

## An Understated Dominance

Chapter 2376

“You have no choice now; don’t force me to do it.”

Fenley had a blank expression.

While speaking, the master’s aura slowly condensed under his palm.

If Conor dared to resist or escape, Fenley would immediately take action to suppress him.

“You want to catch me?” It’s not that easy!”

Conor gritted his teeth and suddenly raised his hand and waved.

A black poisonous mist instantly gushed out of his sleeves and enveloped Fenley.

“Brother Fenley, be careful!” Noemi’s face changed.

“Humph! Stubborn!” Fenley snorted coldly, without dodging, and slammed out with a palm.

The terrifying master’s aura immediately evaporated all the poisonous mist, and the remaining force continued to blast towards Conor.

However, at this moment, Conor suddenly flashed behind Noemi, and at the same time, he grabbed her throat with one hand, threatening, “Fenley! If you dare to mess around, I will kill her immediately.”

“Huh?”

Seeing this scene, Fenley’s face changed, and he quickly withdrew his hand and shouted in a deep voice, “Conor! Let Noemi go; you’re adding crime to crime!”

“Let her go? Do I still have a life?”

Conor's face was a bit ferocious, and while holding Noemi hostage, he began to slowly retreat.

"Get out of the way! Everyone, get out of the way! Whoever dares to get close, I will die with Noemi!"

The law enforcement team that had just taken action was frightened and stopped immediately.

They couldn't care about the lives and deaths of others, but they had to consider the safety of Noemi.

"Conor! Are you crazy? You actually held my sister hostage?" Cassidy was furious.

Conor gnashed his teeth and shouted, "Yes! I am crazy! But you are driving me crazy! I have fought for the sect for many years, but what is the result? I didn't get any benefits. On the contrary, the master deeply loves and values Fenley, who joined the sect a few years after me. Even you, people, are around him every day!

Why?!

I am the most senior disciple in the Celestial Alliance! I am the future successor to the sect! I am the pride of the sky, and everyone is looking forward to it! Why did Fenley take away all my glory and honor as soon as he appeared?

I don't accept it! I am not willing! I will not allow others to tread on me for the rest of my life! Since you don't give me what I want, I will fight for it myself! Go and rob!

What if I joined the Pantheon of Gods and betrayed the sect? The winner is the king, and the loser is the bandit! As long as I can achieve my goal, I can do whatever it takes! Whoever dares to stop me must die!"

At the end, Conor's words were completely roared.

The madness on his face became stronger.

Because of his excessive excitement, the fingers that grabbed Noemi's throat began to exert force continuously.

Noemi's face turned red; she had difficulty breathing, and she couldn't even speak.

"Conor! Calm down! Don't hurt Noemi. Let's talk slowly about the conditions!"

Seeing that the situation was not good, Fenley hurriedly spoke to calm Conor's emotions, fearing that the other party would lose control and directly break Noemi's neck.
