

UNEXPECTED TEMPTATION: BILLIONAIRE LOVE STORIES CHAPTER 36

Jean Verodine

"I can't believe that you're back!" Nicole hugged me.

"Of course blondie." I hugged her tightly and chuckled.

"Come to your mama, Jean." Charlotte said in a really funny tone. I ran to her laughing real loud.

"Too bad Lexy is not here with us again." Nicole said in a sad tone. I nodded weakly. I sent off her to the airport 2 months ago and it was so sad to let her go alone.

"She'll comeback soon." I said.

"Let's go to work." Charlotte pulled me and lead me inside the studio.

"Can't believe that you ended up with Blake. We saw you rejecting him all the time." Nicole said and I chuckled.

"I never thought he will settle down." Charlotte agreed with her.

"Things changes."

"He's not the type who will settle down."

"I know but we went through a lot."

“Jean! Let’s get you hair and make-up done!” I turned to see Wendy. I smiled at her and she glared at me. I ran to her hugging her tightly.

“What’s with this?” She asked.

“I miss you.”

“I’m not, now chop-chop you go.” She pushed me into the make-up room. She forced me to sit down.

“Miss you too.” She stated and then she walked out. I chuckled hearing it and the make-up artist started to do my make-up and hair.

“Do you see the guy that will be with us in the commercial?” Eunice said as she walked into the make-up room.

“Who?”

“I don’t know his name but he’s hot.” She squealed and I chuckled. I have a hot boyfriend already so I don’t care about that kind of hot guys anymore.

“I’m excited!” Nicole appered out of nowhere. She plopped on the chair beside me and squealed.

“That’s him.” We all turned to see the guy, to be honest he’s hot. I mean real hot.. Nicole elbowed me and smirked.

“Hottie.” Charlotte commented.

“Girls.. Come to the set please.” The director called us and we all gathered there. I was standing at the back waiting for the director to direct us.

“Jean and Nicole.” The director called and I walked to him with Nicole. He was looking at the script and he looked at us both.

“The first shot was about all of you seducing him, but still facing the camera to sell of the bikinis and swimwear. Jean and Nicole right? You both sat beside him and the rest..” He explained to the others and apparently it’s a one shot kind of shooting.

Nicole and I sat beside the hot guy.

“What’s your name beautiful?” He asked Nicole and I closed my eyes since I’m tired.

“What’s your name?” He poked me and I was startled.

“Jean” I said.

“I’m Michael.” He stated and I wasn’t interested to know his name.

“Okay..” I said and Nicole smirked looking at me.

“So are you free at Friday?” He asked and I looked at him weirdly. I presume that he didn’t read the news. It was obvious and everyone knows that I’m dating Blake.

“Okay.. Should we start?” The director said and that’s good to hear.

“3.. 2.. 1.. Action!” The music played on the background and I started to do my job. I looked the camera with my hands touching his shirtless body. Nicole did the same but the Michael guy here kept his eyes on me.

“Cut!”

“Michael.. You need to look at them both not just Jean.” The director said.

“Look at Nicole too.” I said to him.

“You’re too beautiful.” He said and I looked away completely not interested.

“Okay, let’s start again and this is a one shot kind of thing so I will continue this until it’s finish.” He said and we all stand by in our positions.

“3.. 2.. 1.. Action!” I started to do my job again from the start and Michael was cooperating pretty well. The director passed us and I quickly moved my hands away.

“Are you free at Friday night?”

“No.”

“Why?”

“Cut!” I stood up and walked away from him. Nicole walked to me and she laughed her butt out.

“He doesn’t know that you have a boyfriend.”

“He’s so not cool.” I laughed and we all moved to the next shooting. Michael kept trying to make a conversation with me but he always pulled by one of the girls or he has to shoot somewhere else.

I will tell him that I have a boyfriend if he tries to talk to me again.

"That was tiring." Charlotte said.

"Super agree but at least they gave us a free time for an hour." I texted Blake earlier that I got a free time. He didn't answer me and I think he has a meeting.

We decided to go to find some bubble tea to drink since it was so hot outside. We walked out the studio.

"Jean!" I turned my head to see Michael was running towards me. I raised my eyebrows.

"What?"

"Are you free at Friday? I wan-"

"She's busy." I froze and I turned my head to see Blake walking towards me. He's looking so hot in his grey suit today. Blake put his arm around me and kissed my cheek.

"Why are you asking my girlfriend if she's free?" Blake asked the poor guy, he was speechless when he saw Blake.

"You're so not up to date, Mikey. Their relationship was all over the news." Nicole laughed and his face fell.

"I thought.."

"Try to ogle at her, I poke your eyes out." Blake said coldly causing Nicole and Charlotte to burst out laughing.

"O- okay." He suttered and Blake pulled me away from there.

"Why there is a guy like that at the set?" Blake asked and I looked at him starled.

"We're making a CF so the director was the one who brought him."

"He likes her, he looked at Jean a lot." Nicole said and I glared at her. Blake took out his phone and dialed someone.

"Cancel all the meetings after this." He said and ended the call.

"What?"

"I'm so watching you after this."

"Blake!" I looked at him disbelief.

"What?"

"You're overreacting." I said and I saw Nicole and Charlotte left me.

"Well, I can't go to work in peace knowing someone's going after my girlfriend." He said and I looked at him speechless.

"You know I won't even look at him, Blake. Don't you trust me?"

"I trust you but I don't trust him at all." He said and I laughed.

“Why? You’re not confident enough?” I asked.

“Huh?”

“I love you, we love each other and you’re hotter than that guy.” I said and my eyes widen when I realized I mentioned ‘hot’ in the sentence. Blake smirked big time.

“Can you repeat that sentence?”

“I’m thirsty and you’re annoying.” I walked away and Blake held my hand.

“I’m hot?” He asked and I ignored him.

“Oh come on, babe. I was jealous besides I know I’m hotter than him but a guy like him can make you like him.”

“I won’t like anyone but you, you idiot jerk!” I hissed.

“I’m sorry, it’s because you’re too hot.”

“Go look at the mirror, girls loves you!” I hissed and he laughed.

“Okay, let’s stop fighting. I miss you.” He stole a peck on my lips. I pouted completely hate him.

“I don’t miss you.”

“Aww, I miss you more babe.” I turned to him and looked at him disbelief.

“You’re adorable today.” He said as he kissed my cheek.

“I don’t want to sleep in one room with you tonight!”

“What? No!” I left him and secretly laughed. I love him so much with all my life. He’s just perfect in every way. He treated me right and made me happy. That’s all that matters.
