

UNEXPECTED TEMPTATION: BILLIONAIRE LOVE STORIES CHAPTER 124

Alexander North

I kept studying the CCTV for days and it's been 6 days since the news got out. I really still can't believe the fact that she's gone. I still can't believe that.

The sadness was still there and it bruised my heart a lot. I need to concentrate looking at the CCTV footage so I will get a clue about everything.

"Hey." I answered my phone as I saw the caller ID.

"How is it going?" Ken asked.

"Nothing, I got nothing." I bursted annoy.

"Bring all of that to my office, I call the boys to come." He said.

"Okay." I ended the call and took my laptop, hard disk and everything to my car. I drove all the way to Domanco's building. I saw Sky enter the building as well.

"You look awful." He commented and I just ignored him.

"Found anything yet?" He asked and I shook my head, we entered the lift and swiped our Gold Card. I took a deep breath and let it out slowly.

We walked out from the lift and entered Ken's office. Everyone was already here and I started to open up all the files and put it all on his desk. We replayed the footage for hours and hours when suddenly an unknown number called me.

The guys looked at me weirdly and I picked it up quickly. I put it on loudspeaker.

"How is it feel to lose someone Alex?" It's Nate. I froze and turned to the boys. The boys already had their hands into a fist and they're all ready to kill him. My hand tightens and I can't help but try to keep calm.

"She's not important to me." I stated calmly and I saw Sky's expression's darkens.

"Really? Why are you still trying to find out what happen in the footage?" I turned to Ken and he immediately turned off the CCTV inside his building.

"What do you want? You already killed her!" I bursted angrily.

"Alex.. calm down boy." Suddenly Max took my phone and add record to the phone call.

"Calm down what?"

"Isn't this the perfect time to make a revenge on you? After seeing this girl so important to you." He said with an evil laugh.

"She's only a bait." I stated.

"Do you hear that Angel?" He said and my eyes widen.

"You! Where is she?" I bursted angrily.

"Oh the lover boy is mad." He laughed like a maniac, I'll make sure he will pay for this. Ken slowly walked out and gestured Sebastian to come out too. They must discuss something.

"Try to talk to him, beautiful Angel." I was trying my best not to let out my temper right now. I really want to kill him with my bare hands.

"Hey Alex." I heard her voice, my heart just felt so happy hearing that she's still alive.

"Are you okay? Did he hurt you? I-"

"I'm fine." She said but hearing that made my heart hurt. Suddenly Ken and Sebastian entered with someone, he gestured me to slowly connect my phone to the computer.

"Keep talking." Luke mouthed and Ken nodded.

"Why are you racing? Didn't I tell you to stop driving?" I bursted angrily.

"Stop acting like you care Alex, don't give me a little light of hope that one day you will care and even like me." She said in a hurt tone, that made my heart hurt even more.

"I do care!" I said frustrated.

"Enough." Nate took back the phone.

"What a heartbreaking talk.. I'll take care of her Alex, I don't know why you throw her away but she seems okay." That made me want to kill him more. I need to find this guy now.

"Right little Angel?" I turned to Sebastian with a burning eyes but he gestured me to wait.

"He doesn't care so stop saying that bastard." Angel bursted to Nate.

"Shut up!" Nate said and I heard Angel groaned in pain. My eyes widen. He must have hurted her.

"Angel!" I called.

"Goodbye Alex.. I'm just wanting you to feel the pain losing someone you love." He ended the call. I threw my phone away and ran my hands through my hair.

"Please find her!" I begged as Ken's man trying to find her.

"Calm down a little bit, thank God we now know that she's alive" Aaron patted my shoulder.

"We have the footage, his phone calls.. we got this man." Sky smiled and tried to calm me down.

I walked to the window and tried to calm myself. I'm so worried that he will do something to her. I need to get her fast and I need to see her. I need to make sure that she's okay.

"Is he dump or what?" Ken suddenly laughed.

"He maybe delete the footage when the went out, he stupidly call without blocking his whereabouts, Thank God you kick him from this group." Max said but that doesn't make me any better.

All I need now is to see her..

Let me see her, I will always make sure that she's safe and I will keep her away from me so this kind of thing will never happen again.

"You love her" Aaron stood beside me as we both looked at the view through the glass. He stated but I didn't let out any answer, I still don't know.

"Don't worry we will find her." He patted my shoulder and I turned to him.

"We have to kill Nate."

"Throw him to jail is enough Alex." He smiled and walked away.

"We found her!" Sebastian said and I quickly walked to them. There's a map and a red dot pointing at one spot.

"Let's go!"
