Chapter 1898

"Your Highness... Your Highness?"

Lorenzo knelt on the ground and looked at the cold-faced Dustin in front of him, with a very complicated expression.

There was surprise, there was joy, but mostly there was guilt and self-blame.

When he encountered an ambush by the Black Dragon Army, he knew that the situation in the Dragon Protection Pavilion was over.

Sure enough, with a counter-intuitive plan, he directly destroyed the Dragon Protection Pavilion base and killed Ji Yuanzun.

Now, he has become a prisoner.

However, he did not feel unwilling to do so, but felt a little more relieved.

Although he is from Hulong Pavilion, after staying in West Lucozia for so many years, he has long regarded this place as his home.

Treat many people around you as family members.

Many of the things he did were out of necessity, so he was always very troubled.

He deserves to be in this situation.

"Lorenzo, you didn't expect this result, did you? Ji Yuanzun lost, and you also lost. What else do you have to say now?" Dustin said coldly.

"Succeed as a king or lose as a bandit, I have nothing to say. Your Highness wants to kill or behead me, and I will bear it. I just hope that you will not harm innocent people." Lorenzo pleaded.

"Do you think you are qualified to negotiate terms with me?" Dustin was expressionless.

"I am a sinner and my death is not a pity, but my wife and daughter are innocent. They have done nothing. I beg Your Highness to show mercy!"

Lorenzo leaned down and Bow down and rubbing head on the ground three times.

"They didn't do anything, but because of your actions, they became guilty. You don't really think that your family can be safe after you committed a serious crime, right?" Dustin looked indifferent.

"Your Highness! I'm willing to pay for my crime and perform meritorious service. I can work as a horse for you. As long as you let my family go, I'm willing to do anything!" Lorenzo Bow down and rubbing head on the ground crazily, looking very nervous.

He himself is not afraid of death, but he wants to ensure the safety of his relatives. It is precisely because his wife and daughter were held hostage by Ji Yuanzun that he did some crazy things.

"You deserve to be punished and make meritorious service, right? Then I want to hear how you deserve to be punished and make meritorious service?" Dustin asked back.

"Dragon Protecting Pavilion is deeply rooted and has a rich heritage. There are three treasure houses in total within the Dragonmarsh Kingdom, and each treasure house contains a large amount of gold and silver treasures. This is the accumulation of Dragon Protecting Pavilion for decades. It is as rich as the country. As long as Your Highness is willing to spare the lives of my family, and I am willing to tell Your Highness the whereabouts of these three treasure houses!" Lorenzo lowered his head.

"Treasure house?"

Dustin raised his eyebrows slightly, showing some interest.

The Dragon Guard Pavilion has been dominant for many years and has accumulated a lot of treasures. If they can get all of them, the Black Dragon

Army will basically not have to worry about the military expenses for the next few decades.

"Brother, this is a very good deal. I think it's worth exchanging a few insignificant people for a fortune that is as rich as the country!" Thorian Rhys persuaded in a low voice.

"Tell me the whereabouts of the treasure house. If what you say is true, I can agree to let your family go and give them a fortune." Dustin said calmly.

"Thank you, Your Highness!" Lorenzo Bow down and rubbing head on the ground repeatedly.

"Don't be too happy too soon. I promised to let your family go, but I have no plans to let you go. I can't forgive you for what you did." Dustin poured a basin of cold water down.

As a secret agent of the Dragon Protection Pavilion, Lorenzo not only stabbed him in the back, but he was also one of the accomplices in the Forbidden City incident.

The hatred of killing one's mother is irreconcilable.

No matter how many achievements Lorenzo made, he could not make up for this crime.

"I understand that I have done a lot of evil and I would not regret dying. As long as I see that my family is safe, I am willing to die to apologize!" Lorenzo vowed.

He has done so many wrong things and has long been aware of death, but he has no regrets because everything he did was for his wife and daughter.

"Okay! I believe you again!"

Dustin nodded: "Now, tell me where the treasure house is hidden."

"I don't know the specific location of the treasure house, but I know that Ji Yuanzun holds a treasure in his hand. Picture, and this treasure map records the specific locations of the three treasure houses. As long as you find the treasure map, you can find the treasure house." Lorenzo replied.

Chapter 1899

"Where is the treasure map?" Dustin asked.

"In Ji Yuanzun's underground secret room, I can take you there myself." Lorenzo said.

"Underground secret room?"

Thorian Rhys narrowed his eyes and said in a deep voice: "Lorenzo, I warn you not to play tricks, otherwise, don't blame me for being ruthless!"

Many buildings like secret rooms will have traps and hidden weapons, and he was worried about Lorenzo has evil intentions.

"Now I am a turtle in a urn, and I will never dare to mess around." Lorenzo said with a bitter face.

"Lead the way."

Dustin didn't say much. He nodded and signaled to the two guards to lift Lorenzo up.

"Wait a minute, I need Ji Yuanzun's hand to open the safe in the secret room." Lorenzo said suddenly.

"This is easy to handle!"

Thorian Rhys suddenly pulled out his knife and chopped off one of Ji Yuanzun's right hands, then handed it to Lorenzo: "Here, I'll give it to you."

Lorenzo's eyes twitched. , did not dare to say anything, and took the lead honestly.

Dustin and others followed Lorenzo into the base and finally arrived at the door of the command room.

Lorenzo opened the door, walked to the wall, and then took down a painting hanging on the wall.

Behind the painting, there is an inconspicuous dark grid, which is almost integrated with the wall. It is difficult to detect if you don't look closely.

Lorenzo stretched out his hand and pressed lightly on the secret grid.

"Click!"

Just heard a crisp sound.

The entire wall suddenly opened from both sides, revealing an elevator inside.

Lorenzo led a few people into the elevator, then pressed the switch. The elevator quickly closed and then descended slowly.

After waiting for about half a minute, the elevator suddenly stopped with a "dong" sound.

The elevator door opened, and what appeared in front of Dustin and others was a spacious and luxurious underground secret room.

It's said to be a secret room, but it's actually more like a mansion.

There are all kinds of living facilities inside, and there is also a large amount of food and water, enough for one person to live for decades.

"This should be a nuclear-proof bunker, right?"

Thorian Rhys looked around and marveled: "To be able to build a nuclear-proof bunker for shelter into such a luxurious look, it seems that Ji Yuanzun has put a lot of thought into it."

"What's the use of putting more thought into it? Isn't he dead now?" Dustin Kate didn't care.

"Third uncle, please stop making sarcastic remarks here. Didn't you almost follow in Ji Yuanzun's footsteps?" Thorian Rhys said meaningfully.

"This..." Dustin Kate was speechless for a moment, looking embarrassed.

This guy really can't help but pick up the pot.

If you put on such a good show, you should be considered guilty and meritorious, right?

"Thorian, don't be rude."

Dustin pretended to reprimand: "The third uncle put himself in danger and lurked beside Ji Yuanzun. He went through untold hardships and shouldered

all the scoldings just to eradicate the evil for the palace. You are evil, this is a righteous act, we should admire it!”

“ ... ”

Dustin Kate’s mouth twitched.

Why do these words sound even more harsh?
