

UNEXPECTED TEMPTATION: BILLIONAIRE LOVE STORIES CHAPTER 200

Hailey Anderson

I opened the door and glared at Luke. I crossed my arms in front of my chest, not liking the way he acted a bit. He took a really deep breath and just looked at me blankly. None of us wants to start the conversation.

"What do you want?" I asked coldly.

"I'm taking you home." He stated and I looked at him disbelief.

"We're over.. so who are you deciding things for me?" I laughed fakely.

"Can we just go Hailey?" He said in a calm tone, I shook my head.

"Michael is sick, he needs me." I said and he closed his eyes. His sighed and looked at me speechless.

"Let's go." He took my hand and I pushed his hand awayz

"The love that I showered on you, the amount of care that I gave you, the amount of attention that I gave you and my feelings. Isn't it enough? What should I do for you to trust me?" I asked coldly and he just looked at me. He can't answer that.

"Should I put a big card on my neck to state that I only like the one and only Luke Hastington?" I asked but still he gave me a blank expression.

"Should I announce it officially to the whole world? I dropped my pride for you Luke.. from the start." I continued and he just looked at me.

"He loves you. I trust you but I don't trust that guy" He said with an angry tone.

"I know him Luke.. he will never do such things like that."

"Can you see that he's madly in love with you?" He bursted.

"And can you see that I'm madly in love with you Luke? Can you even look at me?" I bursted back and he shut his mouth.

"You never understand my feelings Luke.. you only think about yourself. You're selfish. You kept hurting me. You cut my heart. I forgave you yesterday but you're too much Luke. Maybe you want to be with me because the habit that I planted on you."

"You never want me, you're lonely and when I was there creating a habit, you love it and starting to get used to it. Suddenly I'm gone and you miss that. You only want that habit back.. but you don't want me." I said even that hurted my heart, he looked away not daring to look at me.

"Let's really end this here Luke.. I'm done. I'm giving up. I don't want my heart to hurt more." I said but looking at the ground.

"Is that what you want?" He asked and I looked up to him. I can't answer that.

"Answer me Hailey.. is that what you want?" He asked one more time. I still can't answer but I looked into his blue eyes.

"Yeah." I mumbled.

"Too bad, I don't want that." He said and I looked at him disbelief.

"Luke."

"I regretted what I said earlier.. I wasn't thinking straight. I don't like it when you're going out with someone else especially Mark and Michael. I'm jealous of Michael, he knows you more than me. He understands you more than me. I'm afraid you will go to him."

"Never in my life, I felt like this. No one reach your level Hailey, no one. You're the first one but I saw you as an annoying girl at first because you start to get inside my head little by little." He continued.

"Me and the 7 Gold Lives is not ordinary, we have a rough past. We got through everything together and built this strong friendship, we don't know what caring is.. love is.. how to treat girls right.. we don't know that, we're busy building the empire that we have now." He slowly walked to me.

"I like you not because the habit that you create in me. I like you as Hailey. Hailey who is clumsy, who is bubbly, who love to express her love, who loves to play piano, who is extremely attractive and the Hailey that can't cook." My eyes widen as he mentioned the last one.

"You kept buying that food not making it.. I know Hailey, I ate every single food that you gave me not missing a single day of it." He smiled taking my hand.

"I'm sorry about earlier.. I know you're mad at me now but I'll try to reach you. I'll prove it to you that I like you as you, not because I'm lonely and wanting that habit back..no."

"You're a jerk." I took my hand away from his grip.

"I know, I'm sorry."

"I don't want to see you!" I held the door and almost closed the door to his face.

"You can stay here and take care that bastard." I glared at him and he sighed.

"I don't like that idea but I trust you Hailey.. even I don't think I can sleep tonight or maybe I'll sleep outside here." I looked at him disbelief.

"Can you just go before I end everything for real and not going to talk to your forever and get married with Michael and throw the invitation to your face?" I bursted angrily at him and he started to raise his hands up.

"Argh! Why did I say that earlier?"

"Go Luke.. Don't look to me for 2 weeks! If you do, I'm going to cut forever our relationship." I threatened and his eyes widen.

"2 weeks? Are you fucking kidding me Hailey?" He bursted.

"Take it or leave it." I said coldly, he sighed.

"Damn it!"

"Taste hell for 2 weeks seeing me with Michael. Hugging, cuddling maybe kissing!" I glared at him and said to him coldly. He closed his eyes and cursed under his breath.

"If there's kissing, hugging and cuddling. I'm going to do something Hailey.. something that you can't imagine." He said in a dangerous tone. He looked at me glaring and I rolled my eyes.

"Go!" I closed the door to his face and smirked.

I'll show you, I'll show you Luke. I'll make you taste hell.
