

UNEXPECTED TEMPTATION: BILLIONAIRE LOVE STORIES CHAPTER 279

Chloe Regens

"Can I have your phone number?"

"She's taken." Nic answered it for me, I chuckled and linked my hand to Nic.

"That's the 7th guy, what should I do with you so they can stop?" He asked frustrated and I laughed so hard.

"I'm single remember? Even though you take my heart but my status is still single." I said laughing.

"I've told you that you're not single anymore!" I turned to him and he's giving me a serious look. I pouted.

"You never ask and I never answer so nope I'm still single." I shrugged and he sighed.

"Chloe." I turned my body to see Xander, my eyes widen. Okay.. ex boyfriend alert.

"What are you doing here?" I asked coldly and Nic pulled me closer to him.

"I want to apologize."

"Sorry. I have no time for you anymore." I held Nic's hand and pulled him away.

"Chloe." I froze as I heard Emma's voice, I turned to see her pregnant big time. I sighed.

"We're sorry." Emma said.

"Good thing that you cheated with her Xander, I met Nic instead." I said coldly.

"Don't bother us again, live your own life." Nic said and pulled me away. I sighed and my mood just dropped, not because I still like Xander but the betray that they both did to me. Emma was my bestfriend and she always there for me but she betrayed me like this.

"Let's ride a ferris wheel." Nic said and I nodded. We walked to the ferris wheel. Nic lead me there and we queued to ride on it.

"Do you still like him?" He asked and I looked up to Nic.

"You're stupid for asking that Nic, I love you there's no going back to him."

"And then why are you sad?"

"I don't care about Xander but Emma.. we went through a lot of things. Ups and downs just like you and the 7 Gold Lives but suddenly she betrayed me by cheating with Xander. Until she's pregnant." I answered and sighed.

"Forgive and forget.. isn't that what you've told me?" He asked as he pulled my chin up.

"I know maybe I still need time for that." I sighed and he hugged me. Hugging me tightly and kissed the top of my head.

"I thought you were still into Xander because if you do I already think about what's the best way to kill him." He said and I chuckled. It's our turn to get into the ferris wheel and we sit together. It slowly going up.

"What do you wish for Christmas this year?" Nic asked and I smiled thinking about it.

"There's so much I want this Christmas." I turned to him.

"Let's hear it."

"Spending time with you.. cuddling with you at Christmas night.. have a dinner with you.. talk our funny memories together.. just everything that has to be with you." I smiled and he chuckled.

"Sometimes when I look at you.. I don't deserve you Chloe." He looked at the view when we're starting to go up.

"I don't deserve you but I don't want to send you to someone who deserves you." I leaned to his shoulder and smiled.

"I love you.. a lot Kenneth Domanco.. Nicholas Lemiere." I said.

"You're mean to me Chloe but I still can't say that word."

"I know."

"I remembered when Leo my brother said about how to hit girls.. He teached me a few pick up lines and when I thought about it now that's the stupidest thing that he ever told me." He chuckled and I'm happy hearing him trying to tell me about his life.

"What did he teach you?"

"This 'You're beautiful like the sun in the sky.. can I get your number?'. That's the stupidest pick up line ever." He laughed and I chuckled.

"Have you ever try that?"

"Nah.. I never felt love before."

"Never? Like never?" I looked at him disbelief.

"Yeah never.. I never felt my heart beating fast, nervous around the girl that I like or things like that before." I nodded.

"You're heartless."

"The pain that I got from the past turned me like this, hard to open up my heart for someone because I can't trust them. Afraid ended up losing them like I lose my family." He looked at our hands.

"If you're too afraid losing someone, it will make you lonely.. as the time goes by Ken.. I mean Nic. Taking risk is the best decision because you don't know the future." I said and at the same time we reached the top.

"If something happens to you Chloe.. I will not forgive myself. You're mean a lot to me and thinking about losing you already makes my heart stop beating." He said seriously and I smiled to him.

"I love you Nicholas Lemiere.. I love you so much until I will do anything to get you." I hugged him tightly and buried my head to his chest. He pushed my shoulder and crashed his lips to mine.

He kissed me hard and I can't help but be happy. He's all I want, I don't want anything else. I wish the world can stop now because I don't want this to stop.

"What did you do to me?" He asked as he looked into my face and ran his hands through my hair.

"Did I make you crazy?" I asked.

"Why asking when you already know Chloe?" I smirked.

"Were you jealous when boys trying to hit me?" I asked smiling and he rolled his eyes.

"Jealous is not on my dictionary."

"I'll invent it for you.. and besides you didn't realize how many girls checking you out and trying to flirt with you but good thing that you didn't realize that because I took all your attention." I winked and he chuckled.

"I should look around then." I glared at him.

"I pulled that girl's hair if someone is trying to flirt with you.. I pulled her hair and punch her straight to her nose." I showed my fist to Nic and he laughed.

"Savage Chloe.. you're so savage but I like it." He crashed his lips to mine again.
