

UNEXPECTED TEMPTATION: BILLIONAIRE LOVE STORIES CHAPTER 197

Hailey Anderson

I felt Luke kiss my forehead, I slowly opened my eyes. My eyes met his blue eyes. He smiled and gave me a peck on my lips.

"Morning." I smiled.

"Afternoon Hailey." My eyes widen.

"I'm kidding, morning." He chuckled.

"How's your sleep?" I asked.

"The best sleep I've ever had." I rolled my eyes.

"You're going to work?"

"Yeah I have to go for awhile, there's an important meeting." He said and I kissed his cheek.

"Go then."

"Do you have work today?" He asked and suddenly my nose was so itchy. I sneezed and he chuckled.

"Bless you."

"Yeah I have, in the evening." I said.

"Can you tell them that you're sick or something?" For what?

"Why?"

"You owe me a date beautiful." He said and oh yeah 100.000\$ dang it! Suddenly the door bell rang and my eyes widen.

"If that's Mark or Michael, I'm going to shut the door to that face or burn them." I smacked his chest.

"You're so mean."

"I'm always mean." He said and I laughed. Mean? Last time I checked he said to himself that he's cute. I got off from the bed and walked out from my room. I walked towards door and opened it, my eyes widen as I saw my friends here. What?

"What are you guys doing here?" I asked and they looked at me disbelief.

"Hailey.. did you hit your head or something? We're going to a Fashion Expo" Oh shoot?

"Sarah.. isn't that-"

"Yes Hailey." June cut me and yeah I suddenly remembered that I was the one who asked them to hangout.

"If it's Michael or Mark? I'm goi-" Luke stopped as he saw my friends. My friends eyes widen as he saw Luke.

"You have Luke Hastington inside your apartment" Madison said disbelief.

"Aren't you going to let us in Hailey?" Sarah asked and eyed me. I gestured them to come in. I looked at Luke awkwardly.

"I forgot that I contacted them to go to the Fashion expo today." I said to Luke and he smiled.

"You can go.. I have to go to the office too." He said, I heard a cough.

"Luke this is my friends.. college friends. Sarah, June and Madison. Girls this is Luke." I introduced them to Luke, Luke shook their hands and the girls can't stop looking at him.

"Nice to meet you." Sarah said.

"Yeah." Luke answered and looked at the watch.

"I have to go okay? I'm going to take you out, don't even think about going to work." He said to me and I nodded. He smiled and gave me a peck on my lips. He walked to my room to change maybe.. or to take a shower I don't know.

"Are you two dating?" Sarah asked.

"Don't know." I said honestly.

"How do you even know him?" Madison asked.

"My dad have a deal with the 7 Gold Lifes." I said.

"S*** and you're with one of them!" June said, I smiled.

"It's a long journey to get here." I said and suddenly Luke walked out from my room already wearing a grey suit. He looked so handsome.

"Should I pick you up later or you're going with them?" He asked and I turned to my friends.

"Just pick me up here." I said and he nodded.

"Call me.. or text me." He said suddenly and I glared at him.

"You blocked my number asshole." I hissed and he laughed.

"I already unblock it love a long time ago." He kissed the side of my head, I glared at him.

"Fine.. I'll call you later." I kissed him, he bid his goodbye to me and my friends. He walked out from my apartment. I turned to see my friends looking at me weirdly.

"What?"

"Shoot! You both are really dating."

"You'll never know." I smiled.

"Is he really good in bed?" Sarah blurted and I rolled my eyes.

"We haven't do that." I said honestly and their eyes widen.

"You both haven't?" June looked at me disbelief.

"Our relationship has a long process, he called me bitch, spoil brat and nightmare at first." I said as I remembered the memories.

"Do you even how he looked at you?" Madison asked and I shook my head.

"The same eyes as Aaron looked at Sophia, Sky looked at Janet, Alex looked at Angel and Max looked at Rose.. Oh boy, you're dating Rose's brother." Madison blurted.

"We just got together last night.. FYI."

"I want to date one of them too!" June pouted and I laughed.

"They're the most shittest person in the business world but they're not who we think they are." I stated and they started to ask me more about them but I refused to answer.

I told them that I'm going to take a shower to go to the fashion expo. I'm wearing a casual crop top with denim jeans and heels.

"You're on the news." June stated and I raised my eyebrows.

"News about?"

"Anderson and Hastings." My eyes widen, I took Sarah's phone and read the news. News reporter got our photos together when we're entering the lift at my apartment.

"Nice shot." June commented, I dialed Luke's number.

"Miss me already?" He answered.

"Have you see the news?"

"Of course." He answered, now I'm confuse.

"What's wrong with the news?" He asked.

"It says we're dating and things lik-"

"You hurt me again by denying our relationship, beautiful." My jaw dropped.

"What?" I asked disbelief.

"What relationship?" I asked and 3 pairs of eyes were staring at me intensely.

"Hailey.. you know what."

"Care to tell Luke?" I smiled because I already know what he meant but I wanted to hear it from his mouth.

"That relationship." I wanted to laugh.

"I'm stupid.. can you explain?" June already laughed her ass off and Madison and Sarah were holding their laughter.

"Explain what girlfriend?" I smiled like an idiot and laughed.

"A* you're so cute, boyfriend."

"I'm not cute."

"Last night you admitted that you're cute."

"That's not me." He denied.

Luke Hastings is official my boyfriend. Am I dreaming?
