An Understated Dominance by Marina Vittori Chapter 2183

Chapter 2183

“It was nothing at first, but that guy had to be very competitive. He deserved it to the point where he got into this situation!”

“...”

Looking at the horse king lifting the cauldron, all the warriors started talking.

Some people were surprised by King Ma’s power, while others sympathized with Dustin’s plight.

Of course, there are also people who take pleasure in others’ misfortune.

“Boy! It’s your turn! Take the tripod!”

Ma Wang raised the cauldron, turned half a circle on the spot, and then threw it at Dustin’s head.

The 50,000-jin cauldron roared out like a missile and hit Dustin heavily.

Dustin did not dodge or dodge, standing with his hands behind his back, as if he didn’t see it.

When Ding was about to hit him, he suddenly took action and slapped Ding on him.

“Bang!”

Just heard a bang.

The bronze cauldron was directly slapped with a deep palm print by Dustin. The huge force caused the bronze cauldron to fly up and spin rapidly in the air, like a top, shaking off a large amount of patina and dust.

“What?!”

Looking at the big bronze cauldron spinning in the air, the whole crowd changed color.

Everyone's eyes widened, looking in disbelief.

Especially Ma Wang and Niu Mang were stunned and couldn't believe the scene in front of them.

The bronze cauldrons tested at Longhu Mountain were reinforced with special materials. Not only were they extremely heavy, they were also extremely hard.

However, just now, Dustin not only knocked away the 50,000-jin bronze tripod with one palm, but even left a deep palm mark on the tripod.

It's simply unbelievable!

None of them expected that Dustin had such terrifying power.

No wonder the other party is so confident, it turns out that he hides it deeply.

"This thing... is returned to you!"

Before everyone could recover, Dustin took action again, as if pulling a spinning top, and slapped the bronze cauldron in the air with his palm.

"Bang!"

There was another bang.

The bronze cauldron was hit with a palm print again, and its heavy and huge cauldron ejected instantly, hitting the horse king at an extremely fast speed like a kicked football.

"ah?!"

King Ma's expression changed and he took a few steps back in fright.

But soon, he realized that his behavior was inappropriate.

Giving in at this time was undoubtedly giving in. As the dignified chief disciple of Xuanwu Sect's Litang, he could not afford to lose this person.

No matter what, he must withstand the pressure.

“Well done!”

King Ma shouted loudly, summoned all his energy, and slammed his palms towards the flying bronze cauldron.

In his opinion, if Dustin can do it, he can do the same.

“Bang!”

King Ma’s palm hit Ding firmly.

The heavy cauldron only paused for a moment, and then with a huge impact, it instantly bent Ma Wang’s hands and hit him directly in the chest.

“Ah~!”

The horse king screamed, and his whole body flew several meters away on the spot, and then fell heavily to the ground, vomiting blood.
