demon Lord, he looked puzzled and asked, "What is this Soul Apparition Body?"

"Even if I explain it to you, you won't understand. Luckily, this guy's Soul Apparition Body is just in its initial!

stage. What's solidified is merely a phantom. If it had materialized into its true form, everyone here would've.

died earlier," Vermilion Demon Lord said.

"What should I do then? Is there still a way for me to beat him?" Jared asked.

"Beating him is probably out of the question now. You should focus on how to survive. It seems the only!

splution Netbis to let the Celestial Devourer intervene and drain that guy's demonic aura. Once that's done, his Soul Apparition Body will be broken," Vermilion Demon Lord said.

Upon hearing that, Jared was utterly speechless.

The little Celestial Devourer was unpredictable. It was hard to tell if the creature would lend Jared a hand.

“Holy crap.” Jared wore an expression of utter shock. He hadn’t expected that Aiden would possess such extensive knowledge of demonic techniques, each one more formidable than the last. No wonder he spoke with arrogance earlier.

In his heart, Jared was praying fervently for the little Celestial Devourer to come out and lend a hand, all while formulating a plan.

Aiden laughed heartily, looking down at Jared. “Jared, didn’t you want to engage in close combat with me? I’m giving you the chance. Come on.” “Mr. Aiden is truly extraordinary. It seems Mr. Nolan is indeed wise to have him gain experience abroad for many years.” Terrence looked at Aiden, his eyes filled with nothing but admiration.
