An Understated Dominance by Marina Vittori Chapter 2285

“W!tch! Stop being so arrogant! You dare to look down on the four tigers. Today next year will be your death anniversary.”

“Hmph! We, the Four Tigers, have been in the world for many years. What kind of storms and waves have we not seen? How dare you, a little w!tch, dare to talk so shamelessly in front of us; we really don’t know what the heavens and the earth are!”

“Kneel down and bow your head immediately if you recognize the situation; otherwise, kill!”

“...”

Abigail’s contemptuous words instantly angered the four tigers.

Everyone was filled with indignation and shouted.

Although the saints of the Mystic Arts Order’s names were terrifying, they were ruthless characters who licked blood with their swords. After experiencing life and death, they were naturally fearless.

Of course, the main reason was that Abigail was too young. At the age of eighteen or nineteen, even if she practiced cultivation in her mother’s womb, she would not be able to achieve a high level of cultivation.

Moreover, Abigail was alone, and there was no protector around her.

However, a group of heroes supported them.

No matter how powerful the opponent was, it was difficult for her to defeat four hands with two fists.

“It’s so noisy!” Abigail frowned slightly, a little impatient. “It seems that there is no blood today, so you don’t know how to be afraid.”

“Stop talking nonsense! Let the four of us brothers come to meet you, a w!tch, today! “

The four tigers looked at each other, stopped talking nonsense, and immediately drew their weapons and charged forward. The four of them were very fast and even formed a crane-shaped formation when launching an attack.

The so-called crane-shaped formation consists of two people in front and two people behind, spread out in an ‘eight’ shape, simulating the appearance of a crane in flight.

The crane-shaped formation was unpredictable, capable of attack or defense, advance or retreat.

The four people could change the offensive and defensive positions at will, thereby achieving the effect of surprising and defeating the enemy.

Especially when more people were fighting against fewer people, the crane-shaped formation could exert even more strangulation power.

“As the saying goes, as soon as he takes action, an expert will know if there is anyone.” They deserve to be known as the Four Tigers. They are much stronger than the twin brothers!”

“Yes! The Four Tigers are the most powerful men in the world. With the combined efforts of the four of them, it should be more than enough to deal with a dem*n girl!

“After all, this dem*n girl is too young to dare to fight alone without even a protector.” Today is the day she will die.”

Looking at the menacing Four Tigers, the masters behind Johnny, they couldn’t help but talk about it.

Obviously, they still believe that the Four Tigers can win more than Abigail, the newly promoted saint of the Mystic Arts Order.

“Hungry tigers pounce on food!”

“The tiger roars in the forest!”

“Tiger and tigers are powerful!”

“Dragon and tiger fight!”

After surrounding Abigail, the four tigers moved at the same time, launching attacks from all directions.

One used knives, one used swords, one used hidden weapons, and one used poison.

All of a sudden, there were all kinds of tricks, and it’s dizzying to see.

“I don’t know whether to live or die!”

Looking at the four people’s attacks, Abigail snorted coldly and raised her hand to strike out.

“Boom!”

The palm breeze roared like thunder.

With a huge force, it suddenly pressed on the Four Tigers.

The Four Tigers felt their whole bodies sink, and their movements instantly slowed down.

The next second, the palm wind, like a landslide and tsunami, hit him head-on.

The four people screamed as if lightning had struck them. They were bounced more than ten meters away on the spot and then fell heavily to the ground, vomiting blood.

The Four Tigers lost in just one move.

Everyone was stunned with disbelief when they saw this scene.

“How could this happen? The Four Tigers were actually defeated.”

“With one move, she defeated the Four Tigers.” How strong is this w!tch?”

Everyone looked at each other in shock.

Abigail had previously defeated the twin brothers easily, which they could understand. After all, the twin brothers were invulnerable to all poisons, and their real combat power was not that strong.

But the four tigers were just the opposite. The four of them were extremely powerful, especially when they worked together; they were invincible and rarely encountered an opponent.

However, the thought of such a master suffering serious injuries and vomiting blood after just one confrontation was truly terrifying.

“W!tch! You... you actually crippled our cultivation?!”

The four tigers lay on the ground, shocked and frightened, unable to get up for a long time.

“What’s wrong with destroying your cultivation? If I didn’t kill you, I’d be showing mercy beyond the law.” Abigail said it expressionlessly.

“You...”

The four tigers were so angry that they vomited another mouthful of blood.

Originally, they planned to take this opportunity to earn some reward money and gain fame, but they didn’t expect that stealing chicken would end up costing them rice.

Not only did they not make any money, but they also ruined themselves.

“Now, it’s your turn!”

Abigail glanced at Johnny and his group.

Her sharp eyes made many people’s eyelids jump in shock, and they became inexplicably panicked.

They were not stupid. Abigail could kill the four tigers in one move. Needless to say, they were so powerful.

Let them bully the weak, and they will naturally be more powerful. If they really faced the strongest ones, it would undoubtedly be an egg against a rock.

“W!tch! I didn’t expect you to have two brushes. I underestimated you before, but if you want to single-handedly deal with the group of heroes behind me, it is undoubtedly a fantasy.”

“Now, I’m going to show you. What does it mean to have strength in numbers?”

“All heroes, follow me to kill the demon girl!”

Johnny raised his long sword and shouted loudly, full of momentum.

“K!!! the dem*n girl!”

After that, it appeared as though everyone had contracted the infection, as they raised their weapons and yelled.

“K!!!!”

Johnny swung his sword forward and took the lead, rushing forward with several Blizzard Villa masters.

At this time, he no longer cared about martial ethics. He would do anything, as long as he could avenge his father and his shame.

“K!!!!”

The masters followed closely behind Johnny, shouting and charging forward to kill him.

As the saying goes, taking people’s money and eliminating disasters with people has already been paid for. Naturally, you can’t run away from the battle. Even if you are just pretending, you have to finish the trick.

Otherwise, how can they still hang out on the road in the future?
