Chapter 2313

Grace and Dustin quickly entered the villa, led by the middle-aged woman.

At this moment, in the bedroom of the villa,.

A woman with a stunning appearance and a noble temperament was lying unconscious on the bed.

The woman was in her early twenties, with skin like gelatin, hands like catkins, and picturesque eyebrows, which made her look particularly moving.

Even though her face was a little pale, it still couldn't hide her peerless charm, which made her even more pitiable.

The woman was none other than Noemi, who got fifth place in the beauty ranking.

The top ten beauties on the Beauty Ranking all have their own merits.

Noemi's beauty was pure. Even without applying any powder, it was still breathtaking.

In addition to the unconscious Noemi, there were also a man and a woman standing in the room.

The man was about thirty years old, wearing a suit, tall, with a handsome face and particularly sharp eyes.

The girl was seventeen or eighteen years old, and she looked somewhat similar to Noemi. She was very beautiful, but she was a little greener than Noemi.

She was Noemi's sister, Cassidy Marshall.

"Brother Conor, my sister's pulse is getting weaker and weaker." "When will the miracle doctor you asked for arrive? If it's later, it may be too late."

Looking at Noemi, who was as angry as a gossamer on the bed.

This time, the two sisters sneaked out without telling their father. They originally planned to participate in the martial arts competition to join in the fun and meet the geniuses from all over the world.

Unexpectedly, just a few days ago, her sister, Noemi, suddenly fell ill with a strange illness. She remained unconscious, and her breath became weaker and weaker, like a candle that was about to burn out.

During this period, she invited several well-known doctors, but to no avail.

Noemi was still in a coma, and her condition was getting worse and worse. Cassidy was confused and at a loss. If there is something wrong with her sister, how will she explain it to her father?

“Doctor Wang is already on his way. I believe he will arrive soon.” Conor frowned, his face solemn.

Conor was Alloy’s chief disciple. He held a high position of authority in the Celestial Alliance. Moreover, he had been in love with Noemi for a long time, so now that he saw that Noemi was critically ill, he was naturally particularly worried.

“Second Miss! We’re here! “The miracle doctor is here!” At this time, the middle-aged woman, Mikayla, led Dustin and Grace and quickly ran in the door.
