

UNEXPECTED TEMPTATION: BILLIONAIRE LOVE STORIES CHAPTER 278

Chloe Regens

"So excited for Christmas! No wonder the fair already starts.. it's 1 December." I squealed excitedly.

"If you're almost 23, it means your birthday is this month." He turned to me and I shrugged.

"What do you want to do first?" He asked.

"Do you want to pick up a Christmas tree?" I asked and he held my hand tightly.

"Christmas tree? For?" He asked.

"Decorate it and be festive Nic, let's buy it after we stroll around okay?" I turned to him.

"Whatever you want little one." He said, I smiled.

"Let's have a coffee." He said as he pointed a small cafe, I nodded and we walked there.

"What should I get you?" The waiter asked.

"Hot chocolate please." I ordered and I turned to Nic.

"Espresso." He ordered and the waiter walked away.

"I love this time of the year, we can gather with friends and family." I looked outside and smiled.

"Are you going to LA for this Christmas?" He asked and I turned to him. I looked at him and chuckled.

"What?"

"Come with me to LA, I'll introduce you to my family." I said and he looked down. I know he's sad remembering his family. I took his hand and he looked up to me.

"You have me now, don't need to worry okay?"

"I still don't know why you like me?"

"You're a nice guy, kind guy, lovely and sweet, a joker, sexy, handsome and you care to other people." I said and he nodded.

"You think I'm sexy?" He asked and smirked.

"Look at this.. so yes." I gestured at his body and suddenly our drink was served to us. I smiled widely as I looked at the hot chocolate. It's covered with marshmallow and there a cookie beside it.

I heard a click and I looked up to Nic who is taking a picture of me. He showed the picture to me.

"This is an expression of a kid." He pointed and I glared.

"Stop mocking me that, I'm not a kid."

"I'll stop calling you a kid when you turn 25." I smacked him.

"Savage much."

"Then stop calling me a kid." I hissed and he chuckled. He sipped his espresso and I sipped my hot chocolate.

"So warm."

"Do you wanna eat something? We haven't eat breakfast yet." He said and I turned my head to see the menu.

"Let's just eat at the fair."

"What do you want to eat there?" He asked.

"Waffle.. I hope they sell them there." I said and after drinking it. We walked out from the cafe and walked to the fair that stands beside it. I can't stop admiring how beautiful it is to see the christmas theme on point in this fair.

There are christmas trees, santa clauses and foods. The christmas vibe is already coming and can't wait for snow to fall in New York.

"Are you cold?" He asked and I shook my head.

"Why?"

"Your nose is red." He pointed.

"I'm fine, don't worry about me." I said and we walked around to see interesting things. Christmasy things to be exact.

"Waffles!" I squealed and pulling Nic towards the small tent.

"What should I get? What do you want? Let's share it!" I turned to Nic and he looked at the menu.

"Do you like nutella?" He asked.

"Nic, who doesn't love nutella? Let's get that" I said.

"That one please." I said and pointed to the menu. They nodded and Nic paid for it. We waited there and I'm excited to eat it.

"Kenneth!" Someone called him and I turned go see 2 guys giving Nic a bro hug.

"Long time no see Bill and Josh." Nic smiled widely, they both turn to me and I smiled.

"Who's this dude?"

"Bill Josh, this is my.. friend Chloe." He said awkwardly and I shook their hands.

"Chloe this is Bill and Josh my high school friend." Nic introduced to them.

"Can I get your phone number?" Josh asked.

"I don't think so.. I'm taken." I smiled.

"Of course you're taken, a pretty girl like you won't be single." Bill said.

"Seriously you're so beautiful, we should have met first before you meet your boyfriend." Josh said and I chuckled.

"Thankyou."

"Congrats for the case Ken.. we're really happy that you go that case down."

"Thanks.. see you around?"

"Bye.. Bye Chloe." Josh waved and winked causing me to giggled.

"Bye Josh and Bill." I waved."

"Ask for my phone number to Ken when you're single" Josh said making me laughed, I gave him a thumbs up. They left.

"Taken?" He looked down to me.

"Okay.. I'll give him my phone number.. Josh!" I walked and called him but Nic pulled my coat dragging me back to my original place.

"Your waffle." He gestured and I took it from the staff.

"Don't even think to walk around the town and spreading your phone number everywhere." He suddenly said and I looked up to him.

"I won't, I'm not a b**** Nic. You don't need to tell me that." I said coldly and ate my waffle. I walked away from him completely piss.

"Hey.. I thought you say about sharing." He walked beside me.

"I change my mind, go buy another one if you want." I hissed eating my waffle savagely. I put my attentions to the beautiful christmas decorations.

"Oh come on, don't piss with me now" He said and I walked to a place where it's less crowded. I finished my waffle and turned to him.

"I'm not forcing you to give me status right now, but if you think I will run around the town and flirt with guys and seducing them.. you're wrong. How can you even think about me like that?" I asked piss and looked at him.

"I'm just joking." He said.

"Argh I don't get you sometimes, go laugh at your own jokes." I hissed and turned my body away but he took my wrist and pulling me towards him. He put his lips to mine and cupped my face. He kissed me slowly and I immediately kiss him back.

"Don't be mad okay? I'm sorry about it. I'm a little bit over reacting." He said looking into my eyes.

"Your jealousy is the problem." I poked his chest.

"Oh come on.. you're beautiful who won't check you out?" He said.

"Yeah because everytime a guy checks me out all the think about is banging me." I said.

"Well I hate when people assuming that you're single."

"I don't mind being single first, even though I won't flirt and seduce guys but they sure come to me." I smirked and he sighed.

"From this second.. you're not single anymore Chloe." He kissed my nose and walked away. I was so starled that I can't even process it into my head.

"Let's go Chloe." I turned to see Nic smirking evily.

"Asshole.. is that his way to ask me out?" I mumbled.

"I'll show you that you have to claim what's yours Nicholas Lemiere." I said evily and walked to him.
