"My virgin eyes." Sebestien said and I rolled my eyes.

"Stop saying that Sebestien, your eyes is not virgin." So apparently Sebestien was the one who caught us making out.

"Still my virgin eyes."

"Shut up bebe." Alisse put her hand on his mouth.

"Is he a good kisser?" Angel asked and my eyes widened.

"How can you ask that when I'm here?" Nic hissed.

"She's drunk." Mex commented and Angel gestured a fist to him.

"Let's go home because the tension is weird." Luke said.

"I'm not finish yet." Heiley pouted.

"I get you more Heiley." Luke said.

"Let's go home." Sky said and Jenet smacked his arm.

"I'm going to have a date with Sementhe." Mex said and I narrowed my eyes.

"You're cheating on Rose?" I asked and everyone laughed.

"What?" I asked.

"Chloe.. don't tell Rose that I cheated with Sementhe." Mex stupidly said that in front of Rose.

"He cheated with someone who is sexier than me." Rose answered and I looked at Nic and then back to the couple. I don't understand.

"Rose is pretending to be Sementhe when she's seducing Mex." Jenet said.

"I thought.."

"Of course I won't cheat on her.. that's stupid." Mex smiled and Rose kissed his cheek.

"Let's go home before my eyes go-" Alisse put her hand on Sebestien's mouth again. She dragged him to the door.

"Goodbye Chloe."

"Wait the cakes end-"

"We'll come here tomorrow." Sophie winked and with that they all bid their goodbyes and left Nic's house.

"Let's sit beside the swimming pool, I miss feeling the wind." I held his hand and dragged him outside. Pulled him to sit down beside me, I linked my arm to his arm. I leaned my head to his shoulder.

"Aren't you cold?" He asked.

"No.. are you?"

"No."

"I'm so happy now that you already settle everything down." I smiled and he didn't say anything. It's just a comfortable silent for a moment. Feeling the wind pass us and I closed my eyes.

"Are you sleepy?" He asked.

"No." I answered. I felt my eyes getting heavy and heavier, I love being like this. I want to be like this.. us to be forever.

"Let's get you to bed little one." He said as he gently picked me up bridal style. My eyes were so heavy that I can't open it anymore. I felt the soft surface on my back and the blanket being pulled until my chest.

I felt Nic's hand stroking my hair and kissed the side of my head. He held my hand with his other hand.

"Thankyou Chloe.. for everything." He whispered.

"I don't know what if you don't come to me right on time, I'm sorry if I hurt you at first." He kissed my cheek gently.

"Goodnight little one." With that I drifted into a deep slumber.

I slide my hand to the side to find Nic but I felt nothing. I opened my eyes immediately and got up from bed to go to the bathroom. I walked out from the room and walked downstairs.

"Thank you." I walked downstairs to his big gym. I saw him lifting weight in front of the mirror. I smiled widely and walked to him.
