An Understated Dominance by Marina Vittori Chapter 2131

### Chapter 2131

Listening to Park Guochang's words, the faces of everyone present turned ugly.

I have never seen such a shameless guy.

Even though I'm late, I still act so arrogant and self-righteous, which is really disgusting.

"Many soldiers and generals? Haha... How come I haven't heard of any powerful people in your country of Korea?" William squinted and sneered.

"Who are you? How dare you question the strength of our country, Goryeo?"

Hearing this, Park Guochang couldn't help but his face darkened: "Our country of Korea was once the most powerful country in the world, with a cultural heritage of five thousand years. There have been countless heroes in history. Even the current Dragon Kingdom was our country in the past. A vassal state of the country!"

"It's okay to lie to your own people with your nonsense, but don't show off in front of us."

William exposed it mercilessly: "Who doesn't know the virtues of your Goryeo Kingdom? Your so-called history and culture are all plagiarism from others. Even the kimchi you are proud of was stolen from the Dragon Kingdom. , what else do you have to show off?"

As soon as these words came out, everyone around him couldn't help laughing.

The "stealing" of Korea has been deeply rooted in the hearts of the people, stealing history, stealing culture, stealing dignity, and stealing all kinds of things that can be stolen.

Even if you steal it, the most ridiculous thing is that after you steal it, you have to say it is yours and publicize it in an attempt to win everyone's trust.

Over time, some of Koryo's past misdeeds were exposed one after another and became the laughing stock of many countries.

**"Be bold!"**
