An Understated Dominance by Marina Chapter 1925

Chapter 1925

“Stefan, calm down. You are safe now. Nothing can hurt you. Don’t be afraid.”

Seeing Stefan’s excitement, Margaret quickly comforted him.

Otherwise, with the other party in this state, there is no way to ask for any useful information.

But now Stefan has been invaded by fear and cannot calm down at all. He is still holding his head, shivering, and talking to himself.

“He, he, he... isn’t he crazy? What should we do?” Arthur was a little anxious.

After finally finding a money tree, I ended up becoming delirious, which was really a headache.

“Dustin Rhys, is there any way to calm him down?” Margaret asked sideways.

“Simple.”

Dustin Rhys didn’t say much, took out a silver needle and stabbed Stefan directly on the back of his neck.

Stefan trembled all over and fainted on the bed, his whole person became quiet and peaceful.

“Is this your method?” Margaret looked strange.

A needle stung him, he calmed down, but who should I ask for questions now?

“Stefan was frightened and can’t ask any questions now. I gave him this injection to calm him down and let him sleep for an hour. After he wakes up, he will naturally return to normal.” Dustin Rhys explained.

“That’s good.” Margaret breathed a sigh of relief.

The energy of Dragon Origin was too important to her, and she had to find out the situation clearly.

If the dragon source energy is really hidden in the oasis, she will get it at all costs.

“Village Chief! Oh no, there’s someone making trouble outside!”

At this moment, the middle-aged man guarding the courtyard door suddenly ran in with a panicked expression.

His cheeks were slightly red and swollen, and it was obvious that he had been slapped.

“Making trouble? Who is so bold as to make trouble in a desert village?” Arthur’s face darkened.

Being able to keep a village in order in such a harsh environment certainly has unique skills.

Not only did he know many martial arts masters, but he also formed a escort team.

In the past, those ignorant young people who dared to run wild in the village would be beaten half to death and then kicked out.

“The person who came here seems to be very powerful. We brothers are no match at all. We were beaten to the ground in minutes.” The middle-aged man looked sad and lost his previous majesty.

“Hmph! Useless thing!”

Arthur scolded and walked out angrily.

Dustin Rhys and Margaret looked at each other and followed immediately.

Breaking into the village house at this time is most likely for Stefan.

At this moment, a group of people had gathered at the entrance of the courtyard.

All parties came to the scene and blocked the gate.

Golden Knife Sect, Flying Snow Sect, Desert Dragon Brutus, including large and small forces in the southwest, as well as expedition teams, mercenaries, etc.

All kinds and variety.

“Everyone, you are welcome to come to the village for travel and accommodation, but why are you making trouble here? Have you all forgotten the rules set by village?” Arthur said coldly.

The existence of Desert Village has facilitated many people and made friends with many forces.

Therefore, there is an unwritten rule in the world. No one can cause trouble in the desert village, otherwise, they will be punished by all forces.

“Village Chief Arthur, I am strictly forbidden, but I am a disciple of Wandering Dragon Sect.”

At this time, a man in yellow in his early thirties walked out of the crowd and said loudly: “I heard that you just rescued a survivor who came out of the oasis. I wonder if this is the case?”

“I did save a person, but as for who this person is, where he comes from, and where he goes, I don’t know.”

After hearing the words Wandering Dragon Sect, Arthur He quickly restrained his anger.
