An Understated Dominance by Marina Vittori Chapter 2055

“yes.”

Uncle Wang responded, his momentum instantly restrained, and he retreated behind Margaret honestly.

Back hunched, head lowered, submissive, he became an inconspicuous old servant again.

If they hadn't seen it with their own eyes, no one would have believed that the unknown old man in front of them turned out to be a powerful master.

“Thank you, Miss Margaret! Thank you, Miss Margaret!”

Seeing that they were expected to survive, everyone looked overjoyed and kowtowed in thanks.

“Don't be too happy too early. Although I won't kill you, it doesn't mean I will let you go. You people can escape death penalty, but you cannot escape living penalty.”

Margaret said in an indifferent tone: “Uncle Wang, seal their acupuncture points, tie them up, and hand them over to the Zhenwu Division for disposal.”

“What? Zhenwu Si?!”

Upon hearing this, everyone panicked.

The Zhenwu Division is the official organization of the Dragon Kingdom, which is specially used to manage people in the martial arts world. All major martial arts alliances and various sects must obey the orders of the Zhenwu Division.

Anyone who commits great crimes will be captured and imprisoned by the Zhenwu Division.

For various sects, Zhenwusi is definitely a terrifying existence.

“Miss Margaret! Please let us go and don’t alert the Zhenwu Division!”

“Once we are captured in the Zhenwu Division, we may never be able to get out!”

Everyone cried and howled and began to kowtow and beg for mercy.

The Zhenwu Division imprisons all kinds of extremely vicious people in the world. Once they enter, it can be said that they have a narrow escape from death.

It would be fine if you only commit a small crime and you only need to suffer some physical pain. If you do something outrageous, you will suffer all kinds of torture and your life will be worse than death.

“Tie them up!”

Uncle Wang ignored everyone’s pleas for mercy, and immediately stepped forward, sealing everyone’s eight meridians, and then ordered the members of the escort team to tie up all the survivors of the two sects.

“Miss Margaret, wait!”

Reid Gang said wisely in his haste: “It will not do you any good to capture us into the Zhenwu Division, but as long as you let us go, we will only follow your lead in the future! We are at your disposal!”

“That’s right, that’s right! We are willing to serve you as your sole authority and wait for your orders!”

“That’s right, that’s right! We are willing to serve you as your sole authority and wait for your orders!”

The others nodded in agreement.

They have no other choice now. If they want to survive, they can only surrender.

“Oh, is it so?”

Margaret raised his eyebrows slightly and looked at Dustin: "What do you think of this proposal?"

"Their strength is only so-so. It's not bad to use it for your own use. But in terms of loyalty, it can be ignored. How to do it is up to you?" Dustin shrugged, as if it didn't matter to him. Hanging look.

According to his style, he might just kill them all, and there would be no need to alert the Zhenwu Division.

However, even though Margaret had spoken, it was hard for him to refute her face.

"Don't worry about loyalty, I have a way to control them."

Margaret winked, and Uncle Wang quickly understood. He took out a medicine bottle from his arms and gave everyone a poison.

Poison is a royal secret, specially used to control spies and prevent defections.

People who are poisoned must take the antidote every month, otherwise they will suffer the pain of being eaten away by thousands of insects.

"I will give you a chance to live, but I hope that from now on, you can change your mind and start a new life." Margaret glanced around.

"No problem, no problem! We will definitely change our ways and never do anything harmful to nature again!" Reid Gang nodded repeatedly.

Naturally, the others did not dare to refuse.

"so be it."

Margaret said no more and waved his hand to signal everyone to leave.

"Thank you Miss Margaret!"

If everyone was granted amnesty, they got up and ran away.

“etc!”

Dustin suddenly stood in front and said with an indifferent expression: “You can leave, but she can’t!”

As he spoke, he slowly pointed at Lily Zhang.
