

A WARRIOR UNDEFEATABLE/

A Man Like None Other Chapter 3946-They thought Jared was clearly overestimating his capabilities. If someone like Judd, who was on par with Thiago, had said this, it could perhaps be considered as a display of confidence and toughness.

When Jared said it, however, it was nothing more than a joke, a blatant overestimation of his own abilities.

How could a Fourth Level Tribulator compare with an Eighth Level Tribulator?

They were four levels apart.

And the higher the level, the greater the difference between each level.

Judd frowned and said to Jared with a hint of anger, "Axel, please stop talking. I will find a way to help you get into the inner court." "Judd, all you need to do is sit back and enjoy the show." Jared gave a casual smile, then turned his gaze to Thiago. "Since the initial assessment has been nullified, the original bet is off as well. Let's start a new bet. If you beat me, you can still take the spirit coins that I've put up." "All right, if you beat me, I'll give you my spirit coins. And every time I see you, I'll greet you as my boss," Thiago readily agreed, thinking that Jared was practically giving away his money.

"Where's the arena? Let's get this over with now. I don't have much time to waste on you," Jared said.

"Axel-" Judd and Carla tried to persuade Jared. However, Jared waved his hand, silencing them all before they could even speak.

"Come with me..." Thiago leaped up, with Jared swiftly following in his wake.

By this point, Jared simply didn't care if his abilities would be exposed.

Revealing his strength wasn't an issue as long as his true identity remained concealed.

Seeing Jared following Thiago, everyone else also trailed behind them. Such a challenge, with a gap of four levels, had never occurred in Violet Flame Sect.

Judd also followed along. He was filled with worry.

"Why is Axel so reckless?" He wore an expression of intense anxiety and even had someone inform his master.

However, whether the message could be delivered was uncertain. After all, not just anyone could enter the council meeting room.

“Axel is too impulsive. It would be such a shame if he were to be crippled by Thiago.” Carla was anxious as well, thinking it would be such a pity for a wonderful person to be crippled.

“Judd, Carla, you can forcibly stop Axel. You can knock him out. This kind of challenge is practically a suicide mission!” “Exactly, Axel has no idea about Thiago’s cunning nature, but we certainly do.” Numerous fellow disciples chimed in one after another.

“Right, we’ll forcibly take Axel away later.” It seemed that Carla had made a decision.

Judd nodded firmly. He couldn’t just stand by and watch Jared court disaster. If something really happened, he wouldn’t be able to explain it to Dario.

Thiago led Jared to the arena. The arena, crafted from a unique type of diamond, was surrounded by array runes that shimmered all around.

These array runes were likely set up by Rohan himself. It was safe to assume that within the entire Viblet Flame Sect, Rohan was probably the only array master. The arena was

already packed with people, all there to enjoy the spectacle.

Moreover, at that moment, the four juridical elders were also called upon.

Arnold Nielsen, one of the juridical elders, turned to Thiago and asked, “Thiagg, I recall today being the day of the assessment. Why have you brought people to the arena?”

“Mr. Nielsen, due to the damage of the assessment array, a disciple wishes to take on the challenge to advance to become an inner court disciple,” Thiago said.

“I see.” Arnold nodded. There were there as noting part any 9%

surprising about it. “Let the outer court disciple and the deacon take the stage!”

With that, he returned to his seat.

Jared found himself standing in the arena alongside Thiago.

Arnold glanced at the two of them, his brows slightly furrowed as he said, “Thiago, have that deacon come up on stage!” “Mr. Nielsen, I am the one being challenged,” Thiago replied.

“You?” Arnold exclaimed in surprise.

A Man Like None Other Chapter 3947-Thiago was the most powerful among the deacons, and he was now the favored disciple of the new sect leader.

Arnold wondered who the daring outer court disciple was to challenge Thiago. It was glaringly obvious that defeat was inevitable.

Arnold glanced at Jared. "Is he the disciple who issued the challenge?" Jared was merely a Fourth Level Tribulator. No matter how he looked at it, it seemed impossible for him to challenge Thiago.

The disparity in their skills was rather significant. He reckoned Jared probably wouldn't stand a chance even in a single move.

"Yes, it's him!" Thiago gave a nod.

"What's the point, then? This challenge is utterly pointless. Given the gap in skill levels, you could just defeat him with one hand," Arnold remarked in a rather dull tone.

Such a challenge, with such a vast disparity in skill levels, was simply not worth watching. It would be over in the blink of an eye, leaving the juridical elders feeling rather unenthused.

"Mr. Nielsen, even if I can crush him with a single finger, we still need to go through the motions and follow the process. Otherwise, some people might not accept it." Thiago shot Jared a cold glance.

Yet, a serene look filled Jared's eyes, and a hint of a mocking smile played at the corners of his mouth.

"All right, let's get started, then!" After Arnold finished speaking, he gently pressed his hand onto a stone the size of a palm.

Quickly, a series of radiant lights abruptly illuminated, and several arcane arrays enveloped the arena.

Once the arcane array was activated, Jared and Thiago could get started.

Regardless of whatever chaos ensued within, it wouldn't affect the outside world.

Similarly, those outside couldn't affect the people in the arena.

Upon seeing the arcane array activated, Judd and Carla grew tense. They had intended to stop Jared, but now that the arcane array was in motion, they were utterly powerless to halt it.

Observing the surrounding arcane array activating, Thiago let out a cold chuckle and said, "Kid, I didn't expect you to be so fearless. But today, I'm going to make an example out of you. It's your bad luck, so don't blame me when you're dead." The aura of an Eighth Level Tribulator surged within him, filling the entire arena with his presence.

"You want to kill me?" Jared sneered.

"What do you think? You're a newcomer yet you dare to offend me. If I don't kill you, how am I supposed to command respect? However, you don't have to die.

All you need to do is kneel before me, beg, and join our faction. I can spare your life," Thiago exclaimed.

He could spare Jared's life. After all, Jared was a rich kid. If he were to join their faction, he could make a quick buck on the side.

"Who the hell do you think you are? Just don't beg me not to kill you later," Jared spat vehemently.

His arrogant demeanor left Thiago seething with rage.

"Thiago, show him what you've got. He is way too arrogant," Adan roared.

Judd and Carla looked nervous.

"Why is Axel so stubborn? It's clear he can't win the fight. Why can't he just stay still?" Carla was utterly puzzled.

"Axel must definitely come from a wealthy family. Having been pampered since childhood, he simply has no concept of fear." Jared's demeanor and his extravagant display of wealth led Judd to speculate that Jared must be the scion of a prominent family.

He had been pampered with luxury and privilege since childhood without ever experiencing setbacks. It was no wonder he was so arrogant.

However, if Jared continued with his audacity in Violet Flame Sect, he was bound to face consequences.

Thiago was enraged, and he instantly vanished from sight. Immediately following that a figure was seen darting toward Jared, aiming a strike directly at him.

A ferocious aura, much like a tsunami, surged toward Jared.

Thiago had his other hand casually placed behind his back, seemingly intent on taking down Jared with one hand.

“Go to hell, kid!”

Watching Thiago approach with a fierce expression, Jared flashed a smirk.

A Man Like None Other Chapter 3948-Jared waved his hand, and Thiago felt a flash of white light before his eyes.

Immediately after, he found Jared standing right before him.

“Die...” Thiago launched a palm strike.

This strike pierced right through Jared’s body, yet it seemed as though Jared was completely unscathed. Taken aback, Thiago once again launched an attack on Jared.

Jared didn’t retaliate at all, simply allowing Thiago to continually assail him.

“What’s going on with, Thiago? Has he lost his senses? Why is he recklessly making moves in the arena?” someone asked Adan.

At that moment, Adan was utterly bewildered. He saw Thiago in front of Jared, constantly waving his hands around.

Jared was not far ahead of Thiago, and he hadn’t moved an inch.

He was looking at Thiago as if he were watching a monkey show. Judd and Carla were also utterly shocked, unable to comprehend what on earth Thiago was up to.

“Judd, is Thiago sick?” Carla asked.

“I’ve never heard of Thiago being sick... Could it be that...” A thought seemed to strike Judd, and his eyes suddenly widened.

“What is it?” Carla asked curiously.

“Could it be that Thiago has fallen under some illusion spell? He’s completely engulfed by it, and that’s why he’s become like this,” Judd analyzed.

“Illusion spell? How could he possibly have fallen under an illusion spell?” Carla wore a face full of confusion.

“Carla, you’re really naive. Obviously, Axel has cast the spell, making Thiago fall right into the trap. He already had a plan in mind. No wonder he wasn’t afraid of Thiago at all.” Judd expressed his admiration.

“Could Axel possibly be an array master too? It seems unlikely. He’s far too young to be one.” Carla’s brows furrowed slightly as she watched Jared in the arena.

“Carla, Axel might have the magecraft documentation device of the illusion spell on him. All he has to do is activate the documentation device, and the illusion spell will be set into motion. Don’t forget, Axel is quite wealthy. It’s entirely possible that he’s spent a large sum on acquiring array documentation devices,” Judd explained.

“Right, that should be it...” Carla finally understood now.

At that moment, Thiago was in the area, moving around as agile as a monkey, leaping up and down. It seemed as though he was competing with someone, yet in reality, he was the only one making moves.

Jared stood a short distance away, his arms folded across his chest, his face filled with mockery.

Before long, Thiago was drenched in sweat, evidently nearing exhaustion. His face twisted in a grotesque expression as he continued to shout and roar.

In Thiago’s eyes, he found that no matter how much he attacked Jared, he astonishingly couldn’t manage to knock him down.

This nearly drove Thiago to the brink of despair.

As Thiago was bellowing, Jared finally made his move.

Jared was seen leaping up. Following that, he fiercely kicked Thiago in the back.

Thiago ended up sprawling in the arena.

Jared had one foot on Thiago as he waved at the audience below in a victorious manner.

At that moment, everyone in the audience was taken aback, watching in disbelief.

Jared waved his hand, and Thiago felt a flash of white light before his eyes.

Jared had one foot on Thiago as he waved at the audience below in a victorious manner.

At that moment, everyone in the audience was taken aback, watching in disbelief.

"Axel, you're amazing!" "You're the best, Axel. I love you..." "Hahaha, what a joke! An Eighth Level Tribulator couldn't even defeat a Fourth Level Tribulator." Judd and his companions were cheering with excitement.

"Uh..." Arnold was awash with embarrassment, unsure of how to make the announcement.

"Axel, you're amazing!" "You're the best, Axel. I love you..." "Hahaha, what a joke! An Eighth Level Tribulator couldn't even defeat a Fourth Level Tribulator." Judd and his companions were cheering with excitement.

After the initial shock, Judd hurriedly called out to Arnold, "Mr, Nielsenn now that the scores have been settled, isn't it time to announce the results?"

"Uh..." Arnold was awash with embarrassment, unsure of how to make the announcement.

Thiago, who had been trampled underfoot, snapped out of his illusion at that moment seeing his current pitifi state, he immediately roared in anger, "How dare you trick me! I'll kill you..."

A Man Like None Other Chapter 3949-As Thiago roared in anger, he suddenly seemed to be engulfed in flames!

Jared swiftly retreated, while Thiago seized the opportunity to rise. Then, the flames morphed into a long sword, which he swung towards Jared!

“You must defeat me with fire source to become an inner disciple of the Violet Flame Sect, not by resorting to illusion spell. It’s disgraceful!” As he launched his attack on Jared, Thiago let out a mighty roar!

His aim was simply to let everyone know that he had fallen under Jared’s illusion, not because his skills were inferior!

“So this guy actually used illusion spell on Thiago. That’s utterly disgraceful.”

“During the duels at the Violet Flame Sect, they actually resorted to illusion spell. That’s not a true display of skill.” Adan and the others immediately pointed fingers at Jared!

Clearly, Thiago was just making excuses for himself. Moreover, he insisted that Jared must defeat him with fire source. That was such a hard thing to ask of someone!

But now, even the juridical elder remained silent. Hence, what could Judd and the others possibly do?

Thiago was seen striking Jared with a single sword blow, causing an instant ripple in the space around them. The entire arena was engulfed in flames!

Jared paused momentarily, then vanished in the blink of an eye. Moments later, a blaze erupted beneath his feet!

He employed Blazing Stride to deftly dodge Thiago’s attack!

When Thiago’s sword missed its mark, he looked fury!

Then, Jared hadn’t yet dared to reveal his full strength. The reason he had just used illusion spell was to make everyone believe that he had won by taking shortcuts!

Who would have thought that the juridical elder didn’t make any ruling at all. In fact, he didn’t even declare Thiago as the loser!

Now, Thiago had prohibited the use of illusion spell, allowing only the use of fire source. This was simply outrageous!

Regardless of whether it was fire of the Earth’s core, demonic fire, or Extreme Frost Flame, Jared could not expose himself too much!

Violet Flame Sect was known for practicing fire source techniques. If Jared were to reveal an over use of fire source, he would undoubtedly raise suspicion, even risking being captured for investigation!

At that moment, Jared could only temporarily evade using Blazing Stride.

Fortunately, that was also a type of fire cultivation technique, so Thiago couldn't really say much about it!

"Jared's technique where his feet seem to ignite with fire is truly impressive. His speed is astonishing, isn't it?" Carla couldn't help but exclaim upon seeing Jared's mastery over Blazing Stride.

"What kind of technique is this? I've never seen my master use it before. I need to ask him to teach me for the speed is just too fast." Judd watched as Jared demonstrated Blazing Stride with his face full of envy!

He had initially thought that this was a technique taught by Dario, oblivious to the fact that it was actually a genuine form of celestial technique. Therefore, even their sect leader wouldn't know it not to mention Dario!

Moreover, Jared hadn't fully unleashed his power in Blazing Stride, nor had he mastered it completely.

Once he truly mastered the technique, it would be like travelling five hundred kilometers in a single step instantly!

He didn't know what kind of cultivation technique Jared had used, but its speed was astonishing. He couldn't land a hit or grasp him, it was as if he was trying to catch an eel!

"Feathers filled the sky..."

Thiago let out a powerful shout, and his longsword igniting with a series of flames. The flames soared into the sky, then fell from the heavens, transforming into a rain of fire that blanketed the sky, akin to a torrential downpour!

Upon seeing the situation, Jared instantly transformed the fire source into a sword, and swiftly swinging it upwards!

From beneath the ground, countless flames surged upward colliding directly with the all-encompassing firestorm unleashed by Thiago!

The roar was relentless. The flames conjured by Jared collided with those of Thiago in mid-air, vanishing upon impact!

Just like a firework, it burst into a radiant light and then faded away!

Thiago watched the scene unfold with his entire demeanor turning fierce!

Surprisingly, his move didn't harm Jared at all!

Even Judd and the others stopped talking. They all thought that Jared had deceived Thiago using illusion spell!

Yet now, it was a true clash of strengths between both sides!

Unexpectedly, Jared didn't end up at a disadvantage!

A Man Like None Other Chapter 3950-Thiago's expression was twisted with disbelief. He couldn't fathom how Jared, a cultivator of Fourth Level Tribulator, could possibly hold his own against him, a cultivator of Eighth Level Tribulator!

Accompanied by Thiago's roar, he once again unleashed a multitude of flaming sword auras!

Jared watched Thiago, who was on the verge of madness, and a smirk spread across his face. He knew he had pushed Thiago to the brink of collapse!

Boom!

In an instant, Jared unleashed a surge of sword energy. The blade force directly shattered Thiago's flaming sword energy, and at the same time, it aimed straight

for Thiago, and sent him flying!

Following that, Thiago crashed down, stirring up clouds of dust!

At that moment, everyone's faces were filled with utter shock!

The fact that Jared could hold his own fight against Thiago was shocking enough!

But now, his single sword strike had sent Thiago flying shockingly!

This stark contrast was, indeed, something that everyone found hard to accept at that moment!

A warrior of Fourth Level Tribulator sent a warrior of Eighth Level Tribulator flying with just a single sword strike. Was this some kind of joke?

Even if there was a genius who could challenge those beyond their level, it was impossible to cross so many cultivation levels!" This had surpassed everyone's understanding!

Judd opened his mouth wide as he was unable to believe what he said, "This... Jared actually managed to defeat Thiago using his own strength?" Initially, everyone believed that Thiago had fallen under an illusion, which was why he was ambushed by Jared!

But what about now?

That was a contest of pure strength. There was absolutely no room for cunning tricks or shortcuts!

It was nothing but a pure contest of strength, and shockingly, Thiago was even sent flying!

"It's clear that Jared must have concealed his true skills. No wonder he dared to accept Thiago's challenge so casually!" Carla looked at Jared with admiration written all over her face. She was certain that Jared had been concealing his true strength!

In fact, it was perfectly normal for some experts to conceal their true abilities due to a variety of reasons!

And many people would do the same!

Just like Jared who kept his cultivation level suppressed at Fourth Level Tribulator. The truth was his true strength was incredibly high!

In this way, Thiago was made believe that his victory was undoubtedly assured!

However, when it really came down to a duel, he was being subdued and attacked. This was a classic case of a wolf in sheep's clothing!

As a result, Jared's reputation soared, leaving Thiago utterly humiliated!

"It's highly likely that Jared's cultivation level surpasses even mine!" Judd also believed that Jared had been concealing his true capabilities!

They could never have imagined that Jared was actually at Fourth Level Tribulator, and he made no effort to conceal his cultivation level!

It was obvious that Jared's status was far beyond what these ordinary cultivators could compare to, which was why this outcome was inevitable!

"It is despicable, and shameless to hide one's true strength and struck when least expected. Such a lowly person cannot be allowed to join Violet Flame Sect." Upon witnessing this scene, Adan quickly let out a loud shout!

He believed that Jared had concealed his true strength to intentionally feign weakness to make Thiago drop his guard!

This kind of opportunistic approach wasn't a true fight at all!

At this moment, the juridical elder also wore a stern expression!

If Jared had indeed concealed his abilities from the start with the intention, of catching thiago off guard, then this match could hardly be deemed fair!

After all, this was an inner court disciple promotion match of Violet Flame Sect, not some sort of life or death match!

There was no need to resort to such measures!

Such a scheming individual was indeed not fit to be an inner court disciple of Violet Flame Sect!

"Brat, you have tricked me using your hidden abilities!" Thiago picked himself up, and wiped off the fresh blood from the corner of his mouth!

At that moment, the juridical elder had already deactivated the arena's formation and leaped onto the platform. His voice was cold and filled with anger as he said, "You intentionally concealed your true power, leading to your opponent's misjudgment. Such a method of victory is dishonorable and does not meet the requirement of Violet Flame.

Sect."

"You cannot become a court inner disciple of our sect. Go back to where you came from!"

Upon witnessing the situation, Judd and Carla, along with others, hurriedly rushed onto the arena, intending to plead on behalf of Jared!
