

UNEXPECTED TEMPTATION: BILLIONAIRE LOVE STORIES CHAPTER 268

Kenneth Domanco

"You decided not to kill them?" Sky asked.

"Yeah."

"Did you hit your head somewhere?" Aaron asked.

"It's a good choice." Max said.

"I agree that it's a good choice because if he kills them too. Their family one day will make a revenge towards Ken's family too." Alex said and I glared at him.

"I don't have a family."

"Agree with Alex." Sebastian said.

"So you already prepare all the documents?" Sky asked and I nodded. I looked at the document in front of me.

'Lemiere Case' it's a really big envelope that contains of photos, evidence and the victims. I have this documents for years and my heart crushed everytime I open this document. This is everything about my family.. the Lemiere empire and I'm going to take it back and sue all the people who ruined it.

Juven, Conard, Brad and Ollie.. are four out of many of the culprit and there's still so many of them.

"Send it." I called Ron to get in and gave him the documents. I'm going to take back the case after 16 years.. I need to get my family's justice back. Not only my family's case but also the crime that my enemies made. I send that too the police and asked them to take care of it.

"Is Chloe in New York?" Max asked.

"Yes but she only meet Angel this time." Alex answered.

It's been 2 months since I saw her, after I sent her back to LA. I never see her again. She doesn't text me or call. I only know about her condition from Cody that's all. I never open the photos or check the photos that Cody sent me.

Hearing that she's in town makes my heart excited but I have to hold it. She does make a big difference in me and not to mention she appears in my sleep sometimes. Everytime she appears, I immediately wake up but how I wish I don't wake up.

I hate living in a real world, I can't be happy.

"You guys will come right to my wife's birthday party?" Luke asked.

"Of course." Max answered.

"Chloe will come." I looked up to Luke and sighed.

"I'm not going." I said coldly.

"We know you miss her Ken, come and at least say hi." Aaron said and I sighed.

"I'm in the middle handling this and you asked me to party?" I asked coldly.

"Jack will come too.. Chloe is not alone." Luke said.

"Don't force me Luke, I can't come if there's Chloe or no Chloe." Suddenly there's a phone ringing, I turned my head to my friends to see who's phone is that and it's Sebastian.

"Hey Chloe." I set my eyes back to my laptop when suddenly Sebastian put the call on loudspeaker. He sat on the chair in front of my desk.

"Let's meet up you old guy." I heard her voice and my heart crunch because I've been missing her voice a lot these days.

"Only me?" Sebastian asked.

"All of you except Ken of course.. he doesn't want to see me." I don't want to because I will lose control if I see you now Chloe. There's no turning back anymore if I see you again.

"We're at Ken's office right now." Sebastian announced.

"Let's just meet outside."

"You don't want to see Ken?" I glared at Sebastian when he asked that.

"I do miss him but I don't think he wants to see me. Oh come on.. don't talk about Ken! I can't reach him even we breath the same air." My breath got hitch hearing that.

"Let's meet up at the restaurant near Ken's office, where are you?"

"At Sephora with Jack."

"You bring your brother to a make up store?"

"He's going to meet his friends after this, that's why I take that time to meet you guys because I need to give you something." Give what? Oh get in your sense Kenneth! I kept typing on my computer to distract my mind but still my ears betrayed me.

"Give me what?"

"I have Conard's pen.. remember that I've told you that he's sick."

"What?! Where did you got that?" Sebastian asked shock.

"When I went to Raina's birthday as his date, I discover his sickness and stole his pen.

"How did you do that anyway? He's a smart guy."

"I never fail to let out my charms Sebastian.. I kissed him while I stole it." What? Kissed him? The blooming frick! I tried to calm down myself. My body was burning in anger to hear that.

"You kissed him?"

"Disgusting I know.. but I found it on my bag last week and listen to the recordings inside. You might want to listen that." My eyes widen and I turned to Sebastian.

"I'll send you the address to that restaurant, we'll be there in 10." Sebastian said and ended the call. They all turned to me.

"She kissed Conard." Max stupidly repeat that.

"And why are you repeating that?" I asked to him.

"She kissed Conard.. Damn it Kenneth, do you even get jealous?" Sky frustrated.

"I'm heartless so no." I said without any emotion.

"He's lying.. come on let's go." Aaron said.

"Nice lie." Alex said and they left my office room that second. I sighed and once again why Cody didn't tell me that Chloe go to New York today? I'm starting to find Cody getting on Chloe's side.

I put my mind to work and tried to ignore the facts that my friends are going to see Chloe now. I buried myself to work.. work and work..

My phone suddenly vibrated and I saw Sky's name on the screen. I quickly opened it and I sighed. He sent me a photo of Chloe sitting across him.

Sky :

Jealous? Take that you selfless guy!

I put back my phone on the table and leaned back to my chair. I closed my eyes and take a deep breath. Suddenly my phone rang and I opened my eyes reaching my phone

It's Alex this time.. I picked it up.

"Don't tel-"

"This is Conard's pen.. I guess you should heard the recordings." I heard Chloe's voice.

"Have you heard it?" Sebastian asked.

"Yeah."

"Tell us what's inside." Max said.

"Listen it together with Kenneth, there's so many of it." She said and the way she said my name. I miss it.

"Say hi to Kenneth, Chloe!" I'll kill you Alexander North.

"You called him?" I guess Alex showed his phone.

"Oh come you guys.. say something to each other." Aaron said but there's nothing came out from my mouth at that time.

"I still madly in love with you, you selfless bastard."
