## **A Man Like None Other Chapter 4211**

A Man Like None Other Chapter 4211-I Am Here “Stanton, do you really think I can’t recognize you even with your pathetic attempt to hide? Is Sky Slasher Sect only capable of sneaky ambushes now? Didn’t you promise me three days?” Sylvain shouted angrily.

Originally, they had agreed to give him three days to leave Medicine God Island, but now, not even three days had passed, and the Sky Slasher Sect had launched a sneak attack!

Fortunately, Sylvain had anticipated this and set up sentries hundreds of miles out, detecting the Sky Slasher Sect’s movements in advance.

Otherwise, if they had been ambushed while trapped on Medicine God Island, they would have been in deep trouble.

What was infuriating was that these attackers had covered their faces as if others wouldn’t know who they were.

“The plan has changed. There’s nothing I can do about it. Either way, you’re all going to die sooner or later, so it doesn’t matter when.”

Stanton sneered coldly, then ordered loudly, “Attack with full force! Leave no one alive. Once we kill them all, Medicine God Island will be ours. There are still quite a few alchemists on the island. Once we kill them, we’ll be able to loot plenty of treasures from their bodies.”

Boom, boom, boom...

Countless magecraft rained down on the people of Medicine God Island.

Sylvain’s face darkened as he continuously summoned golden beetles to break the spells, but the number of golden beetles was limited.

Screams echoed as Medicine God Island’s disciples fell into the sea one by one.

Sylvain grew increasingly anxious. He had no idea if Maxence had managed to deliver the message or if the alchemists had escaped Medicine God Island yet.

“Disciples of Medicine God Island, listen to me! None of you can retreat! Even if we die today, we will be remembered in the world of alchemists! I believe the alchemists won’t forget us! Fight to the end!” Sylvain roared.

“Sylvain, you’re pathetic. You care so much for those alchemists, but they want you dead. Let me tell you the truth-I’ve already made deals with several alchemist guilds. We’re working together to seize Medicine God Island. The reason I’m attacking early is because of the information I received. Right now, most of the alchemists on the island are probably already dead or gravely wounded,” Stanton said mockingly.

Sylvain froze for a moment, then furrowed his brow. “Who? Who from the alchemists’ side is working with Sky Slasher Sect?”

Sylvain couldn’t believe that any of the alchemists would cooperate with Sky Slasher Sect.

“I can’t tell you that. Maybe after you’re dead, I’ll let you know,” Stanton replied.

“Thaddeus Surrey from the Epean Alchemist Guild. He’s colluding with a few alchemists and Sky Slasher, Sect. But rest assured, Mr. Laurent, I’ve already informed the others. Thaddeus won’t succeed.” A voice suddenly boomed out, loud as a bell.

Everyone saw a red flame tear through the sky, piercing through the void and appearing in an instant!

The moment it appeared, an overwhelming surge of supreme fire spread across the sky, rushing toward the disciples of Sky Slasher Sect.

Stanton was horrified and shouted urgently, “Move aside!”

Sky Slasher Sect disciples paled as they hurriedly tried to evade.

some of them were in the midne casting magecraft and couldn’t move at all!

of Boom!

The demonic fire exploded, and dozens of Sky Slasher Sect disciples were instantly reduced to ashes.

The formation that had been trapping Sylvain and his men also shattered amidst the blazing demonic fire. “Mr. Chance!”

Seeing Kai’s arrival and his impressive display of power, Sylvain was overwhelmed with emotion.

“Mr. Laurent, are you all right?” Kai asked as he approached Sylvain.

Sylvain’s eyes were brimming with tears. He glanced around at his disciples, his voice heavy with sorrow. “Only these few disciples from Medicine God Island remain. We’ve lost two-thirds of them...”

## A Man Like None Other Chapter 4212

A Man Like None Other Chapter 4212-We Are Here Kai glanced at the disciples of Medicine God Island, each one wounded, while countless bodies floated on the surface of the sea.

Despite this, not a single alchemist from the island had fled or backed down.

“Mr. Laurent, don’t worry. I will avenge your fallen. Today, I will annihilate every last one of these Sky Slasher Sect b\*stards. None will be left alive,” Kai declared as the Dragon Slayer Sword slowly materialized in his hand, a terrifying killing intent surging from his body.

The remaining disciples of Medicine God Island were emboldened by Kai’s presence. Their eyes turned red as they shouted, “Kill, kill, kill! Avenge our fallen buddies!”

Stanton frowned as he eyed Kai. “Who the hell are you? This is our business with Medicine God Island. If you don’t want to die, then get lost!”

Stanton was curious about Kai after witnessing him incinerate dozens of Sky Slasher Sect disciples with the demonic fire and effortlessly destroy the formation trapping Sylvain and the others. “My name is Kai Chance. Medicine God Island’s business is my business,” Kai replied.

“Kai?” Stanton was taken aback, his eyes gleaming with realization. “Are you the Kai who has been hunted by the Demon Seal Alliance using the hundred-year offering? Haha! What luck! Not only will I take Medicine God Island, but I’ll also kill you and exchange your head with the Demon Seal Alliance for the hundred-year offering!”

“You think you can kill me?” Kai stood fearless before the Sky Slasher Sect.

“Kid, you’re too arrogant. There are hundreds of us, and you’re just a small cultivator in the sixth tier of the Tribulation Stage. We’ll trap you all in a formation,” Stanton sneered, raising his hands toward the sky. Instantly, dark clouds gathered overhead, and the ocean waves began to surge violently.

At that moment, Maxence arrived in haste.

“Father!” Maxence called out, rushing toward Sylvain.

“Maxence, stay back! Don’t come any closer!” Sylvain shouted, his voice filled with concern.

He couldn’t allow Maxence to get trapped in the formation with them.

However, Maxence ignored his father's warning and flew directly into the cloud-covered sky. Seeing this, Sylvain could only sigh in helplessness.

"Well, well, Sylvain. Looks like you and your son will be reunited in death," Stanton mocked.

"Beasts of the Sky Slasher Sect, don't you dare gloat!" Wyatt roared.

At that moment, a dozen spirit ships rapidly approached from the distance, each filled with alchemists from various regions of the Celestial Realm.

Braving the stormy winds and crashing waves, they drew nearer and nearer.

Seeing the approaching alchemists, Sylvain scolded Maxence, "What is this? Didn't I tell you to get everyone off Medicine God Island? Why have they all come here?"

"I-I don't know. I told them to leave, but they all came anyway," Maxence stammered.

"Mr. Laurent, since they're here, we have more hands to help," Kai said.

"Mr. Chance, you don't understand. The Sky Slasher Sect's magic is incredibly powerful. We are mere alchemists, and we can't possibly fight against these array master et have been risking my life holding them back just to give everyone a chance to escape Medicine God Island. But now, it's all in Is this fate? Is this really our fate?" Sylvain muttered, despair written across his face.

Seeing the mass of alchemists gathered, Stanton became even more excited. "Hahaha! This is perfect. You've all come, saving me the trouble of hunting you down one by one. Today, I will use this ve formation to kill every last one of you. After this, there will be no more alchemists left in the Celestial Realm!"

Stanton laughed maniacally as the dark clouds loomed lower and lower.

All the disciples of the Sky Slasher Sect began to chant in low voices, their lips moving in unison as they recited incantations.

From the bodies of the Sky Slasher Sect disciples, black mist began to rise, slowly gathering into the ominous black clouds above.

## **A Man Like None Other Chapter 4213**

A Man Like None Other Chapter 4213-The black cloud slowly turned into a net and began to cover David and his group!

"Retreat, retreat quickly..." seeing this, Ouyang Xing hurriedly yelled at Chen Wenliang and others!

Obviously, the people of Zhantian Fazong have set up a large formation to trap everyone.

Now Chen Wenliang and his group are too stupid to enter the formation!

But Chen Wenliang and his group didn't listen at all, and drove the spirit boat into the big net woven by the dark clouds!

"President Su, these fools actually fell into the trap.

This time we can reap the benefits!" Bao Longxing saw Chen Wenliang and his group rushing into the big net regardless of everything, and he said happily. Su Tianshuo was also a little surprised.

He didn't expect that Chen Wenliang and his group would not fear life and death and rush in directly!

"If nothing unexpected happens, it seems that we don't need to do it!" Su Tianshuo stood at the bow with a sneer on his face!

He brought a group of pharmacists and did not rush into the big net with Chen Wenliang, but watched from a distance!

He followed and watched the changes, and would not participate in it!

"David, are you okay..." Liu Ruyan rushed to David and asked with concern!

"I'm fine, just a mere Zhantian Fazong, I don't take them seriously." David smiled slightly!

Ouyang Xing couldn't help but sighed when he heard David say this!

He thought David was just bragging.

A sixth-grade cultivator in the Tribulation Realm didn't take Zhantian Fazong seriously. Isn't this a joke!

"President Chen, why did you rush in? Now we are all trapped in this big formation.

I'm afraid no one can rush out." Ouyang Xing looked at Chen Wenliang and said annoyed!

"Ouyang Island Master, you can resist the Zhantian Sect alone for us, so we can't just stand by and watch them die." "As long as we work together, we may not be the opponent of the Zhantian Sect!" Chen Wenliang said! "Yes, as long as we work together, we don't have to be afraid of the Zhantian Sect!" Zhen Yuandao said!

“But the Zhantian Sect is colluding with the Pharmacist Association, but I don’t know who they are colluding with.” Ouyang Xing didn’t know who the Zhantian Sect was colluding with!

“Following the Northern Territory Pharmacist Association, didn’t you see Su Tianshuo and his people, they didn’t follow at all.” Chen Wenliang looked at Su Tianshuo and others who were hiding in the distance!

At this moment, all the pharmacists looked at the spiritual boat where Su Tianshuo and his people were.

Now they finally understood that Su Tianshuo had colluded with the Zhantian Sect!

“Su Tianshuo?” Ouyang Xing frowned: “It turns out that this guy has long colluded with Zhantian Fazong and wants to occupy Yaoshen Island.

No wonder I talked to him about holding a pharmacist conference on Yaoshen Island, and he agreed without hesitation!” “It turns out that it was premeditated.

This guy is so bad...” “Su Tianshuo is really not a human being.

He told us that he agreed to hold a pharmacist conference on Yaoshen Island because the strength of Yaoshen Island was too strong and he had no choice but to force it.” Zhong Qing gritted his teeth and said! Many pharmacists cursed Su Tianshuo at this moment, but Su Tianshuo couldn’t hear it at all!

Because the huge black net has enveloped everyone!

The cloudless sky turned directly into a dark night at this moment, and you couldn’t see your fingers!

Under this black net, an inexplicable fear spread in everyone’s hearts!

And there was also an extremely fierce sense of oppression that made people feel suffocated!

“Let’s all work together to break this formation together...” Chen Wenliang commanded everyone to work together to break this formation!

After all, if there are so many of them, if they attack together, the power will definitely be huge!

“Okay, let’s try...”

## **A Man Like None Other Chapter 4214**

A Man Like None Other Chapter 4214-“No, this formation, even if we work together, we can't break it, and we will suffer backlash.” David hurriedly spoke up to stop everyone!

“Is it so powerful? Then what should we do?” Ouyang Xing heard it and said with a worried look on his face!

“How Is this formation possible? We can't break it even if we work together.

I dont believe it.

Our Zhou family will break it for you.” Zhou Silang heard David say this and suddenly didn't believe it!

As the saying goes, a newborn calf is not afraid of a tiger.

He has never seen any big formations.

He doesn't believe that so many people can't break a formation together!Even if they break a gap, they can all escape!

“Disciples of the Zhou family, listen to my order, follow me to break the formation!” Zhou Silang held a long sword, and his aura continued to rise! Zhou family disciples also stood behind Zhou Silang, ready to deal a fatal blow to the formation at any time!

Zhou Qian saw this, but did not stop him.

He probably wanted his son to try!

If the formation was really broken, then their Zhou family would have face in front of many pharmacists, and their status would definitely rise!

“Old Zhou, aren't you going to stop him?” Zhen Yuandao asked Zhou Qian!

“Young man, it's good to gain experience.

Even if you can't break it, you can gain experience.” Zhou Qian said.

“Didn't you hear that if the formation can't be broken, there will be backlash.

Aren't you worried?” Zhen Yuandao reminded!

“What are you worried about? There can be no backlash.

It's just alarmist...” Zhou Qian didn't quite believe what David said!

At this time, Zhou Silang and the Zhou family members were ready!

“Friend Zhou Dao, I advise you not to try it.

It’s really dangerous.” David persuaded Zhou Silang!

“Fellow Daoist Chen, thank you for your reminder, but with so many of us, are we going to be trapped here to death?” “Someone will take action eventually, so I’ll be the first to do it.

I want to see what’s so awesome about Zhan Tian Fa Zong!” Zhou Silang was young and energetic, and he wasn’t afraid at all!

David could only sigh and said nothing more!

“Silang, you have to be careful!” Zhen Huan reminded!

“Huan Huan, dont worry, I will definitely break the formation, and then all the pharmacists will look up to me.” After Zhou Silang finished speaking, he jumped up and rushed towards the formation with many children of the Zhou family!

The big net interwoven by black clouds wrapped everyone endlessly, and in the black clouds, there were flashes of light!

Zhou Silang rushed to the front with many children of the Zhou family, and they burst out with a fierce attack together! “Break...” Dozens of children of the Zhou family gathered all their strength and rushed straight to the black net! Where the power gathered, it was like the sun, bursting out with dazzling light, instantly illuminating the entire formation! seeing this scene, everyone praised it!

“The Zhou family is really strong, and the power of this combined attack is too great.” “The Zhou family is worthy of being one of the four major families in Yongle City, and its strength is really good.” “The Zhou Silang is young and promising, courageous and Knowledgeable...” Everyone praised, making Zhou Qian’s face full of pride!

“Get ready to save people!” David saw this scene and shook his head!

Zhou Qian was slightly stunned, then looked at David with some displeasure and said: “Friend Chen, what do you mean? You have seen the power of our Zhou family’s combined attack now, can’t you break this formation?” “Even if it can’t be broken, can’t these people in our Zhou family be injured?” “Not injured, but dead.

It is estimated that more than half of the dozens of people in your Zhou family will perish.” David said slowly!

“Fellow Daoist Chen, this is a bit too much.

How can you curse our Zhou family members like this?”

## **A Man Like None Other Chapter 4215**

A Man Like None Other Chapter 4215-“This is not a curse, it’s a fact...” As soon as David finished speaking, there was an explosion!

Boom!

With a loud bang, the light ball that hit the formation fiercely!

The black net shook for a while, and soon calmed down!

However, a black mist gushed out from the formation in an instant!

Dozens of people from the Zhou family were instantly wrapped in the black mist!

“Ah...” “Kill...” For a while, roars and shouts of killing resounded through the sky!

Everyone looked at it with a confused look on their faces, because they were wrapped in black air and couldn’t see what was happening inside!

“Son, son...” Zhou Qian was shocked and instinctively wanted to jump up, but was pulled by Zhen Yuandao!

soon, the children of the Zhou family began to fall from the black mist!

some people fell down, and their bodies were no longer intact, and there was no breath!

some people were seriously injured, but they were still breathing!

These people all had marks on their bodies as if they had been bitten by something!

“Save people, save people quickly...” Zhen Yuandao yelled!

Now the Zhen family is now in an alliance with the Zhou family, so we can’t just watch them die!

Zhou Silang also fell down, and there was almost no good place on his body!

But it’s not fatal, as long as he is treated quickly!

Seeing his injured son and the dead children, Zhou Qian collapsed to the ground!

At this time, everyone’s faces were full of fear and shock!

Then all their eyes were on David!

Since David can understand this formation, there must be a way to break it!

David saw that everyone was looking at him, so he said: "This kind of formation, if you want to break the formation from the inside, it must take a long time, and it may not succeed." When everyone saw David say this, they were all like eggplants hit by frost! If David can't break it, none of them can break it!

After all, they don't understand any formation at all!

"Fellow Daoist Chen, is there no other way to break the formation of the Zhantian Sect?"  
"If we are trapped like this, we will be destroyed by the Zhantian Sect sooner or later."  
Chen Wenliang asked David!

"It's not that there is no way.

Now as long as someone is outside to break the formation, it will be much easier, and it can also disrupt the formation of the Zhantian Sect, causing flaws in the formation."  
David said!

"Fellow Daoist Chen, are you kidding? Who can help us break the formation outside now? Can we rely on Su Tianshuo and those guys?" Zhen Yuandao said helplessly!

Now they are all trapped here, who can help break the formation outside!

Su Tianshuo and the others will definitely not help.

These guys wish all their pharmacists would die!

"Don't worry, someone will definitely help us!" David smiled slightly!

Just as David's voice fell, there was suddenly a flash of lightning and thunder outside!

"Master, we are here and will rescue you immediately!" Only a roar was heard!

It turned out that Gu Tianchao from Liangyi Sect had arrived, and then the disciples of Liangyi Sect also began to use various magics to continuously bombard the disciples of Zhantian Sect! And Gu Tianchao also brought people to bombard Zhantian Sect's formation outside!

In terms of magic achievements, Zhantian Sect can never be the opponent of Liangyi sect!

After all, the Shenwen Patriarch of Liangyi Sect is an immortal in the heaven, and the formations he taught are all high-level formations!

“Someone really came to rescue, and there are still many people!” Listening to the movement outside, everyone was very excited and excited!

“Master? Who is the master here?” “Could it be Fellow Daoist Chen?” “Who are these people who came? It seems that the magic they cast is not weaker than that of Zhantian Sect.”
