

## UNEXPECTED TEMPTATION: BILLIONAIRE LOVE STORIES

### CHAPTER 6 DON'T CARE

Blake Coster

“I don’t agree with all your contract Blake, it’s ridiculous!” Jean glared at me as she pushed back my paper. In a split second, she gave me a cold shoulder again.

“We’ll be husband and wife Jean not an enemy.” I said and she sighed.

“We’re fake, why do you want me to be in one room with you and even share bed with me?” She raised her eyebrows.

“That’s what married couples do honey.” I said sweetly to her and she scoffed completely hate the idea. She suddenly looked at the table blankly and

she pouted without her realizing.

I had the urge to kiss her so bad. She looked so cute and adorable with that face. I love seeing this side of her.

“Blake!” She called me and I looked at her.

“So Jean baby, I want us to act like a real married couple on or off camera. After 3 months, we’ll divorce and I’m going to give you a house in Brighton, UK. The place is really nice and quite.” I said and she shook her head completely not agreeing with my idea again.

“You said you like to sleep around right? I don’t mind you having your mistress around as long as we don’t have this one room agreement. I mean this is all just an act. We both won’t fall for each other so do whatever you want because I don’t care!” She said

seriously and I knew she wasn't joking about it. She raised her eyebrows giving me do-you-agree look.

"Are you serious about that?" I asked.

"Yeah 1000% agree." She nodded without hesitation.

"Deal." I said and she smiled widely. She stood up from her seat planning to go away. I caught her arm and she turned her head to me.

"No goodnight kiss?"

"You wish." She said coldly and pulled her arm from my grip.

"Wait! Let's seal the deal." I said and she looked at me like I grow 4 heads.

"Seal the deal my-" I cut her by crashing my lips to

her. How I love the feeling when our lips touch. I sneaked my arm to her waist pulling her closer to me. She kissed me back but her hands pushing my body.

“Bla-“ I cut her again.

“Blake!” Feisty Jean came out again, she successfully pushed me away.

“Yes beautiful? You call me?” I looked straight to that beautiful green eyes, I can see a lot of mix emotion in it. I felt suspicious suddenly.

“Don’t ever kiss me again! I’m not a cheap girl that you can spoil with money just like your mistresses.” She bursted coldly and then she walked away. I looked at her disbelief because I never thought that she’s a cheap girl or one of my mistresses. I was more than piss when she said that. How can she think like that?

I need to find out about her more because when I saw that emotions in her eyes. I started to get curious. What exactly the reason that made her change her mind because I'm sure that she rejected it seriously before.

I walked to my room and got a text from my secretary about the party tomorrow at St.Regis Hotel. Should I take Jean with me tomorrow? I need to show people that I'm settling down and going to marry her soon.

So my grandparents will believe me that I will marry her soon. I need to take her tomorrow and I forgot to tell her. I don't want to go to her bedroom either since she's pissed with me and vice versa.

I took off my tie angrily and threw it randomly. I threw myself to my bed and sighed. Why is she so difficult?
