Chapter 2250

“What kind of bullshit thunder method? It can’t hurt me at all! Your methods at Longhu Mountain are nothing more than this!” Lu Heng shouted with a glare.

“But that’s it?”

Zhang Yiqing flicked the booger he dug out at the ground, shooting a hole directly, and then said calmly: “I only used 10% of my strength just now, just to teach you a lesson. If you still Don’t blame me for being stubborn.”

“Hmph! Stop talking nonsense! I’m going to compete with you today!”

Lu Heng was not afraid at all. He turned his long knife and charged directly towards Zhang Yiqing.

“Young Villa Master! No!”

The faces of everyone in Blizzard Villa changed with fear, and they hurriedly stopped them, but it was already too late.

Lu Heng was overwhelmed with anger and couldn’t stop at all.

“Death!”

Lu Heng roared, holding the handle of the knife tightly with both hands, and struck Zhang Yiqing on the head.

“It’s really stubborn.”

Zhang Yiqing shook his head, then raised

his finger and pointed it at a distance from Lu Heng’s knife.

A bolt of blue lightning shot out instantly and hit the blade accurately.

With a “clang” sound, the knife in Lu Heng’s hand broke directly. The huge impact made Lu Heng tremble and freeze on the spot.

Before he could make any move, Zhang Yiqing’s fingers erupted into a blue light again.

The blue light gathered into a ball and quickly expanded to the size of a basketball. Thunder and lightning flashed inside, containing terrifying energy.

“Ah?”

Lu Heng’s expression changed.

At this moment, he finally felt the pressure. His scalp was numb and goosebumps appeared all over his body.

He had a hunch that if he was hit, he would be seriously injured.

“Thunder method.”

Zhang Yiqing did not hesitate and tapped lightly on the blue thunder ball.

The thunder ball shot out instantly and hit Lu Heng at extremely fast speed.

Lu Heng’s eyelids twitched and he subconsciously used his broken knife to block.

“Bang!”

There was a loud noise.

The broken knife was directly blown into pieces by the thunder ball, and the terrifying energy contained in it suddenly exploded.

Lu Heng’s whole body was ejected instantly like a cannonball, flying upside down twenty or thirty meters, and then hit a rock heavily.

“Bang!!”

There was another loud noise.

The huge rock fell apart on the spot.

On the other hand, Lu Heng was vomiting blood on the ground, his body was like mud, and he was dying.

There were countless broken bones all over his body.

“Mom... Damn it!”

Lu Heng vomited blood and yelled, then his head tilted and he fainted on the spot.

“Young Villa Master!”

The people from Blizzard Villa rushed forward, feeding them pills and infusing Qi, all in a hurry.

“Don’t worry, he won’t die yet, but he won’t be able to get out of bed within half a year.”
Zhang Yiqing said calmly.

“You——!”

The old man with the goatee gritted his teeth and wanted to have an attack, but he didn’t dare.

He could only order someone to lift Lu Heng up, and then leave in despair.

This time, not only Blizzard Villa, but also all the sects present had a deep understanding of

the power of Longhu Mountain.

Just one thunder method is enough for people to look up to.

Sure enough, only a fool would think of provoking Longhu Mountain.
