

## UNEXPECTED TEMPTATION: BILLIONAIRE LOVE STORIES CHAPTER 25

Blake Coster

“Blake, listen to me!” Ken bursted t=at me and I turned to him.

“What?” I snapped.

“Calm down! You’re acting like a bull right now!” I took a deep breath and tried to calm myself down.

“We don’t know if she’s okay or not!” I glared at him.

“My men are on their move to track that guy, you need to chill! We’re on a freaking plane.” He said and I sighed.

“Do we have to go to her parent’s house?” Alexis broke the silence and I turned to her.

“What for?”

“Who knows her parents know abaout Will’s place?”

“We already know everything, why bother asking her parents?” Sebastian said causing Alexis to glared at him.

“Will she be okay?” Alexis mumbled but I heard it quite clear, I was worried too. Not only her but me too. How can Jean make this stupid decision? She can tell me the truth, I can help her.

Damn it! She always success making me crazy and out of place!

I can't even calm myself, my mind was filled with her. I can't stop thinking and worrying about her.

Suddenly Sebastian's phone rang, he picked it up and everyone's eyes was on him.

"Aaron" He greeted him with a cheery voice.

"No.. I'm with Blake and Ken, Jean is missing. You told me that you're going home next week, we're on our way to Vegas. No you moron, I'm helping Blake. Call him yourself." With that Sebastian hung up, he looked at me and pointed his finger at me.

"Your cousin is looking for you."

"Why is he calling you?" Ken asked.

"Alex is in LA, Aaron took a night flight to LA yesterday and he wanted to call us to hangout."

I might know them but I'm not in one group with them. They have their own history and I knew the process of it too. I leaned back to the chair and closed my eyes.

"Max and Luke? Where are they?" Ken asked.

"Luke's in UK taking a short holiday and Max.. I don't know where that jerkface is." He answered.

"This is your captain speaking, we're landing in Las Vegas in 15 minutes. Please buckle up your seatbelts ladies and gentlemen. Don't forget to shut down all of your electronic device. Thankyou." The captain said and I put my seatbelt on, I looked out to the window and Vegas's night life is already start.

"Let me remind you, we're going to lok for her tomorrow morning. I want you to have a rest before finding her." Ken said and I sighed.

"Give me all the updates, okay?"

"You need to rest, Blake." Alexis said and I nodded.

"I don't think I can have that rest." I mumbled.

After we landed, we took our cars and drove to the hotel. Everyone is heading to their own room and I'll be headed to mine. I quickly call someone.

"Shawn" I called.

"Yes sir?"

"Did you find her location?" I asked

Shawn is an ex-FBI crew, he's good with technology especially when you need to track someone. I can track Jean by myself but I need Ken and Sebastian's help since their men are more stronger and they're technology is newer.

I asked Shawn to keep looking for her and track her down. We got Jean's phone at the JFK airport inside the trashbin. We're trying to track William's whereabouts but he's using another name to register his phone.

"Not yet, Blake. I'm still looking for William's fake names that he registered to his phone." Shawn said

"Please find her, Shawn." I closed my eyes as I stood near the window looking at the view. I remembered that she loves the view from high place. How I wish she's with me right now.

Where are you Jean? I miss you.

I opened my phone and looked at our pictures when we're together. I can't help but smile looking how happy she is here. I still can't believe someone took her away from me. I'm going to kill whoever trying to take her from me.

I miss her a lot, it's killing me.

I took off my suit and got into the shower. I heard my phone rang and I walked out from the bathroom quickly. It's an unknown number.

"Blake Samuel."

"William Merion." I held my phone tightly, I tried to calm down my anger.

"Nice to meet you, Blake. I see Kenneth' men and Sebastian's men are spying on me. Can you take them away from here?"

"Where's Jean?"

"East there, Blake. She's mine."

"You want Jean?"

"What do you want?"

"Ohh, smart boy, Blake." He laughed and I can't wait to kill him.

“I want you to give me 20% of your company stock, Blake.” That made my eyes widen, 20% is not a small amount.

“Give me that stock tomorrow at 12, I’ll you the address and I’ll give you your Jean.” I took a deep breath so I can react quick.

“If you don’t show yourself, say goodbye to Jean.” He hung up and suddenly someone knocked my hotel room door. I quickly opened it and Ken appeared.

“Blake, Jean is going to get married with that bastard the first thing in the morning!”

“I’ll kill him!”
