An Understated Dominance by Marina Vittori Chapter 2258

Chapter 2258

If he had been slower just now, his arm would have been broken.

The woman in red continued to attack fiercely, getting faster and faster, and stronger and stronger. Every time she struck with her sword, there was the sound of wind and thunder, which was unstoppable.

As for the man in black, he was retreating steadily, constantly dodging attacks. Occasionally, if he blocked, his arms would be numb and he would take several steps back.

There is only the power to parry, no room to fight back.

“Senior brother, didn’t you say that the woman in red is going to lose? Why do I see her getting more and more courageous as she fights, as if she is about to win?”

Outside the ring, Liu Hongxue looked surprised, staring straight at the two people in front of her.

Before, the man in black had the upper hand, but after the woman in red took off some clothes, she began to press the man in black and beat him.

That offensive was completely unstoppable.

“this.....”

Xu Yang smiled stiffly and looked a little embarrassed.

He also didn’t expect that the woman in red was actually wearing such a pair of dark iron heavy armor.

Now that the heavy armor is taken off and the seal is lifted, the strength will naturally increase greatly.

It’s really not as good as God’s calculations!

“Brother Dustin, did you already know that the woman in red was wearing black iron heavy armor?” Xu Yang suddenly looked at Dustin and asked.

“Not really.” Dustin explained with a smile: “I just think that the woman in red is smaller but holds a Guandao. She must be gifted. After all, it is impossible for a normal woman to use such a weapon.”

“Yes! Why didn’t I think of that?” Xu Yang suddenly realized.

If something goes wrong, there must be a monster. This little girl uses heavy weapons. She is either gifted or possessed of divine power.

Such people are naturally more powerful than ordinary warriors.

“Look! The winner is about to be decided in Arena No. 1!”

At this time, Liu Hongxue suddenly raised her voice.

When several people around him heard this, they immediately looked over.

On the No. 1 ring, the woman in red had forced the man in black to the edge of the ring.

The man in black was panting and sweating profusely. He had obviously reached his limit.

On the other hand, the woman in red is still energetic and aggressive.

“Bang!”

As the woman in red slashed with the last knife, the black iron rod in the man in black was knocked away, causing him to stagger back. Finally, he staggered to a halt with half of his foot on the edge of the ring.

At this time, the man in black is defenseless. As long as the woman in red attacks again, she will surely win easily.

However, at the critical moment, the woman in red suddenly stopped and lowered the Guandao held in the air.

“You just gave in to me once, and I’ll give it back to you this time. Let’s fight again.”

The woman in red said and lightly kicked the black iron rod on the ground.

The black iron rod instantly shot up and fell accurately into the hands of the man in black.

In order to give her opponent enough room to display, the woman in red also stepped back a few meters to show fairness.

Such an action made many people secretly admire her.

Although they say friendship comes first and competition comes second, there are not many people who can actually do it.

Obviously victory is in sight, who will give the opponent a chance to make a comeback?

The man in black looked at the woman in red, then at the black iron rod in his hand, finally sighed, shook his head and said: "Forget it, no more fighting, I am not your opponent, I will admit defeat in this game. "

His opponent gave him respect, so he naturally wouldn't mess around.

If you can't beat it, you just can't beat it. There's nothing you dare not admit.
