An Understated Dominance by Marina Vittori Chapter 2225

Chapter 2225

The two Longhu Mountain disciples moved very quickly. In just one moment of meeting each other, they directly removed the lion's arms, causing it to lose its attack power instantly.

However, the lion did not give up. Even though his arms were dislocated and unable to move, he still opened his mouth and roared to bite one of the Longhushan disciples.

The Longhu Mountain disciple did not dodge, and a layer of golden light appeared on his body again.

"Bang!"

Accompanied by a crisp crashing sound.

The lion bumped into the golden light and was knocked back several meters.

His face was covered in blood and flesh, several teeth were missing, and his whole body was dizzy and swaying.

"What was that layer of golden light just now? It looked so powerful." Liu Hongxue's beauty opened wide, looking a little surprised.

She knew the strength of the lion very well. Even if he had not transformed into a beast, even if his body was weak and his energy was exhausted, he could still force back a strong man like Dong Qianqiu.

However, just now, the lion's two attacks were blocked by the golden light of the Longhushan disciples. Not only did they not cause any damage, but they also shocked themselves.

It can be seen that that layer of golden light is definitely not simple.

“The golden light flashing on their bodies is the Golden Light Curse, one of the eight great divine curses of the Taoist sect.”

Liu Rushuang explained: “The Xuanzong of heaven and earth has the root of Wan Qi; the body has golden light, which reflects my body; ghosts and demons are frightened, and spirits have lost their form; there is a thunderbolt inside, and the name of the thunder god is hidden.

The Golden Light Spell is a very powerful defensive method, and it is extremely difficult to practice. However, once you get started, you can become invulnerable to weapons, water, and fire.

Judging from the strength of these two fellow Taoists, the Golden Light Curse should have reached the level of Dacheng. Even a master-level expert cannot break through their defenses. ”

Hearing this, Liu Hongxue couldn't help but her eyelids twitched: “So powerful? Then if they fight, wouldn't they be invincible?”

“Junior sister, who would take the initiative to fight with the people from Longhu Mountain when they are full and have nothing to do? Don't be ridiculous.” Xu Yang shook his head.

Even the three strongest sects in the world do not dare to compete with Longhu Mountain.

To be precise, Longhu Mountain is an existence that stands above the rivers, lakes and temples. It is aloof and refined, and no one dares to mess with it.

On the one hand, there are many masters in Longhu Mountain with rich foundation; on the other hand, it is because of the old Heavenly Master Zhang Xuanji.

As recognized as the number one in the world, Zhang Xuanji's prestige and influence have not been surpassed by anyone so far.

Some seniors in the martial arts world once speculated that even the nine powerful men on the world-shattering list combined would not be Zhang Xuanji's opponent.

That old heavenly master is an existence that is invincible to man and country!

“Ah~!”

The lion, who had regained consciousness, still had no intention of backing down and continued to roar towards the two Longhushan disciples.

His mind has fallen into madness.

“Stubborn!”

The expressions of the two Longhu Mountain disciples darkened, and just when they were about to strike harshly, a lazy voice suddenly sounded.

“This guy is still useful if you keep it, don’t hurt him.”

At the same time as the voice sounded, a young Taoist priest in tattered clothes and a handsome face suddenly fell from the sky and landed lightly next to the two of them.

The young Taoist priest held a toothpick in his mouth and squinted his eyes slightly, looking like he was not awake.

“I’ve met my junior uncle!”

When the two Longhu Mountain disciples saw him, they immediately bowed their hands and saluted, showing great respect.

“Okay, okay, you two, please step aside and leave this guy to me.” The young Taoist priest waved his hand lazily.

“yes!”

The two Longhu Mountain disciples responded and decisively stepped aside.

“Where did that little Taoist priest come from? Is it possible?” Liu Hongxue was a little confused.
