An Understated Dominance by Marina Vittori Chapter 2043

“Boy! If you are wise, hand over the treasure. It will be good for everyone. There is no need to lose your life in vain for some external possessions!” Reid Gang raised the golden knife and said with bright eyes.

“It seems that there is no way to be kind today.”

Dustin’s momentum gradually increased: “I don’t want to go on a killing spree, but if you are aggressive, don’t blame me for being ruthless.”

He doesn’t want to cause trouble, but he is not afraid of it either. .

If these people retreat now, he can pretend that nothing happened.

Otherwise, all you can see is blood.

“Huh! You’re stubborn!”

Caroline Thorne’s face darkened, and then she winked at Reid Gang and the others:
“Do it!”

“Kill!”

After receiving the signal, Reid Gang shouted low, holding up the golden knife in both hands, and his whole body was agitated. He jumped up and struck Dustin on the head.

As soon as Reid Gang moved, Caroline Thorne seized the opportunity and immediately stepped forward, slashing at Dustin’s neck with the Twisted Sisters knife on the left and right.

With the two grandmasters taking the lead, the other strong men also used their methods, and various attacks kept coming at Dustin.

In an instant, Dustin became the target of public criticism.

In response to this, Dustin did not dodge, and his body shook violently.

“Boom~!”

There was a loud roar, and a powerful body-protecting energy burst out instantly, forming a translucent protective shield.

The protective shield swelled when exposed to the wind and spread rapidly. In the blink of an eye, it expanded to a radius of three meters, like a huge egg shell, protecting Dustin inside.

“Crack!”

Several people’s attacks hit Dustin’s protective shield, making a burst of explosions like fried beans, accompanied by a large number of sparks.

Whether it was Reid Gang’s golden sword, Caroline Thorne’s Twisted Sisters sword, or the attacks from others, they were all blocked by Dustin’s protective energy.

Didn’t hurt him at all.

“What?!”

Reid Gang’s pupils shrank, showing surprise.

He just struck the protective shield with his knife, which only caused the protective shield to vibrate a few times, but did not cause any substantial damage.

Without weapons, he was able to block his attack with just his inner cultivation.

This strength is really terrifying.

“Master Reid! Cover me, I have a way to break his protective energy!”

After the attack failed, Caroline Thorne immediately sent a message in a low voice.

Reid Gang glanced at Caroline Thorne, without hesitation, he raised his knife again and launched a crazy attack.

This time, he no longer held back and used all his strength.

The muscles all over his body increased dramatically, and the energy spurted out like a landslide and a tsunami.

The golden sword in his hand shone brightly and became extremely dazzling.

“Eighteen Styles of the Golden Sword!”

Reid Gang roared, waving the golden sword with both hands, and directly used the unique skill of the Golden Sword Sect.

There are eighteen styles of the Golden Sword, each one is stronger than the last, and its destructive power is extremely terrifying.

As long as he is allowed to fully display his power, he will be invincible. Even Simon Bishop, who is known as the best master in the southwest, will have to avoid his edge.

The only drawback is that it takes time to brew.

Of course, dealing with some warriors who are good at defense is the best choice.

“Bang! Bang! Bang!”

Reid Gang stabbed Dustin fiercely with one knife after another, causing ripples in circles.

“Ice Needle!”

Taking advantage of Reid Gang’s attention, Caroline Thorne suddenly reached out and flicked out a blue ice needle, directly piercing Dustin’s protective shield and shooting to the back of his head.

“Huh?”

Dustin raised his eyebrows, feeling alarmed.

He really didn’t expect that Caroline Thorne could actually break his body-protecting energy.

At this moment, he didn't dare to be too bold, so he immediately pulled out the Sky Sword and blocked it behind him.

“Qiang!”

The blue ice needle hit the Sky Sword, instantly bursting open, and a blast of extremely cold air erupted.

This extremely cold air spread rapidly along the Sky Sword, swallowing Dustin's entire arm in an instant.

Dustin's arm and sword were directly blocked by ice, and his movement was temporarily blocked.

“Good opportunity!”

Caroline Thorne's eyes lit up, and she immediately took out the remaining half bottle of Knockout Blow Powder and sprinkled it in Dustin's face.

One hit!
