

A WARRIOR UNDEFEATABLE/

A Man Like None Other Chapter 4311

A Man Like None Other Chapter 4311-Give It A Try “How arrogant! I’ll make sure you pay for this,” Aiden bellowed, an endless blood mist materializing behind him.

The next second, a terrifying power radiated from within him.

Aiden wore a grimace. He, an Ultimate Realm Level One cultivator, had been publicly humiliated by Kai, a Seventh Level Tribulator. Such humiliation was lethal.

Having launched two attacks yet failing to inflict even the slightest harm on Kai, Aiden began to acknowledge Kai’s true strength.

Aiden channeled his aura as an Ultimate Realm Level One cultivator, the veins on his forehead bulging.

“Spiritual body, activate!” Buzz!

Accompanied by Aiden’s furious roar, a figure slowly emerged from the red mist of blood behind him.

The figure stood tall and towering like a mountain.

The moment the spiritual body materialized, a crimson glow swirled around, radiating an overwhelming aura of divinity. The earth quaked, and the skies trembled.

Everyone who witnessed that scene was utterly shocked.

The spiritual body was noticeably more solid than a month ago. Everyone figured that must have resulted from Aiden’s hard work over the past month.

Everyone looked up at the towering spiritual body, feeling incredibly insignificant in comparison.

Upon seeing that spiritual body, Rainier couldn’t help but gape in surprise, exclaiming, “Where on earth did Aiden learn this technique? How terrifying!”

No one in Blood Bone Sect knows this cultivation technique, not even Gustave!

Clearly, he's learned this from somewhere else. However, this is only to be expected. As the son of the Mueller family, it's normal for him to spend a fortune on learning various skills to enhance his strength. After all, Aiden is not a disciple of Blood Bone Sect, so he doesn't have to adhere to any sect rules.

When Nieva and the others saw the spiritual body behind Aiden, they were taken aback. They began to worry for Kai.

At that instant, the power within Aiden intensified exponentially.

"Your Soul Apparition Body is indeed impressive, but it's a shame that it hasn't fully materialized yet. It's simply too weak. How about I show you my spiritual body?" After Kai finished speaking, a golden light burst forth from him.

Surprisingly, a faint, illusory shadow slowly materialized behind him.

The illusory shadow behind him became increasingly distinct, and soon, to everyone's astonishment, they realized that the illusory shadow appearing behind Kai was actually Kai himself.

Moreover, a fierce fire was raging around the spiritual body.

Taken aback, Terrence exclaimed in disbelief, "How did this guy manage to cultivate his own spiritual body? He's just a Tribulator. That's impossible!" Everyone was shocked to their cores as they looked at Kai.

The spiritual body that Aiden had consolidated was merely an illusory shadow of others, summoned through his cultivation technique.

On the contrary, Kai's spiritual body was his true self.

It was simply unbelievable for a Tribulator to manifest a spiritual body.

"T-This can't be. How could you possibly have condensed your own spiritual body? It must be an illusion... It must be!" Upon seeing the situation, Aiden simply couldn't believe that Kai could actually manifest his own spiritual body.

“Why don’t you give it a try and find out whether this is an illusion?” After Kai finished speaking, his body gradually levitated.

He stood before his colossal spiritual body, radiating an aura of boundless authority that compelled others to feel endless admiration toward him.

“True Fire Spiritual Body, activate!” Boom!

Accompanied by a booming sound, the arena was engulfed in flames that seemed to have erupted from the depths of the earth,

A terrifying force, accompanied by flames, erupted from beneath Kai’s feet.

In an instant, Aiden was sent flying by this tremendous force and even the Spul Appartich Body behind him began to sway.

Aiden’s face was flushed red, with traces of blood seeping from the corner of his mouth.

However, Kai didn’t stop there. He wielded Dragonslayer Sword with flames blazed around him.

Endless flames and aura erupted from the True Fire Spiritual Bodyn ceaselessly assaulting the void, causing the entire void to tremble as if on the verge of collapse.
