

UNEXPECTED TEMPTATION: BILLIONAIRE LOVE STORIES CHAPTER 154

Rose Hastingson

2 weeks later..

I sighed deeply as I walked out from my house. Again and again roses.. Max never stop sending roses, get me lunch, sending me texts and even try to call me but of course I never answer any of them.

Today I'm going back to New York because my dad's birthday today and he's throwing a big party. I don't understand that old man, he's hitting 60 but still throwing a party.

I took a taxi to go to the train station to London and then go to the airport. Suddenly I felt nervous to think about the idea getting back to New York.

I don't know why?

I plugged my earphone and listened to music. I got to the airport in no time. My eyes caught someone after I checked in my luggage and I walked faster towards him. I poked the guy and he turned to me.

"Well.. nice to see you here besides New York." He chuckled and I hugged him briefly.

"How's Angel?" I asked.

"She's great, she got a shoot in Miami now." Alex said as we both sat on the waiting room.

"So now you're going to?" I asked.

"Miami of course" He smiled and I nodded.

"How's everything with Max?" Oh great! He touched the subject.

"Not going to forgive him again, just ended things with him." I said and he nodded.

"Luke teach him a really good lesson." My eyes widen.

"What? How come no one tell me this?"

"Quite awful though but he deserves it, he broke your heart again and again is just.."

"Alexander North has a heart everybody." I announced sarcastically and he chuckled.

"We've seen everything Rose, there's so much things that you don't know about him."

"Well you're his buddy." Max and Alex are close.. they have the same backgrounds and they will always understand each other.

"Do you know why he always sleeps around Rose? But he never touch you often.. I mean lik-"

"I know what you mean Alex.. continue."

"Max comes from a family that doesn't even want him, his dad was a businessman and his mom was waitress. Max's mom was his dad's mistress. His dad didn't want to admit him as his son and his mom just regret having him around. Since he was a kid, he never got any love from people around him." I just knew this and why is Alex telling me this?

"He thinks love doesn't exist Rose. It's difficult for him to open his heart because of the pain that he experienced." I just waited for Alex to continue.

"He grew up and met us, he healed little by little as the time goes by and I still remembered when he opened up to me talking about you." My eyes widen.

"At school he was known as the heartbreaker, he dated and left them hanging every time and never care about them. Max didn't even remember their names." Alex shook his head remembering things in the past.

"The 7 Gold Lives has a time where we opened up to each other but Max wasn't able to open up because he was insecure about himself and I talked to him. We both have the same background.. not the same but his case was more worse but we kinda understand each other more."

"The first thing that Max talked about was his family.. his background. Imagine growing up without any love from his family Rose, he was so broken. He grew up alone and his mom just sent him to school but never care about Max and his dad didn't want to admit him as his son. Growing up with a painful isn't easy Rose."

"When he saw you for the first time, he talked to me about it. He said that you're beautiful but thinking again that you're Luke's sister and the fact that you're 4 years below us made him a little bit insecure but he never stop talking about you in front of me."

"Stop." I said and he looked at me.

"Don't make me forgive him again." I shook my head.

"I'm not asking you to.. it's your desicion but hear me out first." Alex said and I nodded.

"He likes you Rose.. I know he's stupid that he still playing with other girls while he left you hanging. He needs love and he felt it by the girls that praising and even kiss the path that he walks. But for him with them were meaningless but when it comes to you.. he's just.. really happy."

"I remember one time.. I think it's his birthday. You baked him a chocolate cake at that time." I nodded remembering that moment.

"I saw him taking a picture of it and everything you gave him.. he cherished it and even took a photo of it. I thought that this guy was crazy because why is he still taking a photo when he can keep the things that you gave?"

"He loves you Rose.. 11 years is a long period of time and I know you already sick of it. He didn't know what love is and he still need to learn. I'm not asking you to forgive him or anything. It's your decision but for the pass months he changed. He slowly change.. he regreted everything.

"Regret? Regret and I forgave him and he did it again. You say that he regret it? So funny." I scoffed.

"Teach him a lesson.. don't forgive him easily, he still need to learn what he's missing." Alex patted my shoulder and I nodded.

"I don't think I can." I said and he turned to me.

"Just follow your heart, Rose." He smiled and suddenly there's an announcement that he has to board on his plane.

"I have to go." He said.

"Thanks Alex, I don't know why you told me this but.. thanks."

"I just want you to know because Max will never tell you. He won't tell you about that because for him it's really embarrassing." I sighed and nodded.

"Bye.. say hi to Angel."

"I will.. Bye." I hugged him briefly and he walked away

What are you hiding Max? 11 years.. I still don't know who you are, why are you hiding so many secrets?
