

UNEXPECTED TEMPTATION: BILLIONAIRE LOVE STORIES CHAPTER 245

Chloe Regens

"I'm so driving this baby." Angel squealed.

"Sorry Angel but I'm driving this." Max said and Angel glared at him.

"Oh come on.. it's been a long time since I drive thing beautiful." Angel looked at the jeep lovingly.

"No driving for you love." Alex said.

Rose told me that Ken doesn't want to join because he has so many work but it's like he's avoiding me. I can't do anything so I think I have to find another way to try to reach him.

"I want to drive." Angel whined.

"We're going to switch our friends every time so it will be fun, all we have to do is decide the driver."
Rose said.

"Nice idea babe." Max kissed his wife's cheek.

"Please let me be with my wife." Luke said.

"I don't want too!" Hailey said.

"What?" Luke looked at Hailey disbelief but suddenly Max's house gates were open revealing Ken's car. The boys smirked knowingly. I don't believe.

He got out from his car, looking casual and handsome as usual. He has his sunglasses on and brought out his bag out.

"Good thing you're here Ken, let's take the numbers." Max said and he didn't say anything. He took one and all of us follow.

I got number 3 and here's the result.

Number 1 : Ken, Alex, Rose and Hailey.

Number 2 : Luke, Angel, Sophia and Sky.

Number 3 : Me, Sebastian and Janet.

Number 4 : Aaron, Max and Alissa.

"I'm so driving." Angel jumped up and down.

"Oh my gosh." Alex face palmed himself.

"So excited." Sophia and Angel squealed.

"I'm the only guy." Sebastian said.

"Oh suck it up." I said.

"I'm the only girl." Alissa said.

"Let's just take our own car." Sebastian said to his wife.

"Oh come on, we will switch the members every stop we make to rest." Rose said.

"Let's go." Luke said, we all got inside the jeep. I sat beside Sebastian who sat himself on the driver side. Janet sat on the back and let's go.

"So music?" Sebastian asked as he took out his iPod from his bag.

"Latest music would be nice." Janet said.

"Agree.. Turn on Treat You Better by Shawn Mendes. Do you have it?" I asked.

"I literally have all Chloe, don't be little me!" He joked and I chuckled.

The ride is fun, being with Sebastian and Janet is a package of fun. We talked about chocolate, elephants, travel experience and we even talked about nail polish. Weird but fun.. after 3 hours of driving, we decided to eat breakfast. It's 8 and we haven't eat anything.

We all got out from the car and the drivers look tired. I guess we all need to take turns. Walking in to In and Out, I saw Ken looked so tired.

"You okay?" I walked beside him and he turned to me.

"Do I look not okay?"

"Just look tired." I said.

"I'm fine, the people inside my car is definitely crazy." He sighed and I chuckled.

"That's the fun alright." I said and we started to order a lot of things. Taking it to the table and we all eat seperately because the table won't fit 14 of us.

"I'm so hungry I can eat 3 burgers." Alissa said.

"You're not on diet?" Sophia asked.

"I'm so not going to have a diet in this trip." She said.

"Eat slowly.. you'll choke yourself." Sebastian reminded her.

"Should we take the numbers again?" Rose asked and she took out the small plastic and we all take one again.

"Three." Alex said.

"Two" Ken said and I opened mine it's two too. I found myself smiling widely because I got the same number as Ken. Now let's see the real result.

Number 1 : Luke, Ken, Me and Angel.

Number 2 : Aaron, Sophia, Rose and Alissa.

Number 3 : Sky, Alex and Janet.

Number 4 : Max, Sebastian and Hailey.

"Please let me drive." Angel begged.

"Angel.. this is not a racing track." Alex said and she pouted.

"Can we just go by couples?" Max asked.

"They literally got together." Rose pointed at Aaron and Sophia. They smiled widely.

"I'll let Angel drive, but I'm going to seat beside you to watch over or else I'm going to stop you and switch it with me." Luke said and threw the keys to Angel, she squealed in happiness.

"Let's go again?" I asked.

"Let's buy some snacks first." Alissa suggested. We walked out from in and out and walked to the store beside it. We all trying to get what we want.

"For a small kid like you, you sure eat a lot of chocolate." Ken commented as he stood beside me.

"I'm not a kid!" I hissed and glared at him, he chuckled.

"Do you still need to grow or what?" He teased and walked away. Somehow I found myself smiling, it's good to know that the teasing Ken is back. I was quite afraid if he's going to be mad at me or avoiding me.

"Janet.. not that again." Sky commented and I turned to see Janet take 4 packs of pringles. I chuckled.

"I love it."

"Oh my gosh.. we're sisters!" I turned to see Hailey take chocolates too! She squealed and I squealed too.

"Chocolates?" Sophia turned her head to us and her eyes widen.

"SISTERS!" We squealed together.
