

UNEXPECTED TEMPTATION: BILLIONAIRE LOVE STORIES CHAPTER 151

Rose Hastingson

"Let's talk Rose." He annoyed me to death, I swear. I paid for all the things that I buy and walked out from the market pushing my trolley.

"It was a set up." He stated and I ignored him. I opened the back of my car and put all the groceries there. Max helped a little but I chose to just let it be.

"You should have ask me about it not just ran away Rose" That got me pissed. Is he telling me that all I can do is runaway? I closed the back of my car and turned to him.

"How was that kiss? Is it nice?" I asked and raised my eyebrows but that got him silent.

"You know what? I don't care about you right now Max, just go to hell!" I shook my head and walked to the door.

"I'm going to win you back." He stated and that got me laughing.

"Win me back? Goodluck with that, I don't even have a heart right now. Someone took it and crushed it in front of my face for 11 years." I said coldly.

"I'll prove it to you that I've change."

"Go find someone else Max, you can have lot of girls now. No one will try to stop you."

"I'm sorry Rose."

"You're wasting your time here, you can go now." I said coldly as I opened my car get inside. Before I can close the door, he held it and I looked at him coldly. I bet I kill someone with my eyes.

"I'll prove it to you Rose.. I swear, you're mine since the first time I laid my eyes on you and you'll be my last." I laughed at his statement.

"I'll never go back to you again Max, never."

"You will and I'll win you back Rose." I closed the door and started my car. I quickly drove away not even glancing at him.

What a bastard he is!

I drove back to my house and as I arrived there, I saw a bucket full of red roses in front of my doorstep. I looked at it weirdly and saw a card there. I took it and read it.

I hope you have a good day today Rose

I rolled my eyes and took a bucket full of Roses to the trash bin. I threw it all there, call me heartless to throw all these beautiful Roses but I don't like the sender. I walked in carrying my groceries and put everything in places.

I looked at the clock and it's 6 p.m right now, I need to make dinner. I walked to the kitchen and took out 1 potato and boiled it with hot water.

When I was waiting for it to boil, I thought about Max again. Max, Max and Max, why do I fall for a guy like him?

Win me back? It's so funny because I won't even go back to him. He will never win this battle, even I know that he still has my heart until now. It's still beating for him but the pain is just.. unbearable.

Falling in love with him was a mistake, it was a mistake. I should have go with Ashton not him, If I picked Ashton at that time.. I will never experience this. I will be having kids running around and feeling love everyday every hour every minute and every second.

Ashton is my bestfriend, we met when we were 16. He's a really handsome cute guy. He has a really good heart and not to mention he's a really great guy to begin with.

He had a crush on me when we were 16 and he started to make a move to me when I was 17. 17 was the time where I started to change, going to the gym, wearing make up, curling my hair and just tried girly stuff to get Max's attention.

Ashton suddenly joined the battle of winning my heart although Max was on the lead but he never fail me to make me happy. When Ashton gave his bold moves where Max started to get alert by his actions. Max started to treat me better and even asked me to go a few dates, he was really sweet.

Max knew my love for the stars, we often laid on the garden and stared at the sky for hours talking and just know each other more. The Gold Lifes knew about this but my brother was a little scared because he knew Max is a playboy but I never fail to make sure not to worry him.

Everyday Ashton was getting more bolder and bolder, while Max on the other hand just do simple things but I know he's still leading in everyway. One day Ashton confessed his feelings for me in front of Max's face, that got me alert because I can't even decide. The both of them made me happy but Ashton was the person who shows that he loves me since the day 1 he made his move on me.

While Max did simple things but I know he cared, I can't even answer Ashton's confession so it ended up he gave me time to think about it. That day Max and I laid down on the garden again and stared at the stars.

Flashback..

"Are you going to accept Ashton?" He suddenly asked but I didn't answer his question.

"Don't.. don't even look at him Rose." That made me nervous, I glanced at him and his eyes were still looking at the sky.

"Why?"

"You belong to me." That made my heart flutter.

"Why you never claim me as yours?" I asked.

"Not yet." That got me smiling, he will claim me! Oh my gosh! At that time, I've made a decision that I will always love him, I won't look at another man except him.

"I'll never leave you." I promised and it's loud enough for him hear it. Suddenly a shooting star passed by and I squealed as I pointing at it.

"I will never leave you too Rose.. never."

It's all in the past, next time I suggest you to choose someone who loves you than someone that you love because it's much more better.
