An Understated Dominance by Marina Vittori Chapter 2061

The appearance of the five people scared off many old people.

Although the remaining people did not flee in despair, they still looked shocked.

“Aren’t these the five evil ghosts of Yama Palace? Why are they here?”

“What? Five evil ghosts?! Are they those guys who like to eat human flesh and blood?!”

“Damn! I really didn’t look at the almanac when I went out today. Why did I encounter so many disasters?”

Everyone was whispering and wondering.

The five evil ghosts in the Yama Hall are notoriously vicious.

Rumor has it that these five guys are not only ruthless and will cut off their hands and feet if they disagree, but they also have a shocking special hobby.

That is to treat human flesh and blood as delicacies.

This alone is enough to make all forces in the world tremble with fear.

The most important thing is that the five evil ghosts are not only fierce, but also extremely powerful, and all of them possess unique skills.

Once upon a time, there were righteous people who formed a group to ambush the five evil ghosts in an attempt to eliminate harm for the people.

As a result, not only was it unsuccessful, but most of them were killed or injured.

Some people with poor mental qualities are even frightened crazy.

From then on, the reputation of the Five Evil Ghosts spread far and wide, and no one dared to offend them.

Moreover, wherever the five evil ghosts come, most people will flee for fear of being targeted and becoming their meal.

This is also the reason why some old rivers and lakes are like birds and beasts.

After all, who would provoke five powerful lunatics with a cannibalism habit?

“Senior brother! So you are here!”

After entering the restaurant, the five evil ghosts searched everywhere, and finally their eyes were fixed on Yan Buqi. They immediately surrounded him in a swarm, and then said hello with flattering smiles.

This expression and behavior made the people around me stunned for a while.

Aren't they saying that the Five Evil Ghosts are extremely vicious? Why are you smiling so playfully now?

Aren't they saying that the Five Evil Ghosts are extremely vicious? Why are you smiling so playfully now?

Also, what is the identity of that handsome young man? !

“Brother, why are you here? We have arranged a lakeside villa for you, with green mountains and flowing water, and beautiful scenery. Why live with these common people?” the fat man said with a smile.

Although the obese man looks short and fat, he is the leader of the five evil spirits, named Yan Jin.

The skinny man behind him is the second youngest, named Yan Mu.

The beautiful woman is the third child, named Yan Shui.

The ugly man is the fourth child, named Yan Huo.

The strong man with a body as tall as a mountain ranked fifth and was named Yan Tu.

When the five names are put together, they happen to be the five elements of metal, wood, water, fire, and earth.

“Hey! I’ve told you many times, don’t call me senior brother outside. Look at how the guests around you are scared by you. Those who don’t know think I am a villain who is colluding with you!” Yan Buqi said slightly. He frowned, looking very dissatisfied.

“Senior brother is a Bodhisattva with such a heart that he is reluctant to kill a chicken. How can he be a bad person?”

The obese man Yan Jin first smiled apologetically, then looked at Dustin fiercely, and said slyly: “If any bastard dares to insult your innocence, senior brother, I will cut him into pieces!”

Hearing this, Dustin just smiled contemptuously and didn’t take the other party seriously at all.

“Okay, okay, don’t shout and kill all day long. Our Yama Luodian has a different status now. No matter what we do, we must convince others with virtue. Do you understand?” Yan Buqi scolded.

“Understand, understand. Conquer others with virtue. Conquer others with virtue.” The fat man nodded and bowed, sweeping away the fierce look just now.

“Brother Dustin, let me introduce you.”

Yan Buqi raised his hand to guide the five people respectively, and said with a smile: “These five people are all disciples of the Yama Palace. The one who is as fat as a ball is called Yan Jin, the one who is as thin as a bamboo pole is called Yan Mu, the pretty girl is called Yan Shui, and the one who is ugly is called Yan Shui. The piggy one is called Yan Huo, and the silly big one is called Yan Tu. Even though they look weird, they are actually good people with kind hearts.”

“Good guy?”

Upon hearing this, the twins Chunhua Qiuyue’s eyes twitched.

Naturally, they have heard of the five evil ghosts of Yama Palace. If these five people are considered good people, then there will be no bad people in the world.
