## **Chapter 1896**

Ji Yuanzun died, and the Dragon Protection Pavilion base fell.

The entire Dragon Protection Pavilion organization was completely destroyed, and the remaining ones were just some stragglers who could not achieve success.

Of course, Dustin did not take it lightly. He had already issued an order in advance. Anyone who had contact with Dragon Protection Pavilion was on his arrest list.

If you surrender, you will be exempted from guilt. If you resist to the end, it will be a dead end.

"Old Dustin, you finally got rid of this scourge, congratulations!"

Adam Spanner stepped forward, kicked Ji Yuanzun's body with his feet, and only showed a smile after confirming that there was no breath.

"Thanks to you this time, if your 200,000 White Tiger Army hadn't cut off Ji Yuanzun's retreat, maybe this guy would still have a chance to survive." Dustin said.

In order to kill Ji Yuanzun, he racked his brains and even risked his own life. Fortunately, he finally succeeded.

"Actually, I didn't do anything. If you want to thank someone, you should thank Her Royal Highness."

Adam Spanner looked back behind him and smiled ambiguously: "Her Royal Highness, you can be said to be running around here and there for your business. She is very nervous. , and kept urging him all the way, causing his legs to almost break."

"Adam Spanner! What are you muttering about?" Margaret stepped forward and shouted softly.

"It's nothing, I just want to praise you, Princess, for your knowledge and wisdom." Adam Spanner smiled flatteringly.

"Hmph! Smooth talk!" Margaret rolled her eyes.

"Your Highness, thank you very much." Dustin saluted with his fist in hand.

"Why are you so polite? If I promise to help you, I will help you to the end."

Margaret said calmly: "Besides, Ji Yuanzun is our common enemy. Helping you is also helping myself. In general To put it simply, it is to eliminate harm for the people."

"Your Highness the Princess's righteousness is really admirable." Dustin smiled.

"Okay, don't be poor. Although Ji Yuanzun is dead, there are still some things to deal with in the future, such as Lorenzo..." Margaret changed the subject.

"Lorenzo?"

Dustin raised his eyebrows slightly and said, "My people will lead him into the encirclement. If the plan goes well, we should be able to capture him alive."

"For profit, Lorenzo can be used."

Margaret said pointedly: "Now that Ji Yuanzun is dead and the Dragon Guard Pavilion has completely collapsed, there are still some affiliated forces remaining. If these forces can be conquered, they will be of great use in the future."

"You mean? Say, let Lorenzo be a chess piece, take charge of the affiliated forces of Dragon Protection Pavilion, and work for me?" Dustin quickly reacted.

"That's right."

Margaret nodded: "As the saying goes, a skinny camel is bigger than a horse. After the Dragon Guard Pavilion is destroyed, all the major forces in the Dragonmarsh Kingdom will covet its territory and some interest organizations,

and even take advantage of it by force. In the scene of robbery, instead of taking advantage of other forces, it is better to take it in yourself.”

“What you say makes sense, but I can’t trust Lorenzo.” Dustin said calmly.

Once unfaithful, never a lifetime.

From the moment Lorenzo betrayed him, the two sides were destined to become mortal enemies.

No matter what the reason was, that knife had severed all the ties between the two.

”You don’t need to trust Lorenzo, just control him.”

Margaret said very rationally: “As far as I know, Lorenzo has a wife and a daughter, and has been under house arrest by Ji Yuanzun. Because of this, Lorenzo Only then will he wholeheartedly work for Ji Yuanzun. Now that Ji Yuanzun is dead, Lorenzo’s wife and daughter have fallen into your hands. Now Lorenzo is just a chess piece of yours. What do you ask him to do? , he will do whatever he wants.”

”I will not harm his wife and children. Although I am not a good person, I will not do such despicable things. Otherwise, what is the difference between me and the people in Hulong Pavilion?” Dustin said calmly.

”I’m just making a suggestion. It’s up to you how to do it.” Margaret smiled slightly and did not force it.

Her words were not only suggestions, but also somewhat probing.

For future cooperation, she must understand Dustin and understand the other party’s bottom line.

”Buddy Dustin, your people are here.”
