An Understated Dominance by Marina Vittori Chapter 2179

Chapter 2179

And unlike Niu Mang's blushing face and tendons when lifting the cauldron, Ma Wang's performance was relatively relaxed.

The expression on his face didn't change much.

But the muscles in both arms bulged, and the blood vessels protruded like strips of earthworms.

In just a few breaths, King Ma had already raised the cauldron to his chest.

It is more than one meter high from the ground, far higher than the previous challengers.

Everyone looked at King Ma intently, their hearts in their throats.

Some people expect success, some expect failure, and some are simply shocked by the power of the horse king.

"Senior Brother Ma is so powerful! Lift it to the top in one go!" Niu Mang began to cheer him on.

Just a little bit, just a little bit short of successfully reaching the summit.

"Wake it up for me!"

King Ma suddenly shouted, and the strength in his arms increased again.

The heavy 50,000-pound cauldron slowly rose again after a brief pause of two seconds.

Until then, Ma Wang's expression became a little uncontrollable.

His teeth were clenched, the veins in his neck popped out, his face was a little red, and his breath became particularly heavy.

After holding on for a few seconds, King Ma shook his body and finally lifted the 50,000-jin cauldron completely above his head.

And stand firm.

Seeing this scene, the whole audience was shocked.

“It’s done! It’s done, Senior Brother Ma!” Niu Mang was extremely excited and clapped wildly.

“Damn it! I can lift a 50,000-pound cauldron as soon as I ask. It’s really awesome!”

“Today, a total of more than a dozen people challenged the 50,000-jin cauldron, but without exception they all failed. Unexpectedly, he succeeded, and he seemed to still have some strength left. He is indeed amazing!”

“Is this the strength of the Xuanwu Sect’s chief disciple? It’s really eye-opening!”

“...”

Everyone looked surprised and talked a lot.

Although they speculated that Horse King had a chance of success, actually seeing it with their own eyes was another matter.

Lifting a 50,000-pound cauldron above your head, its real explosive power far exceeds the cauldron itself.

All I can say is, it’s awesome!

“Not bad, one of them finally passed the test today.”

The examiner nodded with satisfaction, with a little more appreciation in his eyes.

Being able to lift a 50,000-pound cauldron above your head is at least the level of a late-stage Xiantian.

Judging from the way King Ma still has energy left, he might still be in the Dzogchen realm.

It can indeed be called excellent.

“Senior Brother Ma! The time has come!”

Niu Mang reminded him loudly, and while speaking, he glanced at Dustin viciously.

“Boy! It’s your turn to take the tripod!”

Ma Wang carried the cauldron and turned to Dustin.

Immediately afterwards, his knees were slightly bent, and then his body was thrust upwards, and all his strength suddenly exploded.

“Bang! Bang!”

Only two explosions were heard.

The ground under Ma Wang’s feet exploded on the spot, and even his clothes had several cracks due to excessive force.

The next second, the 50,000-jin cauldron was thrown directly by King Ma, and hit Dustin hard like a missile.

This scene shocked the entire audience.
